Amersfoort Project

The Amersfoort area of the Eastern Transvaal is one of the most prospective areas for CBM with well documented, gassy coal measures. Kinetiko has 49% equity in 2 onshore gas licenses covering 1,874km² under a Farm Out agreement with a South African company Badimo Gas Ltd, Kinetiko is the Operator.

Independent Oil and Gas consultant: Gustavson Associates of Boulder Colorado have estimated the Amersfoort licenses have CBM Gas In Place (GIP) Resource of 1.7tcf and 1.12tcf Contingent Resource.

The goal of the Amersfoort Exploration program is to increase Resource certainty; this is largely dependent on Exploration success.
