Appendix 3B – New Issue Announcement

LaserBond announces that 800,000 shares have been issued pursuant to the conversion of all remaining convertible notes to the value of \$120,000.

By way of explanation, in April 2010 when LBL shares were trading on market at close to 7c, unsecured convertible notes were issued to provide additional working capital for the group. The repayment date of the notes was 30 June 2012. However all note holders have elected to convert to ordinary fully paid shares in accordance with the Convertible Note Agreements.

Shares issued will rank equally with all other fully paid ordinary shares.

Kind Regards,
