Company Announcements Office ASX Limited Level 4 20 Bridge Street SYDNEY NSW 2000

INTERIM REPORT

- Results reflect material increase to core revenues with margins being maintained;
- Business Improvement Initiatives undertaken;
- Uncertain trading environment; and
- Increased interim fully franked dividend of 0.55 cents per share declared and Dividend Reinvestment Plan maintained.

The Board is pleased to announce that Marbletrend Group Limited (**Marbletrend** or the **Company**) has, despite uncertain trading conditions, recorded a half year <u>after tax</u> profit attributable to members of \$785,196 (2011: \$442,436) representing an **increase of 77.5%** after completion of the acquisition of the remaining minority interest in March 2011 which also allowed the Company to avail itself of the benefits of Tax Consolidation.

This result is based on net revenue (after discounts and rebates) of \$23,332,115 (31 December 2010: 21,213,348), representing an increased revenue of 10.0% period on period.

EBITDA for the period was a record \$1,613,349 (31 December 2010: \$1,505,470) representing an increase of 7.2% period on period.

The half year profit <u>before tax</u> of **\$924,448** (31 December 2010: \$1,063,784) represents a **decrease of 13.1%** period on period and is impacted by additional borrowing costs associated with the acquisition of the minority interest.

During the period, one-off charges in respect to establishment of the South Australian premises and abnormal expenses associated with leasehold improvements and make-good provisions for Company leased premises were made. Marbletrend has also changed the manner in which it will now support its sales and marketing through the appointment of an additional 8 sales representatives during the period and the abandonment of an outsourced service strategy. The Company has also strengthened product development and marketing to ensure a clear focus on continuous innovation and creation of demand for bathroom products.

These trading results have been achieved through a general increase in sales in all product lines period on period and with a major increase in vanity sales. The Board is also pleased to note a more margin friendly product mix has been sold over the past 6 months which has assisted in the maintenance of gross margins. With the strengthened sales team inducted, trained and in place, the Board is cautiously optimistic, despite the uncertain trading conditions, that the Company will continue to organically grow sales and maintain margins. Additionally, the outlook for sales into the mining sector remains positive.

During the period, the Company has instigated a formal Supply Chain and Logistics review of its operations and retained third party expertise to facilitate this process. In addition the company is completing a detailed review and is implementing a number of initial recommendations related to its existing IT platforms, Disaster Recovery plans and scalability to meet the forecast growth in sales. Finally the company has also implemented a number of recommendations delivered from two independent reviews of the company's sales, marketing and branding strategies. The culmination of each of these initiatives will be to place the Marbletrend business in the most advantageous position to yield additional margins from increased sales supported by a culture of service excellence. The costs of all these activities have been expensed during the period.

The Board is pleased to announce the declaration of an <u>increased</u> fully franked interim dividend of 0.55 cents per share (2011: 0.5 cents) payable to shareholders on 27 April 2012, with the record date being 5.00 pm (WST) on 13 April 2012. Shareholders may elect to participate in the Company's dividend reinvestment plan which will entitle shareholders to elect to acquire shares in the Company, rather than receive dividends, at a **5% discount** to the volume weighted average price of shares traded in the 5 trading days prior to the record date.

Finally, the Board would like to thank our customers for their ongoing support and all Marbletrend staff for their efforts and commitment to the business.

The Board is pleased to announce that Marbletrend Group Limited (Marbletrend or the Company) has, despite uncertain trading conditions, recorded a half year <u>after tax</u> profit attributable to members of \$785,196 (2011: \$442,436) representing an **increase of 77.5%** after completion of the acquisition of the remaining minority interest in March 2011 which also allowed the Company to avail itself of the benefits of Tax Consolidation.

This result is based on net revenue (after discounts and rebates) of \$23,332,115 (31 December 2010: 21,213,348), representing an increased revenue of 10.0% period on period.

EBITDA for the period was a record \$1,613,349 (31 December 2010: \$1,505,470) representing an increase of 7.2% period on period.

The half year profit <u>before tax</u> of \$924,448 (31 December 2010: \$1,063,784) represents a decrease of 13.1% period on period and is impacted by the additional borrowing costs associated with the acquisition of the minority interest.

During the period, one-off charges in respect to establishment of the South Australian premises and abnormal expenses associated with leasehold improvements and make-good provisions for Company leased premises were made. Marbletrend has also changed the manner in which it will now support its sales and marketing through the appointment of an additional 8 sales representatives during the period and the abandonment of an outsourced service strategy. The Company has also strengthened product development and marketing to ensure a clear focus on continuous innovation and creation of demand for bathroom products.

These trading results have been achieved through a general increase in sales in all product lines period on period and with a major increase in vanity sales. The Board is also pleased to note a more margin friendly product mix has been sold over the past 6 months which has assisted in the maintenance of gross margins. With the strengthened sales team inducted, trained and in place, the Board is cautiously optimistic, despite the uncertain trading conditions, that the company will continue to organically grow sales and maintain margins. Additionally, the outlook for sales into the mining sector remains positive.

On comparative sales for the 6 month period ended 31 December 2011, sales are up 10.0% on the prior corresponding period. In addition, the Board notes these trading results have been positively impacted by the continued strength of the Australian dollar and that gross margins have been maintained above the Board's stated objective of 43.5% (2010: 42.0%)

These trading results have been achieved through a general increase in sales in all product lines period on period and with a major increase in vanity sales. The Board is also pleased to note a more margin friendly product mix has been sold over the past 6 months which has assisted in the maintenance of gross margins. With the changed support to the company's sales activities the Board is cautiously optimistic, despite the uncertain trading conditions, that the Company will continue to organically grow sales and maintain margins.

During the period, the company has instigated a formal Supply Chain and Logistics review of its operations and retained third party expertise to facilitate this process. In addition the company is completing a detailed review and is implementing a number of initial recommendations related to its existing IT platforms, Disaster Recovery plans and scalability to meet the forecast growth in sales. Finally the company has also implemented a number of recommendations delivered from two independent reviews of the company's sales, marketing and branding strategies. The culmination of each of these initiatives will be to place the Marbletrend business in the most advantageous position to yield additional margins from increased sales supported by a culture of service excellence. The costs of all these activities have been expensed during the period.

Due to the requirement to build up stock prior to Chinese New Year as a consequence of an extended shut down of Chinese manufacturers, the Company has increased its inventories in November/December 2011 but has also noted strong cash collections over this period which has limited the normal cyclical challenge in December of stock build up and cash management.

The Board is pleased to report that sales in January 2012 were above budget and continue to be ahead of the same time last year in a difficult trading environment.

Directors' Report

Your directors submit their report for the half-year ended 31 December 2011.

Nature of Operations and Principal Activities

Marbletrend Group Limited is an Australian company that manufactures, imports, warehouses and distributes bathroom products for major customers throughout Australia including Bunnings, Reece, TradeLink, Plumbing Plus, Plumbtec, ABG, BIGA and Mitre 10.

Investments for Future Performance

The Board continues to look at various businesses with the view to acquiring businesses in a market where vendor pricing has become more realistic. Any acquisition of a new business will have regard to allocation of management time, the capacity to integrate the business within the core activities of Marbletrend Group Limited and the return on investment generated.

Review and Results of Operations

Marbletrend Group Limited generated net revenues of \$23,332,115 for the half year ended 31 December 2011 (31 December 2010: \$21,213,348).

Margins have been sustained through developed efficiencies within the business, the maintenance of a strong Australian dollar and manufacturing efficiencies that have been achieved out of suppliers from China. In addition, the broad range of products sold by Marbletrend have on a period on period basis increased in sales in each product range and margins have been maintained at levels beyond the Board's stated objectives.

During the period, the company has instigated a formal Supply Chain and Logistics review of its operations and retained third party expertise to facilitate this process. In addition the company is completing a detailed review and is implementing a number of initial recommendations related to its existing IT platforms, Disaster Recovery plans and scalability to meet the forecast growth in sales. Finally the company has also implemented a number of recommendations delivered from two independent reviews of the company's sales, marketing and branding strategies. The

culmination of each of these initiatives will be to place the Marbletrend business in the most advantageous position to yield additional margins from increased sales supported by a culture of service excellence.

The Company continues to focus on efficiencies that can be gained from its supply chain management and in addition has placed particular emphasis on expanding its marketing footprint within Australia and assessing more effective and efficient ways in which to market both the Marbletrend product and the Marbletrend brand.

Consolidated profit from continuing operations after income tax for the half year was \$785,196 (31 December 2010: \$684,062) an increase of 14.8% on the previous corresponding period, which is predominantly impacted by additional borrowing costs to acquire the minority interest in March 2011.

During the period, one-off charges in respect to establishment of the South Australian premises and abnormal expenses associated with leasehold improvements and make-good provisions for Company leased premises were made. Marbletrend has also changed the manner in which it will now support its sales and marketing through the appointment of an additional 8 sales representatives during the period and the abandonment of an outsourced service strategy.

Notes to the Half-Year Financial Statements

For the half-year ended 31 December 2011

1. BASIS OF PREPARATION AND ACCOUNTING POLICIES

Basis of preparation

The general purpose condensed half-year financial report for the half year ended 31 December 2011 has been prepared in accordance with AASB 134 *Interim Financial Reporting* and the *Corporations Act 2001*. Compliance with AASB134 ensures compliance with International Financial Reporting Standard IAS34 Interim Financial Reporting.

The half-year financial report does not include all notes of the type normally included within the annual financial report and therefore cannot be expected to provide as full an understanding of the financial performance, financial position and financing and investing activities of the consolidated entity as the full financial report.

It is also recommended that the half-year financial report be read in conjunction with the annual report for the year ended 30 June 2011 and considered together with any public announcements made by Marbletrend Group Limited and its controlled entities during the half-year ended 31 December 2011 in accordance with the continuous disclosure obligations of the ASX Listing rules.

The half-year consolidated financial statements comprise the financial statements of Marbletrend Group Limited and its subsidiaries as at 31 December 2011 ("the Group").

There were no changes in accounting policies and method of computation to those adopted in the most recent annual financial report.

Changes in Accounting Policy

The Group has adopted all of the new revised Standards and Interpretations issued by the Australian Standards Board (the AASB) that are relevant to its operations and effective for the current period.

The adoption of all the new and revised Standards and Interpretations has not resulted in any changes to the Group's accounting policies and has no effect on the amounts reported for the current or prior periods. The new and revised Standards and Interpretations has not had a material impact and not resulted in changes to the Group's presentation or disclosure in its half-year financial statements.

Comparatives

Where necessary the comparative information has been reclassified and repositioned for consistency with current period disclosures.

Notes to the Half-Year Financial Statements (continued)

For the half-year ended 31 December 2011

2. SEGMENT INFORMATION

The Group has identified its operating segments based on the internal reports that are reviewed and used by the executive management team (the chief operating decision makers) in assessing performance and in determining the allocation of resources. The operating segments are identified by management based on the manner in which the product is sold. Discrete financial information about each of these operating businesses is reported to the executive management team on at least a monthly basis.

The reporting segments are based on aggregated operating segments determined by the similarity of the products produced and sold/or the services provided, as these are sources of the Group's major risks and have the most effect on the rates of return.

Bathroom Products

The Bathroom Products business is a manufacturer, importer and wholesaler of bathroom products for major customers throughout Australia. The products supplied in this business are shower bases, shower systems, vanities, free standing and acrylic baths, toilets and vitreous china bowls. The bathroom products business has been determined as an operating segment and reporting segment.

Corporate

The Corporate business provides technical services to the entire group. Some of these technical services included governance matters, compliance issues, strategic planning, accounting and legal advice. The corporate business has been determined as an operating segment and reporting segment.

Accounting policies and inter-segment transactions

The accounting policies used by the Group in reporting segments internally are the same as those contained in note 1 to the accounts and in the prior period.

Corporate Charges

Corporate charges comprise non-segmental expenses such as head office expenses and interest. Corporate charges are allocated to each business segment on a proportionate basis.

The following table presents revenue and profit information and certain asset and liability information for business segments for the half year ended 31 December 2011 and 31 December 2010.

Independent Auditor's Review Report To the Members of Marbletrend Group Limited

We have reviewed the accompanying half-year financial report of Marbletrend Group Limited ("Company"), which comprises the consolidated financial statements being the statement of financial position as at 31 December 2011, and the statement of comprehensive income, statement of changes in equity and statement of cash flows for the half-year ended on that date, a statement of accounting policies, other selected explanatory notes and the directors' declaration of the consolidated entity, comprising both the Company and the entities it controlled at the half-year's end or from time to time during the half-year.

Directors' responsibility for the half-year financial report

The directors of the Company are responsible for the preparation and fair presentation of the half-year financial report in accordance with Australian Accounting Standards (including the Australian Accounting Interpretations) and the Corporations Act 2001. This responsibility includes establishing and maintaining internal controls relevant to the preparation and fair presentation of the half-year financial report that is free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

Auditor's responsibility

Our responsibility is to express a conclusion on the consolidated half-year financial report based on our review. We conducted our review in accordance with the Auditing Standard on Review Engagements ASRE 2410: Review of a Financial Report Performed by the Independent Auditor of the Entity, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the financial report is not in accordance with the Corporations Act 2001 including giving a true and fair view of the consolidated entity's financial position as at 31 December 2011 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134: Interim Financial Reporting and the Corporations Regulations 2001. As the auditor of Marbletrend Group Limited, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Independence

In conducting our review, we complied with the independence requirements of the Corporations Act 2001.

Electronic presentation of reviewed financial report

This auditor's review report relates to the financial report of Marbletrend Group Limited for the half-year ended 31 December 2011 included on Marbletrend Group Limited's web site. The Company's directors are responsible for the integrity of Marbletrend Group Limited's web site. We have not been engaged to report on the integrity of Marbletrend Group Limited's web site. The auditor's review report refers only to the statements named above. It does not provide an opinion on any other information which may have been hyperlinked to/from these statements. If users of this report are concerned with the inherent risks arising from electronic data communications, they are advised to refer to the hard copy of the reviewed financial report to confirm the information included in the reviewed financial report presented on this web site.

Conclusion

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Marbletrend Group Limited is not in accordance with the Corporations Act 2001, including:

- a giving a true and fair view of the consolidated entity's financial position as at 31 December 2011 and of its performance for the half-year ended on that date; and
- b complying with Accounting Standard AASB 134: Interim Financial Reporting and Corporations Regulations 2001.
