### Directors' responsibility for the half-year financial report

The directors of the Company are responsible for the preparation and fair presentation of the half-year financial report in accordance with Australian Accounting Standards (including the Australian Accounting Interpretations) and the Corporations Act 2001. This responsibility includes establishing and maintaining internal controls relevant to the preparation and fair presentation of the half-year financial report that is free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

# **Auditor's responsibility**

Our responsibility is to express a conclusion on the consolidated half-year financial report based on our review. We conducted our review in accordance with the Auditing Standard on Review Engagements ASRE 2410: Review of a Financial Report Performed by the Independent Auditor of the Entity, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the financial report is not in accordance with the Corporations Act 2001 including giving a true and fair view of the consolidated entity's financial position as at 31 December 2011 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134: Interim Financial Reporting and the Corporations Regulations 2001. As the auditor of NuWorld Solutions Limited, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

Grant Thornton Australia Limited is a member firm within Grant Thornton International Ltd. Grant Thornton International Ltd and the member firms are not a worldwide partnership. Grant Thornton Australia Limited, together with its subsidiaries and related entities, delivers its services independently in Australia.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

# Independence

In conducting our review, we complied with the independence requirements of the Corporations Act 2001.

### Conclusion

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of NuWorld Solutions Limited is not in accordance with the Corporations Act 2001, including:

- a giving a true and fair view of the consolidated entity's financial position as at 31 December 2011 and of its performance for the half-year ended on that date; and
- b complying with Accounting Standard AASB 134: Interim Financial Reporting and Corporations Regulations 2001.

### Material uncertainty regarding continuation as a going concern

Without qualifying our conclusion, we draw attention to Note 2(b) in the financial report which indicates that the consolidated entity incurred a net loss of \$774,136 and net cash outflows from operating activities of \$425,918 during the period ended 31 December 2011. These conditions, along with other matters as set forth in Note 2(b), indicate the existence of a material uncertainty which may cast significant doubt about the consolidated entity's ability to continue as a going concern and therefore, the consolidated entity may be unable to realise its assets and discharge its liabilities in the normal course of business, and at the amounts stated in the financial report.

# **Notes to the Financial Statements**

#### 1. CORPORATE INFORMATION

The financial statements of NuWorld Solutions Limited for the half year ended 31 December 2011 are authorised for issue in accordance with a resolution of the Directors on 27 February 2012. NuWorld Solutions Limited is a company incorporated in Australia and limited by shares which are publicly traded on the Australian Securities Exchange.

The nature of the operations and principal activities of the Group are described in note 4.

#### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The half year financial statements do not include all of the notes of the type normally included within the annual financial report and therefore cannot be expected to provide as full an understanding of the financial performance, financial position and financing and investing activities of the consolidated entity as the full financial report.

The half year financial statements should be read in conjunction with the annual Financial Statements of the Group as at 30 June 2011.

It is also recommended that the half year financial statements be considered together with any public announcements made by the NuWorld Solutions and its controlled entities during the half year ended 31 December 2011 in accordance with the continuous disclosure obligations arising under the *Corporations Act* 2001

# a) Basis of Preparation

These general purpose financial statements for the interim half year reporting period ended 31 December 2011 have been prepared in accordance with requirements of the *Corporations Act 2001* and Australian Accounting Standards including AASB 134: Interim Financial Reporting. Compliance with Australian Accounting Standards ensures that the financial statements and notes also comply with International Financial Reporting Standards.

The interim financial statements are intended to provide users with an update on the latest annual financial statements of NuWorld Solutions Limited and its controlled entities (the Group). As such, it does not contain information that represents relatively insignificant changes occurring during the half year within the Group. It is therefore recommended that these financial statements be read in conjunction with the annual financial statements of the Group for the year ended 30 June 2011, together with any public announcements made during the half year.

The same accounting policies and methods of computation have been followed in there interim financial statements as were applied in the most recent annual financial statements except for the adoption of the following new and revised Accounting Standards.

# b) Going Concern

The consolidated entity has incurred operating losses of \$774,136 (2010: \$136,015) and negative operating cash flows of \$425,918 (2010: \$442,979) for the half year ended 31 December 2011.

The financial statements have been prepared on the basis of going concern which contemplates continuity of normal business activities and the realisation of assets and settlement of liabilities in the ordinary course of business. The Directors consider this to be appropriate for the following reasons:

- the ability to vary the consolidated entity's cost structure and in turn the levels of cash burn dependent on the level of achievement of certain milestones within the business plan; and
- the demonstrated ability to obtain funding through equity issues as required.

The directors recognise the above factors create some uncertainty as to the company's ability to continue as a going concern and whether it will realise its assets and extinguish its liabilities in the normal course of business and at the amounts stated in the financial report. However, by taking into

account the points noted above, the Directors are confident the Company has adequate resources to continue in operational existence for the foreseeable future.

# c) New or revised Standards and Interpretations that are first effective in the current reporting period

The Group has adopted the new and revised Standards and Interpretations issued by the Australian Accounting Standards Board (the AASB) that are relevant to their operations and effective for the current reporting period.

Impacts of new and revised Standards and amendments thereof and Interpretations effective for the current reporting period that are relevant to the Group include:

# AASB 124 'Related Party Disclosures' (2009), AASB 2009-12 'Amendments to Australian Accounting Standards'

Amends the requirements of the previous version of AASB 124 to:

- provide a partial exemption from related party disclosure requirements for government-related entities;
- clarify the definition of a related party; and
- > include an explicit requirement to disclose commitments involving related parties.

# AASB 1054 'Australian Additional Disclosures', AASB 2011-1 'Amendments to Australian Accounting Standards arising from the Trans-Tasman Convergence Project' and AASB 2011-2 'Amendments to Australian Accounting Standards arising from the Trans-Tasman Convergence Project – Reduced Disclosure Requirements'.

These standards are a consequence of Phase 1 of the joint Trans-Tasman Convergence project of the AASB and the Financial Reporting Standards Board (FRSB) of the New Zealand Institute of Chartered Accountants, harmonising Australian Accounting Standards and New Zealand equivalents to IFRSs (NZ IFRSs), with a focus on eliminating differences between the standards in each jurisdiction relating to for-profit entities.

# AASB 2010-4 Further Amendments to Australian Accounting Standards arising from the Annual Improvements Project

Amends a number of pronouncements as a result of the IASB's 2009-2010 cycle of annual improvements including:

- clarification of content of statement of changes in equity, financial disclosures and significant events; and
- accounting policy changes relating to AASB 1 in year of adoption and amendments to deemed cost.

# AASB 2010-5 Amendments to Australian Accounting Standards

This standard amends a range of existing standards to reflect changes made to the text of International Financial Reporting Standards. They have no major impact on the requirements of the amended pronouncements.

# AASB 2010-6 'Amendments to Australian Accounting Standards – Disclosures on Transfers of Financial Assets'

Makes amendments to AASB 7 'Financial Instruments: Disclosures' including additional disclosures to allow users of the financial statements to improve their understanding financial asset transfers and potential risks to the transferring entity.

### 4. SEGMENT INFORMATION

#### **Identification of reportable segments**

The Group has identified its operating segments based on the internal reports that are reviewed and used by the board of directors (chief operating decision makers) in assessing performance and determining the allocation of resources.

The Group is managed primarily on the basis of functions within the Group, since the diversification of the Group's operations inherently have notably different risk profiles and performance assessment criteria. Operating segments are therefore determined on the same basis.

Reportable segments disclosed are based on aggregating operating segments where the segments are considered to have similar economic characteristics and are also similar with respect to the following:

- the products sold and/or services provided by the segment;
- the manufacturing process;
- the type or class of customer for the products or service;
- > the distribution method; and
- external regulatory requirements.

The Group comprise of the following segments:

- NuWorld Solutions SecureMail & IIT platform a powerful, cost effective, and easy to use service that encrypts messages between an organisation and its business partners and customers.
- Hosted services including co-location of customer equipment in the NuWorld Solutions hosted data centre and the hosting of Internet services such as web sites and extranets.
- Data-inCrypt® online backup & recovery selects a file from an end-user's PC and then intelligently arranges, compresses and encrypts that file before transmitting it over the internet to the NuWorld Solutions hosted data centre, from where that file can be easily recovered when required.
- Mineral Exploration during the half year the Company withdrew from three farm-in projects including the Mt Barrett project in Western Australia, Pambula gold project and Moruya gold project which are both located in south-eastern New South Wales.

# Basis of accounting for purposes of reporting by operating segments

# Accounting policies and inter-segment transactions

Unless stated otherwise, all amounts reported to the board of directors as the chief decision maker with respect to operating segments are determined in accordance with accounting policies that are consistent to those adopted in the annual financial statements of the Group. There are no inter-segment transactions.

### Segment assets and segment liabilities

Segment assets and segment liabilities are reviewed by the chief operating decision maker on a consolidated basis except for assets and liabilities that related to the Mineral Exploration segment.

#### **Unallocated items**
