About Sprintex

Sprintex Limited, formerly Automotive Technology Group Limited, (Sprintex) is the ISO 9001 accredited designer and manufacturer of the patented low emission, high fuel efficiency Sprintex® twin screw supercharger.

The Sprintex® twin screw supercharger is the most efficient supercharger in the world but has been comparatively expensive to produce resulting in the supercharger market being dominated by less efficient Roots style superchargers. Following a major step of its business plan being achieved - low cost volume manufacturing in an offshore automotive centre - Sprintex is now ideally positioned to participate in the exponential growth underway in the global forced induction marketplace.
