DISTRIBUTION IN SPECIE OF METMINCO SHARES

The Board of Directors of Takoradi Limited is pleased to announce that the Company intends to distribute to shareholders up to 107 million shares of the 152 million shares that it currently holds as an investment in Metminco Limited (ASX Code: MNC). Metminco's major asset is the Los Calatos, Copper-Molybdenum project located in Peru, South America.¹

If approved by shareholders, the distribution of up to 107 million Metminco shares will be made by way of a return of capital, on a pro rata basis, to all shareholders at the record date, on the basis of 1.5 Metminco shares for every 1 Takoradi share (subject to fractional entitlements being rounded down). By way of illustrative example, assuming a Metminco share price of \$0.18 per Metminco share, and the distribution of 107 million Metminco shares, the capital reduction will be \$19.26 million or \$0.29 per Takoradi share.

The Company's Directors consider that the proposed capital return will provide Takoradi shareholders with the liquidity and benefits from owning Metminco shares directly and having direct exposure to the future potential value of Metminco's mineral interests in Chile and Peru. The Takoradi Shareholders will continue to hold their existing shares in the Company with interests in Ghana and Namibia.

Following the proposed transaction, shareholders will hold a direct investment in two separate public companies, one holding interests in South America (Chile and Peru) and the other in West Africa (Ghana and Namibia).

The Metminco shares retained by the Company will provide the Company with sufficient current assets to satisfy its creditors and meet its on-going future working capital requirements as it continues to explore opportunities to unlock the value of its interests in Ghana and Namibia.

A Notice of a General Meeting to be held on Monday 4 June 2012 to consider the proposed capital return is attached.

On behalf of the Board of Directors.

RODNEY T HUDSPETH
Chairman

Explanatory Memorandum to Shareholders to accompany the Notice of Extraordinary General Meeting

INTRODUCTION

This Explanatory Memorandum has been prepared for the information of Shareholders in TAKORADI LIMITED in connection with the Company's Meeting to be held on 4 June 2012 at 10.00am (Sydney time).

This Explanatory Memorandum is an important document and should be read carefully in its entirety by all Shareholders. Shareholders are strongly advised to consult their legal or financial advisors if they require further advice in connection with the matters contained in this Explanatory Memorandum. This Explanatory Memorandum should be read in conjunction with the accompanying Notice of Meeting.

NOTE 1 – DISTRIBUTION OF METMINCO LIMITED SHARES

1.1 Introduction

Shareholders are being asked to consider an Ordinary Resolution authorising the Company to reduce its issued share capital by undertaking a return of capital and distributing in specie to Shareholders up to 107 million of the Company's Metminco shares.

Any in-specie distribution of Metminco shares will be to Shareholders on a pro rata basis (subject to fractional entitlements being rounded down) by way of an equal capital reduction under section 256B of the Corporations Act.

Shareholders would not be required to pay any consideration for the Metminco In-specie Shares as the Company would make an appropriate capital reduction to reflect the distribution. As a result of the return of capital the Company's paid-up share capital (contributed equity) will be reduced by the total value of the Metminco In-specie Shares distributed to Shareholders.

The terms of the Capital Reduction are the same for each Takoradi Shareholder. The date for determining which Shareholders are entitled to participate in the return of capital is the Record Date. For the purposes of the Corporations Act, the proposed return of capital is an "equal" reduction of capital which requires the approval of Shareholders by Ordinary Resolution in a general meeting. Accordingly, for the return of capital to proceed, a majority of votes must be cast in favour of the Resolution.

NOTE 1 – DISTRIBUTION OF METMINCO LIMITED SHARES (CONTINUED)

1.2 Reasons for the return of capital

The primary purpose of the return of capital is to distribute to Shareholders that part of the Company's capital that represents the Metminco In-specie Shares.

The return of capital will mean that Shareholders' indirect interest in Metminco will become a direct interest.

The Company intends to distribute up to 107 million shares in Metminco held by it, to the Shareholders of Takoradi on a pro rata basis (subject to fractional entitlements being rounded down).

As at the date of this Explanatory Memorandum, 67,162,219 Shares were eligible to participate in the Capital Return. Assuming that 107 million Metminco Shares are distributed, Shareholder entitlements would be as follows:

Security	Metminco In-specie Shares	Shares Participating	Ratio
Metminco shares	107,000,000	67,162,219	1.5 Metminco shares for each Takoradi Share held

The exact Capital Reduction Amount will not be known until the Record Date, at which time the value of the Metminco shares would be determined. At the price of \$0.18 per Metminco share (being the price at the date of the Notice), and assuming that 107 million Metminco Shares are distributed to Shareholders, the Capital Reduction Amount would be \$19.26 million.

1.3 Entitlement to participate

All Shareholders who hold Shares at 4.00pm (Sydney time) on the Record Date will be entitled to participate in the return of capital.

1.4 Amount of entitlement

Each shareholder who is entitled to participate in the return of capital will receive the Return per Share.

1.5 Timetable for return of capital

Set out below is an indicative timetable for the return of capital. These indicative dates are subject to change at the Board's discretion.

Event	Date
Meeting of Shareholders	4 June 2012
Trading in Shares on an "ex return of capital" basis	6 June 2012
Record Date	13 June 2012
Anticipated date of distribution of Metminco In-specie Shares	20 June 2012

NOTE 1 – DISTRIBUTION OF METMINCO LIMITED SHARES (CONTINUED)

1.6 Trading in shares

Shares will trade on an “ex return of capital” basis on 6 June 2012 which is the second business day after the meeting of the Shareholders has approved the return of capital.

1.7 Effect on return of capital

(a) Effect on creditors

The return of capital involves a reduction in the Company’s paid-up share capital (contributed equity). However, in the opinion of the Board, this will not materially prejudice the Company’s ability to pay its creditors. The return of capital will not involve the payment by the Company of any cash amounts and the Company will retain sufficient current assets after the proposed capital return to pay its creditors.

(b) Effect on Shareholders

The return of capital will have no effect on the number of Shares held by Shareholders or on their proportionate interests in the share capital of the Company. The Company has no partly paid shares on issue and no convertible securities on issue.

(c) Effect on Company’s capital structure

The return of capital will have no effect on the total number of Shares on issue.

(d) Effect on Company’s contributed equity

On completion of the return of capital, the contributed equity of the Company will be reduced by the Capital Reduction Amount. Details of the effect the return of capital will have on the net asset position of the Company is contained in the pro-forma financial position set out below.

(e) Effect on Company’s financial position

To illustrate the effect of the return of capital on the financial position of the Company, the Pro Forma Statement of Financial Position (unaudited) set out below has been based on the Company’s reviewed financial statements at 31 December 2011 adjusted to reflect the Capital Return and the appreciation of the value of the Company’s Metminco shares (\$0.18 as at date of this Notice).

NOTE 1 – DISTRIBUTION OF METMINCO LIMITED SHARES (CONTINUED)

1.8 Tax consequences

The Company believes the distribution will constitute a disposal of the Metminco In-specie Shares and will result in a capital gain to the Company. However, the Company should have losses in excess of the likely capital gain, and hence no taxation liability is expected to arise to the Company.

The Company believes the taxation implications to Shareholders will be a reduction in the cost base of their Shares in the Company equal to the value of the Metminco In-specie Shares distributed to them. Should the value of the Metminco In-specie Shares distributed exceed this cost base, then an assessable capital gain may result, based on the number of Metminco In-specie Shares being distributed and the value at the Shares which were acquired by Shareholders.

Shareholders should consult their own professional advisors to confirm these implications as they may vary depending on individual circumstances and taxation positions.

The Company has not sought any class ruling from the ATO as to the tax implications of the return of capital to Shareholders. For specific taxation advice, Shareholders should consult their own taxation adviser so that their particular circumstances are taken into consideration.

1.9 Directors' interests

The Directors hold Shares in the Company, accordingly they will be taking part in the return of capital to Shareholders.

The table below sets out the interests of Directors (held directly or indirectly) in the Company as at the date of the Notice of Meeting:

Director	Number of shares held
R T Hudspeth	22,658,194
J S McIntyre	583,000
T V Willsted	1,103,834

1.10 Approvals required to implement return of capital

The proposed return of capital by way of the in-specie distribution of the Metminco In-specie Shares to Shareholders is an equal reduction.

Under Section 256B of the Corporations Act, the Company may only reduce its capital if:

- (a) It is fair and reasonable to Shareholders as a whole;
- (b) It does not materially prejudice the Company's ability to pay its creditors; and
- (c) It is approved by Shareholders in accordance with Section 256C of the Corporations Act.

NOTE 1 – DISTRIBUTION OF METMINCO LIMITED SHARES (CONTINUED)

1.10 Approvals required to implement return of capital (Continued)

Section 256C of the Corporations Act requires that an equal reduction be approved by Shareholders by an Ordinary Resolution passed at a general meeting of the Company.

In relation to these requirements:

- (a) the Board considers the return of capital to Shareholders is fair to all Shareholders as it applies to all Shareholders equally. Further, the Board considers the Return Per Share is a reasonable return to Shareholders;
- (b) the Board considers that the return of capital will not have a material impact on the Company's ability to pay its creditors; and
- (c) the Resolution requires approval of Shareholders in accordance with section 256C of the Corporations Act. This Notice notifies Shareholders of the Meeting at which approval of the Resolution is being sought.

1.11 Directors' recommendation

The Board unanimously recommends that Shareholders vote in favour of the Resolution.

1.12 Other information

There is no further information known to the Company that is material to the decision of Shareholders on how to vote on this Resolution. If any Shareholder is in doubt as to how to vote on the Resolution or as to how the Resolution may affect the Shareholder, he or she should seek advice from his or her accountant, solicitor or other professional adviser as soon as possible.

SCRUTINEER

A representative of Computershare will act as a scrutineer for any poll that may be required at the meeting.

QUESTIONS AND COMMENTS BY SHAREHOLDERS AT THE MEETING
