Directors' Report

Your directors present their report on WAG Limited (WAG or the Company) for the year ended 30 June 2012.

Directors

The names of each person who has been a director during the year and continues in office to the date of this report are:

Gary Christian Steinepreis (Executive Director)
Patrick Nicolas Burke (Executive Director)
Matthew Richard Sheldrick (Non-Executive Director)

Company Secretary

The company secretary is Gary Steinepreis. As Mr Steinepreis is also a director of the Company, information on him and his qualifications for the position are included under information on directors.

Principal Activities

During the year the principal continuing activities of the Company consisted of:

- 1 review and analysis of new opportunities in the renewable energy sector;
- 2 unsuccessful acquisition of Pacific Pyrolysis Pty Ltd ("PacPyro"); and
- 3 investigating the acquisition of, or investment in, new projects / businesses in other business segments.

Operating Result

The loss from operations for the financial year after providing for income tax amounted to \$1,245,971 (2011:\$234,614). Of the current year loss \$1,002,000 related to the impairment of financial assets held to maturity due to the proposed acquisition of PacPyro not proceeding. The acquisition did not proceed due to the failure to secure the minimum funding required to complete the proposed transaction.

Additional information on the operations and financial position of the Company and its business strategies and prospects is set out in this directors' report and the financial report.

Review of Operations

As previously announced, WAG has been reviewing new investment opportunities and more recently signalled its intention to enter into the growing renewable and clean technology sector. In line with this strategy, the Company signed a Deed of Option to acquire renewable energy and biochar developer PacPyro.

During the year WAG continued to work towards completion of the agreement to acquire PacPyro. The proposed transaction was subject to, amongst other things, the lodging of a prospectus to raise sufficient funds to enable the Company to complete the transaction. The prospectus was lodged however the minimum subscription amount was not achieved and the proposed acquisition and approved name change did not proceed.

The failure to acquire PacPyro means that the Company will remain suspended from trading on the ASX. The Company is assessing its options and will be required to raise additional funds sufficient to meet commitments and to acquire a new business before the Company can relist on ASX through a re-compliance with Chapters 1 and 2 of the Listing Rules.

Review of Other Operations

The Company discontinued the operation of its radio broadcasting facilities located in Geraldton and disposed of all the equipment on site and has no further commitments with regard to this facility. The broadcasting licence previously held by the Company expired and was not renewed.

The Company retained its 25% investment in Pleiades Resources Pty Ltd with no further financial commitment.

Financial Position

During the year the Company had sufficient funds to meet its commitments and has plans in place to raise further funding sufficient to meet its commitments in the coming year. The board recognises the need to raise further funding in order to meet commitments over the ensuing twelve month period. The Company is currently suspended from trading on ASX and will remain so until it re-complies with Chapters 1 and 2 of the Listing Rules.

Significant Changes in the State of Affairs

Other than as reported above there were no significant changes in the state of affairs of the Company.

Dividends

No dividends were paid or are proposed to be paid during the financial year.

Future Developments, Prospects and Business Strategies

The Company's business strategies and prospects for growth in future financial years have not been included in this report, as the inclusion of this information is likely to result in an unreasonable prejudice to the Company.

Environmental Issues

The Company's operations are not regulated by any significant environmental regulations under a law of the Commonwealth or of a State or Territory.

After Balance Date Events

Since 30 June 2012 there has been no matter or circumstance that has arisen that has significantly affected, or may significantly affect:

1. the Company's operations in future financial years, or
2. the results of those operations in future financial years, or
3. the Company's state of affairs in future financial years.

Proceedings on Behalf of the Company

No person has applied to the court under section 237 of the *Corporations Act 2001* for leave to bring proceedings on behalf of the Company, or to intervene in any proceedings to which the Company is a party, for the purpose of taking responsibility on behalf of the Company for all or part of those proceedings. No proceedings have been brought or intervened in on behalf of the Company with leave of the court under section 237 of the *Corporations Act 2001*.

Auditor

Crowe Horwath continues in office in accordance with section 327 of the *Corporations Act 2001*.

Non-Audit Services

Non-audit services provided by the auditor during the financial year amounted to \$11,000 (2011:\$Nil) for an Investigating Accountants Report for inclusion in a prospectus.

The Board of Directors are satisfied that the provision of non-audit services is compatible with the general standard of independence for auditors imposed by the *Corporations Act 2001*.

Audit Services

During the financial year \$25,000 (2011: \$26,500) was paid or is payable for audit services provided by the auditor.

Auditor's Independence Declaration

A copy of the auditor's independence declaration as required under section 307C of the *Corporations Act 2001* is set out on page 8 of the Annual Report.

Corporate Governance

The Directors of the Company support and adhere to the principles of corporate governance, recognising the need for the highest standard of corporate behaviour and accountability. A review of the Company's corporate governance practices was undertaken during the year. Please refer to the corporate governance statement included with this report.

Remuneration Report (Audited)

The remuneration report is set out under the following main headings:

- (1) Principles used to determine the nature and amount of remuneration
- (2) Details of remuneration
- (3) Employment Contracts of Directors and Senior Executives
- (4) Performance-based Remuneration

The information provided under headings 1 to 4 above includes remuneration disclosures that are required under Accounting Standard AASB 124, *Related Party Disclosures*.

1 Principles used to determine the nature and amount of remuneration

The objective of the Company's policy is to provide remuneration that is competitive and appropriate. The Board ensures that executive reward satisfies the following key criteria for good reward governance practices:

- (i) competitiveness and reasonableness;
- (ii) acceptability to shareholders;
- (iii) transparency; and
- (iv) capital management.

Directors

Fees and payments to Directors reflect the demands which are made on, and the responsibilities of, the Directors. Directors' fees and payments are reviewed annually by the Board. The Board also ensures that Directors' fees and payments are appropriate and in line with the market. The Chairman's fees are determined together with those of the Directors. Directors do not receive share based payments as part of their compensation package.

Retirement allowances and benefits for Directors

There are no retirement allowances or other benefits (other than superannuation) paid to Directors.

2 Details of Remuneration

The amount of remuneration of the Directors of WAG Limited (as defined in AASB 124 Related Party Disclosures) is set out in the following table. During the financial year there were no key management personnel other than the Directors. There was no remuneration of any type paid, to the Directors, other than as reported below.

2012	Fees	Related	Director	Super -	Share	Total
Name of director	\$	Entity fees	Salary	annuation	based	\$
		\$	\$	\$	\$	\$
Directors						
Gary Steinepreis (a)	-	15,000	-	-	-	15,000
Patrick Burke (b)	15,000	-	-	-	-	15,000
Matthew Sheldrick (c)	-	-	13,761	1,239	-	15,000
Totals	15,000	15,000	13,761	1,239	-	45,000

The fees paid to Directors and / or Director related entities were for the work undertaken in the provision of management services for the ongoing operations of the Company, of the particular Director, to the Company, as follows:

- (a) Leisurewest Consulting Pty Ltd, as trustee for the Leisurewest Trust, an entity associated with Gary Steinepreis, was paid \$15,000 exclusive of GST;
- (b) Patrick Burke was paid fees in the amount of \$15,000 exclusive of GST.
- (c) Matthew Sheldrick was paid a salary of \$13,761 and superannuation of \$1,239.

Remuneration Report (Audited) (continued)

2 Details of Remuneration (continued)

In order to conserve the Company's funds the board resolved to cancel all payments to directors and their related parties from the period commencing 1 January 2012. Payments to directors and their related parties will only be reinstated if and when the Company has sufficient funding to meet its commitments, has re-complied with Chapters 1 and 2 of the Listing Rules and been re-instated to trading on ASX.

2011 Name of director	Fees \$	Related Entity fees \$	Director Salary \$	Super - annuation \$	Share based \$	Total \$
Directors						
Gary Steinepreis	-	30,000	-	-	-	30,000
Patrick Burke	30,000	-	-	-	-	30,000
Matthew Sheldrick	-	-	27,523	2,477	-	30,000
Totals	30,000	30,000	27,523	2,477	-	90,000

3 Employment Contracts of Directors and Senior Executives

As at the date of this report there are no executives or key management personnel, other than the Directors, engaged by the Company. Directors serve on a month to month basis and there are no termination payments payable.

4 Performance-based Remuneration

There was no performance-based remuneration paid to directors during the financial year.

Indemnifying of Officers or Auditor

The Company does not currently have directors and / or officers or auditor insurance. No insurance to cover the prospective liability of Directors and / or officers or auditors was paid during the financial year.

This is the end of the Remuneration Report.

This director's report, incorporating the remuneration report, is signed in accordance with a resolution of the Board of Directors.

Gary Steinepreis - Director
24 August 2012

AUDITOR'S INDEPENDENCE DECLARATION

In accordance with the requirements of section 307C of the Corporations Act 2001, as lead auditor for the audit of WAG Limited for the year ended 30 June 2012, I declare that, to the best of my knowledge and belief, there have been:

- (a) no contraventions of the auditor independence requirements of the Corporations Act 2001 in relation to the audit; and
- (b) no contraventions of any applicable code of professional conduct in relation to the audit.

1 Statement of significant accounting policies

This financial report includes the financial statements and notes of WAG Limited a Public Limited entity currently suspended from trading on ASX.

(a) Basis of Preparation

The financial report is a general purpose financial report that has been prepared in accordance with Australian Accounting Standards, Australian Accounting Interpretations, other authoritative pronouncements of the Australian Accounting Standards Board and the *Corporations Act 2001*. WAG Limited is a for-profit entity for the purpose of preparing the financial statements.

Australian Accounting Standards set out accounting policies that the AASB has concluded would result in a financial report containing relevant and reliable information about transactions, events and conditions to which they apply. Compliance with Australian Accounting Standards ensures that the financial statements and notes also comply with International Financial Reporting Standards. Material accounting policies adopted in the preparation of this financial report are presented below. They have been consistently applied unless otherwise stated.

The financial report has been prepared on an accruals basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non – current assets, financial assets and financial liabilities.

(b) Segment Reporting

The Company has identified its operating segments based on the internal reports that are reviewed and used by the board of directors (chief operating decision makers) in assessing performance and determining the allocation of resources.

The Company does not currently operate an ongoing business. The Company is currently investigating opportunities for investment in the mining and exploration business sector and the energy generation and energy technology sectors particularly in the area of renewable energy. The Company operates in one geographic sector that being Australia.

The directors are of the opinion that the current financial position and performance of the Company is equivalent to the operating and geographic segment identified above and as such no further disclosure is being provided.

(c) Revenue Recognition

Revenue is measured at the fair value of the consideration received or receivable. Amounts disclosed as revenue are net of returns, trade allowances and amounts collected on behalf of third parties. Revenue is recognised for the major business activities as follows:

Interest income is recognised on a time proportion basis using the effective interest method.

(d) Income Tax

The income tax expense (revenue) for the year comprises current income tax expense (income) and deferred tax expense (income). Current income tax expense charged to profit or loss is the tax payable on taxable income. Current tax liabilities (assets) are measured at the amounts expected to be paid to (recovered from) the relevant taxation authority.

Deferred income tax expense reflects movements in deferred tax asset and deferred tax liability balances during the year as well unused tax losses. Current and deferred income tax expense (income) is charged or credited outside profit or loss when the tax relates to items that are recognised outside profit or loss.

1 Statement of significant accounting policies (continued)

(d) Income Tax (continued)

Except for business combinations, no deferred income tax is recognised from the initial recognition of an asset or liability where there is no effect on accounting or taxable profit or loss. Deferred tax assets and liabilities are calculated at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled and their measurement also reflects the manner in which management expects to recover or settle the carrying amount of the related asset or liability. Deferred tax assets relating to temporary differences and unused tax losses are recognised only to the extent that it is probable that future taxable profit will be available against which the benefits of the deferred tax asset can be utilised.

Where temporary differences exist in relation to investments in subsidiaries, branches, associates and joint ventures, deferred tax assets and liabilities are not recognised where the timing of the reversal of the temporary difference can be controlled and it is not probable that the reversal will occur in the foreseeable future.

Current tax assets and liabilities are offset where a legally enforceable right of set-off exists and it is intended that net settlement or simultaneous realisation and settlement of the respective asset and liability will occur. Deferred tax assets and liabilities are offset where: (a) a legally enforceable right of set-off exists; and (b) the deferred tax assets and liabilities relate to income taxes levied by the same taxation authority on either the same taxable entity or different taxable entities where it is intended that net settlement or simultaneous realisation and settlement of the respective asset and liability will occur in future periods in which significant amounts of deferred tax assets or liabilities are expected to be recovered or settled.

(e) Impairment of Assets

At each reporting date or whenever events or changes in circumstances indicate that the carrying amount may not be recoverable non-current assets are reviewed for impairment.

An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs to sell and value in use.

For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash-generating units).

Non-financial assets other than goodwill that suffered an impairment are reviewed for possible reversal of the impairment at each reporting date.

(f) Cash and Cash Equivalents

For cash flow statement presentation purposes, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

(g) Trade and Other Receivables

Trade receivables are recognised initially at fair value and subsequently measured at amortised cost, less provision for doubtful debts. Trade receivables are due for settlement no more than 30 days from the date of recognition.

Collectability of trade receivables is reviewed on an ongoing basis. Debts which are known to be uncollectible are written off.

1 Statement of significant accounting policies (continued)

(g) Trade and Other Receivables (continued)

A provision for doubtful receivables is established when there is objective evidence that the Company will not be able to collect all amounts due according to the original terms of receivables.

The amount of the provision is the difference between the asset's carrying amount and the present value of estimated future cash flows, discounted at the original effective interest rate.

Cash flows relating to short-term receivables are not discounted if the effect of discounting is immaterial. The amount of the provision is recognised in the statement of comprehensive income.

(h) Financial Assets

Recognition and initial measurement

Financial instruments, incorporating financial assets and financial liabilities, are initially measured at cost on trade date, which includes transaction costs, when the related contractual rights or obligations exist. Subsequent to initial recognition these instruments are measured as set out below.

Financial assets at fair value through profit and loss

A financial asset is classified in this category if acquired principally for the purpose of selling in the short term, or if so designated by management and within the requirement of AASB 139: *Recognition and Measurement of Financial Instruments*.

Realised and unrealised gains and losses arising from changes in the fair value of these assets are included in the statement of comprehensive income in the period in which they arise.

Receivables

Receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market and are stated at amortised cost using the effective interest rate method.

Available-for-sale financial assets

Available-for-sale financial assets include any financial assets not included in the above categories. They comprise investments in the equity of other entities where there is neither a fixed maturity nor fixed or determinable payments.

Available-for-sale financial assets are included in non-current assets, except for those which are expected to mature within 12 months after the end of the reporting period.

Held-to-maturity investments

Held-to-maturity investments are non-derivative financial assets that have fixed maturities and fixed or determinable payments, and it is the Company's intention to hold these investments to maturity. They are subsequently measured at amortised cost.

Held-to-maturity investments are included in non-current assets where they are expected to mature within 12 months after the end of the reporting period. All other investments are classified as current assets.

Financial liabilities

Non-derivative financial liabilities are recognised at amortised cost, comprising original debt less principal payments and amortisation.

Fair value

Fair value is determined based on current bid prices for all quoted investments. Valuation techniques are applied to determine the fair value for all unlisted securities, including recent arm's length transactions, reference to similar instruments and option pricing models.

1 Statement of significant accounting policies (continued)

(h) Financial Assets (continued)

Impairment

At each reporting date, the Company assesses whether there is objective evidence that a financial instrument has been impaired. In the case of available-for-sale financial instruments, a prolonged decline in the value of the instrument is considered to determine whether an impairment has arisen. Impairment losses are recognised in the statement of comprehensive income.

(i) Trade and Other Payables

These amounts represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. The amounts are unsecured and are usually paid within 30 days of recognition.

(j) Contributed Equity

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction from the proceeds.

If the entity reacquires its own equity instruments, e.g. as the result of a share buy-back, those instruments are deducted from equity and the associated shares are cancelled. No gain or loss is recognised in the income statement and the consideration paid including any directly attributable incremental costs (net of income taxes) is recognised directly in equity.

(k) Earnings Per Share

(i) Basic earnings per share

Basic earnings per share is calculated by dividing the profit / (loss) attributable to equity holders of the Company, excluding any costs of servicing equity other than ordinary shares, by the weighted average number of ordinary shares outstanding during the financial year, adjusted for bonus elements in ordinary shares issued during the year.

(ii) Diluted earnings per share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account the after income tax effect of interest and other financing costs associated with dilutive potential ordinary shares and the weighted average number of shares assumed to have been issued for no consideration in relation to dilutive potential ordinary shares.

(l) Goods and Services Tax

Revenues, expenses and assets are recognised net of the amount of associated GST, unless the GST incurred is not recoverable from the taxation authority. In this case it is recognised as part of the cost of acquisition of the asset or as part of the expense. Cash flows are presented in the cash flow statement on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to the taxation authority, are presented as operating cash flows.

(m) Equity Settled Payments

The Company has made equity-settled share-based payments to nonaligned third parties. The fair value of the equity to which those parties become entitled is measured at grant date and recognised as an expense over the vesting period, with a corresponding increase to an equity account. The fair value of shares is ascertained as the market bid price. The fair value of options is ascertained using a Black-Scholes pricing model which incorporates all market vesting conditions. The number of shares and options expected to vest is reviewed and adjusted at each reporting date such that the amount recognised for services received as consideration for the equity instruments granted shall be based on the number of equity instruments that eventually vest.

1 Statement of significant accounting policies (continued)

(n) Critical Accounting Estimates and Judgements

The preparation of financial statements in conformity with AIFRS requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Company's accounting policies. Where there are areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements, these are disclosed in note 3.

(o) New Accounting Standards for Application in Future Periods

The AASB has issued a number of new and amended Accounting Standards and Interpretations that have mandatory application dates for future reporting periods, some of which are relevant to the Company. The Company has decided not to early adopt any of the new and amended pronouncements. The Company's assessment of the new and amended pronouncements that are relevant to the Company but applicable in future reporting periods is set out below:

AASB 9: Financial Instruments (December 2010) and AASB 2010-7: Amendments to Australian Accounting Standards arising from AASB 9 (December 2010) [AASB 1, 3, 4, 5, 7, 101, 102, 108, 112, 118, 120, 121, 127, 128, 131, 132, 136, 137, 139, 1023 & 1038 and Interpretations 2, 5, 10, 12, 19 & 127] (applicable for annual reporting periods commencing on or after 1 January 2013).

These Standards are applicable retrospectively and include revised requirements for the classification and measurement of financial instruments, as well as recognition and de-recognition requirements for financial instruments.

The key changes made to accounting requirements include:

- simplifying the classifications of financial assets into those carried at amortised cost and those carried at fair value;
- simplifying the requirements for embedded derivatives;
- removing the tainting rules associated with held-to-maturity assets;
- removing the requirements to separate and fair value embedded derivatives for financial assets carried at amortised cost;
- allowing an irrevocable election on initial recognition to present gains and losses on investments in equity instruments that are not held for trading in other comprehensive income. Dividends in respect of these investments that are a return on investment can be recognised in profit or loss and there is no impairment or recycling on disposal of the instrument;
- requiring financial assets to be reclassified where there is a change in an entity's business model as they are initially classified based on: (a) the objective of the entity's business model for managing the financial assets; and (b) the characteristics of the contractual cash flows; and
- requiring an entity that chooses to measure a financial liability at fair value to present the portion of the change in its fair value due to changes in the entity's own credit risk in other comprehensive income, except when that would create an accounting mismatch. If such a mismatch would be created or enlarged, the entity is required to present all changes in fair value (including the effects of changes in the credit risk of the liability) in profit or loss.

The Company has not yet been able to reasonably estimate the impact of these pronouncements on its financial statements.

AASB 2010-8: Amendments to Australian Accounting Standards – Deferred Tax: Recovery of Underlying Assets [AASB 112] (applies to periods beginning on or after 1 January 2012).

This Standard makes amendments to AASB 112: Income Taxes and incorporates Interpretation 121: Income Taxes – Recovery of Re-valued Non-Depreciable Assets into AASB 112. Under the current AASB 112, the measurement of deferred tax liabilities and deferred tax assets depends on whether an entity expects to recover an asset by using it or by selling it. The amendments introduce a presumption that an investment property is recovered entirely through sale.

1 Statement of significant accounting policies (continued)

(o) New Accounting Standards for Application in Future Periods (continued)

This presumption is rebutted if the investment property is held within a business model whose objective is to consume substantially all of the economic benefits embodied in the investment property over time, rather than through sale.

The amendments are not expected to significantly impact the Company.

AASB 10: Consolidated Financial Statements, AASB 11: Joint Arrangements, AASB 12: Disclosure of Interests in Other Entities, AASB 127: Separate Financial Statements (August 2011), AASB 128: Investments in Associates and Joint Ventures (August 2011) and AASB 2011-7: Amendments to Australian Accounting Standards arising from the Consolidation and Joint Arrangements Standards [AASB 1, 2, 3, 5, 7, 9, 2009-11, 101, 107, 112, 118, 121, 124, 132, 133, 136, 138, 139, 1023 & 1038 and Interpretations 5, 9, 16 & 17] (applicable for annual reporting periods commencing on or after 1 January 2013).

AASB 10 replaces parts of AASB 127: Consolidated and Separate Financial Statements (March 2008, as amended) and Interpretation 112: Consolidation – Special Purpose Entities. AASB 10 provides a revised definition of control and additional application guidance so that a single control model will apply to all investees. The Company has not yet been able to reasonably estimate the impact of this Standard on its financial statements.

AASB 11 replaces AASB 131: Interests in Joint Ventures (July 2004, as amended). AASB 11 requires joint arrangements to be classified as either “joint operations” (where the parties that have joint control of the arrangement have rights to the assets and obligations for the liabilities) or “joint ventures” (where the parties that have joint control of the arrangement have rights to the net assets of the arrangement). Joint ventures are required to adopt the equity method of accounting (proportionate consolidation is no longer allowed).

AASB 12 contains the disclosure requirements applicable to entities that hold an interest in a subsidiary, joint venture, joint operation or associate. AASB 12 also introduces the concept of a “structured entity”, replacing the “special purpose entity” concept currently used in Interpretation 112, and requires specific disclosures in respect of any investments in unconsolidated structured entities. This Standard will affect disclosures only and is not expected to significantly impact the Company.

To facilitate the application of AASBs 10, 11 and 12, revised versions of AASB 127 and AASB 128 have also been issued. These Standards are not expected to significantly impact the Company.

AASB 13: Fair Value Measurement and AASB 2011-8: Amendments to Australian Accounting Standards arising from AASB 13 [AASB 1, 2, 3, 4, 5, 7, 9, 2009-11, 2010-7, 101, 102, 108, 110, 116, 17, 118, 119, 120, 121, 128, 131, 132, 133, 134, 136, 138, 139, 140, 141, 1004, 1023 & 1038 and Interpretations 2, 4, 12, 13, 14, 17, 19, 131 & 132] (applicable for annual reporting periods commencing on or after 1 January 2013).

AASB 13 defines fair value, sets out in a single Standard a framework for measuring fair value, and requires disclosures about fair value measurement.

AASB 13 requires:

- inputs to all fair value measurements to be categorised in accordance with a fair value hierarchy; and
- enhanced disclosures regarding all assets and liabilities (including, but not limited to, financial assets and financial liabilities) to be measured at fair value.

These Standards are not expected to significantly impact the Company.

1 Statement of significant accounting policies (continued)

(o) New Accounting Standards for Application in Future Periods (continued)

AASB 2011–9: Amendments to Australian Accounting Standards – Presentation of Items of Other Comprehensive Income [AASB 1, 5, 7, 101, 112, 120, 121, 132, 133, 134, 1039 & 1049] (applicable for annual reporting periods commencing on or after 1 July 2012).

The main change arising from this Standard is the requirement for entities to group items presented in other comprehensive income (OCI) on the basis of whether they are potentially re-classifiable to profit or loss subsequently.

This Standard affects presentation only and is therefore not expected to significantly impact the Company.

AASB 119: Employee Benefits (September 2011) and AASB 2011–10: Amendments to Australian Accounting Standards arising from AASB 119 (September 2011) [AASB 1, AASB 8, AASB101, AASB124, AASB134, AASB1049 & AASB 2011–8 and Interpretation 14] (applicable for annual reporting periods commencing on or after 1 January 2013).

These Standards introduce a number of changes to accounting and presentation of defined benefit plans. The Company does not have any defined benefit plans and so is not impacted by the amendment.

AASB 119 (September 2011) also includes changes to the accounting for termination benefits that require an entity to recognise an obligation for such benefits at the earlier of:

- for an offer that may be withdrawn – when the employee accepts;
- for an offer that cannot be withdrawn – when the offer is communicated to affected employees; and
- where the termination is associated with a restructuring of activities under AASB 137: Provisions, Contingent Liabilities and Contingent Assets, and if earlier than the first two conditions – when the related restructuring costs are recognised.

The Company has not yet been able to reasonably estimate the impact of these changes to AASB 119.

(p) Going Concern

The financial report has been prepared on the basis of the going concern and historical cost conventions.

The Directors recognise the need to raise additional funds via equity raisings for future project development. Additional fund raisings would be structured so that costs incurred in any future project development would be covered by the funds raised. In addition, WAG Limited is considering other corporate transactions and opportunities as part of a broader strategic funding review.

The Directors are confident in being able to raise additional funds as required to continue the Company's operations and Ascent Capital Holdings Pty Ltd has provided a letter of financial support for the expected corporate costs of the Company for the period up to 30 September 2013.

On this basis, it is the opinion of the Board of Directors that the Company will be able to continue as a going concern and that therefore, this basis of preparation is appropriate. Should the Company not achieve the matters set out above, there is uncertainty whether the Company will continue as a going concern and therefore whether it will realise its assets and extinguish its liabilities in the normal course of business and at the amounts stated in the financial report.

The financial report does not contain any adjustments relating to the recoverability and classification of recorded assets or to the amounts, or classification of, recorded assets or liabilities that might be necessary should the Company not be able to continue as a going concern.

2 Financial Risk Management

The Company's financial instruments consist of deposits with banks and accounts receivable and payable.

The totals for each category of financial instruments, measured in accordance with AASB 139 as detailed in the accounting policies to these financial statements, are as follows:

Financial Instruments	Note	2012	2011
Financial assets		\$	\$
Cash and cash equivalents	7	43,409	561,271
Trade and other receivables	8	1,487	6,314
Financial assets	9	-	725,000
Total financial assets		44,896	1,292,585
<i>(ii) Financial liabilities</i>			
Trade and other payables	10	15,231	16,949
Total financial liabilities		15,231	16,949

(i) Overall Risk Management

The Company's activities expose it to a variety of financial risks; market risk (including fair value interest rate risk), credit risk, liquidity risk and cash flow interest rate risk. The Company's overall risk management program focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the financial performance of the Company. Risk management is carried out by the Board of directors under policies approved by the Board.

The Board identifies and evaluates financial risks and provides written principles for overall risk management.

(ii) Financial Risk Exposure and Management

The main risks the Company is exposed to through its financial instruments are credit rate risk and liquidity risk.

Credit risk

Credit risk arises from the financial assets of the Company, which comprise cash and cash equivalents and trade and other receivables. The Company's exposure to credit risk arises from potential default of the counter party, with a maximum exposure equal to the carrying amount of these instruments.

The credit risk on trade and other receivables is limited as it is comprised of GST recoverable from the ATO. The credit risk on liquid funds is limited because the counter party is a bank with high credit rating.

Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash to meet commitments as and when they fall due. The Company's financial liabilities include other payables which are non-interest bearing and generally paid within a 30 day period. Expenses are managed for 6 months subsequent to balance date, following that period the Company will be required to raise capital to cover further expenses incurred.

Financial Instruments Maturity Analysis

As the Company has no significant interest-bearing assets other than cash at bank, the Company's income and operating cash flows are not materially exposed to changes in market interest rates. Cash flows from financial assets are expected to be realised within 1 year, financial liabilities due for payment are also expected to be settled within 1 year. Financial assets and financial liabilities are neither past due nor impaired with the exception of financial assets which have been impaired, refer to note 9.

2 Financial Risk Management (continued)

(ii) *Financial Risk Exposure and Management* (continued)

Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of financial instruments will fluctuate because of changes in market interest rates. The Company's exposure to interest rate risk is not significant and is limited to cash and cash equivalents. The company held its cash reserves on deposit during the financial year which earned interest at rates ranging between 0.80% and 4.50% (2011 3.75% and 4.5%) depending on account balances. The company does not rely on the generation of interest to provide working capital.

Financial Instruments	Floating interest rate	Fixed interest rate maturing in: 1 year or less	Non- interest bearing	Total	Weighted average effective interest rate
2012	\$	\$	\$	\$	%
<i>(i) Financial assets</i>					
Cash assets	43,409	-	-	43,409	3.94

Total financial liabilities	-	-	16,949	16,949	

3 Critical Accounting Estimates, Judgements and Assumptions

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that may have a financial impact on the entity and that are believed to be reasonable under the circumstances.

Financial Assets – Held to Maturity Investments

During the financial year the Company continued to fund Pacific Pyrolysis Pty Ltd with a view to acquiring the business. Ultimately the transaction did not proceed by which time the Company had invested \$1,002,000 which was recorded as a financial asset held to maturity investment.

3 Critical Accounting Estimates, Judgements and Assumptions (continued)

Financial Assets – Held to Maturity Investments (continued)

In line with stated policy the directors reviewed the carrying value of this asset and determined that it had been impaired to a carrying value of nil and as such the asset was written off the balance sheet with the corresponding loss being booked to the statement of comprehensive income as an impairment expense (\$1,002,000).

Share and option issues for other than cash

The 100,000,000 options issued to Enviro Capital Pty Ltd as a bonus / incentive for Enviro Capital to deliver potential investment opportunities to the Company will only vest if the board and the shareholders in general meeting approve the transaction proposed. Therefore, it is the shareholders who decide if the options are to be vested in Enviro Capital by voting to accept or reject any transaction proposed, if the shareholders reject the deal then the options do not vest.

The options have not been valued or expensed to the profit and loss account as they were issued as an incentive or bonus based on the completion of a transaction requiring shareholder approval and as such have not yet vested, are not exercisable and will be forfeited if no transaction is completed.

50,000,000 options issued to Enviro Capital expired on 31/12/2011 and have been cancelled.

4 Other Income	2012	2011
	\$	\$
Interest received	9,102	44,165
Miscellaneous tax refund	1,442	-
Sale of broadcasting equipment	5,000	-
	15,544	44,165

5 Expenses	2012	2011
Loss before income tax includes the following specific expenses:	\$	\$
Corporate management costs	30,000	60,000
Corporate compliance costs	25,327	24,261
Occupancy costs	47,778	73,636
Staff costs	15,000	30,000
Renewable energy expenditure	12,965	27,083
Capital raising costs	69,823	-

6	Income Tax Expense	2012	2011
		\$	\$
(a)	The components of tax expense comprise:		
	Current tax	-	-
	Deferred tax	-	-
		<u>-</u>	<u>-</u>
		<u>-</u>	<u>-</u>
(b)	The prima facie tax benefit on loss from ordinary activities before income tax is reconciled to income tax as follows:	2012	2011
		\$	\$
	Prima facie tax benefit on loss from continuing activities before income tax at 30% (2011: 30%)	(373,791)	(70,384)
	Add the tax effect of:		
	Revenue losses not recognised	134,206	71,992
	Other deferred tax balances not recognised	240,018	73,382
	Other non-allowable items	-	10
		<u>433</u>	<u>75,000</u>
	Less tax effect of:		
	Prior year tax adjustment	-	(75,000)
	Non-Assessable items	433	-
	Income Tax	<u>-</u>	<u>-</u>
		<u>-</u>	<u>-</u>
(c)	Unrecognised deferred tax assets:	2012	2011
		\$	\$
	Carry forward revenue losses	580,424	446,218
	Capital raising costs	17,591	4,712
	Financial assets	75,000	160,861
	Provisions and accruals	3,900	3,000
	Other	312,820	720
		<u>989,735</u>	<u>615,511</u>

The tax benefits of the above deferred tax assets will only be obtained if:

- (a) the company derives future assessable income of a nature and of an amount sufficient to enable the benefits to be utilised;
- (b) the company continues to comply with the conditions for deductibility imposed by law; and
- (c) no changes in income tax legislation adversely affect the company in utilising the benefits.

The deferred tax asset for carry forward revenue losses included in the comparative year has been corrected for non-deductible expenditure. There has been no change to the income tax expense.

7	Current Assets – Cash and Cash Equivalents	2012	2011

		<u>100,000,000</u>	<u>150,000,000</u>	-	-

The options have not been valued or expensed to the profit and loss account as they were issued as an incentive or bonus based on the completion of a transaction requiring shareholder approval and as such have not yet vested, are un-exercisable and will be forfeited if no transaction is completed.

(c) Movement in Ordinary Share Capital

2012		Number of shares	Issue price	Amount
Date	Details			\$
1/7/2011	Opening balance	612,635,706		59,788,375
30/6/2012	Balance	<u>612,635,706</u>		<u>59,788,375</u>
2011		Number of shares	Issue price	Amount
Date	Details			\$
1/7/2010	Opening balance	612,635,706		59,788,375
30/6/2011	Balance	<u>612,635,706</u>		<u>59,788,375</u>

Ordinary shares entitle the holder to participate in dividends and the proceeds on winding up of the Company in proportion to the number of and amounts paid on the shares held. Ordinary shareholders rank behind creditors in the distribution of proceeds from the winding-up of the Company. On a show of hands every holder of ordinary shares present at a meeting in person or by proxy, is entitled to one vote, and upon a poll each share is entitled to one vote.

1/7/2010	Opening balance		150,000,000		-
30/6/2011	Balance outstanding	1.50	150,000,000		-
	Balance exercisable		-		-

(e) Terms and Conditions of Options

The material terms and conditions of the 150 million options issued on 7 April 2010 are as follows:

- (i) each option entitles the holder, when exercised, to one (1) share.
- (ii) 50 million options are exercisable at any time on or before 31 December 2011 (now expired unexercised), 50 million options are exercisable at any time on or before 31 December 2012 and 50 million options are exercisable at any time on or before 31 December 2013.
- (iii) the exercise price of the options is 1 cent each for the 50 million expiring 31 December 2011, 2 cents each for the 50 million expiring 31 December 2012 and 3 cents each for the 50 million expiring 31 December 2013.

Vesting Condition

The options will vest upon completion of any transaction entered into by the Company which has resulted from the introduction, negotiation and involvement of Enviro Capital and has been approved by the shareholders of the Company.

(f) Control of Capital

Management controls the capital of the Company in order to generate long term shareholder value and ensure that the Company can fund its operations and continue as a going concern.

The Company's capital includes ordinary share capital. There are no externally imposed capital requirements. Management manages the Company's capital by assessing the Company's financial risks and adjusting its capital structure in response to changes in these risks and in the market. These responses include the management of debt levels, distributions to shareholders and share issues.

There has been no change in the strategy adopted by management to control the capital of the Company since the prior year.

12 Nature and Purpose of Reserves

Share option reserve is used to record the value of options issued other than for cash.

13 Dividends

There were no dividends recommended or paid during the financial year.

14 Key Management Personnel Disclosures

(a) **Directors:** The following persons were directors during the financial year:

Patrick Nicolas Burke
Gary Christian Steinepreis
Matthew Richard Sheldrick

(b) Key management personnel compensation paid	2012	2011
	\$	\$
Fees paid to Directors and / or associated entities	30,000	60,000
Salary and superannuation paid to Directors	15,000	30,000
	45,000	90,000

The fees paid to Directors and / or Director related entities were for the work undertaken in the provision of management services for the ongoing operations of the Company, of the particular Director, to the Company, as follows:

- (a) Leisurewest Consulting Pty Ltd, as trustee for the Leisurewest Trust, an entity associated with Gary Steinepreis, was paid \$15,000 exclusive of GST;
- (b) Patrick Burke was paid fees in the amount of \$15,000 exclusive of GST; and
- (c) Matthew Sheldrick was paid a salary of \$13,761 and superannuation of \$1,239.

In order to conserve the Company's funds the board resolved to cancel all payments to directors and their related parties from the period commencing 1 January 2012. Payments to directors and their related parties will only be reinstated if and when the Company has sufficient funding to meet its commitments, has re-complied with Chapters 1 and 2 of the listing rules and been re-instated to trading on ASX.

(c) Equity Instrument Disclosures Relating to Key Management Personnel

Share holdings

The numbers of shares in the Company held during the financial year by each Director of WAG Limited, including their personally related parties, are set out below:

2012	Balance at the	Acquired during	Other changes	Balance at the
Directors	start of the year	the year	during the year	end of the year
Gary Steinepreis	63,875,000	-	-	63,875,000
Patrick Burke	13,375,000	-	-	13,375,000
Matthew Sheldrick	2,000,000	-	-	2,000,000
	79,250,000	-	-	79,250,000

2011	Balance at the	Acquired during	Other changes	Balance at the
Directors	start of the year	the year	during the year	end of the year
Gary Steinepreis	63,875,000	-	-	63,875,000
Patrick Burke	13,375,000	-	-	13,375,000
Matthew Sheldrick	2,000,000	-	-	2,000,000
	79,250,000	-	-	79,250,000

15 Share Based Payments

During the financial year ended 30 June 2012 and 30 June 2011 no share-based payments were made.

16 Remuneration of Auditors	2012	2011
During the year fees were paid or payable for services provided by the auditors of the Company:	\$	\$
<i>Audit assurance services - Crowe Horwath</i>		
Financial reports under the Corporations Act 2001	25,000	26,500
<i>Non audit assurance services - Crowe Horwath</i>		
Independent accountants report	11,000	-
Total remuneration for audit services	36,000	26,500

It is the Company's policy to employ Crowe Horwath on assignments additional to their statutory audit duties where Crowe Horwath's expertise and experience with the Company are important.

These assignments are principally tax advice, independent accountants reports and due diligence reporting on acquisitions, or where Crowe Horwath are awarded assignments on a competitive basis.

It is the Company's policy to seek competitive tenders for all major material consulting projects. During the year, there were non-audit services provided by the auditors of the Company in the amount of \$11,000 (2011: Nil).

17 Commitments

There is no capital expenditure contracted for at the reporting date that has not been recognised as a liability.

18 Related Party Transactions

Disclosures relating to key management personnel are set out in note 14 and in the remuneration section of the Directors' Report.

- 4 the directors' draw your attention to note 1 to the financial statements which includes a statement of compliance with international financial reporting standards.

This declaration is made in accordance with a resolution of the Board of Directors.

Gary Steinepreis
Director
Perth
24 August 2012

INDEPENDENT AUDIT REPORT TO MEMBERS OF WAG LIMITED

Report on the Financial Report

We have audited the accompanying financial report of WAG Limited ('the Company') which comprises the statement of financial position as at 30 June 2012, the statement of comprehensive income, the statement of changes in equity and the statement of cash flows for the year then ended, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration.

Directors' Responsibility for the Financial Report

The directors of the company are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the financial report that is free from material misstatement, whether due to fraud or error. In Note 1, the directors also state, in accordance with Accounting Standard AASB 101 *Presentation of Financial Statements*, that the financial statements comply with International Financial Reporting Standards.

Auditor's Responsibility

Our responsibility is to express an opinion on the financial report based on our audit. We conducted our audit in accordance with Australian Auditing Standards. These Auditing Standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance whether the financial report is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial report in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the financial report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Independence

In conducting our audit, we have complied with the independence requirements of the *Corporations Act 2001*.

Auditors' Opinion

In our opinion:

- (a) the financial report of WAG Limited is in accordance with the *Corporations Act 2001*, including:
 - (i) giving a true and fair view of the company's financial position as at 30 June 2012 and of its performance for the year ended on that date; and
 - (ii) complying with Australian Accounting Standards (including Australian Accounting Interpretations) and the *Corporations Regulations 2001*.
- (b) the financial report also complies with International Financial Reporting Standards as disclosed in Note 1.

Inherent Uncertainty Regarding Continuation as a Going Concern

Without qualification to the audit opinion expressed above, attention is drawn to the following matter. As a result of the matters described in Note 1(p) to the financial statements, there is a material uncertainty as to whether the company will be able to continue as a going concern and therefore whether it will realise its assets and extinguish its liabilities in the normal course of business and at the amounts stated in the financial report.

Report on the Remuneration Report

We have audited the Remuneration Report included in pages 6 to 7 of the directors' report for the year ended 30 June 2012. The directors of the company are responsible for the preparation and presentation of the Remuneration Report in accordance with section 300A of the *Corporations Act 2001*. Our responsibility is to express an opinion on the Remuneration Report, based on our audit conducted in accordance with Australian Auditing Standards.

Opinion

In our opinion, the Remuneration Report of WAG Limited for the year ended 30 June 2012 complies with section 300A of the *Corporations Act 2001*.

Corporate Governance Statement

WAG Limited (the Company) and the Board are committed to achieving and demonstrating the highest standards of corporate governance. The Board continues to review the framework and practices to ensure they meet the interests of shareholders. The disclosure of corporate governance practices can be viewed on the Company website at www.wagltd.com.au.

The directors are responsible to the shareholders for the performance of the Company in both the short and the longer term and seek to balance sometimes competing objectives in the best interests of the Company as a whole. Their focus is to enhance the interests of shareholders and other key stakeholders and to ensure the Company is properly managed.

Day to day management of the Company’s affairs and the implementation of the corporate strategy and policy initiatives are undertaken by the Board.

Corporate Governance Compliance

A description of the Company's main corporate governance practices are set out below. The Company has considered the ASX Corporate Governance Principles and the corresponding Recommendations to determine an appropriate system of control and accountability to best fit its business and operations commensurate with these guidelines.

Disclosure – Principles & Recommendations - financial year 2012

Principle 1 – Lay solid foundations for management and oversight

Recommendation 1.1:

Companies should establish the functions reserved to the Board and those delegated to senior executives and disclose those functions.

Disclosure:

The Directors are responsible to the shareholders for the performance of the Company in both the short and the longer term and seek to balance sometimes competing objectives in the best interests of the Company as a whole. Their focus is to enhance the interests of shareholders and other key stakeholders and to ensure the Company is properly managed.

Day to day management of the Company's affairs and the implementation of the corporate strategy and policy initiatives are undertaken by the Board. Due to the size of the Company and current operations there is no CEO and it is the intention to appoint a CEO when required, however, the Corporate Governance Charter contains a statement of practices and processes the Board has adopted to discharge its responsibilities. It includes the processes the Board has implemented to undertake its own tasks and activities, the matters it has reserved for its own consideration and decision-making, the authority delegated to the CEO, including limits on how the CEO can execute that authority and provides guidance on the relationship between the Board and the CEO.

The matters that the Board has specifically reserved for its decision are:

- the appointment and management of the CEO;
- approval of the overall strategy and annual budgets of the business; and
- compliance with constitutional documents.

The CEO is delegated the authority to ensure the effective day-to-day management of the business and the Board monitors the exercise of these powers. The CEO is required to report regularly to the Board on the performance of the Business.

Some Board functions are handled through Board Committees. These committees are appointed when the size and scale of operations requires. However, the Board as a whole is responsible for determining the extent of powers residing in each Committee and is ultimately responsible for accepting, modifying or rejecting Committee recommendations.

Recommendation 1.2:

Companies should disclose the process for evaluating the performance of senior executives.

Disclosure:

The Board (and when appointed the CEO) is responsible for evaluating the senior executives. Induction procedures are in place and senior executives have formal job descriptions which includes the process for evaluating their performance.

There was no performance evaluation of the senior executives during the financial year as the Company had no senior executives other than members of the board who managed the Company.

Principle 2 – Structure the board to add value

Recommendation 2.1:

A majority of the Board should be independent directors.

Disclosure:

The Company does not have a majority of independent directors.

Consistent with the size of the Company and its activities, the Board is comprised of three (3) directors, none of whom are currently considered to be independent directors.

The Board's policy is that the majority of directors shall be independent, non-executive directors. The composition of the Board does not currently conform to its policy. It is the Board's intention to comply with its policy at a time when the size of the Company and its activities warrants such a structure.

Recommendation 2.2:

The Chair should be an independent director.

Disclosure:

The Chair of the Board is Gary Steinepreis who is not independent. It is the Board's intention to comply with its policy at a time when the size of the Company and its activities warrants such a structure.

Recommendation 2.3:

The roles of the Chair and CEO should not be exercised by the same individual.

Disclosure:

The role of the Chairman and the CEO are not exercised by the same person.

The division of responsibilities between the Chairman and the CEO is set out in the Board Charter.

Recommendation 2.4:

The Board should establish a Nomination Committee.

Disclosure:

A nomination committee has not been established.

The role of the Nomination Committee has been assumed by the full Board operating under the Nomination Committee Charter adopted by the Board.

Recommendation 2.5:

Companies should disclose the process for evaluating the performance of the Board, its committees and individual directors.

Disclosure:

The Chairman is responsible for evaluation of the CEO, the Board and the committees.

The review is currently informal but is based on a review of goals for the Board and individual Directors. The goals are based on corporate requirements and any areas for improvement that may be identified. The Chairman will provide each Director with confidential feedback on his or her performance.

Induction procedures are in place for all directors and senior executives report to the Board as to their area of responsibility at each Board meeting, if required.

Principle 2 – Structure the board to add value (continued)

Recommendation 2.6:

Companies should provide the information indicated in the *Guide to reporting on Principle 2*.

Disclosure:

Skills, Experience, Expertise and term of office of each Director and re-election procedure

A profile of each director containing their skills, experience and expertise is set out in the Directors' Report.

In accordance with the Constitution, one third of the directors retire by rotation each year and may offer themselves for re-election.

In determining candidates for the Board the Nomination Committee considers the procedure as detailed in the Board Charter and the skills and qualifications of potential candidates that will best enhance the Board's effectiveness taking into consideration the current composition of the Board.

Identification of Independent Directors

There are no independent directors of the Company. Independence is measured having regard to the relationships listed in Box 2.1 of the Principles & Recommendations.

Statement concerning availability of Independent Professional Advice

To assist directors with independent judgement, it is the Board's policy that if a director considers it necessary to obtain independent professional advice to properly discharge the responsibility of their office as a director then, provided the director first obtains approval for incurring such expense from the Chairman, the Company will pay the reasonable expenses associated with obtaining such advice.

Principle 3 – Promote ethical and responsible decision-making

Recommendation 3.1:

Companies should establish a Code of Conduct and disclose the code or a summary of the code as to:

- the practices necessary to maintain confidence in the company's integrity;
- the practices necessary to take into account their legal obligations and the reasonable expectations of their stakeholders; and
- the responsibility and accountability of individuals for reporting and investigating reports of unethical practices.

Disclosure:

The Company has a Code of Conduct that applies to all Directors, senior executives, employees and contractors.

Recommendation 3.2:

Companies should establish a policy concerning diversity and disclose the policy or a summary of that policy. The policy should include requirements for the Board to establish measurable objectives for achieving gender diversity for the Board to assess annually both the objectives and progress in achieving them.

Disclosure:

The Board supports diversity but the Company has not yet developed a policy. It is the Board's intention to develop a policy at a time when the size of the Company and its activities warrants such a structure.

Principle 3 – Promote ethical and responsible decision-making (continued)

Recommendation 3.3:

Companies should disclose in each annual report the measurable objectives for achieving gender diversity set by the board in accordance with the diversity policy and progress towards achieving them.

Disclosure:

The Board supports diversity but the Company has not yet developed a policy.

Recommendation 3.4:

Companies should disclose in each annual report the proportion of women employees in the whole organisation, women in senior executive positions and women on the Board.

Disclosure:

There are no women employees in the whole organisation including senior executive positions and the Board.

Principle 4 – Safeguard integrity in financial reporting

Recommendation 4.1

The Board should establish an Audit Committee.

Disclosure:

An audit committee has not been established.

The role of the Audit Committee has been assumed by the full Board operating under the Audit Committee Charter adopted by the Board.

Recommendation 4.2:

The Audit Committee should be structured so that it:

- consists only of non-executive directors;
- consists of a majority of independent directors;
- is chaired by an independent Chair, who is not Chair of the Board; and
- has at least three members.

Disclosure:

There is no audit committee. However, if one was established the Board policy is that it would have two (2) members who are non-executive directors. This structure would comply with the structure set out in the Board Charter adopted by the Company but not with the ASX Corporate Governance Principles and the corresponding Recommendations.

Recommendation 4.3:

The Audit Committee should have a formal charter.

Disclosure:

The Company has an Audit Committee Charter although this is currently administered by the Board.

Recommendation 4.4:

Companies should provide the information indicated in the *Guide to reporting on Principle 4*.

Principle 4 – Safeguard integrity in financial reporting (continued)

Recommendation 4.4: (continued)

Disclosure:

There is no Audit Committee and the whole Board acts in this capacity in accordance with the Board Charter.

When established, the Audit Committee plans to hold a minimum of 3 meetings per year. It is intended that the Company's auditor will be invited to attend all Audit Committee meetings held during the financial year.

The Company has established procedures for the selection, appointment and rotation of its external auditor. The Board is responsible for the initial appointment of the external auditor and the appointment of a new external auditor when any vacancy arises, as recommended by the Audit Committee. Candidates for the position of external auditor must demonstrate independence from the Company through the engagement period. The Board may otherwise select an external auditor based on criteria relevant to the Company's business and circumstances. The performance of the external auditor is reviewed on an annual basis by the Board.

Principle 5 – Make timely and balanced disclosure

Recommendation 5.1:

Companies should establish written policies designed to ensure compliance with ASX Listing Rule disclosure requirements and to ensure accountability at a senior executive level for that compliance and disclose those policies or a summary of those policies.

Disclosure:

The Board Charter contains the policies designed to ensure compliance with ASX Listing Rule disclosure and accountability at a senior executive level for that compliance.

Principle 6 – Respect the rights of shareholders

Recommendation 6.1:

Companies should design a communications policy for promoting effective communication with shareholders and encouraging their participation at general meetings and disclose their policy or a summary of that policy.

Disclosure:

The Company has a Shareholder Communications Policy contained within the Policy on Continuous Disclosure and a website for making information available to shareholders. Shareholders are encouraged to attend and participate in general meetings.

Principle 7 – Recognise and manage risk

Recommendation 7.1:

Companies should establish policies for the oversight and management of material business risks and disclose a summary of those policies.

Principle 7 – Recognise and manage risk (continued)

Recommendation 7.1: (continued)

Disclosure:

The Board has adopted a Risk Management Policy. As detailed in 7.2 no risk management committee has been formed and this role is undertaken by the Board, however, the overall basis for risk management is to provide recommendations about:

1. Assessing the internal processes for determining and managing key risk areas, particularly:
 - non-compliance with laws, regulations, standards and best practice guidelines, including environmental and industrial relations laws;
 - litigation and claims; and
 - relevant business risks other than those that are dealt with by other specific Board Committees.
2. Ensuring that the Company has an effective risk management system and that major risks to the Company are reported at least annually to the Board.
3. Receiving from management reports on all suspected and actual frauds, thefts and breaches of laws.
4. Evaluating the process the Company has in place for assessing and continuously improving internal controls, particularly those related to areas of significant risk.
5. Assessing whether management has controls in place for unusual types of transactions and/or any potential transactions that may carry more than an acceptable degree of risk.
6. Meeting periodically with key management, internal and external auditors and compliance staff to understand and discuss the Company's control environment.

Recommendation 7.2:

The Board should require management to design and implement the risk management and internal control system to manage the Company's material business risks and report to it on whether those risks are being managed effectively. The Board should disclose that management has reported to it as to the effectiveness of the Company's management of its material business risks.

Disclosure:

Management designs, implements and maintains risk management and internal control systems to manage the Company's material business risks. As part of the reporting procedures, management report to the Board confirming that those risks are being managed effectively.

The Company policies are designed to ensure strategic, operational, legal, reputation and financial risks are identified, assessed, effectively and efficiently managed and monitored to enable achievement of the Company's business objectives.

A Risk Management Committee has not been formed and no internal audit function exists. All functions, roles and responsibilities with regard to risk oversight and management and internal control are undertaken by the board as at the date of this report.

Recommendation 7.3:

The Board should disclose whether it has received assurance from the Chief Executive Officer (or equivalent) and the Chief Financial Officer (or equivalent) that the declaration provided in accordance with section 295A of the Corporations Act is founded on a sound system of risk management and internal control and that the system is operating effectively in all material respects in relation to financial reporting risks.

Principle 7 – Recognise and manage risk (continued)

Recommendation 7.3: (continued)

Disclosure:

Due to the size of the Company, the Board signed the declaration in accordance with section 295A of the Corporations Act. The declaration is made and is founded on a sound system of risk management and internal control and that the system is operating effectively in all material respects in relation to financial risk.

Principle 8 – Remunerate fairly and responsibly

Recommendation 8.1 and 8.2:

The Board should establish a Remuneration Committee. The Remuneration Committee should be structured so that it:

- consists of a majority of independent directors;
- is chaired by an independent Chair; and
- has at least three members.

Disclosure:

A Remuneration Committee has not been established.

The role of the Remuneration Committee has been assumed by the full Board operating under the Remuneration Committee Charter adopted by the Board.

Recommendation 8.3:

Companies should clearly distinguish the structure of non-executive directors' remuneration from that of executive directors and senior executives.

Disclosure:

Non-executive directors are remunerated at a fixed fee for time, commitment and responsibilities. Remuneration for non-executive directors is not linked to the performance of the Company. There are no documented agreements providing for termination or retirement benefits to non-executive directors (other than for superannuation). There are currently no options issued to non-executive directors.

Executive directors and senior executives are offered a competitive level of base pay at market rates and are reviewed annually to ensure market competitiveness. Long term performance incentives may include performance and production bonus payments, shares options granted at the discretion of the Board and subject to obtaining the relevant approvals.

The shareholder information set out below was applicable as at the dates specified.

1 Distribution of Equity Securities (Current as at 31 July 2012)
