Dear Australian Power and Gas Shareholder,

I am pleased to enclose a Bidder's Statement, which contains an Offer from AGL Bidder, a wholly owned subsidiary of AGL, to acquire all of the issued ordinary shares of APK not already owned by it, as well as information relevant to the Offer. AGL Bidder is offering \$0.52 cash for every APK Share.

This all-cash Offer represents:

- a 33.3% premium to the closing price of 39.0 cents per APK Share on the ASX on the last Trading Day for APK shares prior to the Announcement Date;
- a 44% premium to the 30 day VWAP of APK Shares on the ASX to the last Trading Day for APK Shares prior to the Announcement Date of 36.1 cents; and
- a 51% premium to the 90 day VWAP of APK Shares on the ASX to the last Trading Day for APK Shares prior to the Announcement Date of 34.4 cents.

The Recommending Directors of APK unanimously recommend that you ACCEPT the Offer in the absence of a superior proposal and subject to the independent expert appointed by APK concluding that the Offer is reasonable.

The APK Directors who hold or control APK Shares have stated that they intend to accept the Offer in respect of the shareholdings they hold or control by no later than the business day after the Offer becomes free of Defeating Conditions, in the absence of a superior proposal.

AGL Bidder recently acquired 19.9% of APK from APK's three largest shareholders – Nippon Gas, Cobra Group and the Poole Interests.

In addition, Nippon Gas, Cobra Group and the Poole Interests have announced their intention to accept the Offer in respect of all APK Shares they hold or control by no later than the next business day after the Offer becomes free of Defeating Conditions, in the absence of a superior proposal. This collectively accounts for 38.9% of the total number of APK Shares on issue (in addition to the 19.9% already held by AGL).

AGL Bidder's Offer provides you with certainty of value at a substantial premium for Your APK Shares and removes the industry, funding and operational risks associated with owning APK Shares. In addition, prior to the Announcement Date APK has been a stock with relatively low trading liquidity. Accordingly the Offer allows you to sell all of your shareholding in APK for cash.

I encourage you to read this Bidder's Statement for more details about the Offer and about both AGL and AGL Bidder. The Offer is open for your acceptance until 7:00 pm (AEST) on 11 October 2013, unless extended. If you wish to accept the Offer, please complete and return the enclosed Acceptance Form so that it is received before the Offer closes. A summary of how to accept is also set out in Section 1.2 of this Bidder's Statement.

If you have any questions in relation to the Offer, please contact your legal, financial or other professional adviser or call the AGL Offer Information Line on 1800 426 150 (or +61 1800 426 150 for overseas domiciled holders) between 8:30 am and 5:30 pm (AEST) Monday to Friday.

On behalf of the Board of AGL I strongly recommend you accept the Offer for the reasons set out in this Bidder's Statement.

Yours sincerely,

Why you
should accept
the AGL Offer

Why you should accept the AGL Offer

1 Substantial premium to recent APK Share price

AGL Bidder's Offer of \$0.52 cash per APK Share represents a substantial premium to APK's pre-announcement share price:

- a 33.3% premium to the closing price of 39.0 cents per APK Share on the ASX on the last Trading Day for APK Shares prior to the Announcement Date;
- a 44% premium to the 30 day VWAP of APK Shares on the ASX to the last Trading Day for APK Shares prior to the Announcement Date of 36.1 cents; and
- a 51.2% premium to the 90 day VWAP of APK Shares on the ASX to the last Trading Day for APK Shares prior to the Announcement Date of 34.4 cents.

2 The Recommending Directors unanimously recommend that you accept the Offer

The Recommending Directors unanimously recommend that you accept the Offer in the absence of a superior proposal and subject to the independent expert appointed by APK concluding that the Offer is reasonable. All APK Directors who own APK Shares have stated their intention to accept the Offer in respect of all APK Shares that they hold or control by not later than the next business day after the Offer becomes free of Defeating Conditions, in the absence of a superior proposal.

3 Major shareholder support

AGL Bidder recently acquired a 19.9% interest in APK from APK's three largest shareholders – Nippon Gas (~5.2%), Cobra Group (~5.2%) and the Poole Interests (~9.5%). As a result, AGL currently holds 19.9% of the total number of APK Shares on issue.

In addition, Nippon Gas, Cobra Group and the Poole Interests have announced their intention to accept the Offer in respect of all APK Shares they hold or control by no later than the next business day after the Offer becomes free of Defeating Conditions, in the absence of a superior proposal. This collectively accounts for 38.9% of the total number of APK Shares on issue (in addition to the 19.9% already held by AGL).

For further information on the arrangements described above please refer to Section 8.2.

Figure 1 – AGL Offer price compared to APK Share prices

4 100% cash consideration: Certain and immediate value for Your APK Shares

AGL Bidder is offering to acquire all of Your APK Shares for cash. This gives APK Shareholders certainty about the value of the consideration being offered (subject to the Defeating Conditions being satisfied). This may be particularly attractive for APK Shareholders given the risks associated with APK's business and the risks associated with owning shares in a listed company.

AGL Bidder's all-cash Offer will be funded from a combination of the AGL Group's current cash resources and available debt facilities.

5 You will no longer be exposed to the risks and uncertainties associated with owning APK Shares

Industry challenges:

APK recently announced that it has been impacted by several factors affecting energy markets and this has significantly altered the expected result for the 2012–13 financial year. These factors include:

- the implementation of the carbon tax coinciding with high network price rises which saw retail prices rise up to 30%;
- reduced margins resulting from unfavourable pricing determinations in New South Wales and Queensland and increased wholesale energy costs; and
- increased competition among retailers for mass market customers.

Funding risks:

Several factors may impact APK's current funding position:

- APK has announced to the ASX that recent developments have placed a strain on APK's working capital, resulting in the APK Directors initiating a review of working capital requirements. APK's provision for overdue debt increased significantly in the first half of FY2013. Whilst APK has highlighted that it has been able to improve overdue debt levels since January 2013, it has noted that this has affected cash flow and will result in an increased provision affecting the FY2013 results;

- Hence, APK may need to secure additional equity and/or debt to fund ongoing operations and to achieve its stated objectives. In addition, any equity raising may dilute existing APK Shareholders; and
- APK's need for further funding may be exacerbated by the industry challenges described above.

APK had an estimated net debt of \$55 million outstanding as at 30 June 2013 (estimated as at the Announcement Date).

Lack of scale:

- APK currently has approximately 354,000 customers as at 30 June 2013, which is significantly less than the major competitors in the sector.
- APK has also recently issued guidance that its current customer numbers may decrease in FY2014.

The table below answers some key questions that you may have about the Offer and should be read in conjunction with the remainder of this Bidder's Statement. You are strongly encouraged to read the entire Bidder's Statement before deciding how to deal with Your APK Shares.

Information on APK

3

3.1 Profile of APK

APK is an Australian independent ASX-listed energy retailer. The company was founded in 2006 and was listed on the ASX in January 2007. APK has announced that it holds gas and electricity retail licences in Victoria, New South Wales, the Australian Capital Territory, South Australia and Queensland and has been approved to operate by AEMO, the Australian Energy Market Operator. Its customers are in the residential and commercial sectors and are located in Victoria, New South Wales and Queensland. In May 2013 APK announced that it had approximately 350,000 retail accounts.

APK is listed on the ASX and, based on a closing price of 39.0 cents on the Trading Day immediately prior to the Announcement Date, had a market capitalisation of approximately \$75 million.

For the 12 months ended 30 June 2012, APK’s revenue was up 59% year on year to \$364.8 million driven by strong growth in customer numbers. The number of customer accounts increased by 25% to 341,000, with growth experienced in all eastern seaboard states. The company’s statutory loss reduced to \$3.9 million, compared with the loss of \$9.5 million in FY11 as the benefits of scale started to flow through. Underlying after-tax profit¹ was up 63% to \$6.1 million while underlying cash flow was up \$20.5 million to \$22.2 million. APK had an estimated net debt of \$55 million as at 30 June 2013 (estimated as at the Announcement Date).

For the 12 months ended 30 June 2012, APK sourced 72% of its revenues from electricity customers and 28% from gas customers. The company employs an outsourced business model, including an exclusive 10-year agreement with a subsidiary of Cobra Group, one of the world’s largest direct marketing companies, as well as a business process services agreement with Serviceworks, a Computershare company.

For the six months ended 31 December 2012, APK’s revenue increased by 42% to \$248.3 million (1H12: \$174.8 million). This increase included the impact of the passing through of distributor cost increases and the Federal Government’s carbon tax. Annualised average revenue per account increased to \$726 (1H12: \$587). The company’s statutory result for 1H13 benefited from a \$5.1 million after tax gain on the increased value of hedges in place to manage wholesale electricity costs. Removing this gain saw the company generate an underlying loss after tax of \$2 million. The result included a \$6 million increase in the bad debts provision due to an unexpected growth in the number of customers on hardship programs that occurred in the last months of 2012.

3.2 Directors

As at the date of this Bidder’s Statement the APK Directors are:

- Mr Ian McGregor, Chairman
- Mr James Myatt, Managing Director

4

AGL's intentions

4.1 Overview

This Section 4 sets out AGL’s intentions in relation to:

- (a) the continuation of the business of APK;
- (b) any major changes to the business of APK and any redeployment of the fixed assets of APK; and
- (c) the future employment of the present employees of APK.

AGL Bidder is a wholly owned subsidiary of AGL. Accordingly, the intentions, views, understanding and beliefs of AGL as set out in this Bidder’s Statement are the same as those of AGL Bidder and are both collectively referred to as the intentions of AGL in this Section 4.

These intentions are based on the information concerning APK, its business and the general business environment which is known to AGL at the time of preparation of this Bidder’s Statement, which includes publicly available information and certain non-public due diligence materials provided by APK to AGL. AGL has also had the opportunity to have discussions with APK in relation to its business.

The statements set out in this Section 4 are statements of current intention only and may vary as new information becomes available or circumstances change. Following the close of the Offer, AGL will conduct a full review of APK’s businesses, assets and employees. Final decisions will only be reached following that review and in light of all material facts and circumstances. The statements in this Section 4 should be read in this context.

4.2 Rationale for the Offer

AGL believes that combining AGL’s and APK’s businesses represents an attractive opportunity for both companies. AGL intends to incorporate the functions, assets and core businesses of APK into AGL’s existing businesses and functions rather than operate APK as an independent company. It is envisaged that this process will reduce costs by removing duplicative functions.

In particular, AGL believes that the following key strategic and financial benefits will arise from the successful acquisition of APK by AGL:

- the combination of AGL’s and APK’s businesses will improve the products and services offered to APK customers by the application of AGL’s scale, systems, experience and financial strength;
- the acquisition will provide AGL with the opportunity for its position in the retail gas and electricity markets to grow through the combination of APK’s gas and electricity customers with its own customers; and
- the achievement of costs savings and synergies by transferring APK’s business to AGL’s platform, including the ability to service APK’s customers utilising AGL’s lower cost to serve.

4.3 Intentions for APK as a wholly owned subsidiary

The intentions of AGL if APK becomes a wholly owned subsidiary of AGL are set out in this Section 4.3.

(a) Corporate matters

(i) Compulsory acquisition

If AGL becomes entitled to do so, it intends to dispatch notices seeking the compulsory acquisition of all outstanding APK Shares in accordance with the provisions of Part 6A.1 of the Corporations Act.

If, as a result of the Offer and the Option Offer, AGL becomes entitled to compulsorily acquire outstanding Options under either Part 6A.1 or Part 6A.2 of the Corporations Act, AGL presently intends to proceed with the compulsory acquisition of those convertible securities in accordance with the relevant provisions of the Corporations Act.

(ii) ASX Listing

AGL intends to procure the removal of APK Shares from the Official List of the ASX at the conclusion of the compulsory acquisition process.

(iii) Directors

AGL intends to replace all members of the Board of APK, its subsidiaries and any company in respect of which APK has nominated directors, with its own nominees.

(iv) Head Office

AGL intends to fully integrate APK’s head office functions into AGL’s existing operations.

(b) APK’s business and assets

Leading up to and following completion of the Offer, AGL will conduct a full review of APK’s businesses, assets and employees to determine the optimal integration of AGL and APK’s respective businesses, systems, administrative procedures and customer platforms. AGL’s current expectation is that the review will focus on identifying opportunities to realise costs savings and synergies by:

- reducing areas of duplication between AGL and APK;
- the cessation of functions (including functions provided under third party contractual arrangements) and activities that will be redundant when APK is incorporated into and operated as part of the AGL Group; and
- integrating certain functions and systems of APK into AGL’s existing functions and systems.

It is expected that an outcome of this review will be the transfer of APK’s customers to AGL’s retail platform to realise the benefits of AGL’s lower costs of serving customers.

To the extent that activities and functions presently carried out by APK and AGL will be duplicated or activities and functions of APK become redundant, those functions and activities of APK will be eliminated where it is economically efficient to do so. It is expected that the review will result in AGL disposing, liquidating, terminating or redeploying a large proportion of APK’s assets, activities and functions.

(c) Employees

As a result of the implementation of the above intentions set out in section 4.3(b), it is expected that APK employees whose roles overlap with existing AGL employees will become redundant. A significant number of job losses will likely result and affected employees will receive benefits in accordance with their contractual and other legal entitlements. The incidence, extent and timing of such job losses cannot be predicted in advance of conducting the full review of APK's business described in this section.

4.4 Intentions for APK upon acquiring less than 90% of APK Shares

This Offer is subject to a minimum acceptance condition that AGL is able to acquire all remaining APK Shares. For it to do this AGL must have a relevant interest in 90% (by number) of all APK Shares then on issue and comprising at least 75% (by number) of all APK Shares subject to the Offer.

AGL reserves its right to declare the Offer free from the 90% minimum acceptance condition to the Offer.

AGL does not currently intend to waive this condition. If, however, AGL decides to declare the Offer free from the 90% minimum acceptance condition and APK becomes a controlled entity of AGL Group but AGL is not entitled to proceed to compulsory acquisition in accordance with Part 6A.1 of the Corporations Act, AGL's current intentions (subject to the level of AGL's shareholding in APK) are as follows.

(a) Corporate matters

After the end of the Offer Period, AGL intends, subject to the Corporations Act and the constitution of APK, to seek to replace some or all of the members of the APK Board. The majority would be replaced with nominees of AGL. Replacement board members have not yet been decided by AGL and their identity will depend on the circumstances at the relevant time.

AGL will seek, to the extent possible through its nominees on the APK Board, to implement the intentions detailed in Section 4.3(a) where they are consistent with APK being a controlled entity of (but not wholly-owned by) AGL and are considered to be in the best interests of APK Shareholders as a whole, including minority shareholders.

If AGL obtains effective control of APK and there is limited spread or volume of APK Shareholders remaining at the end of the Offer Period, AGL may seek to procure the removal of APK from the Official List of the ASX.

If AGL acquires less than 90% of the APK Shares on issue, then APK Shareholders should be aware that, in this circumstance, the liquidity of APK Shares may be materially decreased and they may become a "locked-in" minority after the end of the Offer if they do not accept the Offer.

Even if AGL is not entitled to proceed to compulsory acquisition of minority holdings after the end of the Offer Period under Part 6A.1 of the Corporations Act, it may subsequently become entitled to exercise rights of general compulsory acquisition under Part 6A.2 of the Corporations Act – for example, as a result of acquisitions of APK Shares in reliance on the "3% creep" exception in item 9 of section 611 of the Corporations Act. If so, AGL intends to exercise those rights, including in relation to outstanding Options where it is entitled to do so.

(b) General operational review

After the end of the Offer Period, AGL, through its nominees on the APK Board, intends to propose to the APK Board that an immediate, broad based review of APK's operations be conducted along similar lines to that described in Section 4.3(b). AGL intends, subject to the approval of the APK Board, to participate in this review. Following that review, AGL would seek to implement the intentions described in Section 4.3 above to the extent that it is economically feasible and subject to the requirements of the Corporations Act and any other applicable laws or regulations including that these matters are considered to be in the best interests of APK shareholders as a whole. These intentions specifically include those in respect of APK's business and assets, head office and employees and the proposed integration of APK's business into AGL's business.

(c) Limitations in giving effect to intentions

The extent to which AGL will be able to implement the intentions in relation to APK will be subject to:

- the Corporations Act and the ASX Listing Rules, in particular in relation to related party transactions and conflicts of interests;
- the legal obligations of the directors of APK to act for proper purposes and in the best interests of APK Shareholders as a whole; and
- the outcome of the review to be conducted by APK, which may prevent the achievement of certain intentions set out above.

AGL Bidder proposes to make a takeover offer to APK Optionholders to acquire 100% of their APK Options subject to obtaining regulatory relief that is necessary to make the proposed Option Offer. The price which AGL Bidder proposes to offer to APK Optionholders under the Option Offer is in accordance with an independent valuation prepared for AGL by BDO. Each of the APK Directors, Cobra Group and the Poole Interests has stated that they intend to accept the Option Offer by no later than the next business day after the Option Offer becomes free of conditions, in the absence of a superior proposal.

Further information about the proposed Option Offer is set out in Section 8.3 and will be set out in the bidder's statement for the Option Offer.

This Offer also applies to APK Shares which are issued following the exercise of APK Options prior to the close of the Offer Period. Therefore APK Optionholders can either accept the Option Offer or exercise their APK Options, be issued with APK Shares and accept the Offer in respect of those APK Shares or do nothing.

5.2 Election Rights

APK has granted Nippon Gas 6 million election rights (each, an **Election Right**) under the Nippon Gas Loan Agreement.

Each Election Right entitles Nippon Gas following exercise of that Election Right to receive the greater of:

- the 5 day VWAP of APK Shares ending on the day immediately before the date of an exercise notice in respect of that Election Right as noted on the Bloomberg page "SMR AU Equity VAP" (**Market Price**) less \$0.50; or
- zero,

(the **Cash Settlement Amount**).

Following the exercise of an Election Right, APK must pay Nippon Gas the Cash Settlement Amount for that Election Right on the date which is 7 business days after receiving notice from Nippon Gas that it has exercised the Election Right (**Cash Settlement Payment Date**).

Alternatively, APK may elect (subject to Nippon Gas' consent, which must not be unreasonably withheld) instead of paying the Cash Settlement Amount for Election Rights on a Cash Settlement Payment Date to issue to Nippon Gas the number of APK Shares equal to the aggregate of all Cash Settlement Amounts that would have been payable on the Cash Settlement Payment Date if APK had not elected to issue APK Shares, divided by the Market Price for the relevant Election Right.

The exercise period of the Election Rights expires on 11 April 2015.

AGL understands that Nippon Gas must not issue a notice to exercise the Election Rights in certain circumstances during the 14 business days immediately after APK has publicly announced that it has entered into discussions which may result in a change of control transaction or makes any other announcement in respect of a potential or proposed change of control transaction.

AGL understands that Nippon Gas has agreed with APK that it will not exercise the Election Rights during the period between the Announcement Date and the date that the payment is made to APK in consideration for the cancellation of the Election Rights (see Section 8.4(c)).

AGL understands that APK has further agreed with Nippon Gas that, if the Offer becomes free of Defeating Conditions, then on the date which is 10 business days after the close of the Offer Period the Election Rights will be cancelled in consideration of a payment by APK to Nippon Gas of \$591,634 (exclusive of GST) in aggregate for the 6 million Election Rights held by Nippon Gas. See Section 8.4(c) of this Bidder's Statement for further details.

5.3 Details of relevant interests in APK securities and voting power

As at the date of this Bidder’s Statement:

- (a) AGL Bidder has a relevant interest in 38,113,795 APK Shares;
- (b) AGL Bidder has a relevant interest in 0 APK Options; and
- (c) AGL Bidder has voting power in APK of 19.9%.

5.4 Consideration provided for APK securities during previous 4 months

Except as set out below, AGL Bidder and its associates have not acquired or disposed of APK securities during the period of four months ending on the day immediately before the date of the Offer.

(a) Acquisition of APK Shares

On the Announcement Date, AGL Bidder entered into various Pre-Bid Acquisition Agreements with Nippon Gas, Cobra Group and the Poole Interests, to acquire an aggregate 38,113,795 APK Shares for \$0.52 cash per APK Share acquired under those agreements. The price paid under those Pre-Bid Acquisition Agreements is the same as the price offered for Your APK Shares under the Offer.

Further information in relation to these Pre-Bid Acquisition Agreements is set out in Section 8.2 of this Bidder’s Statement.

(b) Options

AGL Bidder has not agreed to provide any consideration for any APK Options during the four months before the date of this Bidder’s Statement.

AGL Bidder proposes to make a takeover offer to APK Optionholders to acquire 100% of their APK Options subject to obtaining regulatory relief that is necessary to make the proposed Option Offer. The price which AGL Bidder proposes to offer to APK Optionholders under the Option Offer is in accordance with an independent valuation prepared for AGL by BDO. Further information about the proposed Option Offer is contained in Section 8.3 and will be set out in the bidder’s statement for the Option Offer.

(c) Election rights

Nippon Gas currently holds 6 million Election Rights. AGL understands that APK has agreed with Nippon Gas that, if the Offer becomes free of Defeating Conditions, then on the date which is 10 business days after the close of the Offer Period the Election Rights will be cancelled in consideration of a payment by APK to Nippon Gas of \$591,634 (exclusive of GST) in aggregate for the 6 million Election Rights held by Nippon Gas. Further details in relation to this agreement is set out in Section 8.4(c) of this Bidder’s Statement.

5.5 Inducing benefits given during previous 4 months

Except as set out in this Bidder’s Statement, and otherwise in connection with the Option Offer, neither AGL Bidder nor any of its associates has, during the period of four months ending on the day immediately before the date of the Offer, offered or agreed to give, a benefit to another person where the benefit was likely to induce the other person, or an associate, to:

- (a) accept the Offer; or
- (b) dispose of APK Shares,

which benefit was not offered to all APK Shareholders under the Offer.

6

Funding

6.1 Maximum cash consideration

Based on the number of APK Shares on issue as at the date of this Bidder’s Statement, and as AGL Bidder is the registered holder of 38,113,795 APK Shares as at the date of this Bidder’s Statement, the maximum amount of cash that would be payable by AGL Bidder under the Offer if acceptances were received for all APK Shares that AGL Bidder does not already own is approximately \$79,774,663.80.

In addition, if the holders of all of the 36,892,274 APK Options currently on issue exercise those options and accept the Offer in respect of the APK Shares issued to them, an additional amount of \$19,183,982.48 will be payable by AGL Bidder under the Offer.

Accordingly, the maximum cash amount which may be required by AGL Bidder to settle acceptances under the Offer is \$98,958,646.28 (**Maximum Cash Consideration**).

6.2 AGL Bidder’s internal funding arrangements

AGL has agreed to provide, and will procure that its subsidiaries will provide, AGL Bidder with all amounts AGL Bidder is required to pay for the acquisition of APK Shares (including APK Shares which are issued as a result of the exercise of any APK Options) pursuant to the Offer (as and when those payments are required to be made), as well as any associated costs incurred by AGL Bidder.

6.3 AGL’s funding arrangements

The funds required by AGL to fund AGL Bidder to pay the Maximum Cash Consideration will be obtained from AGL’s existing debt facilities (described below) and AGL Group’s existing cash reserves (namely, cash at bank).

In aggregate, the funds available from undrawn amounts under AGL’s existing debt facilities and AGL Group’s existing cash reserves materially exceed the Maximum Cash Consideration and all associated transaction costs.

Relevantly, AGL has existing debt and corporate bond facilities in excess of \$3.6 billion from a diverse range of funding sources (**Facilities**) including with major Australian and international banks. The amount of undrawn funds under the Facilities materially exceeds the Maximum Cash Consideration. Drawdown under the Facilities (which will remain in place for so long as AGL has an outstanding obligation to make payments under the Offer) is either subject to no conditions precedent or subject to particular conditions precedent which AGL considers customary for facilities of this nature. AGL is not aware of any reason why any conditions precedent to drawdown from the Facilities will not be satisfied.

In addition, as at the date of this Bidder’s Statement, AGL and its wholly owned subsidiaries have cash reserves on deposit with various financial institutions. AGL may elect to fund part of the Maximum Cash Consideration from its cash reserves. As noted above, the undrawn amount under the Facilities substantially exceeds the Maximum Cash Consideration and accordingly utilising the cash reserves is not necessary to fund the Offer.

6.4 Payment of cash consideration

Having regard to the matters set out above, AGL Bidder is of the opinion that it has a reasonable basis for forming, and it holds, the view that it will be able to pay the Maximum Cash Consideration required for the acquisition of APK Shares pursuant to the Offer.

The Offer is not subject to any financing conditions.

Taxation implications

7

The following is a general description of the Australian income tax, GST and stamp duty consequences for APK Shareholders of disposing of their APK Shares in return for cash under the Offer.

This summary only applies to APK Shareholders that hold their APK Shares on capital account for Australian income tax purposes. In particular, it does not apply to APK Shareholders in the following circumstances:

- (a) APK Shareholders who do not hold their APK Shares solely on capital account for Australian income tax purposes (eg, APK Shareholders that buy and sell shares in the ordinary course of business or who otherwise hold their APK Shares on revenue account or as trading stock);
- (b) APK Shareholders who acquired their APK Shares under an employee share or option scheme;
- (c) APK Shareholders who are subject to special taxation rules (for example, banks, insurance companies, tax exempt organisations, superannuation funds, dealers in securities);
- (d) APK Shareholders whose APK Shares are subject to the “taxation of financial arrangements” (**TOFA**) rules in the Tax Act; and
- (e) non-Australian resident APK Shareholders that have held their APK Shares at any time in carrying on a business at or through a permanent establishment in Australia.

The information in this description is based upon Australian taxation law and practice in effect at the date of this Bidder’s Statement. It is not intended to be an authoritative or comprehensive analysis of the taxation laws of Australia. The summary does not consider any specific facts or circumstances that may apply to particular APK Shareholders.

APK Shareholders are advised to seek independent professional advice regarding the Australian tax consequences of disposing of Your APK Shares according to each APK Shareholder’s particular circumstances.

7.1 APK Shareholders who are Australian residents for tax purposes

(a) CGT consequences of accepting the Offer

If you are an Australian resident for Australian income tax purposes, the disposal of Your APK Shares pursuant to the Offer will constitute a capital gains tax (CGT) event.

The time of the CGT event is when you dispose of Your APK Shares for CGT purposes. You should be taken to have disposed of Your APK Shares for CGT purposes when the contract to sell Your APK Shares comes into existence. This should be the date that you accept the Offer to dispose of Your APK Shares. However, if you do not ultimately dispose of Your APK Shares (eg, if the Defeating Conditions are not fulfilled or the Offer is withdrawn) then no CGT event should happen to Your APK Shares.

The disposal of Your APK Shares will give rise to a capital gain or loss equal to the difference between:

- (i) the capital proceeds received for the disposal of Your APK Shares (ie, the cash received under the Offer); and
- (ii) the cost base (or, in the case of a capital loss, reduced cost base) of Your APK Shares (which would generally

include the amount paid to acquire the APK Shares plus any incidental costs of acquisition, eg, brokerage fees and stamp duty).

You will need to consider the consequences of the disposal of different parcels of Your APK Shares and which were acquired at different times. It may be possible that you have derived capital gains on some parcels of Your APK Shares and capital losses on others.

Your net capital gain for the income year is included in your assessable income for the income year. Broadly, your net capital gain for an income year is the total of all of the capital gains derived during the income year less available capital losses realised in the income year and available net capital losses arising in previous income years. That amount may be reduced further by other concessions, particularly under the discount capital gains tax rules discussed below.

If you make a capital loss from the disposal of Your APK Shares the capital loss may be used to offset capital gains derived in the same or subsequent years of income (subject to satisfying any applicable carry forward loss conditions) but cannot be offset against ordinary income, nor carried back to offset net capital gains arising in earlier income years.

(b) Indexation

If Your APK Shares were acquired at or before 11:45 am (ACT time) on 21 September 1999, for the purpose of calculating a capital gain (but not a capital loss), you may choose that the cost base of those shares be indexed for inflation to 30 September 1999 (which would only be of any practical effect if the shares were acquired prior to 1 July 1999).

If you choose the indexation option, capital losses are applied after calculating the capital gain using the indexed cost base.

The “choice” to apply indexation rather than the discount capital gain provisions must be made by you on or before the day you lodge your income tax return for the income year in which the disposal occurs. The manner in which you complete your income tax return is generally sufficient evidence of your making of a choice.

Alternatively, provided you have held Your APK Shares for at least 12 months, and you do not choose to apply indexation, the discount capital gain provisions may apply (as discussed further below).

(c) Discount capital gains

If you are an individual, trustee of a trust or a complying superannuation fund and have held Your APK Shares for at least 12 months before disposal, the discount capital gain provisions should apply. This means that:

- (i) if you are an individual or trust, only one-half of the capital gain (without any allowance for indexation in the cost base of the shares) after offsetting any applicable capital losses will be taxable; or
- (ii) if you are a complying superannuation fund, only two-thirds of the capital gain (without any allowance for indexation in the cost base of the shares) after offsetting applicable capital losses will be taxable.

The discount capital gain provisions do not apply to companies.

If you are the trustee of a trust, the discount capital gains provisions may also apply to a distribution of the capital gain to beneficiaries in the trust (other than beneficiaries that are companies). The CGT provisions which apply to trustees and beneficiaries of trusts are complex and you should seek advice from your professional tax adviser in this regard.

Where the discount capital gains rules apply, any available capital loss will be applied to reduce the realised nominal capital gain before discounting the resulting net amount by either one-half or one-third (as applicable) to calculate the net capital gain that is included in assessable income.

7.2 APK Shareholders who are not Australian residents for tax purposes

If you are not a resident of Australia for Australian income tax purposes, you will generally not be subject to CGT on the disposal of Your APK Shares unless both of these conditions apply to you:

- (a) you (together with your associates) owned at least 10% of the total number of APK Shares on issue either at the time you disposed of Your APK Shares or for at least 12 months during the 24 months before you disposed of Your APK Shares; and
- (b) 50% or more of the value of APK is represented, directly or indirectly, by real property in Australia (which for these purposes includes mining rights and leases located in Australia).

If you either alone or together with your associates hold 10% or more of the total number of APK Shares on issue you should seek your own professional advice with respect to the CGT consequences of disposing of Your APK Shares.

7.3 GST

The disposal of Your APK Shares in return for cash under the Offer will not attract GST. To the extent that you incur GST on acquisitions which you make in connection with the Offer (such as adviser fees) you may not be entitled to an input tax credit or only entitled to a reduced input tax credit for that GST, depending on your particular circumstances.

7.4 Stamp Duty

As a condition of the Offer, AGL Bidder has agreed to pay any stamp duty payable on the acquisition by AGL Bidder of Your APK Shares.

Additional information

8.1 Offer conditions

The Defeating Conditions of the Offer are set out in Section 9.8.

8.2 Pre-Bid Acquisition Agreements

On the Announcement Date, AGL Bidder entered into separate pre-bid acquisition agreements (**Pre-Bid Acquisition Agreements**) with each of APK's three largest shareholders, Nippon Gas, Cobra Group and the Poole Interests. Under these Pre-Bid Acquisition Agreements AGL Bidder agreed to purchase a total of 38,113,795 APK Shares at \$0.52 cash per APK Share. The shares acquired were comprised of:

- Nippon Gas – 10,000,000 APK Shares;
- Cobra Group – 10,000,000 APK Shares; and
- Poole Interests – 18,113,795 APK Shares.

In total, the APK Shares acquired under the Pre-Bid Acquisition Agreements represent 19.9% of the total number of APK Shares on issue. AGL Bidder is now the registered holder of these APK Shares. Complete copies of these Pre-Bid Acquisition Agreements were attached to a substantial holder notice in respect of APK lodged by AGL Bidder with the ASX on 16 July 2013.

In addition, each of Nippon Gas, Cobra Group and the Poole Interests have announced their intention to accept the Offer in respect of all APK Shares they hold or control by no later than the next business day after the Offer becomes free of Defeating Conditions, in the absence of a superior proposal. This collectively accounts for an additional 38.9% of the total number of APK Shares on issue (in addition to the 19.9% now held by AGL Bidder).

8.3 Option Offer

AGL Bidder proposes to make a takeover offer to APK Optionholders to acquire 100% of their APK Options subject to obtaining regulatory relief that is necessary to make the proposed Option Offer. The price which AGL Bidder proposes to offer to APK Optionholders under the Option Offer is in accordance with an independent valuation prepared for AGL by BDO.

Each of the APK Directors, Cobra Group and the Poole Interests have stated that they intend to accept the Option Offer by no later than the next business day after the Option Offer becomes free of conditions, in the absence of a superior proposal.

AGL Bidder also understands that Finflex and its related entities have stated to APK that they intend to accept the Option Offer on or before the next business day after the Option Offer becomes free of conditions, in the absence of a superior proposal.

Further information about the proposed Option Offer will be set out in the bidder's statement for the Option Offer.

This Offer also applies to APK Shares which are issued following the exercise of APK Options prior to the close of the Offer Period. Therefore APK Optionholders can either accept the Option Offer or exercise their APK Options, be issued with APK Shares and accept the Offer in respect of those APK Shares or do nothing.

8.4 APK's agreements in relation to APK's material contracts

At the request of AGL, APK has entered into agreements to amend the terms of, and in some cases terminate, certain existing agreements between APK and certain counterparties (**Termination Letters**). As a general matter, the Termination Letters relate to contractual arrangements that were in place as between APK and the relevant counterparty prior to the commencement of discussions between AGL and APK in relation to the Offer. The Termination Letters confer on APK benefits in the nature of a non-compete commencing from the time at which the Offer becomes free of Defeating Conditions. The letters also require payments to be made by APK to the applicable counterparty in accordance with the requirements of the underlying arrangements or in consideration for their early termination. A summary of AGL's understanding of each of these arrangements is set out in Sections 8.4(a) to 8.4(d) of this Bidder's Statement.

(a) Agreement between APK and APK's Financial Advisers

AGL understands that Arthur Phillip and Finflex (**Financial Advisers**) have each been appointed by APK to act as advisers to APK in relation to corporate finance and strategic matters, including mergers and acquisitions, and takeovers. AGL understands that these arrangements were entered into by APK and Arthur Phillip on 4 October 2006 and between APK and Finflex on 23 April 2013.

Arthur Phillip, an entity ultimately owned by Richard and Amanda Poole, is a Poole Interest. As at the date of this Bidder's Statement the Poole Interests have a relevant interest in 8.25% of the total number of APK Shares currently on issue.

AGL understands that pursuant to the terms of engagement between APK and Arthur Phillip, Arthur Phillip is entitled to a success fee on completion of a takeover offer for APK. AGL further understands that in addition, under the terms of engagement between APK and Finflex, Finflex is entitled to a success fee in respect of a takeover offer for APK. AGL has been advised by APK that APK has clarified with each of the Financial Advisers that their entitlement to a success fee in respect of the Offer under their engagement letters will arise when the Offer becomes free of all Defeating Conditions and APK will pay the success fees to each Financial Adviser within 10 business days after the end of the Offer Period.

Each of the Financial Advisers are also entitled to a monthly retainer fee. AGL understands that APK has agreed with each Financial Adviser that their respective entitlements to receive a monthly retainer under their mandate will end:

- in the case of Arthur Phillip – in the month in which the Offer becomes free of Defeating Conditions; and
- in the case of Finflex – as if the entitlement to a monthly retainer expires in April 2014 (the monthly retainer was otherwise due to expire in September 2014).

AGL understands that APK has agreed with each of the Financial Advisers that the mandate with each Financial Adviser will terminate with effect from the date the applicable success fee in relation to the Offer is paid to that Financial Adviser.

AGL understands that during the 2 years from the date the Offer becomes free of Defeating Conditions, each of the

Financial Advisers and their related entities have agreed with APK not to directly or indirectly hold an economic interest in any retail residential electricity or gas business in New South Wales, Victoria or Queensland (subject to some limited exceptions).

(b) Agreement between APK and Appco

On 7 September 2006, the APK Group entered into a Marketing Services Agreement (**MSA**) with Appco, a member of Cobra Group. As at the date of this Bidder’s Statement Cobra Group has a relevant interest in 13.44% of the total number of APK Shares currently on issue. Pursuant to the MSA, Appco agreed to exclusively supply APK with marketing and sales services to assist APK to acquire customers.

AGL understands that the MSA has an initial term of 10 years and can be terminated by either party providing not less than 12 months’ notice to the other party.

AGL understands that APK has agreed with Appco that despite the 12 months’ notice period, if the Offer becomes free of Defeating Conditions then APK will terminate the MSA between Appco and APK by:

- (i) giving Appco not less than one month’s written notice of the termination of the MSA; and
- (ii) paying to Appco \$775,000 (exclusive of GST) on or before the date of termination of the MSA.

AGL understands that the payment referred to above was negotiated and agreed between APK and Appco on arm’s length terms.

AGL also understands that during the 2 years from the date the Offer becomes free of Defeating Conditions, Appco and its related entities have agreed with APK not to directly or indirectly hold an economic interest in any retail residential electricity or gas business in New South Wales, Victoria or Queensland (subject to some limited exceptions).

(c) Agreement between APK and Nippon Gas

Nippon Gas has entered into the Nippon Gas Loan Agreement with APK which was announced to the ASX by APK on 5 April 2013. Under the Nippon Gas Loan Agreement, Nippon Gas:

- agreed to provide APK with unsecured loans for an aggregate amount equal to \$6 million, with each loan having a one year term; and
- was granted the Election Rights. Further details of the Election Rights are set out in Section 5.2 of this Bidder’s Statement.

AGL understands that APK has agreed with Nippon Gas that if the Offer becomes free from Defeating Conditions:

- (i) then on the date which is 10 business days after the close of the Offer Period the Election Rights will be cancelled in consideration of a payment to Nippon Gas by APK of an aggregate amount of \$591,634 (exclusive of GST) for Nippon Gas’ 6,000,000 Election Rights (**Cancellation Payment**). The Cancellation Payment has been calculated on the same basis on which the consideration for the APK Options was calculated for the purposes of the Option Offer;

- (ii) if a loan is repaid or prepaid in whole or in part prior to the repayment date for that loan, APK is liable under the terms of the Loan Agreement to pay Nippon Gas interest that has accrued on the amount repaid or prepaid up to and including the date of repayment or prepayment plus interest that would have accrued up to the date which is 12 months after the loan is drawn down (being the **Make Whole Payment**). AGL understands that APK has agreed with Nippon Gas that the interest rate applicable to the Make Whole Payment will be less than the amount originally agreed under the Loan Agreement; and
- (iii) if AGL has acquired a relevant interest in at least 90% of the total number of APK Shares on issue, APK will, on the date which is 10 business days after the close of the Offer Period, repay to Nippon Gas the total amount of the loans outstanding and the agreed interest;

AGL further understands that Nippon Gas has agreed with APK that:

- (iv) it will not exercise the Election Rights during the period between the Announcement Date and date of payment of the Cancellation Payment for the Election Rights to Nippon Gas; and
- (v) it will not exercise any acceleration rights which may arise under the Nippon Gas Loan Agreement as a result of the Offer.

AGL understands that during the 2 years from the date the Offer becomes free of Defeating Conditions, Nippon Gas and its related entities have agreed with APK not to directly or indirectly hold an economic interest in any retail residential electricity or gas business in New South Wales, Victoria or Queensland (subject to some limited exceptions).

(d) Agreement between APK and James Myatt

Mr James Myatt is the Chief Executive Officer and Managing Director of APK. APK and James Myatt have an agreement in place whereby APK has agreed to lend money to Mr Myatt to assist him to satisfy his payment obligations for the exercise of APK Options. AGL understands that Mr Myatt has agreed with APK that he will not exercise any APK Options granted to him and will make no further requests for advances under the agreement. AGL understands that Mr Myatt has also agreed with APK to direct the payment of consideration he receives under the Offer for APK Shares acquired on the exercise of Mr Myatt’s APK Options to the repayment of any amounts payable to APK under this agreement.

AGL understands that Mr Myatt has also agreed with APK that:

- (i) during the 12 months from the date the Offer becomes free of Defeating Conditions, Mr Myatt and his related entities have agreed not to directly or indirectly hold an economic interest in any retail residential electricity or gas business in New South Wales, Victoria or Queensland (subject to some limited exceptions); and
- (ii) he will accept the Option Offer on or before the next business day after the Option Offer becomes free of conditions, in the absence of a superior proposal.

8.5 MBL Deed of undertaking

MBL and APK are parties to the MBL Facilities Agreement. AGL and MBL have entered into a deed of undertaking pursuant to which:

- (a) AGL has agreed that if the Offer has become or is declared unconditional then it will procure that APK repays the borrowings under the MBL Facilities Agreement in full on the earlier of:
 - (i) 31 December 2013; or
 - (ii) the date which is 5 business days after the date that APK provides a notice to MBL of its intention to prepay the borrowings in full.
- (b) Once the Offer has become or is declared unconditional, MBL has agreed to provide a waiver to APK of any past breaches or defaults that have occurred under the MBL Facilities Agreement and confirmation to APK that MBL will not allege that any potential event of default, event of default or breach has occurred under the MBL Facilities Agreement (in relation to the period prior to the date the Offer has become unconditional) on or before the date the borrowings are repaid in full. If the Offer has not become or been declared unconditional by the earlier to occur of (i) 31 December 2013 and (ii) the date of the close of the Offer Period, then the waiver will terminate on that date.

8.6 Bid Implementation Agreement with APK

APK has entered into an agreement with AGL dated 15 July 2013 in respect of the Offer and the Option Offer (the **Bid Implementation Agreement**). A summary of certain key terms of that agreement is set out below. The summary does not purport to be exhaustive or constitute a definitive statement of the rights and liabilities of each of AGL and APK under the agreement. The full terms of the agreement can be viewed in the announcement made by APK on the ASX in connection with the Offer on the Announcement Date and is available at www.asx.com.au.

Key provisions of the Bid Implementation Agreement are summarised below:

Implementation and conduct of Offer

- (a) AGL has agreed to make the Offer to all APK Shareholders in respect of their APK Shares.
- (b) The Recommending Directors have unanimously agreed to recommend that APK Shareholders accept the Offer in respect of their APK Shares and not change that recommendation, in the absence of a Superior Proposal and subject to the independent expert appointed by APK concluding that the Offer is reasonable.
- (c) APK must provide on a timely basis any assistance and information reasonably requested by AGL to assist in the preparation of its Bidder's Statement.
- (d) APK must provide AGL with a reasonable opportunity to review and comment on a draft of APK's Target's Statement prior to lodgement of the Target's Statement with ASIC.
- (e) APK has consented, for the purposes of item 6 in Section 633(1) of the Corporations Act, to allow AGL to send the offers under the Offer to APK Shareholders on the same day on which this Bidder's Statement is sent to APK (or within 28 days thereafter).

- (f) APK covenants that it will, in the period between the date of the Bid Implementation Agreement and the earlier of the close of the Offer and termination of the Bid Implementation Agreement (including if the Bid Implementation Agreement is terminated if on 15 November 2013 the Offer remains subject to any Defeating Condition), conduct the business of APK in the ordinary course or as contemplated by the Bid Implementation Agreement or otherwise consented to by AGL.
- (g) APK and the APK Directors are obliged to take all actions necessary to ensure that:
 - (i) the nominees of AGL are appointed as directors of APK and APK Directors nominated by AGL resign such that AGL nominees represent a majority of the APK Board once AGL acquires a relevant interest in excess of 50% of the APK Shares and the Offer has become or is declared unconditional; and
 - (ii) all of the non-AGL nominees who are directors of APK resign as soon as practicable after AGL acquires a relevant interest in 90% or more of APK Shares and the Offer becomes or is declared unconditional.
- (h) Warranties typical of a transaction of this nature have been provided by each of AGL and APK.

Termination

- (i) Either party may terminate the Bid Implementation Agreement (**Terminating Party**) at any time by notice to the other party if:
 - (i) the other party is in breach of the Bid Implementation Agreement, which breach is material in the context of the Offer;
 - (ii) the Terminating Party has given notice to the other party setting out full details of the material breach and stating an intention to terminate the Bid Implementation Agreement; and
 - (iii) the material breach has continued to exist for 5 business days from the time such notice was given.
- (j) AGL may terminate the Bid Implementation Agreement at any time by notice to APK if:
 - (i) a Competing Transaction is made or publicly announced for APK by a third party;
 - (ii) any Recommending Director does not recommend the Offer be accepted by APK Shareholders, or changes their recommendation that the Offer be accepted by APK Shareholders; or
 - (iii) a person other than AGL or one of its related bodies corporate obtains voting power in APK of 10% or more, or a person that has voting power in APK of 10% or more increases their voting power by more than 3%, and that person is not a funds manager, bare trustee or custodian (other than a bare trustee or custodian that is acting for or on behalf of a trade or strategic investor).
- (k) APK may terminate the Bid Implementation Agreement at any time by notice to AGL if the Recommending Directors or the APK Board (as the case may be) recommends a Competing Proposal.
- (l) Either party may also terminate the Bid Implementation Agreement at any time by notice in writing to the other party

if AGL withdraws the Offer for any reason or the Offer lapses for any reason, including non-satisfaction of a Defeating Condition.

- (m) The Bid Implementation Agreement automatically terminates on the earlier of the date on which the Offer Period ends and 15 November 2013 if the Offer remains subject to Defeating Conditions at this time.

Exclusivity

- (n) The Bid Implementation Agreement contains certain provisions which provide that APK must not, without the prior written consent of AGL, for the period from the date of the Bid Implementation Agreement to the earlier of the end of the Offer Period and the termination of the Bid Implementation Agreement (including if the Bid Implementation Agreement is terminated if on 15 November 2013 the Offer remains subject to any Defeating Condition) (**Exclusivity Period**):
- (i) **(No shop)** solicit any Competing Proposal, subject to limited exceptions;
 - (ii) **(No talk)** participate in discussions regarding, or which could be reasonably expected to lead to, a Competing Proposal; or
 - (iii) **(No due diligence)** make available, or permit any other person to receive, non-public information relating to APK in connection with the formulation of a Competing Proposal.
- (o) The restrictions set out under Sections 8.6(n)(ii) and 8.6(n)(iii) and the notification right outlined in Section 8.6(p)(ii) are subject to the fiduciary duties of the Recommending Directors or the APK Board.

Notification and Matching right

- (p) During the Exclusivity Period, APK must notify AGL if the fiduciary duties carve-out described in Section 8.6(o) above applies and APK:
- (i) is proposing to take any action which would otherwise be prohibited by the ‘No talk’ or ‘No due diligence’ exception; or
 - (ii) enters into discussions with a party that has proposed (or may reasonably be expected to propose) a Competing Proposal.
- (q) If a Recommending Director proposes to change their recommendation to support a Competing Proposal, APK must give AGL a notice of such proposed change of recommendation (**Relevant Notice**).
- (r) During the period of two business days after receipt of the Relevant Notice, AGL has the right to amend the terms of the Offer to match the Competing Proposal.

Compensation

- (s) The Bid Implementation Agreement requires APK to pay a compensating amount to AGL in the following circumstances:
- (i) \$1,000,000 (excluding GST), if:
 - (A) a Competing Proposal is announced or made during the Exclusivity Period and is completed at any time prior to six months after the end of the Offer Period, as a result of which a person other than AGL or a related body corporate of AGL acquires an interest in or control of

50% or more of APK Shares or agrees to acquire the whole or a substantial part of APK’s assets, business or property;

- (B) APK accepts, or offers to accept, any agreement regarding a Competing Proposal, before the end of the Offer Period;
 - (C) any Recommending Director does not recommend the Offer or announces an intention to do this, other than in a circumstance where the opinion of the independent expert does not include an opinion that the Offer is reasonable,
 - (D) any APK Director withdraws or adversely modifies an earlier recommendation (other than in a circumstance where the opinion of the independent expert does not include an opinion that the Offer is reasonable), approves or recommends or makes an announcement in support of a Competing Proposal, or announces an intention to do any of those acts; or
- (ii) the lesser of \$1,000,000 and AGL’s bona fide external costs and expenses incurred in connection with the Offer (excluding GST), if AGL validly terminates the Bid Implementation Agreement for a breach of that agreement which is material in the context of the Offer.

8.7 ASIC modifications

AGL Bidder has relied on the modification to Section 636(3) of the Corporations Act set out in ASIC Class Order 13/521 “Takeover Bids” to include references to certain statements which are made or based on statements made in documents lodged with ASIC or the ASX. Pursuant to the Class Order, the consent of the relevant person is not required for the inclusion of such statements in this Bidder’s Statement. As required by the Class Order, AGL will make available a copy of these documents (or of relevant extracts from these documents), free of charge, to you and other APK Shareholders who request it during the Offer Period. To obtain a copy of these documents (or the relevant extracts), you may telephone the AGL Offer Information Line on 1800 426 150 (toll-free for calls made within Australia) or +61 1800 426 150 (for calls made from outside Australia) from Monday to Friday between 8:30 am and 5:30 pm (AEST).

AGL Bidder has not obtained from ASIC any modifications of or exemptions from the Corporations Act in relation to the Offer. However, AGL Bidder proposes to seek the following modifications from ASIC in respect of the Option Offer:

- section 605(2), to allow AGL Bidder to treat the different classes of APK Options as one class for the purpose of the Option Offer;
- section 619(2), to allow AGL Bidder to offer different consideration to each class of APK Options under the Option Offer; and
- section 618(1) and Chapter 6A, to allow AGL Bidder to cancel non-transferable APK Options under the Option Offer and as part of the compulsory acquisition process.

A copy of the relief instrument will be attached to the bidder’s statement for the Option Offer.

AGL Bidder may rely on class order relief granted by ASIC which applies generally to all persons, including AGL Bidder.

8.8 ACCC

One of the Defeating Conditions effectively requires AGL Bidder to obtain confirmation from the ACCC that it has no objections to the Offer. If such ACCC notification is expressed to be subject to conditions, those conditions must be acceptable to AGL Bidder (acting reasonably).

AGL Bidder has lodged an application with the ACCC requesting a statement from the ACCC that it has no objections to the acquisition of APK under or pursuant to the Offer. AGL Bidder is not aware of any reason why this notification will not be provided before the end of the Offer Period (as extended if applicable).

8.9 Offer extends to new APK Shares

For the purposes of Section 633(2) of the Corporations Act, the date for determining the persons to whom information is to be sent in items 6 and 12 of Section 633(1) of the Corporations Act is the Register Date (being 7:00 pm (AEST) on 24 July 2013).

The Offer extends to persons who become registered, or entitled to be registered, as the holder of APK Shares during the Offer Period due to the conversion of, or exercise of rights attached to, securities convertible into APK Shares (being APK Options) which are on issue on the Register Date.

8.10 Broker commissions

AGL Bidder may offer to pay a commission to Brokers who solicit acceptances of the Offer from their clients, but it has made no final decision in relation to the matter at this stage.

Any commission payments will be paid only in respect of parcels of APK Shares held by retail shareholders who accept the Offer.

If a commission is offered, commission payments will not exceed 0.75% of the value of the consideration payable to a retail shareholder who accepts the Offer, and will be subject to minimum payments (not exceeding \$50) and maximum payments (not exceeding \$300) for each acceptance.

If a commission is offered, it will be payable only to Brokers and will be subject to the condition that no part of the fee will be able to be passed on or paid to APK Shareholders.

It is AGL Bidder's intention that, if and when an offer of commission has been made to any Broker by AGL Bidder, the commission arrangement will remain in place for the balance of the Offer Period and the amount of the commission offered will not be increased during the Offer Period.

8.11 Regulatory and legal matters

(a) *Autonomous Sanctions Regulations 2011 (Cth)*

The *Autonomous Sanctions Regulations 2011* (Cth) currently prohibit making an asset available to, or for the benefit of, a designated person or entity without authorisation from the Minister for Foreign Affairs or to use or deal with an asset owned or controlled by a designated person or entity without authorisation from the Minister for Foreign Affairs. Designated persons and entities include:

- (i) specified individuals associated with the former government of the Federal Republic of Yugoslavia;
- (ii) specified ministers and senior officials of the Government of Zimbabwe;
- (iii) specified individuals and entities associated with the Democratic People's Republic of Korea (North Korea); and
- (iv) several entities and individuals who contribute to Iran's proliferation activities not already listed by the UN Security Council.

(b) Other Commonwealth legislation

The *Charter of the United Nations Act 1945* (Cth) prohibits:

- (i) assets from being provided to proscribed persons or entities; and
- (ii) the use or dealing, and facilitation of such use or dealing, of certain assets owned or controlled by proscribed persons or entities,

in each case without the written consent of the Minister of Foreign Affairs.

Persons and entities from various countries have been proscribed under various Regulations made pursuant to the *Charter of the United Nations Act 1945* (Cth) including in relation to Côte d'Ivoire, Democratic Republic of the Congo, Iran, Iraq, Liberia, Sudan, Somalia and Democratic People's Republic of Korea.

8.12 No escalation agreements

Neither AGL Bidder nor any Associate of AGL Bidder has entered into any escalation agreement in respect of APK Shares that is prohibited by Section 622 of the Corporations Act.

8.13 Consents

This Bidder's Statement contains statements made by, or statements based on statements made by, AGL, BDO, Ashurst, Link Market Services and Deutsche Bank AG. Each of AGL, BDO, Ashurst, Link Market Services and Deutsche Bank AG has given and has not, before lodgement of this Bidder's Statement with ASIC, withdrawn their consent to the inclusion of:

- (a) references to its name;
- (b) each statement it has made; and
- (c) each statement which is based on a statement it has made, in this Bidder's Statement in the form and context in which those statements appear and to the maximum extent permitted by law expressly disclaims and takes no responsibility for any part of this

Bidder’s Statement other than any statement which has been included in this Bidder’s Statement with the consent of that party.

Each person who is named in this Bidder’s Statement as acting in a professional capacity for AGL Bidder in relation to the Offer (including, without limitation, Ashurst, Deutsche Bank AG and Link Market Services):

- (a) does not make, or purport to make, any statement in this Bidder’s Statement or any statement on which a statement in this Bidder’s Statement is based, other than a statement included in this Bidder’s Statement with the consent of that person; and
- (b) to the maximum extent permitted by law, expressly disclaims and takes no responsibility for any part of this Bidder’s Statement, other than any statement which has been included in this Bidder’s Statement with the consent of that party.

8.14 No other material information

There is no other information that:

- (a) is material to the making of the decision by a holder of APK Shares whether or not to accept the Offer; and
- (b) which is known to AGL Bidder, other than:
 - (c) as set out or referred to elsewhere in this Bidder’s Statement; or
 - (d) information which it would be unreasonable to require AGL Bidder to disclose because the information has previously been disclosed to holders of APK Shares.

- (a) breach of any of the Defeating Conditions entitles AGL Bidder to rescind that contract by notice to you; and

- (b) non-fulfilment of any of the Defeating Conditions at the end of the Offer Period will have the consequences set out in this Section 9.8.

Defeating Conditions apply to multiple events

Where an event occurs that would mean at the time the event occurs a Defeating Condition to which this Offer or the contract resulting from your acceptance of this Offer is then subject would not be fulfilled, each Defeating Condition affected by that event becomes two separate Defeating Conditions on identical terms except that:

- (a) one of them relates solely to that event; and
- (b) the other specifically excludes that event.

AGL Bidder may declare the Offer free under this Section 9.8 from either of those Defeating Conditions without declaring it free from the other and may do so at different times. This section may apply any number of times to a particular Defeating Condition (including a Defeating Condition arising from a previous operation of this section).

Notice declaring Offers free of Defeating Conditions

Subject to the Corporations Act, AGL Bidder may declare this Offer and any contract resulting from acceptance of this Offer free from any of the Defeating Conditions by giving written notice to APK not less than 7 days before the last day of the Offer Period.

Notice of status of Defeating Conditions

The date for giving the notice on the status of the Defeating Conditions as required by Section 630(1) of the Corporations Act is 3 October 2013 (subject to extension in accordance with the Corporations Act if the Offer Period is extended).

Contract void if Defeating Conditions not fulfilled

Your acceptance or the contract resulting from your acceptance of this Offer is void if:

- (a) at the end of the Offer Period any of the Defeating Conditions in this Section 9.8 is not fulfilled; and
- (b) AGL Bidder has not declared this Offer and any contract resulting from the acceptance of it free of that Defeating Condition in accordance with this Section 9.8.
