FROM THE CHAIRMAN

Dear Shareholder

On behalf of the Board of Advanced Share Registry Limited (**Company**), I am pleased to send this Annual Report for the financial year to 30 June 2013.

This year and last year have been extremely challenging. In the context of this difficult time we are pleased to report a continuing significant profit for the period and the declaration and payment of a franked dividend of 2 cents per share (1.85 cents final dividend and 0.15c special) for the 6 month period from 1 January 2013 and therefore a total dividend over the year of 3.85c, which is 0.15 cents higher than last year. This reflects the board policy of returning profits to shareholders as we have a significant cash balance and no debt.

The expenses for the year under review included non-cash expense items such as: depreciation and amortisation and employee share plan. The board is of the opinion that the implementation of the Employee Share Plan has been a significant and valuable incentive to employees.

The Advanced Share Registry Services business continues to perform with significant client retention and growth. We have also been consistently proactive in managing costs without decreasing services to clients.

In fact we have just finished a major expansion of our services with the installation of in house printing, folding and enveloping equipment that allows us to perform in house a whole series of jobs that used to be subcontracted.

This gives all clients greater certainty and reduces turnaround times while increasing our margins.

The new shareholder meeting management system to streamline shareholder registration and voting at large or contentious meetings has been working well and we are looking at further improvements.

Organic growth in client numbers has come as many companies see the strength of our service offering and the functionality of our website for both company clients and their shareholders.

Our challenge in the current period is to maintain growth in the current economic climate.

On behalf of the Directors, I welcome you as a shareholder and look forward to a profitable future.

………………………………………
Simon Cato
Chairman

DIRECTORS' REPORT

The Directors present their report, together with the financial report of the Company for the year ended 30 June 2013 and the auditor's report thereon.

Directors of the Company at any time during or since the end of the financial year are:

Simon Cato	Non Executive Chairman
Kim Chong	Managing Director
Alvin Tan	Non Executive Director
Alan Winduss	Non Executive Director

Information regarding business and working experience of the Directors is set out below:

Simon Kenneth Cato	- Chairman
Qualifications	- B A
Experience	- Appointed director on 22 August 2007 Mr Cato has had over 30 years capital markets experience in broking and as director of listed companies. He was employed initially by the ASX in Sydney and in Perth. From 1991 until 2006 he was an executive director and/or responsible executive of 3 stockbroking firms. In those roles, he has been involved in all aspects of broking. As a broker, he has also been involved in the underwriting of a number of initial public offers and has been through the process of initial public offers listings in the dual role of broker and director. Currently, he holds a number of executive and non executive roles with listed Australian companies.
Interest in Shares & Options	- 495,000 ordinary shares, nil options
Special Responsibilities	- Mr Cato is the non executive chairman of the Company
Directorships held in other listed entities	- Mr Cato is a director of Greenland Minerals and Energy Ltd (since February 2006). Former directorships in other listed entities in past 3 years are: Convergent Minerals Ltd (25 July 2007 to 19 December 2011), Bentley Capital Ltd (5 February 2004 to 29 April 2010), Queste Communications Ltd (6 February 2008 to 3 April 2013) and Transactions Solutions International Ltd (from February 2010 to 30 August 2013).

Kim Phin Chong	- Managing Director
Experience	- Appointed director on 22 August 2007 Mr Chong has been involved in the share registry business for over 30 years. From 1981 until 1995, he was employed by a major registry operator on various senior positions.

DIRECTORS' REPORT

Mr Chong commenced Advanced Share Registry Services in 1996. His experience in information technology and business skills has been a major influence in making the company such a success.

Interest in Shares & Options	- 23,809,500 ordinary shares, nil options
Special Responsibilities	- Mr Chong is the managing director of the Company, responsible for the day to day management of the business.
Directorships held in other listed entities	- nil

Alvin Tan	- Non Executive Director
Qualifications	- B Com (Hons)
Experience	- Appointed director on 11 September 2007 Mr Tan has over 19 years experience in Australia and Asia, including mergers, acquisition, listings on the ASX, AIM, KLSE, Germany and capital raisings in the same jurisdictions. Mr Tan studied at the University of Western Australia, gaining a Bachelor of Commerce with Honours, and then was employed by KPMG in Kuala Lumpur from 1993-1995 as a financial consultant. Returning to Australia, he worked with the stockbroking firm of DJ Carmichael. Mr Tan has interests in companies involved in exploration for minerals, property development, plantation and corporate services both in Australia and overseas.
Interest in Shares & Options	- 510,500 ordinary shares, nil options.
Directorships held in other listed entities	- Mr Tan is a director of Coral Sea Petroleum Limited (formally Orchid Capital Limited since 2000) and BKM Management Ltd (since 2002). Former directorships in other listed entities in past 3 years are: Alloy Steel International Inc USA Listed (6 April 2010 to 4 August 2010)

Alan Charles Winduss	- Non Executive Director and Company Secretary
Qualifications	- CPA, FTIA, FAICD, AFAIM
Experience	- Appointed director 22 August 2007 Mr Winduss is a director of Winduss & Associates Pty Ltd. He has been involved in professional accounting in public practice for over 25 years, specialising in matters relating to corporate management, restructuring, corporate finance and company secretarial matters, including ASX and ASIC compliance. In addition to his accounting background, he is an Associate Fellow of the Australian Institute of Management, a Fellow of the Australian Institute of Company Directors and is a registered Australian company auditor.

DIRECTORS' REPORT

Interest in Shares & Options	- 200,000 ordinary shares, nil options
Special Responsibilities	- Mr Winduss is the Secretary and Chief Financial Officer of the Company.
Directorships held in other listed entities	- United Overseas Australia Limited ASX Listed (since November 1995), UOA REIT BHD Bursa Malaysia Listed (since October 2008), UOA Development Bursa Malaysia Listed (since January 2011). Former directorships in other listed entities in past 3 years are: IFS Construction Services Ltd, ASX Listed (20 June 2012 to 27 July 2012), Quest Minerals Limited (Chairman) ASX Listed (from August 2008 to April 2013), Black Ridge Mining NL (Chairman) ASX Listed (from February 2011 to April 2013), Magna Mining Limited ASX Listed (from September 2009 to April 2013).

The Year under Review

In financial year to 30 June 2013 the company achieved gross sales of $5,114,392 and a profit before taxation of $2,362,459.

This profit was after charges of $275,379 for amortisation and depreciation.

The Board is pleased with this result having regard to market conditions for the year under review. Economic conditions which influence corporate market activity influence future sales and profit levels for the company but the directors are confident of a positive future trend for the company and to this extent are having to add further services and products to its portfolio of services to clients.

The Company paid a final dividend of 1.85c per share plus a special dividend of 0.15c per share making a total of 2c per share from 2013 operating profits on 20 August, 2013.

The Directors are confident of continuing growth for the Company but also realise economic conditions will influence this growth rate.

Directors' Meetings

Director	Board Meetings Held	Board Meetings Attended
S. Cato	5	5
K. Chong	5	5
A. Tan	5	5
A. Winduss	5	5

Corporate Governance Statement

Unless disclosed below, all current recommendations of the ASX Corporate Governance Council ("Council") have been applied for the entire financial year ended 30 June 2013.

DIRECTORS' REPORT

The Board of Directors

The Board's primary role is to guide and monitor the business and affairs of the Company on behalf of the shareholders by whom they are elected and to whom they are accountable.

To fulfil this role, the Board is responsible for the overall corporate governance of the Company including formulating its strategic direction, approving and monitoring financial reports and capital expenditure, setting remuneration, appointing, removing and creating succession policies for Directors and Senior Executives, establishing and monitoring the achievement of the management's goals and ensuring the integrity of the internal control and management information systems.

The Board has delegated responsibilities for the day to day operational, corporate, financial and administrative activities of the Company to the Managing Director.

Composition of the Board

The skills, experience and expertise relevant to the position of each Director who is in office at the date of this report and their term of office is detailed in the Directors' Report.

The composition of the Company's Board is determined by the following principles:

- Directors appointed by the Board are subject to election by shareholders at the next Annual General Meeting following their appointment and thereafter are subject to re-election in accordance with the Company's constitution;

- a non-executive independent Director as Chairperson

- the Board shall comprise at least three Directors, increasing where additional expertise is considered desirable in certain areas, or when an outstanding candidate is identified; and

- the Board should comprise Directors with an appropriate range of qualifications and expertise.

The Board will review its composition on an annual basis to ensure it has the appropriate mix of expertise and experience. Where a vacancy exists, for whatever reason, or where it is considered that the Board would benefit from the services of a new Director with particular skills, the Board will select the appropriate candidates with the relevant qualifications, skills and experience.

The names of the independent Directors of the Company are Mr Simon Cato and Mr Alvin Tan.

When determining whether a non-executive Director is independent, the Director must not fail any of the following materiality thresholds:

- less than 10% of the Company shares held by the Director and any entity or individual directly or indirectly associated with the Director;
- no sales are made to or purchases made from any entity or individual directly or indirectly associated with the Director; and

DIRECTORS' REPORT

- none of the Directors' income, or the income of an individual or entity directly or indirectly associated with the Director, is derived from a contract with any member of the Economic Entity other than the income derived as a Director of the entity.

Independent Directors have the right to seek independent professional advice in the furtherance of their duties as Directors at the Company's expense. Written approval must be obtained from the Chairperson prior to incurring any expenses on behalf of the Company.

Contrary to the Council's recommendation that the majority of the Board should be independent Directors, the Board believes that the current size and stature of the Company does not warrant the addition of any new independent Directors to the Board. The Board is of the opinion that the objectives and current strategy of the Company are best served and achievable by members of the current Board irrespective of their degree of independence. It is, however, the Board's intention to continually review and assess the benefits associated with the introduction of external independent non-executive Directors.

Nomination Committee

The Board believes that the Company is not of size, nor are its financial affairs of such complexity, to justify the establishment of a Nomination Committee of the Board of Directors as recommended by the Council.

Notwithstanding its reasons for not establishing a Nomination Committee, the Board resolved that it would be beneficial to adopt and implement a formal Charter that clearly sets out the Nominations Committees role and responsibilities, composition, structure and membership requirements.

All matters which might be properly dealt with by a Nomination Committee are considered at full Board of Directors meetings.

The Board will annually review the necessity to establish a Nomination Committee.

Remuneration Committee

The Board believes that the Company is not of size, nor are its financial affairs of such complexity, to justify the establishment of a Remuneration Committee of the Board of Directors as recommended by the Council.

Notwithstanding its reasons for not establishing a Remuneration Committee, the Board resolved that it would be beneficial to adopt and implement a formal Charter that clearly sets out the Remuneration Committee's role and responsibilities, composition, structure and membership requirements. The Board undertakes the functions of the Remuneration Committee as appropriate.

All reviews of remuneration packages and policies applicable to Executive Directors, Non-Executive Directors and Senior Executive are normally conducted on an annual basis by the Board undertaking the role of the Remuneration Committee.

DIRECTORS' REPORT

The total maximum remuneration of Non-Executive Directors was the subject of a Shareholder resolution in accordance with the Company's Constitution, the Corporations Act and the ASX Listing Rules, as applicable. The determination of Non-Executive Directors' remuneration within that maximum will be made by the Board, having regard to inputs and value to the Company of the responsible contributions by each Non-Executive Director. The current limit, which may only be varied by Shareholders in general meeting, is an aggregate amount of $250,000 per annum.

The Board may award additional remuneration to Non-Executive Directors called upon to perform extra services or who make special exertions on behalf of the Company.

The Board will annually review the necessity to establish a Remuneration Committee.

Performance Evaluation

No formal performance evaluation of the Board was conducted for the year ended 30 June 2013 as the Board believes that the Company is not of size, nor are its financial affairs of such complexity, to warrant such an exercise. No external remuneration consultants were engaged by the Company during the year.

The Board recognises the importance of performance evaluations and will continually assess the necessity and timing of future performance evaluation, including considering the appointment of an independent consultant to develop a questionnaire to be collated and developed into a series of recommendations to improve performance.

Audit Committee

The Board believes that the Company is not of a size, nor are its financial affairs of such complexity, to justify the establishment of an Audit Committee of the Board of Directors as recommended by the Council.

Notwithstanding its reasons for not establishing an Audit Committee, the Board resolved that it would be beneficial to adopt and implement a formal Charter that clearly sets out the Audit Committee's roles and responsibilities, composition, structure and membership requirements.

The Board will annually review the necessity to establish an Audit Committee.

All issues and matters normally dealt with by an Audit Committee are assigned to the Company Secretary (operating within the parameters of an Audit Committee Charter), reporting directly to the Board.

Share Trading Policy

Whilst the Board encourages its Directors and employees to own securities in the Company, it is also mindful of its responsibility that the Company complies with the Corporations Act 2001 pertaining to 'insider trading' and its 'proper duties in relation to the use of insider trading'.

To ensure that the above issues comply with the requirements of the Corporations Law, the Board has established a policy on share trading in the Company's securities by Directors and employees. Essentially, the policy restricts Directors and employees from acting on material information until it has

DIRECTORS' REPORT

been released to the market and adequate time has been given for this to be reflected in the securities prices. Active trading in Company shares with a view to derive profit related income is prohibited at all times.

Diversity Policy

The company has formed a committee of three directors, two independent, and one executive director to establish and monitor its diversity policy as required under ASX Corporate Government Principles. At the date of this report the company has:

Total female employees are 9 which is 47 % of all employees.

Total female senior executives, nil.

Total female board members, nil.

Other Information

Further information relating to the Company's Corporate Governance practices and policies has been made publicly available on the Company's website www.advancedshare.com.au

Ethical Standards

The Board is committed to the establishment and maintenance of appropriate ethical standards.

Term in Office

Term in office for each Director at the date of this report is:

S. Cato	6 years
K. Chong	6 years
A. Tan	6 years
A. Winduss	6 years

Information Distributed to Shareholders

The annual report is distributed to all shareholders. The Board ensures that the annual report contains relevant information about the operations of the Company in the period under review, changes in the state of affairs of the Company and other disclosures as required by the Corporations Act 2001 and Australian Securities Exchange Listing Requirements.

The half yearly report is distributed to shareholders on request.

DIRECTORS' REPORT

Interests in the Shares of the Company

As at the date of this report, the interests of the directors in the shares of Company were:

	Ordinary Shares	
	Direct	**Indirect**
S. Cato	350,000	145,000
K. Chong	-	23,809,500

Final dividend – 20 August 2013 (Ordinary 1.85c and special 0.15c)	2c	$851,020

Nature of Operations and Principal Activities

The principal activity of the Company during the period under review was a provider of Share Registry and associated services.

Employees

The Company employed 19 persons as at 30 June 2013. (2012: 18 persons)

Summarised Operating Results

The Board has identified that the Company operates in only one industry segment, being registry services. However, to provide additional information, our revenue has been classified as being derived from:

	Revenue
Industry Segment	
Registry Services	$5,118,560
Investment Income	$ 181,959

DIRECTORS' REPORT

Shareholder Returns

The Board of Directors approved an ordinary 1.85c fully franked dividend and a special 0.15c fully franked dividend which was paid on 20 August 2013.

	2013	2012
Basic earnings per Share	3.70c	3.73c
NTA per share	14.10c	13.50c
Return on Equity	19.76%	20.07%
Return on Assets	18.11%	18.56%

Cash Flow from Operations

Cash flow from operations has been positive during the period and this is not expected to change in future periods. Cash surplus will be used for investment and expansion of the business.

Risk Management

The Directors of the Company are actively committed to risk management criteria as outlined in the Company's Corporate Governance Statement.

Likely Developments and Results

The Directors believe that likely developments in the operations of the Company and expected results from operations have been adequately disclosed in this report.

Environmental Regulations

The Company's operations are not subject to significant environment regulations under Australian Legislation in relation to the conduct of this operation.

Significant Events after Balance Date

The following matters or circumstances have arisen since balance date in relation to the Company:

The Company proposed a fully franked dividend of 1.85 cents per share and a special dividend of 0.15cents per share which was paid on 20 August 2013.

Except for the matters described above, no other matters or circumstances have arisen since the end of the financial year which significantly affected or may significantly affect the operations of the Company, the results of those operations or the state of affairs of the Company in future financial years.

DIRECTORS' REPORT

Insurance of Officers

There have been no premiums paid or indemnification given to any person who is a director or officer of the Company.

REMUNERATION REPORT (Audited)

This report details the nature and amount of remuneration of each key management person of Company.

Remuneration Policy

The remuneration policy of the Company has been designed to align key management personnel objectives with shareholder and business objectives. The Board believes the remuneration policy to be appropriate and effective in its ability to attract and retain the best key management personnel to run and mange the Company, as well as create goal congruence between directors, executives and shareholders.

The Company's current remuneration policy does not provide for the payment of any performance based remuneration to Directors, Executives or other key management personnel. The remuneration policy also does not provide for any shares or options to be granted to those personnel in respect of their remuneration packages.

Key Management Personnel Remuneration

The Board of Directors are responsible for determining and reviewing compensation arrangements for the Directors, Chief Executive Officer and the Executive team. No remuneration consultants were used during the year. The Directors assess the appropriateness of the nature and amount of the emoluments on a periodical basis by reference to employment market conditions and performance with the overall objective of ensuring maximum shareholder benefit from the retention of a high quality board and executive team.

Remuneration Report

Key Management Personnel	Position held as at 30 June 2013 and any change during the year	Contract details (duration and termination)
Mr Kim Phin Chong	Chief Executive Officer / Managing Director	3 year contract from 10 May 2011. 3 months notice required to terminate
Mr Simon Cato	Chairman (Non-executive)	No fixed term.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2013

Note 1: Summary of Significant Accounting Policies

This financial report includes the financial statements and notes of Advanced Share Registry Limited.

Basis of Preparation

The financial report is a general purpose financial report that has been prepared in accordance with Australian Accounting Standards, Australian Accounting Interpretations, other authoritative pronouncements of the Australian Accounting Standards Board and the *Corporations Act 2001*.

Australian Accounting Standards set out accounting policies that the AASB has concluded would result in a financial report containing relevant and reliable information about transactions, events and conditions to which they apply. Compliance with Australian Accounting Standards ensures that the financial statements and notes also comply with International Financial Reporting Standards. Material accounting policies adopted in the preparation of this financial report are presented below. They have been consistently applied unless otherwise stated.

The financial report has been prepared on an accruals basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and financial liabilities.

Advanced Share Registry Limited is a for-profit entity for the purpose of preparing the financial statements Presented in Australian Dollars.

a. Income Tax

The income tax expense for the year comprises current income tax expense and deferred tax expense (income).

Current income tax expense charged to the profit or loss is the tax payable on taxable income calculated using applicable income tax rates enacted, or substantially enacted, as at reporting period. Current tax liabilities are therefore measured at the amounts expected to be paid to the relevant taxation authority.

Deferred income tax expense reflects movement in deferred tax asset and deferred tax liability balances during the year as well unused tax losses.

Current and deferred income tax expense is charged or credited directly to equity instead of the profit or loss when the tax relates to items that are recognised outside profit and loss.

Deferred tax assets and liabilities are ascertained based on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements.

Deferred tax assets also result where amounts have been fully expensed but future tax deductions are available. No deferred income tax will be recognised from the initial recognition of an asset or liability, excluding a business combination, where there is no effect on accounting or taxable profit or loss. Deferred tax assets and liabilities are calculated at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on tax rates enacted or substantively enacted at reporting date. Their measurement also reflects the manner in which management expects to recover or settle the carrying amount of the related asset or liability.

Deferred tax assets relating to temporary differences and unused tax losses are recognised only to the extent that it is probable that future taxable profit will be available against which the benefits of the deferred tax asset can be utilised.

Current tax assets and liabilities are offset where a legally enforceable right of set-off exists and it is intended that net settlement or simultaneous realisation and settlement of the respective asset and liability will occur. Deferred tax assets and liabilities are offset where a legally enforceable right of set-off exists, the deferred tax assets and liabilities relate to income taxes levied by the same taxation authority on either the same taxable entity or different taxable entities where it is intended that net settlement or simultaneous realisation and settlement of the respective asset and liability will occur in future periods in which significant amounts of deferred tax assets or liabilities are expected to be recovered or settled.

b. Property, Plant and Equipment

Each class of property, plant and equipment is carried at cost as indicated, less where applicable, any accumulated depreciation and impairment losses.

Freehold land and buildings are shown at their fair value (being the amount for which an asset could be exchanged between knowledgeable willing parties in an arm's length transaction), based on periodic, but at least triennial, valuations by external independent valuers, less accumulated depreciation for buildings.

Increases in the carrying amount arising on revaluation of land and buildings are credited to a revaluation surplus in equity. Decreases that offset previous increases of the same asset are recognised against fair value reserves directly in equity; all other decreases are recognised in profit or loss. Each year the difference between depreciation based on the revalued carrying amount of the asset charged to the statement of comprehensive income and depreciation based on the asset's original cost is transferred from the revaluation surplus to retained earnings.

Any accumulated depreciation at the date of revaluation is eliminated against the gross carrying amount of the asset and the net amount is restated to the revalued amount of the asset.

Plant and equipment are measured on the cost basis and therefore carried at cost less accumulated depreciation and any accumulated impairment. In the event the carrying amount of plant and equipment is greater than the estimated recoverable amount, the carrying amount is written down immediately to the estimated recoverable amount and impairment losses are recognised either in profit or loss or as a revaluation decrease if the impairment losses relate to a revalued asset.

The cost of fixed assets constructed within the Company includes the cost of materials, direct labour, borrowing costs and an appropriate proportion of fixed and variable overheads.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2013

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the statement of comprehensive income during the financial period in which they are incurred.

Depreciation

The depreciable amount of all fixed assets including buildings and capitalised lease assets, but excluding freehold land and leasehold improvements, is depreciated on a diminishing value basis over the asset's useful life to the Company commencing from the time the asset is held ready for use. Leasehold improvements are depreciated on a straight line basis over the estimated useful lives of the improvements.

The depreciation rates used for each class of depreciable assets are:

Class of Fixed Asset	**Depreciation Rate**
Buildings	2.5%
Leasehold improvements	4-5%
Plant and Equipment	5-66%

The asset's residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains and losses are included in the statement of comprehensive income. When revalued assets are sold, amounts included in the revaluation reserve relating to that asset are transferred to retained earnings.

c. Leases

Leases of fixed assets where substantially all the risks and benefits incidental to the ownership of the asset, but not the legal ownership, is transferred to the Company are classified as finance leases.

Finance leases are capitalised by recording an asset and a liability at the lower of the amounts equal to the fair value of the leased property or the present value of the minimum lease payments, including any guaranteed residual values. Lease payments are allocated between the reduction of the lease liability and the lease interest expense for the period.

Leased assets are depreciated on a straight-line basis over the shorter of their estimated useful lives or the lease term.

Lease payments for operating leases, where substantially all the risks and benefits remain with the lessor, are charged as expenses in the periods in which they are incurred.

Lease incentives under operating leases are recognised as a liability and amortised on a straight-line basis over the life of the lease term.

d. Financial Instruments

Initial recognition and Measurement

Financial assets and financial liabilities are recognised when the entity becomes a party to the contractual provisions to the instrument. For financial assets, this is equivalent to the date that the Company commits itself to either the purchase or sale of the asset (i.e. trade date accounting is adopted).

Financial instruments are initially measured at fair value plus transaction costs, except where the instrument is classified as “at fair value through profit or loss”. Transaction costs related to instruments classified as “at fair value through profit or loss” are expensed to profit or loss immediately.

Classification and Subsequent Measurement

Finance instruments are subsequently measured at either of fair value, amortised cost using the effective interest rate method, or cost. *Fair* value represents the amount for which an asset could be exchanged or a liability settled, between knowledgeable, willing parties. Where available, quoted prices in an active market are used to determine fair value. In other circumstances, valuation techniques are adopted.

Amortised cost is calculated as:

a. the amount at which the financial asset or financial liability is measured at initial recognition;
b. less principal repayments;
c. plus or minus the cumulative amortisation of the difference, if any, between the amount initially recognised and the maturity amount calculated using the *effective* interest method; and
d. less any reduction for impairment.

The *effective* interest method is used to allocate interest income or interest expense over the relevant period and is equivalent to the rate that exactly discounts estimated future cash payments or receipts (including fees, transaction costs and other premiums or discounts) through the expected life (or when this cannot be reliably predicted, the contractual term) of the financial instrument to the net carrying amount of the financial asset or financial liability. Revisions to expected future net cash flows will necessitate an adjustment to the carrying value with a consequential recognition of an income or expense in profit or loss.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2013

(i) *Financial assets at fair value through profit or loss*

Financial assets are classified at fair value through profit or loss when they are held for trading for the purpose of short term profit taking, where they are derivatives not held for hedging purposes or designated as such to avoid an accounting mismatch or to enable performance evaluation where a group of financial assets is managed by key management personnel on a fair value basis in accordance with a documented risk management or investment strategy. Such assets are subsequently measured at fair value with changes in carrying value being included in profit or loss.

(ii) *Loans and receivables*

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market and are subsequently measured at amortised cost. Gains or losses are recognised in profit or loss through the amortisation process and when the financial asset is derecognised.

(iii) *Held-to-maturity investments*

Held-to-maturity investments are non-derivative financial assets that have fixed maturities and fixed or determinable payments, and it is the Company's intention to hold these investments to maturity. They are subsequently measured at amortised cost. Gains or losses are recognised in profit or loss through the amortisation process and when the financial asset is derecognised.

(iv) *Available-for-sale financial assets*

Available-for-sale financial assets are non-derivative financial assets that are either designated as such or that are not classified in any of the other categories. They comprise investments in the equity of other entities where there is neither a fixed maturity nor fixed or determinable payments. They are subsequently measured at fair value with any remeasurements other than impairment losses and foreign exchange gains and losses recognised in other comprehensive income. When the financial asset is derecognised, the cumulative gain or loss pertaining to that asset previously recognised in other comprehensive income is reclassified into profit or loss.

Available-for-sale financial assets are classified as non-current assets when they are expected to be sold after 12 months from the end of the reporting period. All other available-for-sale financial assets are classified as current assets.

(v) *Financial Liabilities*

Non-derivative financial liabilities (excluding financial guarantees) are subsequently measured at amortised cost using the effective interest rate method. Gains or losses are recognised in profit or loss through the amortisation process and when the financial liability is derecognised.

Fair values

Fair value is determined based on current bid prices for all quoted investments. Valuation techniques are applied to determine the fair value of all unlisted securities, including recent arm's length transactions, reference similar to instruments and option pricing models.

Impairment

At each reporting date, the Company assesses whether there is objective evidence that a financial instrument has been impaired. Impairment losses are recognised in the statement of comprehensive income. A financial asset or a group of financial assets is deemed to be impaired if, and only if, there is objective evidence of impairment as a result of one or more events (a "loss event") having occurred, which has an impact on the estimated future cash flows of the financial asset(s).

In the case of available-for-sale financial instruments, a prolonged decline in the value of the instrument is considered to determine whether impairment has arisen. Impairment losses are recognised in profit or loss. Also, any cumulative decline in fair value previously recognised in other comprehensive income is reclassified to profit or loss at this point.

In the case of financial assets carried at amortised cost, loss events may include: indications that the debtors or a group of debtors are experiencing significant financial difficulty, default or delinquency in interest or principal payments; indications that they will enter bankruptcy or other financial reorganisation; and changes in arrears or economic conditions that correlate with defaults.

For financial assets carried at amortised cost (including loans and receivables), a separate allowance account is used to reduce the carrying amount of financial assets impaired by credit losses. After having taken all possible measures of recovery, if management establishes that the carrying amount cannot be recovered by any means, at that point the written-off amounts are charged to the allowance account or the carrying amount of impaired financial assets is reduced directly if no impairment amount was previously recognised in the allowance account

When the terms of financial assets that would otherwise have been past due or impaired have been renegotiated, the Company recognises the impairment for such financial assets by taking into account the original terms as if the terms have not been renegotiated so that the loss events that have occurred are duly considered.

Financial guarantees

Where material, financial guarantees issued, which require the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payment when due, are recognised as a financial liability at fair value on initial recognition.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2013

The fair value of financial guarantee contracts has been assessed using a probability-weighted discounted cash flow approach. The probability has been based on:

- the likelihood of the guaranteed party defaulting during the next reporting period;
- the proportion of the exposure that is not expected to be recovered due to the guaranteed party defaulting; and
- the maximum loss exposure if the guaranteed party were to default.

Financial guarantees are subsequently measured at the higher of the best estimate of the obligation in accordance with AASB 137: Provisions, Contingent Liabilities and Contingent Assets and the amount initially recognised less, when appropriate, cumulative amortisation in accordance with AASB 118: Revenue. Where the entity gives guarantees in exchange for a fee, revenue is recognised under AASB 118.

De-recognition

Financial assets are derecognised where the contractual rights to receipt of cash flows expire or the asset is transferred to another party whereby the Company no longer has any significant continuing involvement in the risks and benefits associated with the asset. Financial liabilities are derecognised where the related obligations are either discharged, cancelled or expire. The difference between the carrying value of the financial liability extinguished or transferred to another party and the fair value of consideration paid, including the transfer of non-cash assets of liabilities assumed, is recognised in profit or loss.

e. Impairment of Non- Financial Assets

At each reporting date, the Company reviews the carrying values of its non-financial tangible and intangible assets to determine whether there is any indication that those assets have been impaired. If such an indication exists, the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, is compared to the asset's carrying value. Any excess of the asset's carrying value over its recoverable amount is expensed to the statement of comprehensive income.

Impairment testing is performed annually for goodwill and intangible assets with indefinite lives.

Where it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs.

f. Intangibles

Goodwill

Goodwill is initially recorded at the amount by which the purchase price for a business combination exceeds the fair value attributed to the interest in the net fair value of identifiable assets, liabilities and contingent liabilities at the date of acquisition. After considering the ongoing business operations and anticipated business growth of the Company, it has been determined that the goodwill acquired and currently recorded has an indefinite life.

Goodwill, having been assessed with an indefinite life, is tested for impairment annually and is allocated to the Company's cash generating units which represent the lowest level at which goodwill is monitored, but where such level is not larger than an operating segment. The Company has determined that goodwill has not been impaired during the current year.

Client List

The client list was acquired at independent valuation as part of the acquisition of the share registry business. The valuation was based upon the expected future earnings of the client contracts already in existence at the time of the transfer of the business. The effective life of the client list has been determined to be 10 years, and will be amortised over that period. The remaining effective life is 4.5 years. Annual testing for impairment will also be carried out to determine whether the carrying value reflects the value remaining in the client list. Where it is determined that the carrying value has been impaired, an impairment adjustment will be made. The client list is therefore carried at cost less accumulated amortisation and accumulated impairment losses.

g. Employee Benefits

Provision is made for the Company's liability for employee benefits arising from services rendered by employees to balance date. Employee benefits that are expected to be settled within one year have been measured at the amounts expected to be paid when the liability is settled. Employee benefits payable later than one year have been measured at the present value of the estimated future cash outflows to be made for those benefits. Those cash flows are discounted using market yields on national government bonds with terms to maturity that match the expected timing of cash flows attributable to employee benefits.

Equity-settled compensation

The Company operates an employee incentive plan that provides employees with performance rights that may be converted to shares at a future date. The performance rights are considered to be share- based payments. Share-based payments to employees are measured at the fair value of the instruments issued and amortised over the vesting periods. Share-based payments to non-employees are measured at the fair value of goods or services received or the fair value of the equity instruments issued, if it is determined the fair value of the goods or services cannot be reliably measured, and are recorded at the date the goods or services are received. The corresponding amount is recorded to the employee rights reserve. The fair value of options is determined using the Black-Scholes pricing model. The number of shares and options expected to vest is reviewed and adjusted at the end of each reporting period such that the amount recognised for services received as consideration for the equity instruments granted is based on the number of equity instruments that eventually vest.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2013

h. Provisions

Provisions are recognised when the Company has a legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured. Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

i. Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, deposits held at call with banks, other short-term highly liquid investments with original maturities of three months or less, and bank overdrafts.

Bank overdrafts are shown within short-term borrowings in current liabilities on the statement of financial position.

j. Revenue and Other Income

Revenue is measured at the fair value of the consideration received or receivable after taking into account any discounts and rebates allowed. Any consideration deferred is treated as the provision of finance and is discounted at a rate of interest that is generally accepted in the market for similar arrangements. The difference between the amount initially recognised and the amount ultimately received is interest revenue.

Interest revenue is recognised using the effective interest rate method, which, for floating rate financial assets, is the rate inherent in the instrument. Dividend revenue is recognised when the right to receive a dividend has been established.

Revenue recognition relating to the provision of services is determined with reference to the stage of completion of the transaction at reporting date and where outcome of the contract can be estimated reliably. Stage of completion is determined with reference to the services performed to date as a percentage of total anticipated services to be performed. Where the outcome cannot be estimated reliably, revenue is recognised only to the extent that related expenditure is recoverable.

All revenue is stated net of the amount of goods and services tax (GST).

k. Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Tax Office. In these circumstances the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense. Receivables and payables in the statement of financial position are shown inclusive of GST.

Cash flows are presented in the statement of cash flows on a gross basis, except for the GST component of investing and financing activities, which are disclosed as operating cash flows.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2013

l. Business Combinations

The Company applies the acquisition method in accounting for business combinations.

The consideration transferred by the Company to obtain control of a subsidiary is calculated as the sum of the acquisition-date fair values of assets transferred, liabilities incurred and the equity interests issued by the Company, which includes the fair value of any asset or liability arising from a contingent consideration arrangement. Acquisition costs are expensed as incurred.

The Company recognises identifiable assets acquired and liabilities assumed in a business combination regardless of whether they have been previously recognised in the acquiree's financial statements prior to the acquisition. Assets acquired and liabilities assumed are generally measured at their acquisition-date fair values.

Goodwill is stated after separate recognition of identifiable intangible assets. It is calculated as the excess of the sum of a) fair value of consideration transferred, b) the recognised amount of any non-controlling interest in the acquiree and c) acquisition-date fair value of any existing equity interest in the acquiree, over the acquisition-date fair values of identifiable net assets. If the fair values of identifiable net assets exceed the sum calculated above, the excess amount (i.e. gain on a bargain purchase) is recognised in profit or loss immediately.

m. Comparative Information

When required by Accounting Standards, comparative figures have been adjusted to conform to changes in presentation for the current financial year. Where the company has retrospectively applied an accounting policy, made a retrospective restatement of items in the financial statements or reclassified items in its financial statements, an additional statement of financial position as at the beginning of the earliest comparative period will be disclosed.

n. Critical Accounting Estimates and Judgments

The directors evaluate estimates and judgments incorporated into the financial report based on historical knowledge and best available current information. Estimates assume a reasonable expectation of future events and are based on current trends and economic data, obtained both externally and within the Company.

(i) Impairment – general

The Company assesses impairment at the end of each reporting period by evaluating conditions and events specific to the Company that may be indicative of impairment triggers. Recoverable amounts of relevant assets are reassessed using value-in-use calculations which incorporate various key assumptions.

Key Estimates – Impairment of Goodwill and Intangibles with Indefinite Useful Lives

The Company determines whether goodwill and intangibles with indefinite useful lives are impaired at least on an annual basis. This requires an estimation of the recoverable amount of the

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2013

cash generating units, using a value in use discounted cash flow methodology, to which the goodwill and intangibles with indefinite useful lives are allocated. No impairment has been recognised in respect of goodwill for the year ended 30 June 2013. The assumptions used in the estimation of recoverable amount are disclosed in Note 11.

Key Estimates – Impairment of Non-Financial Assets other than Goodwill and Indefinite life intangibles

The Company assesses impairment of all assets at each reporting date by evaluating conditions specific to the Company and to the particular asset that may lead to impairment. If an impairment trigger exists, the recoverable amount of the asset is determined. Management do not consider that the triggers for impairment testing have been significant enough and as such, these assets have not been tested for impairment in this financial period.

Key judgments – Provision for Impairment of Receivables

Included in trade receivables at reporting date are minor amounts receivable from services provided to clients amounting to $45,175. These clients have had their trade terms extended past the Company's usual trade terms in order to assist in the clients' cash flow. The Directors understand that the full amount of the debt is likely to be recoverable; however a provision for impairment has been made.

New Accounting Standards for Application in Future Periods

The AASB has issued a number of new and amended Accounting Standards and Interpretations that have mandatory application dates for future reporting period, some of which are relevant to the Company. The Company has decided not to early adopt any of the new and amended pronouncements. The Company's assessment of the new and amended pronouncements that are relevant to the Company but applicable in future reporting periods is set out below:

- AASB 9: *Financial Instruments* (December 2010) and AASB 2010-7: *Amendments to Australian Accounting Standards arising from AASB 9* (December 2010).

  This standard is mandatorily applicable for annual reporting periods commencing on or after 1 January 2013. However, AASB 2012-6 defers the application date of AASB 9 from 1 January 2013 to 1 January 2015. AASB 9 introduces new requirements for the classification and measurement of financial assets and liabilities.

  Although the Directors anticipate that the adoption of AASB 9 and AASB 2010-7 may have an impact on the Company's financial statements, it is impracticable at this stage to provide a reasonable estimate of such impact.

- AASB 10: *Consolidated Financial Statements*, AASB 11: *Joint Arrangements*, AASB 12: *Disclosure of Interests in Other Entities,* AASB 127: *Separate Financial Statements* (August

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2013

2011) and AASB 128: *Investments in Associates and Joint Ventures* (August 2011) (as amended by AASB 2012-10: *Amendments to Australian Accounting Standards – Transition Guidance and Other Amendments)*, and AASB 2011-7: *Amendments to Australian Accounting Standards.*

AASB 10 provides a revised definition of "control" and additional application guidance so that a single control model will apply to all investees. When adopted, this Standard is not expected to significantly impact the Company's financial statements.

AASB 11 requires joint arrangements to be classified as either "joint operations" (where the parties that have joint control of the arrangement have rights to the assets and obligations for the liabilities) or "joint ventures" (where the parties that have joint control of the arrangement have rights to the net assets of the arrangement). When adopted, this Standard is not expected to significantly impact the Company's financial statements.

AASB 12 contains the disclosure requirements applicable to entities that hold an interest in a subsidiary, joint venture, joint operation or associate. AASB 12 also introduces the concept of a "structured entity", replacing the "special purpose entity: concept currently used in Interpretation 112, and requires specific disclosures in respect of any investments in unconsolidated structured entities. When adopted, this Standard will affect disclosures only and therefore is not expected to significantly impact the Company's financial statements.

- AASB 13: *Fair Value Measurement* and AASB 2011-8: *Amendments to Australian Accounting Standards arising from AASB 2013* (applicable for annual reporting periods commencing on or after 1 January 2013).

  AASB 13 establishes a single source of guidance for determining the fair value of assets and liabilities. AASB 13 does not change when an entity is required to use fair value, but rather, provides guidance on how to determine fair value when fair value is required or permitted by other Standards.

  These Standards are expected to result in more detailed fair value disclosures, but are not expected to significant impact the amounts recognised in these financial statements.

- AASB 2011-4: *Amendments to Australian Accounting Standards to Remove Individual Key Management Personnel Disclosure Requirements* (applicable for annual reporting periods beginning on or after 1 January 2013).

  This Standard makes amendments to AASB 124 *Related Party Disclosures* to remove the individual key management personnel (KMP) disclosure requirements by Australia specific paragraphs.

  When adopted, these amendments are unlikely to have any significant impact on the financial statements.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2013

- AASB 119: *Employee Benefits* (September 2011) and AASB 2011-10: *Amendments to Australian Accounting Standards arising from AASB 119* (September 2011) (applicable for annual reporting periods beginning on or after 1 January 2013).

  This Standard introduces a number of changes to presentation and disclosure of a defined benefit plan. AASB 119 also includes changes to the criteria for determining when termination benefits should be recognised as obligation.

  The entity does not have any defined benefit plans. Therefore, these amendments will have no significant impact on the entity.

- AASB Interpretation 20: *Stripping Costs in the Production Phase of Surface Mining* (applicable for annual reporting periods beginning on or after 1 January 2013).

  This interpretation clarifies that costs of removing mine waste materials (overburden) to gain access to mineral ore deposits during the production stage of a mine must be capitalized as inventories under AASB 102: *Inventories* if the benefits from stripping activity is realised in the form of inventory produced.

  The entity does not operate a surface mine. Therefore, there will be no impact on the financial statements when this interpretation is first adopted.

- AASB 2012-2: *Amendments to Australian Accounting Standards – Disclosures – Offsetting Financial Assets and Financial Liabilities* (application for annual reporting periods commencing on or after 1 January 2014).

  This Standard amends the required disclosures in AASB 7 to include information that will enable users of an entity's financial statements to evaluate the effect or potential effect of netting arrangments, including rights of set-off associated with the entity's recognised financial assets and recognised financial liabilities, on the entity's statement of financial position.

  When adopted, there will be no impact on the entity as the entity does not have any netting arrangements in place.

- AASB 2012-5: *Amendments to Australian Accounting Standards arising from Annual Improvements 2009-2011* (applicable for annual reporting periods beginning on or after 1 January 2013).

  These amendments are a consequence of the annual improvement process, which provides a behicle for making non-urgent but necessary amendments to Standards.

  When these amendments are first adopted, this Standard is not expected to significantly impact the Company's financial statements.

Cash on deposit	3,064,000	3,064,000
	4,802,432	4,390,638

The effective interest rate on short-term bank deposits was 4.33%; these deposits have a maturity of 180 days. (2012: 4.74%)

Under an arrangement with one of the Company's major suppliers, the Company has arranged with their bank for a guarantee facility to be held over a cash deposit in the amount of $64,000. Under the terms of the arrangement, the supplier may call on the bank to honour the guarantee where the Company defaults on payment of the suppliers' account and the bank may not release the funds supporting the guarantee to the Company without the prior approval of the supplier. The deposit is placed on a separate deposit account and the guarantee is renewed in each year.

Other receivables		56,242	70,301
		777,867	775,655

a. Provision For Impairment of Receivables

Current trade and term receivables are non-interest bearing loans and generally on 30 day terms. Non-current trade and term receivables are assessed for recoverability based on the underlying terms of the contract. A provision for impairment is recognised when there is objective evidence that an individual trade or term receivable is impaired. These amounts have been included in the other expenses item.

Movement in the provision for impairment of receivables is as follows:

	Current trade receivables $	Totals $
Opening Balance as at 1 July 2011	24,482	24,482
Charge for the year	13,319	13,319
Amounts written off	(8,967)	(8,967)
Closing Balance as at 30 June 2012	28,834	28,834
Opening Balance as at 1 July 2012	28,834	28,834
Charge for the year	19,243	19,243
Amounts written off	(2,902)	(2,902)
Closing Balance as at 30 June 2013	45,175	45,175

Credit Risk – Trade and Other Receivables

The Company has no significant concentration of credit risk with respect to any single counter party or Company of counter parties other than those receivables specifically provided for and mentioned within Note 7. The class of assets described as 'Trade and other receivables' is considered to be the main source of credit risk related to the Company. On a geographical basis the Company has no credit risk exposure.

The following table details the Company's trade and other receivables exposed to credit risk with ageing analysis and impairment provided for thereon. Amounts are considered as 'past due' when the debt has not been settled within the terms and conditions agreed between the Company and the customer or counter party to the transaction. Receivables that are past due are assessed for impairment by ascertaining solvency of the debtors and are provided for where there are specific circumstances indicating that the debt may not be fully repaid to the Company.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2013

The balances of receivables that remain within initial trade terms (as detailed in the table) are considered to be of high credit quality.

			Past Due but Not Impaired (Days Overdue)

Impairment Disclosures
Goodwill is allocated to cash generating units which are based on the Company's reporting segments

Share registry	$1,053,690

The recoverable amount of each cash generating unit above has been determined based on value-in-use calculations. Value-in-use is calculated based on the present value of cash flow projections over a 3 year period with the period beyond 3 years extrapolated using an estimated growth rate. The cash flows are discounted by using a risk-free available interest rate, adjusted for an estimated risk premium, at the beginning of the budget period.
The following assumptions were used in the value-in use calculations:

	Growth Rate	Discount Rate
Share registry	15%	13%

Management has based the value-in-use calculations on budgets for each reporting segment. These budgets use historical weighted average growth rates to project revenue. Costs are calculated taking into account historical gross margins as well as estimated weighted average inflation rates over the periods which are consistent with inflation rates applicable to the locations in which the segments operate. Discount rates are pre-tax and are adjusted to incorporate risks associated with a particular segment.

Nature and timing of provisions

i) Other Provisions

This provision relates to minor amounts arising from the operations of the Company for which a liability can be measured, and where it is probable that the liability will need to be satisfied at an unspecified and uncertain future date. The amount provided is the maximum anticipated liability of the Company where the amount ultimately becomes payable. Future recognition of the provision is reliant upon the circumstances associated with the Company's operations.

Note 15: Issued Capital	**2013**	**2012**
	$	**$**

Shares issued during the year 8 January 2013 on conversion of performance rights	68,000	-
At reporting date	42,468,000	42,400,000

Ordinary shares participate in dividends and the proceeds on winding up of the Company in proportion to the number of shares held.

At the shareholders' meetings, each ordinary share is entitled to one vote when a poll is called; otherwise each shareholder has one vote on a show of hands.

b. Capital Management

Management controls the capital of the Company in order to maintain a good debt to equity ratio, provide shareholders with adequate returns and ensure the Company can fund its operations and continue as a going concern.

At reporting date, the Company held no debt. There are no externally imposed capital requirements.

Management effectively manages the Company's capital by assessing the Company's financial risks and adjusting its capital structure in response to changes in these risks and in the market. These responses include the management of debt levels, distributions to shareholders and share issues.

There have been no changes in the strategy adopted by management to control the capital of the Company since listing on 10 June 2008.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2013

Note 17: Share-based Payments

Under the Company's Employee Performance Rights and Share Plan ("the Plan"), eligible employees are offered Performance Rights which contain performance and other conditions that must be met by employees to qualify for the possible issue of shares on the vesting of those Performance Rights. Employees who satisfy the conditions for vesting the Performance Rights may apply to convert those rights to Shares of the Company. The Performance Rights are personal to the employee, are not able to be transferred, and do not confer any right or entitlement in relation to dividends or other entitlements that would normally be conferred on shareholders.

Grant Date	Number	Vesting Date
1 July 2011	83,000	1 July 2013
1 January 2012	67,000	1 January 2014

On 1 July 2011 and 1 January 2012, the Company granted further performance rights to eligible employees as noted in the table above. The performance rights vest to the employees on the dates indicated at which time the employee can apply to convert the rights to ordinary shares for nil consideration. The performance rights hold no voting or dividend rights and are not transferable. No performance rights were granted to key management personnel.

Performance rights are forfeited on termination of employment with the Company, unless the Board determines otherwise (this is usually only in the case of retirement, redundancy, death or disablement).

A summary of the movements of all company performance rights issued is as follows:

	Number	Weighted Average Exercise Price
Performance rights outstanding as at 01 July 2011	99,000	$0
Granted	207,000	$0
Forfeited	(39,000)	$0
Exercised	-	-
Expired	-	-
Performance rights outstanding as at 30 June 2012	267,000	$0
Granted	-	-
Forfeited	(49,000)	$0
Exercised	(68,000)	$0
Expired	-	-
Performance rights outstanding as at 30 June 2013	150,000	$0

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2013

The performance rights are issued with a strike price of nil.

The weighted average remaining contractual life of rights outstanding at year-end was 6 months. The exercise price of outstanding rights at the end of the reporting period was nil.

The fair value of the rights granted to employees is deemed to represent the value of the employee services received over the vesting period.

Weighted average exercise price: Nil

Weighted average life of the rights: 2 years

Expected share price volatility: Nil

Risk- free interest rate: 4.25 %

As employees do not contribute to the cost of the share movement, volatility of the share price has been ignored.

The life of the rights is based on the historical exercise patterns, which may not eventuate in the future.

Included under employee benefits expense in the statement of comprehensive income is $63,371 which relates to equity-settled share-based payment transactions (2012: $64,290).

Note 18: Events after the Reporting Period

a. Proposed dividend

In June 2013 the Directors proposed that a dividend of 1.85 cents per share fully franked and a special fully franked dividend of 0.15 cents per share be paid out of the current year earnings. This dividend was declared on 8 August 2013 and paid on 20 August 2013.

Other than matters discussed above, there has not arisen in the interval between the end of the financial year and the date of this report any item, transaction or event of a material and unusual nature likely, in the opinion of the directors of the Company to significantly affect the operations of the Company, the results of those operations, or the state of affairs of the Company in future financial years.

Note 19: Capital and leasing commitments

Non-cancellable operating lease commitments

Future operating lease rentals not provided for in the financial statements and payable:

	2013	2012
- not later than 12 months	$63,500	$146,320
- between 12 months and 5 years	-	$61,950
- later than 5 years	-	-
	$63,500	$208,270

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2013

The property lease is a non-cancellable lease with a 3 year term with rent payable monthly in advance. Contingent rental provisions within the lease agreement require the minimum lease payments shall be increased by 5% per annum. The lease is currently extended until 30 November 2013.

Note 20: Contingent Liabilities

The Company has no known or identifiable contingent liabilities.

Note 21: Financial Risk Management

Financial Instruments

Categories of Financial Instruments

Total financial liabilities		311,024	268,218

a. General objectives, policies and processes

In common with all other businesses, the Company is exposed to risks that arise from its use of financial instruments. This note describes the Company's objectives, policies and processes for managing those risks and the methods used to measure them. Further quantitative information in respect of these risks is presented throughout these financial statements.

The principal financial instruments from which financial instrument risk arises:

- trade receivables
- trade and other payables
- cash at bank
- deposits
- investments
- loans receivable

The Board has overall responsibility for the determination of the Company's risk management objectives and policies and, whilst retaining ultimate responsibility for them, it has delegated the authority for designing and operating processes that ensure effective implementation of the objectives and policies to the Company's finance function. The Company's risk management policies and objectives are therefore designed to minimise the potential impact of these risks on the result of the Company where such impacts may be material.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2013

b. Credit risk

Exposure to credit risk relating to financial assets arises from the potential non- performance by counter parties of the contract obligations that could lead to a financial loss to the Company.

Credit risk is managed through the maintenance of procedures (such procedures include the utilisation of systems for the approval, granting and renewal of credit limits, regular monitoring of exposures against such limits and monitoring of the financial stability of significant customers and counter parties), ensuring to the extent possible, that customers and counter parties to transactions are of sound credit worthiness. Such monitoring is used in assessing receivables for impairment. Depending on the division within the Company, credit terms are generally 14 to 30 days from the invoice date.

Risk is also minimised through investing surplus funds in financial institutions that maintain a high credit rating, or in entities that the FRMC has otherwise cleared as being financially sound. Where the Company is unable to ascertain a satisfactory credit risk profile in relation to a customer or counter party, then risk may be further managed through title retention clauses over goods or obtaining security by way of personal or commercial guarantees over assets of sufficient value which can be claimed against in the event of any default.

Credit risk exposures

The maximum exposure to credit risk, excluding the value of any collateral or other security, at balance date to recognised financial assets, is the carrying amount, net of any provisions for impairment of those assets, as disclosed in the statement of financial position and notes to the financial statements.

There is no material amounts of collateral held as security at 30 June 2013.

The maximum exposure to credit risk at balance date is as follows:

	2013	**2012**
Trade debtors	$721,625	$705,354

c. Liquidity risk

Liquidity risk is the risk that the Company may encounter difficulties raising funds to meet commitments associated with financial instruments, eg. Borrowing repayments. It is the policy of the Board of Directors that treasury maintains adequate committed credit facilities.

Financial arrangements

Nil at balance date.

d. Market risk

Interest rate risk

Exposure to interest rate risk arises on financial assets and financial liabilities recognised at reporting date whereby a future change in interest rates will affect future cash flows or the fair value of fixed rate financial instruments.

The Company has significant interest bearing assets, and the entity's main interest rate risk is that it may suffer loss of income should interest rates decline.

The Company has no significant borrowings which may give rise to interest rate risks.

The tables below reflect the undiscounted contractual settlement terms for financial instruments of a fixed period of maturity, as well as management's expectations of the settlement period for all other financial instruments. As such, the amounts may not reconcile to the statement of financial position.

Maturity of notional amounts:	**Effective Average Fixed Interest Rate Payable**		**Notional Principal**	
	2013	**2012**	**2013**	**2012**
Less than 1 year	3.19%	4.03%	$5,596,324	$5,166,292
	3.19%	4.03%	$5,596,324	$5,166,292

Trade and sundry payables are expected to be paid in full in less than six months.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2013

Fair Values

The fair values of:

- Term receivables, government and fixed interest securities and bonds are determined by discounting the cash flows, at the market interest rates of similar securities, to their present value
- Other loans and amounts due are determined by discounting the cash flows, at market interest rates of similar borrowings, to their present value
- Other assets and other liabilities approximate their carrying value

Other than investments of listed shares, there are no financial assets and financial liabilities readily traded on organised markets in standardised form.

Aggregate fair values and carrying amounts of financial assets and financial liabilities at balance date

	Carrying Amount		Net Fair Value	
	2013	**2012**	**2013**	**2012**
Financial Assets:				
Cash and cash equivalents	$4,802,432	$4,390,638	$4,802,432	$4,390,638
Receivables	$777,867	$775,655	$777,867	$775,655
Investments – held-for-trading	$741	$741	$741	$741
Total Financial Assets	$5,581,040	$5,167,034	$5,581,040	$5,167,034
Financial Liabilities:				
Trade and sundry payables	$311,024	$268,218	$311,024	$268,218
Total Financial Liabilities	$311,024	$268,218	$311,024	$268,218

Financial Instruments Measured at Fair Value

The financial instruments recognised at fair value in the statement of financial position have been analysed and classified using a fair value hierarchy reflecting the significance of the inputs used in making the measurements. The fair value hierarchy consists of the following levels:
- quoted prices in active markets for identical assets or liabilities (Level 1);
- inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (as prices) or indirectly (derived from prices) (Level 2); and
- inputs for the asset or liability that are not based on observable market data (unobservable inputs) (Level 3).

2013				
Financial assets	**Level 1**	**Level 2**	**Level 3**	**Total**
Financial assets at fair value through profit or loss:				
- Investments-held-for-trading	$741	-	-	$741

2012				
Financial assets				
Financial assets at fair value through profit or loss:				
- Investments-held-for-trading	$741	-	-	$741

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2013

Sensitivity Analysis

The Company has performed sensitivity analysis relating to its exposure to interest rate risk at balance date. This sensitivity analysis demonstrates the effect on the current year results and equity which could result from a change in these risks.

Interest Rate Risk

	2013	2012
Change in profit	$	$
- Increase in interest rate by 2%	96,000	88,000
- Decrease in interest rate by 2%	(96,000)	(88,000)
Change in equity		
- Increase in interest rate by 2%	96,000	88,000
- Decrease in interest rate by 2%	(96,000)	(88,000)

Note 22: Related Party Disclosures

Transactions between related parties are on normal commercial terms and conditions no more favourable than those available to other parties unless otherwise stated.

Executive Services Agreements
- Kim Chong

The Company entered into a services agreement with Mr Kim Chong effective from 11 May 2011. Under the Services Agreement, Mr Chong is engaged by the Company to provide services to the Company in the capacity of Managing Director and Chief Executive Officer.

Mr Chong is to be paid an annual remuneration of $333,168 inclusive of statutory superannuation. Mr Chong will also be reimbursed for reasonable expenses incurred in carrying out his duties.

The Services Agreement continues for a period of 3 years unless terminated in accordance with the relevant provisions of the Service Agreement. The Services Agreement contains standard termination provisions under which the Company must give notice of termination, or alternatively payment in lieu of service. In addition Mr Chong is entitled to all unpaid remuneration and entitlements up to the date of termination.

Mr Chong is the major Shareholder through indirect interests and Director of the Company.

Commercial Services Agreement
- Winduss & Associates Pty Ltd

The Company receives accounting and secretarial services from Winduss & Associates Pty Ltd, an accounting practice of which Mr Winduss is a director and shareholder. Fees charged are at normal commercial rates and conditions. Fees charged to 30 June 2013 for accounting and secretarial services, was $57,200 including GST (2012:$61,098). The amount owing to Winduss & Associates Pty Ltd at 30 June 2013 is $9,533 (2012: $4,767).

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2013

Tenancy Agreement
- Cherry Field Pty Ltd

The Company required an additional area to assist in operations during the period. On 1 November 2009, the Company entered into a lease agreement with Cherry Field Pty Ltd, a Company owned and controlled by an associate of Mr Chong. The agreement has been concluded on a commercial monthly tenancy basis. The Company has incurred $21,240 for the year ended 30 June 2013 under this agreement. (2012: $21,240)

Note 23: Earnings per share	**Notes**	**2013 $**	**2012 $**
Earnings used in the calculation of EPS			
Profit		1,569,592	1,581,348
Earnings per share			
Basic earnings per share		3.70c	3.73c
Diluted earnings per share		3.69c	3.71c
		No	**No**
Weighted average number of ordinary shares outstanding during the year used in calculating basic EPS		42,432,230	42,583,000
Weighted average number of dilutive rights outstanding		150,000	41,770
Weighted average number of ordinary shares used - in calculating diluted EPS		**42,582,230**	**42,624,770**

Note 24: Operating Segments

The Company has identified its operating segments based on the internal reports that are reviewed and used by the Board of Directors (chief operating decision makers) in assessing performance and determining the allocation of resources. The Company is managed on the basis that it provides share registrar services operating in the geographical region of Australia. The provision of share registry services is considered to be one business segment.

	30 June 2013	**30 June 2012**
Revenue by geographical region		
Australia	$5,300,519	$5,353,747
Assets by geographical region		
Australia	$8,665,535	$8,520,914

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2013

Major customers

The Company has a number of customers to whom it provides services. Although the Company has no single external customer that accounts for more than 5% of its income, a group of 7 customers, each exceeding 2% of the Company's income, accounts for approximately 22% (2012: 8 customers each exceeding 2% of the Company's income accounted for 20%) of the Company's income.

	Notes	2013	2012
Note 25: Dividends		$	$
Distributions paid			
Final dividend fully franked of 1.85 cents (2012: 2.00 cents) per share franked at the tax rate of 30% (2012: 30%)		784,400	848,000
Interim dividend fully franked of 1.85 cents (2012: 1.85 cents) per share franked at the tax rate of 30% (2012: 30%)		785,658	784,400
		1,570,058	1,632,400
a. Final 2013 fully franked dividend of 1.85 cents and a special dividend of 0.15 cents (2012: 1.85 cents) per share franked at the tax rate of 30% (2012: 30%)		851,020	784,400
b. Balance of franking account at year end adjusted for franking credits arising from:			
- Payment of provision for income tax		980,772	842,994
Subsequent to year end, the franking account would be reduced by the proposed dividend as follows:		(364,723)	(336,171)

Note 26: Interests of Key Management Personnel (KMP)

Refer to the Remuneration Report contained in the Directors' Report for details of the remuneration paid or payable to each member of the Company's key management personnel for the year ended 30 June 2013.

The totals of remuneration paid to KMP of the Company during the year are as follows:

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2013

Directors Declaration

1. In the opinion of the Directors of Advanced Share Registry Limited (the 'Company'):

   (a) the financial statements and notes set out on pages 15 to 50 and the Remuneration disclosures that are contained in pages 11 and 12 of the Remuneration Report in the Director's Report, are in accordance with the *Corporations Act 2001*, including:

      (i) giving a true and fair view of the Company's financial position as at 30 June 2013 and of its performance , for the financial year ended on that date; and

      (ii) complying with Australian Accounting Standards (including the Australian Accounting Interpretations) and the Corporations Regulations 2001; and

      (iii) complying with International Financial Reporting Standards as disclosed in Note 1.

   (b) the remuneration disclosures that are contained in pages 11 and 12 of the Remuneration Report in the Directors' Report comply with Australian Accounting Standards AASB 124 Related Party Disclosures and

   (c) there are reasonable grounds to believe that the Company will be able to pay its debts as and when they become due and payable.

2. The Directors have been given the declarations required by Section 295A of the Corporations Act 2001 from the Chief Executive Officer and Chief Financial Officer for the financial year ended 30 June 2013.

Signed in accordance with a resolution of the Directors.

Independent Auditor's Report
To the Members of Advanced Share Registry Limited

Report on the financial report

We have audited the accompanying financial report of Advanced Share Registry Limited (the "Company"), which comprises the statement of financial position as at 30 June 2013, the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, notes comprising a summary of significant accounting policies and other explanatory information and the Directors' declaration of the company.

Directors' responsibility for the financial report

The Directors of the Company are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the Corporations Act 2001. The Directors' responsibility also includes such internal control as the Directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error. The Directors also state, in the notes to the financial report, in accordance with Accounting Standard AASB 101 Presentation of Financial Statements, the financial statements comply with International Financial Reporting Standards.

Auditor's responsibility

Our responsibility is to express an opinion on the financial report based on our audit. We conducted our audit in accordance with Australian Auditing Standards. Those standards require us to comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance whether the financial report is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error.

In making those risk assessments, the auditor considers internal control relevant to the Company's preparation of the financial report that gives a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the Directors, as well as evaluating the overall presentation of the financial report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Independence

In conducting our audit, we have complied with the independence requirements of the Corporations Act 2001.

Auditor's opinion

In our opinion:

a the financial report of Advanced Share Registry Limited is in accordance with the Corporations Act 2001, including:

   i giving a true and fair view of the Company's financial position as at 30 June 2013 and of its performance for the year ended on that date;

   ii complying with Australian Accounting Standards and the Corporations Regulations 2001; and

b the financial report also complies with International Financial Reporting Standards as disclosed in the notes to the financial statements.

Report on the remuneration report

We have audited the remuneration report included in pages 11 to 12 of the directors' report for the year ended 30 June 2013. The Directors of the Company are responsible for the preparation and presentation of the remuneration report in accordance with section 300A of the Corporations Act 2001. Our responsibility is to express an opinion on the remuneration report, based on our audit conducted in accordance with Australian Auditing Standards.

Grant Thornton

Auditor's opinion on the remuneration report

In our opinion the remuneration report of Advanced Share Registry Limited for the year ended 30 June 2013, complies with section 300A of the Corporations Act 2001.
