

ASX Release

12 December 2013

Record silver dore shipment

Highlights

- 100,007oz silver dore shipment record
- 131,500oz silver dore shipped December month to date
- 125,600oz silver dore produced December month to date

Cobar Consolidated Resources today celebrated the largest silver shipment since production started in July 2012.

The shipment which left site today was a record 100,007oz of silver dore.

Total silver dore shipments for the month of December to date are 131,500oz and silver dore production for the month of December to date is 125,600oz.

Chief Executive Officer Paul Bibby said, "This is a significant achievement for us and confirms the good operating performance in the second half of November continuing into December. I congratulate all involved across the organisation on this accomplishment."
