Termination of Proposed Acquisition.

The Board of Latin Gold Limited (ASX code: LAT) (**Latin**) advises that it has mutually agreed, to terminate the proposed acquisition of 100% of the issued capital of Manjaro Resources Pty Limited (**Manjaro**).

This decision is the result of the significant deterioration in equity market conditions that has not allowed the proposed capital raising to be completed within the allotted period, which was a condition precedent to the transaction.

Latin remains a strong supporter of Manjaro and the Buhemba Gold Project (**Project**) which is located in the Lake Victoria Gold Region of Tanzania.

To assist Manjaro in advancing the Project, Latin has agreed to assist in technical matters when and if required.
