GROOTE EYLANDT PROJECT – COMPLENSATION UPDATE

Northern Manganese Limited (**NTM**) advises the market that the Chairman, Mr Doug Daws OAM, has recently had discussions with the Hon Willem Westra van Holthe MLA, Minister for Mines and Resources regarding our Groote Eylandt Project, the subject of the proposed governments 'General Reservation'.

Mr Daws can advise that the Minister has conveyed to him, as your company Chairman, his assurance that this matter is of a high priority to himself, the Government and his departmental officers who are working to try to bring this matter to a close.

NTM certainly looks forward to reaching a settlement with the Government on this project through an agreement on suitable compensation for the surrender of our tenements. However, shareholders can be assured that there will be no surrender of this very valuable Company asset unless, and until, the Company has secured a legally binding agreement.

Mr Daws said "I am encouraged by the recent response provided by the Minister, particularly in respect to his attitude and promise to use his best efforts to try to bring this matter to a resolution. In return, we have promised, and will continue, to offer our total co-operation to work with the government to achieve the same goal."

Lloyd Jones
Managing Director
