BOARDROOM RADIO ON CLARA HILLS JV

Stock Code: PRW, OTCQX Code: P000Y

Proto Resources & Investments Ltd (“Proto”, “the Company”) is pleased to provide an audio broadcast with **Mr Andrew Mortimer, Managing Director** titled “**Proto JV with Victory Mines Gathers Momentum**”. It discusses the recent announcement of nickel discovery at Clara Hills.

The interview addresses the nature of the Proto joint venture with Victory Mines Limited (“Victory Mines”, ASX: VIC) on the Clara Hills nickel-copper-platinum group element project. This sees Proto with a retained stake of over 30% in the project as well as holding over 15% of Victory Mines as a consequence of the project spin-out. In particular, Wednesday saw the results of the first drilling released with nickel intersected in 5 of the 10 holes.

The interview also comments on Proto’s own gold and nickel sulphide drilling at the Mt Vettors project located 30km from Kalgoorlie. Aircore drilling for gold has already commenced with 36 holes to be completed. Reverse Circulation nickel drilling will also soon commence and will target an area 3km south of the Silver Swan nickel mine.
