

Stellar Resources

ASX Announcement

29 May 2013

Change of substantial shareholdings

The board of Stellar Resources acknowledges the departure from its register of former joint venture partner Gippsland Limited with the sale of its 18.4% interest to a long term private investor from Germany. Gippsland retains a production based royalty over the Heemskirk Tin Project that is applied at tin prices in excess of \$25,000 per tonne.

Stellar would like to thank Gippsland Limited for its support in bringing the Heemskirk tin project to the current stage and to wish it well in its future endeavours.

Stellar would also like to acknowledge the support of its new investor who we understand is enthusiastic about the project and keen to see the Heemskirk Tin Project become a producing mine.

Phillip Harman
Chairman
