Response to ASX Query – Appendix 5B

Further to your letter dated 1 November 2013, we confirm the following:

1. In answer to question one of your letter, the answer is “no”.

Takoradi Limited (“Company”) continues to hold approximately \$1.7 million in tradable securities.

The tradable securities relate to the share investment the Company holds in Metminco Limited, an ASX listed mineral exploration company with interests located in South America, specifically Chile and Peru.

The Company has continued to divest certain parcels of shares as and when additional cash flow is required as reported in the Appendix 5B for the quarter.

The Company continues to assess various funding options as an alternative to the abovementioned strategy including other possible asset sales and or joint venture arrangement.

2. Consistent with other junior mineral explorers, the Company expects to have negative operating cash flows in future quarters. Please refer to point 1 for details regarding the steps the Company has taken, to ensure that it has sufficient funds in order to continue its operations.
3. Refer points 1 and 2 above. The Company continues to review its expenditure commitments and cash requirements. The Company continues to maintain its mineral tenements in Ghana and Namibia.

As reported in the Appendix 5B for the quarter, the Company's projects in Ghana and Namibia are currently subject to continuing general exploration activities. The Company is also currently preparing new exploration programs.

4. The Company confirms that it is in compliance with the listing rules and in particular listing rule 3.1.
5. The Company confirms that it continues to adhere with Listing Rule 12.2.

Yours faithfully,
Takoradi Limited

Brendan Jones
Company Secretary

Dear Brendan,

Takoradi Limited (the "Company")

I refer to the Company's Quarterly Report in the form of Appendix 5B for the period ended 30 September 2013, released to ASX Limited ("ASX") on 31 October 2013 (the "Appendix 5B").

ASX notes that the Company has reported the following.

1. Receipts from product sales and related debtors of \$0.
2. Net negative operating cash flows for the quarter of \$-266,000.
3. Cash at end of quarter of \$215,000.

In light of the information contained in the Appendix 5B please respond to each of the following questions.

1. It is possible to conclude on the basis of the information provided that if the Company were to continue to expend cash at the rate for the quarter indicated by the Appendix 5B, taking into account future administration costs, the Company may not have sufficient cash to fund its activities. Is this the case, or are there other factors that should be taken into account in assessing the Company's position?
2. Does the Company expect that in the future it will have negative operating cash flows similar to that reported in the Appendix 5B for the quarter and, if so, what steps has it taken to ensure that it has sufficient funds in order to continue its operations at that rate?
3. What steps has the Company taken, or what steps does it propose to take, to enable it to continue to meet its business objectives?
4. Can the Company confirm that it is in compliance with the listing rules, and in particular, listing rule 3.1?
5. Please comment on the Company's compliance with listing rule 12.2, with reference to the matters discussed in the note to the rule.
