About World Titanium Resources

World Titanium Resources (ASX:WTR) is an Australian listed mineral sands company that owns 100% of the Tier 1 Toliara Sands Project in Madagascar, which includes a Mineral Resource of 959Mt grading 6.10% total heavy mineral (THM) at Ranobe including a 161Mt Mineral Reserve at an average grade of 8.20% THM.

The Toliara Sands Exploration permits at Ranobe, Ankililoaka, Basibasy and Morombe contain a total exploration target in excess of 4,700Mt of mineralisation¹.

¹These Exploration Targets are at an early stage of evaluation, and the potential quantity and grade remain conceptual in nature. At this stage there has been insufficient exploration to define Mineral Resources and it is uncertain if further exploration will result in the determination of Mineral Resources greater than that already defined.
