Appendix 4C-Quarter ended 31 March 2014

IM Medical Limited ("IMI" or the "Company") announced that it had entered into a Merger Implementation Agreement with White Data Limited (White Data) on 19 December 2013. Under the proposed merger IMI will become a specialist data centre management company, focused on the provision of data centre facilities in Australia and the Asia Pacific.

On 31 March 2014 IMI announced that it was continuing the process of finalising key elements of the transaction with White Data, including obtaining construction finance and in securing leasing proposals from anchor tenants for the Brisbane Data Centre. While this process has taken longer than anticipated, White Data has advised IMI that it is in detailed discussions with several anchor tenants, including two major telcos in relation to leasing a significant amount of space for the first stage of the Brisbane Data Centre. Securing anchor tenants is expected to facilitate obtaining construction finance on attractive terms.

IMI is working with the White Data team in order to bring this opportunity to a successful conclusion. The IMI Board is very positive about the benefits of the proposed merger, and the opportunities for the Company as it transitions into the fast-growing data centre management sector.
