Note 2. Significant accounting policies

These general purpose financial statements for the interim half-year reporting period ended 31 December 2013 have been prepared in accordance with Australian Accounting Standard AASB 134 'Interim Financial Reporting' and the Corporations Act 2001, as appropriate for for-profit oriented entities. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 'Interim Financial Reporting'.

These general purpose financial statements do not include all the notes of the type normally included in annual financial statements. Mesa Minerals Limited Notes to the financial statements 31 December 2013

Note 2. Significant accounting policies (continued)

Going concern

The financial statements have been prepared on the going concern basis, which contemplates continuity of normal business activities and the realisation of assets and discharge of liabilities in the normal course of business.

As disclosed in the financial statements, the consolidated entity incurred a loss for the half-year ended 31 December 2013 of \$729,821 and had net cash flows used in operating activities of \$1,680,138. As at 31 December 2013, the consolidated entity had net current liabilities of \$4,873,782 and net liabilities of \$1,651,356.

In considering whether the going concern basis is appropriate for preparing this financial report, the Directors recognise that current levels of working capital may be insufficient to meet its planned and proposed levels of expenditure for the forthcoming year. However, the Directors of the consolidated entity reasonably expect that the necessary funds will be available to the consolidated entity as required and have concluded that the going concern basis is the appropriate basis for preparing the financial statements based on the following key considerations:

- The Directors believe they will be able to access capital markets for further funds if necessary:
- The Directors expect that major shareholders of the consolidated entity will support fund raising activities; and
- As at 31 December 2013, its parent entity, Mineral Resources Limited has provided \$2,649,330 in loan funding, which is disclosed as a current liability in the statement of financial position, to the consolidated entity. Accordingly, the Directors of the consolidated entity reasonably believe it will continue to receive financial support from Mineral Resources Limited, for a period of twelve months from the date of this financial report.

Note 3. Segment reporting

The consolidated entity has identified its operating segments based on the internal management reports that are reviewed and used by the Board of Directors (chief operating decision maker) in assessing performance and determining the allocation of resources.

The consolidated entity operates in one business segment and one geographical segment, namely the exploration, mining, processing and export of manganese ore located in Western Australia.

INDEPENDENT AUDITOR'S REVIEW REPORT TO THE MEMBERS OF MESA MINERALS LIMITED

We have reviewed the accompanying half-year financial report of Mesa Minerals Limited which comprises the statement of financial position as at 31 December 2013, and the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the half-year ended on that date, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration of the consolidated entity comprising the company and the entities it controlled at the half-year end or from time to time during the half-year.

Directors' Responsibility for the Half-Year Financial Report

The directors of the company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such control as the directors determine is necessary to enable the preparation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including: giving a true and fair view of the consolidated entity's financial position as at 31 December 2013 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*. As the auditor of Mesa Minerals Limited, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Independence

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*. We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of Mesa Minerals Limited, would be in the same terms if given to the directors as at the time of this auditor's review report.

Conclusion

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Mesa Minerals Limited is not in accordance with the *Corporations Act 2001*, including:

- (a) giving a true and fair view of the consolidated entity's financial position as at 31 December 2013 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001.
