

Memorandum

To: Market Participants
From: NZX Product Operations
Date: Tuesday, 6 April 2021
Subject: MMH – Removal of NS designation

Message:

NZ RegCo ("RegCo") advises that it has approved the removal of the Non Standard (NS) designation for MMH, at the request of the issuer. MMH has confirmed that it is able to comply in full with all of the NZX Listing Rules and accordingly no longer requires an NS designation.

The removal of the NS designation is effective immediately and will update on nzx.com overnight.

Please contact NZX Product Operations on (64) (4) 496 2853 or productionoperations@nzx.com with any queries.
