# CORPORATE GOVERNANCE STATEMENT

## GOCONNECT LIMITED ACN 089 240 353 AND CONTROLLED ENTITIES

---

The board of directors are responsible for overseeing the corporate governance of GoConnect Limited (“the Company”) and are responsible for setting its major objectives and ensuring the strategic direction of the Company is in the best interests of all shareholders.

The board is first and foremost accountable to provide value to its shareholders through delivery of timely and balanced disclosures.

The board’s governance document has been made publicly available on the Company’s website. This document details the adopted practices and processes in relation to matters reserved for the board’s consideration and decision-making and specifies the level of authorisation provided to other key management personnel (KMP). The board is ultimately responsible for ensuring its actions are in accordance with key corporate governance principles.

The Company has considered and set up a framework for embracing the ASX Corporate Governance Council’s Corporate Governance Principles and Recommendations (“Recommendations”). The board has adopted appropriate corporate governance policies and practices. The Company’s main corporate governance policies are summarised below:

### ***The board composition***

The skills, experience and expertise relevant to the position of each director who is in office at the date of the annual report and their term of office are detailed in the directors’ report.

### ***Board charter and composition***

The board’s composition is determined by all directors pursuant to the Company’s constitution on the following principles:

- the board shall not consist of more than eight directors, with a minimum of three;
- the board may appoint directors either to acquire additional expertise or to fill a vacancy. Non-executive directors bring a fresh perspective to the board’s consideration of strategy, risk and performance matters and are best placed to exercise independent judgement and review and constructively challenge the performance of management;
- the Company shall maintain a mix of directors on the board from different backgrounds with complementary skills and experience;
- the Company shall undertake an annual board performance review and consider the appropriate mix of skills required by the board to maximise its effectiveness and its contribution to the Company;
- the board, being mindful of the resources and the small management team currently available and the unique drive and skill currently required and available to execute the business model of the Company, deemed it appropriate that the Chairman should act as Executive Chairman until such time when it deemed it appropriate to appoint a Chief Executive Officer or Managing Director; and
- the board shall comprise a majority of non-executive directors.

### ***Responsibilities***

The responsibilities of the board include:

- providing strategic guidance to the Company including input into and approval of management’s development of corporate strategy and performance objectives;
- overseeing the operation of the Company, including its operations and accountability systems;
- appointment, performance assessment and, if necessary, removal of the Chief Executive Officer (or Managing Director);
- ratifying the appointment and/or removal, and contributing to the performance assessment of senior management, including the Chief Financial Officer and the Company Secretary;

## GOCONNECT LIMITED ACN 089 240 353 AND CONTROLLED ENTITIES

---

- reviewing and ratifying systems of risk management and internal compliance and control, codes of conduct, and legal compliance;
- monitoring and approving financial and other compliance reporting, and liaison with the Company's auditors;
- monitoring management's implementation of strategy, and ensuring appropriate resources are available; and
- approving and monitoring the progress of major capital expenditure and other significant corporate projects including any acquisitions and divestments.

The responsibilities delegated to senior executives include:

- development of corporate strategy, business plans and performance objectives;
- execution of the above, including development and implementation of systems, procedures and structures;
- management of operations, projects, staff and other resources; and
- reporting on performance.

All senior executives have formal job descriptions and letters of appointment describing their terms of appointment, duties, rights, responsibilities and entitlements on termination. The Executive Chairman reviews the performance of each senior executive at regular intervals according to relevant appropriate yardsticks.

The Corporate Governance Statement containing information on matters reserved for the board, matters delegated to senior executives, and the board charter is available to the public on the Company's corporate web site.

### ***Structure of the board***

The board has been structured to add value to the Company's circumstances.

### ***Directors' independence***

The board has deemed directors to be independent if they are free from any interest and any business or other relationship that could, or could reasonably be perceived to, materially interfere with their ability to act in the best interest of the Company.

Materiality for these purposes is determined on both quantitative and qualitative bases. An amount of over 5% of annual turnover of the Company or Group is considered quantitatively material for these purposes. A transaction of any amount or a relationship is deemed qualitatively material if knowledge of it may impact the shareholders' understanding of the director's performance. In addition, independent directors should hold less than 10% of the Company shares directly and indirectly.

All directors have undertaken to promptly inform the board of any changes in interests that may affect their independence.

In accordance with the above criteria, Philip Chan is considered non-executive independent director of the board.

Recommendation 2.1 states that the board should establish a nomination committee. Recommendation 2.4 requires a majority of the board to be independent directors. Recommendation 2.5 requires that the chairperson should be an independent director and the roles of chairperson and chief executive officer should not be exercised by the same individual. Recommendations 2.1, 2.4, and 2.5 were not followed by the Company during the reporting period. The board considers specific personal expertise and industry experience to be important attributes of board members and mindful of the resources available to the Company, believes that the composition of the board is appropriate given the size and business development of the Company at the present stage.

### ***Performance assessment***

The board undertakes an annual self-assessment of its collective performance and individual directors' performance.

## ***Appointment and retirement of directors***

The appointment and retirement of non-executive directors are determined by the board on a case by case basis and in conformity with all legal requirements. The directors may from time to time appoint one of their members to the office of Managing Director for a period not exceeding 5 years, and subject to the terms on any agreement entered into in any particular case, may revoke any such appointment.

The Company's governing constitution requires that all directors apart from the Managing Director are to be re-elected every three years, and at each annual general meeting at least one-third of all non-executive directors shall retire from office. Where eligible, a director may stand for re-election.

## ***Independent professional advice***

Independence is clearly delineated by the separation of executive and non-executive directors. It is the board's policy that all directors in the exercise of their duties and responsibilities have the right to seek independent professional advice at the Company's expense. Prior consent of the Chairman is required, and professional advice obtained is to be made available to the board.

A Corporate Governance Statement containing information on procedures for the appointment and retirement of directors, assessment of their independence and performance, and provision for independent professional advice is available to the public on the Company's corporate web site.

## ***Code of conduct - Ethical standards***

The Company is committed to the highest standard of business and ethical conduct. The board has adopted a Code of Conduct setting out the standards required for executives, management and employees in the exercise and performance of their duties and responsibilities.

The Code of Conduct provides that all employees are to:

- act in the best interest of the Company;
- act with integrity, fairness and honesty;
- comply with the law;
- avoid conflict of interests;
- maintain confidentiality of the Company's business dealings; and
- be accountable for their own actions.

## ***Equity participation***

The Company encourages directors, employees and related parties to own shares in the Company.

## ***Diversity Policy***

Diversity includes, but is not limited to, gender, age, ethnicity and cultural background. The Company is committed to diversity and recognises the benefits arising from employee and board diversity and the importance of benefiting from all available talent. Accordingly, the Company has established a diversity policy.

This diversity policy outlines requirements for the board to develop measurable objectives for achieving diversity, and annually assess both the objectives and the progress in achieving those objectives. Due to the small number of employee and board, the objectives of the diversity including gender diversity could not be met.

## ***Securities Trading Policy***

The Company's internal control policies require all directors and employees to observe confidentiality of information on negotiations and developments of the Company until announced to the relevant stock exchange. The Company's securities trading policy further provides that directors, employees and related parties should not deal in securities in the Company while in possession of any information which if generally available might have a material effect on the value of such securities. Directors and employees are advised only to deal in the

Company's shares after a reasonable time gap has elapsed following the issue of an announcement to the relevant stock exchange. These requirements are included in the Employee Handbook given to all new employees.

A Corporate Governance Statement containing information on the Company's code of conduct and policy on trading in the Company's securities for directors, senior executives and other employees, is available to the public on the Company's corporate web site.

### ***Audit Committee***

During the financial year ended 30 June 2022, the Audit Committee was chaired by Richard Li, the executive chairman. Due to the small number of directors available, the requirements of Recommendation 4.1 on the number of members and independence of directors on the Audit Committee could not be met.

The charter/principal functions of the Audit Committee are to:

- establish and monitor the effectiveness of internal control procedures;
- review interim and annual financial statements of the Company;
- appoint, remove and review the scope and performance of external auditors;
- review external audit reports against internal risk management practices;
- ensure compliance in financial matters with all legal and regulatory requirements;
- review and monitor internal procedures for compliance with laws, regulations and industry guidelines affecting the Company's businesses;
- liaise with industry groups of which the Company is a member and developing and recommending policies to the board in connection with the Company's role as an industry advocate; and
- monitor changes to the law and regulation of the media and Internet industries and recommending to the board operational and policy responses to such changes.

### ***External auditors***

The Audit Committee meets with the external auditor twice each year in the course of the preparation of the half-year and full year financial reports to ensure that these have been prepared in accordance with the Corporations Act and relevant stock exchange requirements.

The Audit Committee receive from the external auditor each year a statement confirming that the conduct of the audit meets required auditing standards including those on independence and rotation of external audit engagement partners.

The external auditor is requested to attend the annual general meeting and be available to answer shareholder questions about the conduct of the audit and the preparation and content of the audit report.

### ***Corporate reporting***

The Executive Chairman and Chief Financial Officer are required, in relation to annual and half-yearly financial reports, to make the following certifications to the board:

- that the Company's financial reports are complete and present a true and fair view, in all material respects, of the financial condition and operational results of the Company and the consolidated entity and are in accordance with the relevant accounting standards;
- that the above statement (including the Corporations Act S.295A declaration) is founded on a sound system of risk management and internal compliance and control and which implements the policies adopted by the board, and the Company's risk management and internal compliance and control is operating efficiently and effectively in all material respects in relation to financial risk reporting.

### ***Continuous disclosure and shareholder communication***

The Company has established policies and procedures on information disclosure that focus on continuous disclosure of any information concerning the Company and its controlled entities that a reasonable person would expect to have a material effect on the price of the Company's securities. These policies and procedures also

include the arrangements the Company has in place to promote communications with shareholders and encourage effective participation at general meetings.

The Company Secretary has been nominated as the person responsible for communications with the relevant stock exchange. This role includes responsibility for ensuring compliance with the continuous disclosure requirements in relevant stock exchange listing rules and overseeing and co-ordinating information disclosure to relevant stock exchange, analysts, brokers, shareholders, the media and the public.

All information disclosed to the relevant stock exchange is posted on the Company's web site as soon as it is disclosed to the relevant stock exchange. Procedures are established to ensure any information provided to analysts or media during briefings is also immediately released to relevant stock exchange.

All shareholders receive a full copy of the Company's annual report. Other measures to facilitate communication with shareholders include making all Company announcements, media briefings, press releases, details of general meetings, and the annual report for the last year available on the Company's website.

A copy of the Company's Corporate Governance Statement, including policies on continuous disclosure and shareholder communication are posted on the Company's corporate website.

Shareholders are entitled to vote on significant matters impacting on the business, which include the election and remuneration of directors, changes to the constitution and receipt of annual and interim financial statements. Shareholders are strongly encouraged to attend and participate in the Annual General Meetings of the Company, to lodge questions to be responded by the board, and are able to appoint proxies.

### ***Risk management***

The board is primarily responsible for the identification and monitoring of principal risks faced by the business. The Company is continuously undertaking detailed reviews of potential risks in the ever-changing market. The Company has sound internal management control procedures that require regular reporting of the nature of those risks to the board, and practical measures that mitigate against those risks.

A copy of the Company's Corporate Governance Statement, including policies on risk management and internal controls are posted on the Company's corporate website.

### ***Remuneration Policies and Committee***

The Company's policies on remuneration, including entitlements and restrictions under any equity based remuneration schemes, are detailed in the Remuneration Report of the Annual Report to shareholders.

During the financial year ended 30 June 2022, the Remuneration Committee was chaired by Richard Li, the executive chairman. Due to the small number of directors available, the requirements of Recommendation 8.1 on the number of members and independence of directors on the Remuneration Committee could not be met.

The committee reviews the remuneration arrangements for all directors taking into account the range of skills, experience and expertise of the current members, and the resources available to and required by the Company.

The board sets out below its "if not why not" report in relation to those matters of corporate governance where the Company's practices depart from the Recommendations.

### INFORMATION ON COMPANY SECRETARY

# DIRECTORS' REPORT

---

GOCONNECT LIMITED ACN 089 240 353 AND CONTROLLED ENTITIES

---

## Eric Pong

Eric has been involved with accounting, finance and administration of ASX listed public companies throughout his career. He is also the Group Accountant of GoConnect Ltd and Go Green Holdings Ltd group of businesses.

## PRINCIPAL ACTIVITIES

The principal activities of the Consolidated Entity during the reporting period were:

- Development of the business of Go Green Holdings Ltd (“GGH”) in brand marketing product endorsement representation, next generation new media of Virtual Reality (VR) and Augmented Reality (AR), and the plant based meat marketing, branding, and distribution businesses of Natures Food Company Ltd and Natures inspired Food Services Pty Ltd, and development of the business of Covirix Medical Pty Ltd (“Covirix Medical”) for GGH in partnership with a team of healthcare and pharmaceutical professionals.
- The Company applies its expertise in business development, media communications, marketing, and branding, to found and/or co-found businesses which the Company or GGH will hold either a majority or minority stake as investments. To generate trading revenue, the Company disposes of minor stakes in such investments from time to time to generate revenue for the Company. Revenue generated also helps to finance the Company as well as the operating activities of these investments. As the operating activities of these investments commence generating reasonable revenue in their own right, the Company and GGH will receive dividends from these investments.

## REVIEW

The consolidated operating revenue of GoConnect Limited group (“the Group” or “the Company” or “GoConnect”) decreased by 40.07% to \$160,000 for the financial year compared to \$267,000 in the previous year.

The consolidated operating loss after income tax of the Group was \$193,343 for the financial year compared to \$132,797 profit in the previous year. The loss was largely attributable to the reduced revenue from sale of investment as well as unrealized foreign exchange loss of \$103,736 and one-time costs associated with the listing of GoConnect on the NSX of \$58,783. However, since balance date to the date of this report, the Group has generated revenue from sale of investment of \$95,000.

## Review of Operations

### Overview

During the financial year to 30 June 2022, the Company continued to work with its 43.7% owned associate GGH to improve its business and revenue generation. Since early October 2019, when the Company was delisted from the ASX Official List, the Company had been exploring the best way forward to achieve the resumption of trading of the Company shares on a stock exchange alternative to the ASX. The Company’s management worked toward listing the Company’s shares on the NSX during the financial year. NSX listing was achieved during the financial year and GoConnect’s shares have resumed trading on the NSX since 5 January 2022.

During the financial year ended 30 June 2022, GGH continued to make progress in the development of its business. Having secured representation for a wide portfolio of plant based food products from US and Taiwanese producers, GGH’s next major task is to ensure that it can distribute these products successfully worldwide, starting with the markets that GGH and its partners already have trusted relationships with. GGH has established Natures Inspired Food Services Pty Ltd (“Natures Inspired”), a B2C business, as an extension of GGH’s plant based marketing business, delivering plant based ready-to-serve healthy nutritious meals directly to the consumers. GGH has partnered with Taiwan based Nature’s Friend Ltd (“Nature’s Friend”), a company founded in 2019, that specializes in plant based food production and provides total solutions from R&D to manufacturing of plant based food. GGH has entered into an exclusive long term product supply agreement with Nature’s Friend to support the retail food service business of Natures Inspired.

Natures Inspired will initially be offering ready-to-serve healthy and nutritious plant based meals via its online distribution platform [naturesinspired.com](https://naturesinspired.com) directly to customers. A full menu of ready-to-serve meals were jointly developed with our Taiwanese partner Nature's Friend. Discussion continued during the financial year with a number of food processing companies as well as a snack food producer in Australia to partner with Natures Inspired to provide their logistical support to support the sales and distribution of plant based ready-to-serve meals to the Australian market. The business plan of Natures Inspired will be implemented geographically in the order of Australia, Taiwan, Hong Kong, and Mainland China and will include a franchising strategy for these territories. A decision as to which of these Australian companies Natures Inspired will partner with will be made in the current financial year. However, this decision will have to take into account the recent trend of higher shipping and container costs from Taiwan to Australia, and the risk of international supply chain disruptions. Until these issues can be resolved in the short term, it would be difficult to implement the current business plan of Natures Inspired.

A representation agreement that was entered into between GGH, Chris Pang, and Zukaz LLP ("Zukaz Representation Agreement") is expected to deliver substantial value to Chris Pang and GGH in the current financial year ending 30 June 2023 when Zukaz's associated crypto currency Zucoins will finally be listed and traded on 5 major crypto exchanges. Representation fee for the Zukaz Representation Agreement was paid in Zucoins and will be realisable into cash upon the listing of Zucoins. No revenue from the Zucoins fee has been brought to the account of GGH as yet, and not until realization into cash.

The launch of 5G compatible smartphones in 2021, and expected launch of Smart Glasses in 2023 will bring the day for our final development of GoARChat closer to reality during 2023. Upon the launch of the GoARChat communication application, GGH will deploy its own viral communication platform with the ability to target market and brand products to a worldwide user base. The GoARChat communication platform will be unique to GGH and the much talked about Metaverse. The use of such a viral communication platform will only be made possible due to the experience and new media technology expertise of GGH's co-founding shareholder GoConnect.

The Company and GGH will continue to seek business and investment opportunities that will help to improve the health of the environment and that of the human race particularly in light of the Covid pandemic. GGH has teamed up with a team of healthcare and pharmaceutical professionals since early 2020 to establish Covirix Medical Pty Ltd to repurpose antiviral and anti-inflammatory drugs for treatment of Covid-19. While Covirix Medical's current focus is largely on Covid-19 to deliver an effective therapeutic treatment for Covid-19 via the inhalational delivery route, the company believes its treatment solutions with further development will be applicable to a range of respiratory diseases including influenza A & B. Covirix Medical has filed provisional patents for 11 antiviral drug candidates. Of the 11 antivirals, 4 of them are existing regulatory approved for other disease applications. Covirix Medical has initiated virology tests in Australia, the US, and the Netherlands for these antivirals which have returned good activity against variants of SARS CoV-2. A pre-eminent Australian research institute has also shared with the company their successful virology test results on the Alpha strain of SARS CoV-2 for the same drug candidates.

After more than 9 months of planning together with an international Clinical Research Organisation, Covirix Medical is embarking in the coming weeks on a clinical trial program in Nepal and India. The phases 1 + 2 clinical trials will make use of one of the regulatory approved drugs CVX-20733 so as to fast track the approval of the treatment solution. The company has already conducted a series of discussions with the Nepal Medical Research Council and they are very supportive of the clinical trial program.

Covirix Medical is raising between US\$10 to US\$20 million in pre-IPO capital to finance the clinical trials and stock exchange listing expenses. Listing on a major stock exchange is planned for in 2023. GGH holds about 25% of Covirix Medical before the pre-IPO capital raise. Covirix Medical is in advanced discussions with a number of offshore investors on the pre-IPO capital raise.

The Company is continuing to market GGH shares to professional and offshore investors to generate revenue and additional working capital, to reduce liabilities and to finance its expenses. The Company has continued to reduce

its Net External Liabilities (defined as liabilities net of liabilities already discharged by agreement and exclude liabilities related to outstanding director fees and associates). Net External Liabilities totalled \$349,577 as at 30 June 2022 which reflects a more realistic financial position of the Company.

It is expected that net cash flows, to be generated from GGH share sale income less the much reduced overheads and liabilities of the Company relative to the past, and further supported by unused credit facility from Sino Investment Services Pty Ltd ("SISL"), will be more than sufficient to support the Company's cash requirements. the Company's cash flows can be expected to be further improved by GGH's distribution of dividends in the coming months.

### **FUTURE DEVELOPMENT, PROSPECTS AND BUSINESS STRATEGIES**

The Company's primary corporate objective is to establish the company as a strategic investor holding investments in a number of high growth businesses founded and/or co-founded by the Company together with GGH.

Continuing progress is being made of the businesses of GGH. The Company has also derived substantial savings from its reorganization of the past few years. The restructured company is now cost effective, revenue focused, and has been transformed by the substantial asset value and earnings prospects via its holding in GGH.

To improve operating cash flows and maximize shareholder wealth, the Company will focus on the following developments in the next 12 months:

- Developing the AR communication platform of GoARChat in conjunction with GGH;
- Reducing liabilities of the Company so as to be debt free within 12 months;
- Assisting GGH to develop its global plant based business with a focus initially on Australia;
- Further develop the business of GGH, and Covirix Medical to improve the earnings and future dividend flow to the Company.

These developments are expected to deliver positive cash flows and increase enterprise value of the Company.

The outbreak of Covid-19 since 2020 has had a significant impact on world economies and may have an impact on the activities of the Company. However, though the impact on the operations and results of the Company remains uncertain, the Covid-19 pandemic has in fact provided the opportunity for the Group to improve its prospects via the co-founding by GGH of Covirix Medical.

### **MATTERS SUBSEQUENT TO THE END OF THE FINANCIAL YEAR**

Since balance date to the date of this report, the Group has generated revenue from sale of investment of \$95,000.

The Directors are not aware of any other material matters subsequent to the end of the financial year which will impact this report or the operations of the business.

### **FINANCIAL POSITION**

The Consolidated Entity generated an operating loss and but limited positive operating cash flows during the year ended 30 June 2022. The continuing viability of the Consolidated Entity and its ability to continue as a going concern and meet its debts and commitments as they fall due is dependent on it being successful in continuing to achieve positive cash inflow. The Directors believe that the Consolidated Entity will be successful in the above matters and have prepared the financial report on a going concern basis.

\*= Not a member of the relevant committee at the time of the meeting.

## REMUNERATION REPORT

### Directors

The following persons were key management personnel of GoConnect Limited during the financial year:

Richard Li	Chairman – Executive
Kevin Wong	Executive Director
Philip Chan	Non-executive Director

### *Principles used to determine the nature and amount of remuneration*

The principal objectives of the Consolidated Entity's executive reward policies are to ensure reward for performance is competitive and appropriate for the results delivered. The policies seek to align reward with the achievement of strategic targets and the growth of shareholder value. The criteria being used include competitiveness, equitable to shareholders and employees, performance linkage, transparency and capital management. The policies provide for a mix of fixed and variable rewards, blended with long term incentives.

### *Non-executive directors*

Fees and payments to non-executive directors reflect the demands which are made on, and the responsibilities of the directors. Non-executive directors' fees and payments are reviewed annually by the board. Non-executive directors' fees are determined within an aggregate directors' fees pool limit currently at \$250,000, which is periodically recommended for approval by shareholders.

### *Retirement allowances for directors*

The board has not resolved its position on retirement allowances for non-executive directors.

### *Executive pay*

The executive pay and reward framework has three components:

- base pay
- long term incentives through participation in the GoConnect Employee Option Plan, and
- other remuneration such as superannuation.

The combination of these comprises the executive's total remuneration.

### *Base pay*

Structured as a total employment cost package which may be delivered as a mix of cash and prescribed non-financial benefits at the executives' discretion.

There are no guaranteed base pay increases fixed in any senior executives' contracts.

## REMUNERATION REPORT (CONT.)

### *Retirement benefits*

Retirement benefits are delivered by contribution to an approved complying superannuation fund nominated by the executives. Other retirement benefits may be provided directly by the Consolidated Entity if approved by shareholders.

### *Service agreements and details of remuneration*

Remuneration and other terms of employment for the executives are formalised in service agreements. These agreements provide for base salaries, bonuses at directors' discretion, superannuation, other benefits, participation in the GoConnect Employees Option Plan, and termination procedures. These agreements can be terminated by the Consolidated Entity on 3 months' notice or payment in lieu of notice or a combination of both. The agreements may be terminated by the executives on the giving of 3 months' notice.

## REMUNERATION REPORT (CONT.)

Options were granted under the Plans for no consideration.

Options granted under the Plans carry no dividend or voting rights.

When exercisable, each option is convertible into one ordinary share.

Options granted and vested but not exercised prior to the termination or retirement of a director from office, will be cancelled automatically.

Value was attributed to this reporting period on the options granted above using a Black–Scholes pricing model which incorporates all market vesting conditions including:

- the life, vesting condition, non-transferability, and exercise price of the options,
- the current price of the underlying shares,
- the expected volatility of the share price,
- the dividends that can be expected from the shares, and
- the risk free interest rate for the life of the options.

No option holder has any right under the options to participate in any other share issue of the Company or of any other entity.

# NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 30 JUNE 2022

---

## GOCONNECT LIMITED ACN 089 240 353 AND CONTROLLED ENTITIES

---

These consolidated financial statements and notes represent those of GoConnect Limited and controlled entities ('Consolidated Group' or 'Group').

The separate financial statements of the parent entity, GoConnect Limited, have not been presented within this financial report as permitted by the *Corporations Act 2001*.

### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### **New or amended Accounting Standards and Interpretations adopted**

The consolidated entity has adopted all of the new or amended Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period.

Any new or amended Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

#### **Basis of preparation**

These general purpose financial statements have been prepared in accordance with Australian Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') and the Corporations Act 2001, as appropriate for for-profit oriented entities. These financial statements also comply with International Financial Reporting Standards as issued by the International Accounting Standards Board ('IASB').

#### *Historical cost convention*

The financial statements have been prepared under the historical cost convention, except for, where applicable, the revaluation of financial assets and liabilities at fair value through profit or loss, financial assets at fair value through other comprehensive income, investment properties, certain classes of property, plant and equipment and derivative financial instruments.

#### *Critical accounting estimates*

The preparation of the financial statements requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the consolidated entity's accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements, are disclosed in note 1(x).

#### **(a) Parent entity information**

In accordance with the Corporations Act 2001, these financial statements present the results of the consolidated entity only. Supplementary information about the parent entity is disclosed in note 2.

#### **(b) Principles of Consolidation**

The consolidated financial statements incorporate the assets, liabilities and results of entities controlled by GoConnect Limited at the end of the reporting period. A controlled entity is any entity over which GoConnect Limited has the power to govern the financial and operating policies so as to obtain benefits from the entity's activities. The consolidated entity controls an entity when the consolidated entity is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the activities of the entity.

Where controlled entities have entered or left the Group during the year, the financial performance of those entities are included only for the period of the year that they were controlled. A list of controlled entities is

---

contained in Note 21 to the financial statements.

In preparing the consolidated financial statements, all inter-group balances and transactions between entities in the consolidated group have been eliminated on consolidation. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with those adopted by the parent entity.

Non-controlling interests, being the equity in a subsidiary not attributable, directly or indirectly, to a parent, are shown separately within the Equity section of the consolidated Statement of Financial Position and Statement of Comprehensive Income. The non-controlling interests in the net assets comprise their interests at the date of the original business combination and their share of changes in equity since that date.

### (c) Income tax

The income tax expense (benefit) for the year comprises current income tax expense (income) and deferred tax expense (income).

Current income tax expense charged to profit or loss is the tax payable on taxable income. Current tax liabilities (assets) are measured at the amounts expected to be paid to (recovered from) the relevant taxation authority.

Deferred income tax expense reflects movements in deferred tax asset and deferred tax liability balances during the year as well unused tax losses.

Current and deferred income tax expense (income) is charged or credited outside profit or loss when the tax relates to items that are recognised outside profit or loss.

Except for business combinations, no deferred income tax is recognised from the initial recognition of an asset or liability, where there is no effect on accounting or taxable profit or loss.

Deferred tax assets and liabilities are calculated at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled and their measurement also reflects the manner in which management expects to recover or settle the carrying amount of the related asset or liability.

Deferred tax assets relating to temporary differences and unused tax losses are recognised only to the extent that it is probable that future taxable profit will be available against which the benefits of the deferred tax asset can be utilised.

The carrying amount of recognised and unrecognised deferred tax assets are reviewed at each reporting date. Deferred tax assets recognised are reduced to the extent that it is no longer probable that future taxable profits will be available for the carrying amount to be recovered. Previously unrecognised deferred tax assets are recognised to the extent that it is probable that there are future taxable profits available to recover the asset.

Where temporary differences exist in relation to investments in subsidiaries, branches, associates, and joint ventures, deferred tax assets and liabilities are not recognised where the timing of the reversal of the temporary difference can be controlled and it is not probable that the reversal will occur in the foreseeable future.

Current tax assets and liabilities are offset where a legally enforceable right of set-off exists and it is intended that net settlement or simultaneous realisation and settlement of the respective asset and liability will occur. Deferred tax assets and liabilities are offset where: (a) a legally enforceable right of set-off exists; and (b) the deferred tax assets and liabilities relate to income taxes levied by the same taxation authority on either the same taxable entity or different taxable entities where it is intended that net settlement or simultaneous realisation and settlement of the respective asset and liability will occur in future periods in which significant amounts of deferred tax assets or liabilities are expected to be recovered or settled.

### Tax Consolidation

GoConnect Limited and its wholly-owned subsidiaries have formed an income tax consolidated entity under tax consolidation legislation. Each entity in the tax consolidated entity recognises its own current and deferred tax assets and liabilities. Such taxes are measured using the 'stand-alone taxpayer' approach to allocation. Current tax liabilities (assets) and deferred tax assets arising from unused tax losses and tax credits in the subsidiaries are immediately transferred to the head entity. The Group notified the Australian Tax Office that

# NOTES TO THE FINANCIAL STATEMENTS

## GOCONNECT LIMITED ACN 089 240 353 AND CONTROLLED ENTITIES

---

it had formed an income tax consolidated entity to apply from 1 July 2003. The tax consolidated entity has entered a tax funding arrangement whereby each company in the tax consolidated entity contributes to the income tax payable by the Group in proportion to their contribution to the Group's taxable income. Differences between the amounts of net tax assets and liabilities derecognised and the net amounts recognised pursuant to the funding arrangement are recognised as either a contribution by, or distribution to the head entity.

### (d) Financial instruments

#### Recognition and Initial Measurement

Financial assets and financial liabilities are recognised when the entity becomes a party to the contractual provisions to the instrument. For financial assets, this is equivalent to the date that the company commits itself to either the purchase or sale of the asset (i.e. trade date accounting is adopted).

Financial instruments are initially measured at fair value plus transaction costs, except where the instrument is classified 'at fair value through profit or loss', in which case transaction costs are expensed to profit or loss immediately.

#### Classification and Subsequent Measurement

Finance instruments are subsequently measured at either of fair value, amortised cost using the effective interest rate method, or cost.

*Amortised cost* is the amount at which the financial asset or financial liability is measured at initial recognition less principal repayments and any reduction for impairment, and adjusted for any cumulative amortisation of the difference between that initial amount and the maturity amount calculated using the *effective interest method*.

*Fair value* is determined based on current bid prices for all quoted investments. Valuation techniques are applied to determine the fair value for all unlisted securities, including recent arm's length transactions, reference to similar instruments and option pricing models.

*The effective interest method* is used to allocate interest income or interest expense over the relevant period and is equivalent to the rate that discounts estimated future cash payments or receipts (including fees, transaction costs and other premiums or discounts) through the expected life (or when this cannot be reliably predicted, the contractual term) of the financial instrument to the net carrying amount of the financial asset or financial liability. Revisions to expected future net cash flows will necessitate an adjustment to the carrying value with a consequential recognition of an income or expense item in profit or loss.

The Group does not designate any interests in subsidiaries, associates or joint venture entities as being subject to the requirements of Accounting Standards specifically applicable to financial instruments.

#### *i. Loans and receivables*

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market and are subsequently measured at amortised cost.

Loans and receivables are included in current assets, except for those which are not expected to mature within 12 months after the end of the reporting period. (All other loans and receivables are classified as non-current assets.)

#### *ii. Financial liabilities*

Non-derivative financial liabilities (excluding financial guarantees) are subsequently measured at amortised cost.

### **Impairment**

At each reporting date, the Group assesses whether there is objective evidence that a financial instrument has been impaired. Impairment losses are recognised in the statement of comprehensive income.

### **Derecognition**

Financial assets are derecognised where the contractual rights to receipt of cash flows expires or the asset is transferred to another party whereby the entity no longer has any significant continuing involvement in the risks and benefits associated with the asset. Financial liabilities are derecognised where the related obligations are either discharged, cancelled or expired. The difference between the carrying value of the financial liability extinguished or transferred to another party and the fair value of consideration paid, including the transfer of non-cash assets or liabilities assumed, is recognised in profit or loss.

### **(e) Impairment of assets**

At the end of each reporting period, the Group assesses whether there is any indication that an asset may be impaired. The assessment will include the consideration of external and internal sources of information including dividends received from subsidiaries, associate or jointly controlled entities deemed to be out of pre-acquisition profits. If such an indication exists, an impairment test is carried out on the asset by comparing the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, to the asset's carrying value. Any excess of the asset's carrying value over its recoverable amount is expensed to the statement of comprehensive income.

Where it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the cash-generating unit to which the asset belongs.

Impairment testing is performed annually for goodwill and intangible assets with indefinite lives.

### **(f) Investment in associate**

Associate companies are companies in which the Group has significant influence through holding, directly or indirectly, 20% or more of the voting power of the company. Investments in associates are accounted for in the financial statements by applying the equity method of accounting whereby the investment is initially recognised at cost and adjusted thereafter for the post-acquisition change in the Group's share of net assets of the associate company. In addition, the Group's share of the profit or loss of the associate company is included in the Group's profit or loss and the share of the movements in equity is recognised in other comprehensive income.

Any excess of the Group's share of the net fair value of the associate's identifiable assets, liabilities and contingent liabilities over the cost of the investment is excluded from the carrying amount of the investment and is instead included as income in the determination of the investor's share of the associate's profit or loss in the period in which the investment is acquired.

Profits and losses resulting from transactions between the Group and the associate are eliminated to the extent of the relation to the Group's investment in the associate.

When the Group's share of losses in an associate equals or exceeds its interest in the associate, the Group discontinues recognising its share of further losses unless it has incurred legal or constructive obligations or made payments on behalf of the associate. When the associate subsequently makes profits, the Group will resume recognising its share of those profits once its share of the profits equals the share of the losses not recognised.

Details of the Group's investments in associates are shown at Note 11.

### **(g) Foreign currency transactions and balances**

#### **Transactions and balances**

Foreign currency transactions are translated into functional currency using the exchange rates prevailing at the date of the transaction. Foreign currency monetary items are translated at the year-end exchange rate.

# NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 30 JUNE 2022

---

## GOCONNECT LIMITED ACN 089 240 353 AND CONTROLLED ENTITIES

---

Non-monetary items measured at historical cost continue to be carried at the exchange rate at the date of the transaction. Non-monetary items measured at fair value are reported at the exchange rate at the date when fair values were determined.

Exchange differences arising on the translation of monetary items are recognised in profit or loss, except where deferred in equity as a qualifying cash flow or net investment hedge.

### (h) Employee benefits

#### *Short-term employee benefits*

Liabilities for wages and salaries, including non-monetary benefits, annual leave and long service leave expected to be settled wholly within 12 months of the reporting date are measured at the amounts expected to be paid when the liabilities are settled.

#### *Other long-term employee benefits*

The liability for annual leave and long service leave not expected to be settled within 12 months of the reporting date are measured at the present value of expected future payments to be made in respect of services provided by employees up to the reporting date using the projected unit credit method. Consideration is given to expected future wage and salary levels, experience of employee departures and periods of service. Expected future payments are discounted using market yields at the reporting date on corporate bonds with terms to maturity and currency that match, as closely as possible, the estimated future cash outflows.

#### *Defined contribution superannuation expense*

Contributions to defined contribution superannuation plans are expensed in the period in which they are incurred.

### (i) Equity-settled combination

The Group operates equity-settled share-based payment employee share and option schemes. The fair value of the equity to which employees become entitled is measured at grant date and recognised as an expense over the vesting period, with a corresponding increase to an equity account. The fair value of shares is ascertained as the market bid price. The fair value of options is ascertained using a Black–Scholes pricing model which incorporates all market vesting conditions. The number of shares and options expected to vest is reviewed and adjusted at the end of each reporting date such that the amount recognised for services received as consideration for the equity instruments granted shall be based on the number of equity instruments that eventually vest.

### (j) Provisions

Provisions are recognised when the Group has a legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

### (k) Revenue recognition

#### *Revenue from contracts with customers*

Revenue is recognised at an amount that reflects the consideration to which the consolidated entity is expected to be entitled in exchange for transferring goods or services to a customer. For each contract with a customer, the consolidated entity: identifies the contract with a customer; identifies the performance obligations in the contract; determines the transaction price which takes into account estimates of variable consideration and the time value of money; allocates the transaction price to the separate performance

# NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 30 JUNE 2022

---

## GOCONNECT LIMITED ACN 089 240 353 AND CONTROLLED ENTITIES

---

obligations on the basis of the relative stand-alone selling price of each distinct good or service to be delivered; and recognises revenue when or as each performance obligation is satisfied in a manner that depicts the transfer to the customer of the goods or services promised.

Variable consideration within the transaction price, if any, reflects concessions provided to the customer such as discounts, rebates and refunds, any potential bonuses receivable from the customer and any other contingent events. Such estimates are determined using either the 'expected value' or 'most likely amount' method. The measurement of variable consideration is subject to a constraining principle whereby revenue will only be recognised to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur. The measurement constraint continues until the uncertainty associated with the variable consideration is subsequently resolved. Amounts received that are subject to the constraining principle are recognised as a refund liability.

### *Sale of Shares*

Revenue from the disposal of Go Green Holdings' shares are recorded as revenue when the buyer gains control of the shares.

### *Interest*

Interest revenue is recognised as interest accrues using the effective interest method. This is a method of calculating the amortised cost of a financial asset and allocating the interest income over the relevant period using the effective interest rate, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the net carrying amount of the financial asset.

### **(l) Borrowings**

Loans and borrowings are initially recognised at the fair value of the consideration received, net of transaction costs. They are subsequently measured at amortised cost using the effective interest method.

### **(m) Borrowing costs**

Borrowing costs directly attributable to the acquisition, construction or production of assets that necessarily take a substantial period of time to prepare for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

All other borrowing costs are recognised in profit and loss in the period in which they are incurred.

### **(n) Trade and other payables**

These amounts represent liabilities for goods and services provided to the consolidated entity prior to the end of the financial year and which are unpaid. Due to their short-term nature they are measured at amortised cost and are not discounted. The amounts are unsecured and are usually paid within 30 days of recognition.

### **(o) Cash and cash equivalents**

Cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value. For the statement of cash flows presentation purposes, cash and cash equivalents also includes bank overdrafts, which are shown within borrowings in current liabilities on the statement of financial position.

### **(p) Trade and other receivables**

Trade receivables are initially recognised at fair value and subsequently measured at amortised cost using the effective interest method, less any allowance for expected credit losses. Trade receivables are generally due for settlement within 30 days.

The consolidated entity has applied the simplified approach to measuring expected credit losses, which uses a lifetime expected loss allowance. To measure the expected credit losses, trade receivables have been grouped based on days overdue.

# NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 30 JUNE 2022

---

## GOCONNECT LIMITED ACN 089 240 353 AND CONTROLLED ENTITIES

---

Other receivables are recognised at amortised cost, less any allowance for expected credit losses.

**(q) Issued Capital**

Ordinary shares are classified as equity.

Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

**(r) Earnings per share**

*Basic earnings per share*

Basic earnings per share is calculated by dividing the profit attributable to the owners of Pinnacle Listed Comprehensive Limited, excluding any costs of servicing equity other than ordinary shares, by the weighted average number of ordinary shares outstanding during the financial year, adjusted for bonus elements in ordinary shares issued during the financial year.

*Diluted earnings per share*

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account the after income tax effect of interest and other financing costs associated with dilutive potential ordinary shares and the weighted average number of shares assumed to have been issued for no consideration in relation to dilutive potential ordinary shares.

**(s) Goods and Services Tax (GST)**

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of the amount of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with other receivables or payables in the statement of financial position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows included in receipts from customers or payments to suppliers.

**(t) Comparative figures**

Where required by accounting standards, comparative figures have been adjusted to conform to changes in presentation for the current financial year.

When the Group applies an accounting policy retrospectively, makes a retrospective restatement or reclassifies items in its financial statements, a statement of financial position as at the beginning of the earliest comparative period will be disclosed.

**(u) Going concern**

The financial statements have been prepared on the going concern basis, which contemplates continuity of normal business activities and the realisation of assets and discharge of liabilities in the normal course of business.

As disclosed in the financial statements, as at 30 June 2022 the consolidated entity had cash balances of \$3,356 (2021: \$88,264), net current liabilities of \$1,650,499 (2021: 1,429,068) and net liabilities of \$2,214,943 (2021: \$2,821,600).

These factors indicate a material uncertainty which may cast significant doubt as to whether the Consolidated Entity will continue as a going concern and therefore whether it will realise its assets and extinguish its liabilities in the normal course of business and at amounts stated in the annual report.

# NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 30 JUNE 2022

---

## GOCONNECT LIMITED ACN 089 240 353 AND CONTROLLED ENTITIES

---

The Directors believe that there are reasonable grounds to believe that the Consolidated Entity will be able to continue as going concern, after consideration of the following factors:

- As disclosed in note 13, the Consolidated Entity has a loan of \$337,148 (2021: \$1,160,648) owing to a related party. The Consolidated Entity has received confirmation from the related party that the amount outstanding at 30 June 2022 will not be called upon in the 12 months from date of signing this annual report.
- The Consolidated Entity has prepared budgets and cash flow forecasts for the next 12 months from the date of this report which indicate the Consolidated Entity will have a positive cash balance during this period. The Consolidated Entity has in total 96,121,168 shares in GGH, representing 43.70 per cent of GGH as at the date of this report. The budgets and cash flow forecasts include proceeds from sale of shares and dividend revenue.

The Directors believe the forecast dividends and share sales will be achieved and accordingly, believe that the Consolidated Entity will be able to continue as a going concern and that it is appropriate to adopt the going concern basis in the preparation of the annual report.

The annual report does not include any adjustments relating to the amounts or classification of recorded assets or liabilities that might be necessary if the Consolidated Entity does not continue as a going concern.

### (v) Current and non-current classification

Assets and liabilities are presented in the statement of financial position based on current and non-current classification.

An asset is classified as current when: it is either expected to be realised or intended to be sold or consumed in the consolidated entity's normal operating cycle; it is held primarily for the purpose of trading; it is expected to be realised within 12 months after the reporting period; or the asset is cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least 12 months after the reporting period. All other assets are classified as non-current.

A liability is classified as current when: it is either expected to be settled in the consolidated entity's normal operating cycle; it is held primarily for the purpose of trading; it is due to be settled within 12 months after the reporting period; or there is no unconditional right to defer the settlement of the liability for at least 12 months after the reporting period. All other liabilities are classified as non-current.

Deferred tax assets and liabilities are always classified as non-current.

### (w) Critical Accounting Estimates and Judgments

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts in the financial statements. Management continually evaluates its judgements and estimates in relation to assets, liabilities, contingent liabilities, revenue and expenses. Management bases its judgements, estimates and assumptions on historical experience and on other various factors, including expectations of future events, management believes to be reasonable under the circumstances. The resulting accounting judgements and estimates will seldom equal the related actual results. The judgements, estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities (refer to the respective notes) within the next financial year are discussed below.

### 9. TRADE AND OTHER RECEIVABLES (CONTINUED)

The Group has no significant concentration of credit risk with respect to any single counter party or group of counter parties other than those receivables specifically provided for and mentioned within Note 9. The class of assets described as Trade and other receivables is considered to be the main source of credit risk related to the Group.

On a geographical basis, the Group has significant credit risk exposures in Australia only.

The following table details the Group's trade and other receivables exposed to credit risk (prior to collateral and other credit enhancements) with ageing analysis and impairment provided for thereon. Amounts are considered as 'past due' when the debt has not been settled, with the terms and conditions agreed between the Group and the customer or counter party to the transaction. Receivables that are past due are assessed for impairment by ascertaining solvency of the debtors and are provided for where there are specific circumstances indicating that the debt may not be fully repaid to the Group.

The balances of receivables that remain within initial trade terms (as detailed in the table) are considered to be of high credit quality.

#### Capital Management

Management controls the capital of the Consolidated Entity in order to ensure that the group can fund its operations and continue as a going concern.

The Consolidated Entity's debt and capital include ordinary share capital and long term loan from the related parties, supported by financial assets.

There are no externally imposed capital requirements.

Management effectively manages the group's capital by assessing the group's financial risks and adjusting its capital structure in response to changes in these risks and in the market.

These include the management of debt levels, plan to generate surpluses from operations, plan to realise the value of investments in associated entities and the issue of new shares.

There have been no changes in the strategy adopted by management to control the capital of the Consolidated Entity since the prior year.

Considering the equity position of the Consolidated Entity as at 30 June 2022 and 30 June 2021, gearing ratios have not been calculated.

### 17. SHARE-BASED PAYMENTS

The following share-based payment arrangements existed at 30 June 2022:

On 1 February 2021, 70,000,000 options previously approved by shareholders were formally granted by the board to GoConnect directors and senior management, to take up ordinary shares at an exercise price of \$0.02 each. The options vested on 1 February 2021 and can be exercised on or before 1 February 2026. The options hold no voting or dividend rights.

On 20 November 2017, 22,000,000 options were granted to GoConnect directors and senior management, to take up ordinary shares at an exercise price of \$0.02 each. The options vested on 20 November 2017 and can be exercised on or before 20 November 2022. The options hold no voting or dividend rights.

All options granted are for ordinary shares in GoConnect Limited, which confer a right of one ordinary share for every option held. Options granted to directors and vested but not exercised will be automatically cancelled upon the resignation or retirement of the directors.

40 million options were exercised on 6 January 2022, leaving a balance of 52 million options available to be exercised at balance date.

A summary of the movements of all listed company options issued is as follows:

	2022		2021

### 18. FINANCIAL RISK MANAGEMENT

The Group's financial instruments consist mainly of deposits with banks, accounts receivable and payable loans to and from related parties.

The totals for each category of financial instruments, measured in accordance with AASB 139 as detailed in the accounting policies to these financial statements, are as follows:

	Note	Consolidated Group 2022 \$	2021 \$
<b>Financial Assets</b>

		<u>2,330,434</u>	<u>3,032,611</u>

All financial instruments carried by the Group are subsequently at amortized costs.

#### Financial Risk Management Policies

The main purpose of non-derivative financial instruments is to raise finance for operations.

Derivatives are not used by the Group. The Group does not speculate in the trading of derivative instruments. Senior management meets with members of the Board of Directors regularly to evaluate treasury management strategies and financial risks in the context of recent economic conditions and forecasts.

The Consolidated Entity manages exposure to fluctuations in foreign currencies by minimizing transactions, assets and liabilities in foreign currencies.

The Consolidated Entity manages liquidity risk by monitoring forecast cash flows and ensuring that it has access to adequate new capital and borrowing facilities when required.

The maximum exposure to credit risk, excluding the value of any collateral or other security, at balance date to recognized financial assets, is the carrying amount, net of any provisions for impairment of those assets, as disclosed in the statement of financial position and notes to the financial statements.

The Consolidated Entity does not have any material credit risk exposure to any single receivable or group of receivables under financial instruments entered into by the Consolidated Entity.

#### Specific Financial Risk Exposures and Management

The main risks the Group is exposed to through its financial instruments are interest rate risk, liquidity risk and credit risk.

##### a. Interest rate risk

Exposure to interest rate risk arises on financial assets and financial liabilities recognised at reporting date whereby a future change in interest rates will affect future cash flows. The Group is also exposed to earnings volatility on floating rate instruments.

Interest rate risk of the Group is not a significant risk and interest rate swaps are not used.

# NOTES TO THE FINANCIAL STATEMENTS

## GOCONNECT LIMITED ACN 089 240 353 AND CONTROLLED ENTITIES

### 18. FINANCIAL RISK MANAGEMENT (CONTINUED)

The net effective variable interest rate borrowings (i.e. unhedged debt) exposes the Group to interest rate risk which will impact future cash flows and interest charges and is indicated by the following floating interest rate financial liabilities:

	Note	Consolidated Group 2022 \$	2021 \$
<b>Floating rate instruments</b>			
Borrowings	13	337,148	1,160,648

#### b. Liquidity risk

Liquidity risk arises from the possibility that the Group might encounter difficulty in settling its debts or otherwise meeting its obligations related to financial liabilities. The Group manages this risk through the following mechanisms:

- preparing forward looking cash flow analysis in relation to its operational, investing and financing activities
- monitoring undrawn credit facilities
- obtaining funding from a variety of sources
- managing credit risk related to financial assets
- investing only in surplus cash with major financial institutions
- comparing the maturity profile of financial liabilities with the realisation profile of financial assets

The Group's policy is to ensure no more than 10% of borrowings should mature in any 12-month period.

The tables below reflect an undiscounted contractual maturity analysis for financial liabilities.

Cash flows realised from financial assets reflect management's expectation as to the timing of realisation. Actual timing may therefore differ from that disclosed. The timing of cash flows presented in the table to settle financial liabilities reflects the earliest contractual settlement dates and does not reflect management's expectations that banking facilities will be rolled forward.

### 18. FINANCIAL RISK MANAGEMENT (CONTINUED)

#### c. Credit risk

Exposure to credit risk relating to financial assets arises from the potential non-performance by counter parties to contract obligations that could lead to a financial loss to the Group.

Credit risk is managed through the maintenance of procedures (such procedures include the utilisation of systems for the approval, granting and renewal of credit limits, regular monitoring of exposures against such limits and monitoring of the financial stability of significant customers and counter parties), ensuring to the extent possible, that customers and counter parties to transactions are of sound credit worthiness. Such monitoring is used in assessing receivables for impairment. Credit terms are generally 7 to 30 days from the invoice date.

Risk is also minimised through investing surplus funds in financial institutions that maintain a high credit rating. Where the Group is unable to ascertain a satisfactory credit risk profile in relation to a customer or counter party, payment is required prior to delivery of goods and/or services.

#### *Credit Risk Exposures*

The maximum exposure to credit risk by class of recognised financial assets at balance date, excluding the value of any collateral or other security held, is equivalent to the carrying value and classification of those financial assets (net of any provisions) as presented in the statement of financial position.

The Group has no significant concentration of credit risk with any single counter party or group of counter parties.

Trade and other receivables that are neither past due or impaired are considered to be of high credit quality. Aggregates of such amounts are as detailed at Note 9.

Credit risk related to balances with banks and other financial institutions is managed by senior management in accordance with approved Board policy. Such policy requires that surplus funds are only invested with counter parties with a Standard & Poor's rating of at least AA.

The following table provides information regarding credit risk relating to cash and money market securities based on Standard & Poor's counter party credit ratings.

#### **Fair Values**

##### Fair value estimation

The fair values of financial assets and financial liabilities are presented in the following table and can be compared to their carrying values as presented in the statement of financial position. Fair values are those amounts at which an asset could be exchanged, or a liability settled, between knowledgeable, willing parties in an arm's length transaction.

The fair values disclosed in the above table have been determined based on the following methodologies:

Cash and cash equivalents, trade and other receivables, royalty advances and trade and other payables are short-term instruments in nature whose carrying value is equivalent to fair value. Trade and other payables exclude amounts provided for relating to annual leave which is not considered a financial instrument.

Fair values are determined using a discounted cash flow model incorporating current commercial borrowing rates. The fair values of fixed rate bank debt will differ to the carrying values.

### Financial Instruments Measured at Fair Value through Profit or Loss

The Group does not have any financial instruments measured at fair value through profit or loss.

### Sensitivity Analysis

The following table illustrates sensitivities to the Group's exposure to changes in interest rates. The table indicates the impact on how profit and equity values reported at balance date would have been affected by changes in the relevant risk variable that management considers to be reasonably possible. These sensitivities assume that the movement in a particular variable is independent of other variables.

## INDEPENDENT AUDITOR'S REPORT To the Members of GoConnect Limited

### Opinion

We have audited the financial report of GoConnect Limited ("the Company") and its subsidiaries ("the Group"), which comprises the consolidated statement of financial position as at 30 June 2022, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies, and the directors' declaration.

In our opinion the accompanying financial report of the Group is in accordance with the *Corporations Act 2001*, including:

- (i) giving a true and fair view of the Group's financial position as at 30 June 2022 and of its financial performance for the year then ended; and
- (ii) complying with Australian Accounting Standards and the *Corporations Regulations 2001*.

### Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the Group in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of the Company, would be in the same terms if given to the directors as at the time of this auditor's report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Material Uncertainty Related to Going Concern

Without modifying our opinion, we draw attention to Note 1(u) in the financial report, which indicates that the Group had cash balances of \$3,356 (2021: \$88,264), net current liabilities of \$1,650,499 (2021: \$1,429,068 net current liabilities), and net liabilities of \$2,214,943 (2021: 2,821,600 net liabilities). As stated in Note 1(u), these events or conditions, along with other matters as set forth in Note 1(u), indicate that a material uncertainty exists that may cast significant doubt on the Group's ability to continue as a going concern.

## **Key Audit Matters**

Except for the matter described in the Material Uncertainty Related to Going Concern section, we have determined that there are no other key audit matters to communicate in our report.

## **Other Information**

The directors are responsible for the other information. The other information comprises the information included in the Group's annual report for the year ended 30 June 2022 but does not include the financial report and the auditor's report thereon.

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

## **Responsibilities of the Directors for the Financial Report**

The directors of the Company are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the directors are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

## **Auditor's Responsibilities for the Audit of the Financial Report**

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

A further description of our responsibilities for the audit of the financial report is located at the Auditing and Assurance Standards Board website at:

[https://www.auasb.gov.au/admin/file/content102/c3/ar2\\_2020.pdf](https://www.auasb.gov.au/admin/file/content102/c3/ar2_2020.pdf)

This description forms part of our auditor's report.

**Report on the Remuneration Report***Opinion on the Remuneration Report*

We have audited the Remuneration Report included within the directors' report for the year ended 30 June 2022.

In our opinion, the Remuneration Report of GoConnect Limited., for the year ended 30 June 2022, complies with section 300A of the Corporations Act 2001.

*Responsibilities*

The directors of the Company are responsible for the preparation and presentation of the Remuneration Report in accordance with section 300A of the Corporations Act 2001. Our responsibility is to express an opinion on the Remuneration Report, based on our audit conducted in accordance with Australian Auditing Standards.
