EXPLANATORY STATEMENT

This Explanatory Statement has been prepared to provide information that the Directors believe to be material to Shareholders in deciding whether to pass the Resolutions that are the subject of the business of the Meeting.

1. FINANCIAL STATEMENTS AND REPORTS

In accordance with the Constitution, the business of the Meeting will include receipt and consideration of the annual financial report of the Company for the financial year ended 31 December 2024 together with the declaration of the directors, the Directors' Report, the Remuneration Report and the auditor's report.

The Company will not provide a hard copy of the Company's annual financial report to Shareholders unless specifically requested to do so. The Company's annual financial report is available on NSX website <https://www.beronigroup.com/financial-information/> or by contacting the Company on +61 (8) 9486 4036.

2. RESOLUTION 1 – ADOPTION OF REMUNERATION REPORT

2.1 General

The Corporations Act requires that at a listed company's annual general meeting, a resolution that the remuneration report be adopted must be put to the shareholders. However, such a resolution is advisory only and does not bind the company or the directors of the company.

The Remuneration Report sets out the Company's remuneration arrangements for the directors and senior management of the Company. The Remuneration Report is as attached to the 2024 Annual Report.

The Chair of the meeting will allow a reasonable opportunity for Shareholders to ask questions about or make comments on the Remuneration Report at the Meeting.

2.2 Voting consequences

Under changes to the Corporations Act which came into effect on 1 July 2011, a company is required to put to its shareholders a resolution proposing the calling of another meeting of shareholders to consider the appointment of directors of the company (other than the managing director) who were in office at the date of approval of the applicable directors' report (**Spill Resolution**) if, at consecutive annual general meetings, at least 25% of the votes cast on a remuneration report resolution are voted against adoption of the remuneration report and at the first of those annual general meetings a Spill Resolution was not put to vote. If required, the Spill Resolution must be put to vote at the second of those annual general meetings.

If more than 50% of votes cast are in favour of the Spill Resolution, the company must convene a shareholder meeting (**Spill Meeting**) within 90 days of the second annual general meeting.

All of the directors of the company who were in office when the directors' report (as included in the company's annual financial report for the most recent financial year) was approved, other than the managing director of the company, will cease to hold office immediately before the end of the Spill Meeting but may stand for re-election at the Spill Meeting.

Following the Spill Meeting those persons whose election or re-election as directors of the company is approved will be the directors of the company.

The Company's shareholders have approved the Remuneration Report at each previous annual general meeting. A Spill Resolution will not be required at this Annually General Meeting as the votes against the Remuneration Report at the Company's previous annual general meeting were less than 25%.

The Chair intends to cast all undirected proxies in favour of Resolution 1. If the Chair of the Meeting is appointed as your proxy and you have not specified the way the Chair is to vote on Resolution 1, by signing and returning the Proxy Form, you are considered to have provided the Chair with an express authorisation for the Chair to vote the proxy in accordance with the Chair's intention.

A Director who retires or whose office is vacated under this Constitution will be eligible for election or re-election to the Board.

The Company currently has six (6) Directors and accordingly two (2) must retire.

Mr Libing Guo

Mr Libing Guo, the Director with longest in office since his last election, retires by rotation and seeks re-election..

Details of Mr Guo's background and experience are set out in the Annual Report.

The Board (other than Mr Guo) unanimously supports the re-election of Mr Guo as a director and recommends that Shareholders vote in favour of Resolution 2.

Mr Chen Chik (Nicholas) Ong

Mr Chen Chik (Nicholas) Ong, the Director with the longest in office since his last election, retires by rotation and seeks re-election.

Details of Mr Ong's background and experience are set out in the Annual Report.

The Board (other than Mr Ong) unanimously supports the re-election of Mr Ong as a director and recommends that Shareholders vote in favour of Resolution 3.

4. RESOLUTION 4 – ISSUE OF SHARES TO EMPLOYEES AND SCIENTISTS

Resolution 4 seeks Shareholder approval for the Board to issue up to 2,560,000 fully paid ordinary shares in the Company at a deemed issue price of \$2.12 per share, to employees and scientists of the Company (**Employee Shares**).

The purpose of the issue of Employee Shares is to reward them for their performance for the past financial year.

In accordance with NSX Listing Rule 6.25, Shareholder approval is sought to permit the Company to issue up to 2,560,000 Employee Shares at a deemed issue price of \$2.12 per share. If Shareholders approve Resolution 5, the Employee Shares to be issued by the Company will not be included in the Company's 15% annual capacity for the purposes of NSX Listing Rule 6.25.

The following information is provided to Shareholders for the purposes of Listing Rule 6.25:

Corporations Act includes a director of the Company. “Financial Benefit” has a broad meaning and includes the issue of securities by a public company.

The proposed offer of Shares to Related Parties (or their nominees) will form part of their remuneration package. Given the circumstances of the Company and the Directors, the Directors consider that the proposed grant of Shares would constitute reasonable remuneration. Notwithstanding this, the Board has resolved that the Company should also seek Shareholder approval pursuant to Chapter 2E of the Corporations Act as a matter of good corporate governance.

6. RESOLUTIONS 8- WITHDRAWAL OF LISTING ON NSX

6.1 General

Resolution 8 is a special resolution to authorise the Directors to withdraw the Company's listing on the NSX.

6.2 Overview of the NSX delisting proposal

As announced by the Company on 22 December 2021, the Company filed a Registration Statement with the SEC and applied to list on Nasdaq.

As stated in the notice of meeting dated 27 June 2022 and 21 April 2023, the Board believes that the Company's growth plans require capital beyond the Company's current capabilities as an NSX listed entity, given the listing on NSX has provided very minimal liquidity for the Company's Shares.

The Board considers that the proposed Nasdaq Listing is in the best interests of the Company's Shareholders as it provides greater access to equity capital.

Key advantages of the Nasdaq Listing include:

- greater ability for the Company to expand its Shareholder base by creating improved marketability and liquidity of the Company's Securities;
- improved access to equity capital markets, prospective investors and fundraising opportunities to support its growth plans; and
- potential to improve the Company's public recognition, commercial standing and investor profile.

6.3 Inability to maintain NSX Listing if Shares listed on Nasdaq

Due to the regulatory requirements associated with the maintenance of a register for a security registered with the SEC, which shall be imposed on the Company and a registrar in Australia, it is not possible for the Company to be dual listed on the NSX and Nasdaq in the Company's circumstances.

Section 17A(c) of the Securities Exchange Act of 1934 requires that transfer agents be registered with the SEC. If the Company's Shares are listed on Nasdaq and are registered with the SEC, only an SEC registered transfer agent may maintain all or part of the Company's share register. This includes a share register managed in Australia. As registrars in Australia are not SEC registered, the Company is required to delist from the NSX before any Nasdaq listing with all Shareholders being automatically repositioned onto the US branch share register, to be managed by Computershare Trust Company N.A, the Company's US Transfer Agent.

All Shares will be repositioned to the US branch share register as part of the delisting process.

Each shareholder will be provided with instructions from the Company's exchange agent. Common items each shareholder will be required to provide include, but are not limited to: a completed IRS Form W-9 or W-8BEN (or IRS Form W-8) as applicable, certificates, if any, representing the securities being exchanged, an original stock power and an accredited investor questionnaire.

On the US branch share register, a Shareholder's Shares will be registered directly in the same name(s) as they were recorded on the Australian principal share register, and be held in uncertificated form (i.e. book entry) through the Direct Registration System (**DRS**), being a similar format to issuer sponsorship in Australia.

Shareholders will be sent, by post, a DRS advice, confirming their shareholding and new Holder Account Number.

For the Shares held in DRS form, if a Shareholder has a US broker and wishes to deposit their Shares into their broker account within DTC (the US central securities depository, equivalent to CHESS in Australia), the Shareholder will be required to provide their nominated US broker with the following information as displayed on their DRS advice:

- Holder Account Number;
- registration details; and
- share balance,
- US Tax ID number if applicable

their US broker, can then draw these Shares electronically into their custody account.

Alternatively, Shareholders who wish to transact in their Shares, may apply to Computershare US to use its DRS trading facility for any unrestricted shares, where valid trading instructions will be conducted on Nasdaq.

Separately to the process above relating to Shares, following [the](#) Delisting, the Options and Convertible Notes will be maintained on the Company's in-house register and not by the US Transfer Agent.

Accordingly, Shareholder approval is sought for the voluntary withdrawal of the Company's listing from NSX (**NSX Delisting**) in anticipation of receiving approval from Nasdaq to list on Nasdaq.

6.4 Timing and risk

The Company intends to delist before listing on Nasdaq. As Nasdaq does not provide conditional approval for listing in the ordinary course, there is a risk that the Company could delist from the NSX in anticipation of listing on Nasdaq but not achieve listing. This would mean that Shareholders would hold their securities in an unlisted company and therefore be unable to trade on either the NSX or the OTC.

The Directors intend to mitigate this risk and propose to implement the delisting from the NSX only when the Nasdaq listing is reasonably certain.

In the event that the Company delists from the NSX and its Nasdaq listing does not for any reason proceed, the Company intends to seek an alternative listing on other U.S. stock exchanges such as the NYSE America (formerly known as the American Stock Exchange) or international stock exchanges in Hong Kong, London or Frankfurt.

6.5 NSX Listing Rule Requirements

NSX Listing Rule 2.25 (Section 2A) requires, among other things, that an entity seeking to withdraw its listing on NSX obtain the approval of three quarters (3/4) of each class of its listed securities at a general meeting (i.e. a special resolution). Accordingly, the NSX Delisting will not be implemented unless at least 75% of votes cast by Shareholders eligible to vote are in favour of Resolution 8.

Further, NSX Listing Rule 2.25 (Section 2A) requires an entity to give NSX 90 days prior written notice of the proposed withdrawal of listing. NSX has confirmed that this requirement has been met.

6.6 Indicative timetable

The indicative timetable for the NSX Delisting is as per the following. Any change to the key dates will be announced to the NSX.

Shareholders should understand that the timing of certain steps in the timetable, specifically delisting and listing related steps is not within the Company's control and may change to accommodate Nasdaq listing requirements.

* Shareholders holding unrestricted Shares on the US Register are expected to be able to trade their Shares upon the commencement of trading on Nasdaq or otherwise as soon as practicable thereafter.

To the extent permitted by the NSX, it is the Company's intention to remain trading until BTG is officially delisted from the NSX and listed on NASDAQ.

6.7 Other Material information

(a) Securities Act Rule 144

Federal securities laws may deem certain securities as restricted or control securities. Under US federal securities laws, all offers and sales of securities must be registered with the SEC or qualify for some exemption from the registration requirements.

All of the shares sold into the Nasdaq Listing will be freely transferable in the United States by persons other than "affiliates," as that term is defined in Rule 144 under the Securities Act.

Accordingly, an “affiliate” of an issuer is a person that directly, or indirectly through one or more intermediaries, controls, or is controlled by, or is under common control with, the issuer. Shares purchased by an affiliate may not be resold, except pursuant to an effective registration statement or an exemption from registration, including Rule 144 under the Securities Act (as described below).

It is anticipated that all of the directors, executive officers and shareholders who beneficially own one percent or more of the Company’s Shares will agree with the Underwriter not to, without the prior consent of the Underwriter’s representatives, for a period of 12 months in the case of officers and directors and 270 days in the case of Shareholders, following the date of effectiveness of the Form S-1, offer, sell, contract to sell, pledge, grant any option to purchase, purchase any option or contract to sell, right or warrant to purchase, make any short sale, file a registration statement (other than a registration statement on Form S-8) with respect to, or otherwise dispose of (including entering into any swap or other arrangement that transfers to another, in whole or in part, any of the economic consequence of ownership interests) any Shares or any securities that are convertible into or exchangeable for, or that represent the right to receive, Shares or any substantially similar securities (other than pursuant to employee share option plans existing on, or upon the conversion or exchange of convertible or exchangeable securities outstanding.

All of the Company’s Shares outstanding prior to the Nasdaq listing are “restricted shares” as that term is defined in Rule 144 under the Securities Act and may be sold publicly in the United States only if they are subject to an effective registration statement under the Securities Act or pursuant to an exemption from the registration requirements. Under Rule 144 as currently in effect, a person who has beneficially owned the Company’s restricted shares for at least six months is generally entitled to sell the restricted securities without registration under the Securities Act beginning 90 days after the date of effectiveness of the registration statement, subject to certain additional restrictions.

The Company’s affiliates are subject to additional restrictions under Rule 144. Affiliates may only sell a number of restricted shares within any three-month period that does not exceed the greater of the following:

- 1% of the then outstanding Ordinary Shares; or
- the average weekly trading volume of the Ordinary Shares on Nasdaq during the four calendar weeks preceding the date on which notice of the sale is filed with the SEC

Affiliates who sell restricted securities under Rule 144 may not solicit orders or arrange for the solicitation of orders, and they are also subject to notice requirements and the availability of current public information about the Company.

Persons who are not affiliates are only subject to one of these additional restrictions, the requirement of the availability of current public information about the Company, and this additional restriction does not apply if they have beneficially owned the Company’s restricted shares for more than one year.

(b) Rule 701

In general, under Rule 701 of the Securities Act as currently in effect, each of the Company’s employees, consultants or advisors who purchases the Company’s Shares in connection with a compensatory stock or option plan or other written agreement relating to compensation is eligible to resell such Ordinary Shares 90 days after the Company becomes a reporting company under the Exchange Act in reliance on Rule 144, but without compliance with some of the restrictions, including the holding period, contained in Rule 144.

(c) No other information

There is no other information considered by the Board as material to the making of a decision by a Shareholder as to whether or not to approve Resolution 10 (being information that is known to any of the Directors and which has not been previously disclosed to Shareholders) other than as disclosed in this Explanatory Statement.

6.8 Board Recommendation

The Directors unanimously recommend that Shareholders vote in favour of Resolution 8 for the reasons outlined in this Explanatory Statement.

7. RESOLUTIONS 9 – 11: ISSUE OF SECURITIES IN THE COMPANY

8.1 Background

Resolution 9 seeks Shareholder approval for the Company to issue up to 10,000,000 Shares at an issue price of no less than US\$4 for the purpose of the Company's IPO listing on Nasdaq. Funds raised from the issue will provide the Company with working capital to fund its clinical trials and business developments.

As at the date of this Notice, the pricing of the Nasdaq Public Offering and amount to be raised has not been determined and is not expected to be determined until just before listing. Therefore, the actual number of shares to be issued cannot yet be determined. The number of Shares proposed to be issued for the purpose of the Nasdaq Public Offering and issue price of those shares will be determined by the Company in conjunction with the Underwriter following the effectuation of a consolidation of the Company's Shares and with regard to market conditions. Whilst approval for a maximum number of 10,000,000 Shares is sought, the actual number of Shares issued could be less than this. If the issue price is greater than the minimum issue price of US\$4 per Share then less Shares are likely to be issued.

As at the date of this Notice, the Registration Statement is not yet effective and whilst the Company's application for listing is progressing, it will not be determined until, among other things, pricing of the offer. The Board has already done a consolidation in 2023 in order to meet the Nasdaq listing requirements for a minimum offer price of USD4.

To facilitate the Company's proposed Nasdaq listing, the Company seeks shareholder approval for the issue of a maximum number of Shares at a minimum issue price of USD4 for the purpose of the Nasdaq Public Offering.

The Company intends to issue the Securities the subject of Resolutions 9 and 10 to the Underwriter for the purpose of selling the Shares to subscribers under the prospectus. As at the date of this Notice, the proposed underwriting agreement has not been executed. The material terms of the underwriting agreement will be announced to the market upon execution. The Company anticipates that the material terms of the underwriting agreement will include an **Underwriter Over-Allotment Option** exercisable within 45 days after the date of the Prospectus to purchase additional shares equal to 15% of the total number of Shares sold into the Nasdaq Public Offering at the Nasdaq Public Offering issue price for the purpose of over allotments (if any) less underwriting discounts and commissions (Resolution 10);

As at the date of this Notice, the Company is unable to estimate the number of Shares that may be issued as a result of the Underwriter Over-Allotment Option as the terms of the underwriting agreement are not finalised, the total offering amount is not yet determined and the number of Shares sold into the Nasdaq Public Offering will not be known until following the Company's listing and sale of Shares. Resolution 10 is therefore based on maximum numbers of Securities for which Shareholder approval is sought.

Resolution 11 seeks Shareholder approval for the issue Underwriter Warrants. On the Closing Date, the Company proposes to issue the Underwriter with that number of warrants for the purchase of Shares representing 6% of the Nasdaq Public Offering Shares. The Underwriter warrants may be exercised in whole or in part commencing on a date which is 180 days after the Effective Date and expiring on 5-year anniversary of the Effective Date at an initial exercise price per share equal to 115% of the Nasdaq Public Offering issue price.

If Shareholder approval for Resolutions 9 to 11 is given, Shares will be issued to new investors on a date decided by the Company and the Underwriter after the Registration Statement is declared effective by the Securities and Exchange Commission. Further, ASIC relief (as set out in section 2.3 below) is required before any Shares can be issued to the Underwriter.

8.2 Listing Rule 6.25

Subject to specified exceptions, Listing Rule 6.25 provides that a listed company must not, without shareholder approval, issue more Equity Securities during any 12-month period than that amount which represents 15% of the number of Equity Securities in the same class on issue at the commencement of that 12 month period.

In accordance with NSX Listing Rule 6.25, Shareholder approval is sought to allow the Company to issue:

- (a) up to 10,000,000 Shares pursuant to Resolution 9;
- (b) 15% of the Shares sold into the Nasdaq Public Offering upon the exercise of the Underwriter Over-Allotment Option pursuant to Resolution 10; and
- (c) Underwriter Warrants equal to 6% of the total shares sold into the Nasdaq Public Offering pursuant to Resolution 11.

If Resolutions 9 to 11 are approved by Shareholders, any Securities issued by the Company pursuant to these Resolutions will not be included in the Company's 15% annual capacity for the purposes of NSX Listing Rule 6.25.

8.3 ASIC relief and s606(1) of the Corporations Act

Section 606(1) of the Corporations Act prohibits a person from acquiring a relevant interest in voting shares of a Company that is subject to the takeover provisions if that would result in any person's voting power exceeding the 20% threshold unless a specified exception applies.

Section 609(1) of the Corporations Act provides that a person has a relevant interest in securities if among other things they have power to dispose of, or control the exercise of a power to dispose of the securities. Under the Lock-Up Agreement arrangement outlined in Section 4.7(a) of this Explanatory Memorandum, the Underwriter will have control over the disposal of the Shares for the term of the agreement and will therefore have a relevant interest in those Shares.

The Shares proposed to be issued to the Underwriter if Resolutions 9 and 10 are approved, together with the Shares the subject of anticipated Lock-Up Agreements, will exceed the 20% threshold referred to in section 606(1) of the Corporations Act.

ASIC relief will be sought prior to the issue of any Shares to the Underwriter and execution of any Lock-Up agreements. The relief will be sought on 2 basis:

- (a) to enable the Underwriter to rely on an exception to the prohibition in section 606(1) of the Corporations Act, namely item 13 in section 611 in relation to the shares proposed to be issued under Resolutions 9 and 10, which exception would otherwise be available if the disclosure document was a prospectus lodged with ASIC; and

- (b) to facilitate the lock up (or voluntary escrow) arrangements (set out in section 4.7(a) below) so that the relevant interests of the Underwriter arising from the arrangements are disregarded for the purposes of the takeover provisions.

8.4 Impact of capital structure and maximum potential dilution

- (a) Set out below in **Table 1** is the maximum potential dilution to shareholders (assuming no options are exercised or convertible notes converted) if Resolution 9 is approved and Shares are issued pursuant to that Resolution. This table also excludes the impact of the issue of any Shares which may be issued to the Underwriter pursuant to the Underwriter Over-Allotment Option and Underwriter Warrants, outlined in Section 2.1 above.

Table 1: Maximum potential dilution

Note: Dilution percentages have been rounded to the nearest whole number.

Number of Shares on Issue	28,877,282
Number of Shares to be Issued	(Dilution %)
Issuing 5,000,000 shares	14.76%
Issuing 6,000,000 shares	17.20%
Issuing 7,000,000 shares	23.29%
Issuing 8,000,000 shares	19.51%
Issuing 9,000,000 shares	23.76%
Issuing 10,000,000 shares	25.72%
