Nanopac Innovation Limited –COVID 19 Update

Nanopac Innovation Limited advises that the current Movement Control Order “lock down” in Malaysia has now been extended for a minimum of a further two weeks in a bid to reduce the impact of the Covid -19 pandemic. The lock down is now scheduled to last until 28April 2020.

The lock-down has had a severe impact on the Company’s revenue with the Company being unable to supply its products during the period of lock down. The extension of the lockdown will further impact the Company’s finances.

The board is actively considering how best to reduce the impact of the pandemic on the Company’s operations.

Your faithfully

Andrew Bristow  
Secretary  
Nanopac Innovation Limited
