## DIRECTORS' REPORT

Your Directors submit the financial report of the Group consisting of Patronus Resources Limited ("the Company") and its wholly-owned subsidiaries, for the half-year ended 31 December 2024. In order to comply with the provisions of the Corporations Act 2001, the Directors report as follows:

### Directors

The names of Directors who held office during or since the end of the interim period and until the date of this report are noted below. Directors were in office for the entire period unless otherwise stated.

Rowan Johnson	Non-executive Chairman
John Ingram	Managing Director (appointed 17 December 2024)
Hansjoerg Plaggemars	Non-executive Director
Giuseppe (Joe) Graziano	Non-executive Director
Graham Ascough (appointed 2024)	Non-executive Director
Nicholas Anderson	Non-executive Director (resigned 17 December 2024)

### Review of Operations

The half-year to 31 December 2024 has been a momentous period for Patronus Resources, with the completion of our merger with PNX Metals transforming the Company into a multi-asset, multi-commodity explorer in Tier-1 mining jurisdictions, with a strong financial position and an exceptional platform for growth.

The multi-pronged exploration program across exploration assets in both Western Australia and the Northern Territory, completed during the period, supported advancements on a number of projects including a 5% increase in total contained ounces in the Mineral Resource Estimate for the Mertondale project area, to 480koz, as part of a total gold mineral resource for the group of 1,237koz (see Table 1).

Air-core exploration drilling at both Mertondale and the Cardinia East Project was completed to assess early-stage targets with the potential to deliver new discoveries. Assay results from these programs are currently pending and will help guide our ongoing exploration efforts.

In the Northern Territory drilling and fieldwork programs are continuing targeting both gold and uranium mineralisation. Drilling at the Fountain Head Gold Project in the Northern Territory focussed on expanding the existing Resource base and testing new, high-priority areas ahead of a planned Resource update for Fountain Head in 2025.

We were pleased to receive approval for the amended Mine Management Plan for the Fountain Head Gold Project during the period, representing a key milestone in the approvals process.

Planning is underway for an initial drilling program at the Thunderball Uranium Project in the NT, which will commence following receipt of government approvals.

The information in this table that relates to the Mineral Resources for Quicksilver, Eclipse, Tonto and Cardinia East have been extracted from the Company's ASX announcement on 3 July 2023 titled "Cardinia Gold Project Mineral Resource Passes 1.5Moz" and are available at [www.asx.com](http://www.asx.com). Mineral Resources reported in accordance with JORC 2012 using a 0.4 g/t Au cut-off within AUD2,600 optimisation shells<sup>1</sup>. Underground Resources are reported using a 2.0 g/t cut-off grade outside AUD2,600 optimisation shells. The information in this table that relates to the Mineral Resources for Fountain Head and Tally Ho have been extracted from the ASX announcement of PNX Metals Limited (PNX) on 16 June 2020 titled "Mineral Resource Update at Fountain Head" and are reported utilising a cut-off grade of 0.7 g/t Au and can be found at [www.asx.com](http://www.asx.com) reported under the ASX code 'PNX'. The information in this table that relates to the Mineral Resources for Glencoe have been extracted from the PNX ASX announcement on 30h August 2022 titled "Glencoe Gold MRE Update" and are reported utilising a cut-off grade of 0.7g/t Au and can be found at [www.asx.com](http://www.asx.com) reported under the ASX code 'PNX'. The information in this table that relates to the Mineral Resources for Mt Porter have been extracted from the PNX ASX announcement titled "PNX acquires the Mt Porter Gold Deposit, NT" on 28h September 2022 and are reported using a cut-off grade of 1.0 g/t Au and can be found at [www.asx.com](http://www.asx.com) under the ASX code 'PNX'. The information in this table that relates to the Mineral Resources for Fountain Head, Tally Ho, Glencoe and Mt Porter was also reported in the Scheme Booklet dated 17 July 2024 issued by PNX for the scheme of arrangement between PNX and the shareholders of PNX for the acquisition of PNX by the Company. The Scheme Booklet was released to ASX on 18 July 2024 and can be found at [www.asx.com](http://www.asx.com) under the ASX codes 'PTN' and 'PNX'.

The Company confirms that it is not aware of any new information or data that materially affects the information included in the original market announcements and that all material assumptions and technical parameters underpinning the estimates in the relevant market announcements referenced in this release continue to apply and have not materially changed. The Company confirms that the form and context in which the Competent Persons findings are presented have not been materially modified from any of the original announcements.

Notes: Due to effects of rounding, totals may not represent the sum of all components. Metallurgical recoveries and metal prices have been applied in calculating zinc equivalent (ZnEq) and gold equivalent (AuEq) grades. At Iron Blow a mineralisation envelope was interpreted for each of the two main lodes, the East Lode (Zn-Au-Ag-Pb) and West Lode (Zn-Au), and four subsidiary lodes with a 1 g/t AuEq cut-off used to interpret and report these lodes. At Mt Bonnie Zn domains are reported above a cut-off grade of 1% Zn, gold domains are reported above a cut-off grade of 0.5 g/t Au and silver domains are reported above a cut-off grade of 50 g/t Ag. To assess the potential value of the total suite of minerals of economic interest, formulae were developed to calculate metal equivalency for Au and Zn. Metal prices were derived from average consensus forecasts from external sources for the period 2017 through 2021 and are consistent with those used in PNX's recently updated Mt Bonnie Mineral Resource Estimate. Metallurgical recovery information was sourced from test work completed at the Iron Blow deposit, including historical test work. Mt Bonnie and Iron Blow have similar mineralogical characteristics and are a similar style of deposit. In PNX's opinion all the metals used in the equivalence calculation have a reasonable potential to be recovered and sold. PNX has chosen to report both the ZnEq and AuEq grades as although individually zinc is the dominant metal by value, the precious metals are the dominant group by value and will be recovered and sold separately to Zn.

The formulae below were applied to the estimated constituents to derive the metal equivalent values:

Gold Equivalent (field = "AuEq") (g/t) = (Au grade (g/t) \* (Au price per ounce/31.10348) \* Au recovery) + (Ag grade (g/t) \* (Ag price per ounce/31.10348) \* Ag recovery) + (Cu grade (%) \* (Cu price per tonne/100) \* Cu recovery) + (Pb grade (%) \* (Pb price per tonne/100) \* Pb recovery) + (Zn grade (%) \* (Zn price per tonne/100) \* Zn recovery) / (Au price per ounce/31.10348 \* Au recovery)

Zinc Equivalent (field = "ZnEq") (%) = (Au grade (g/t) \* (Au price per ounce/31.10348) \* Au recovery) + (Ag grade (g/t) \* (Ag price per ounce/31.10348) \* Ag recovery) + (Cu grade (%) \* (Cu price per tonne/100) \* Cu recovery) + (Pb grade (%) \* (Pb price per tonne/100) \* Pb recovery) + (Zn grade (%) \* (Zn price per tonne/100) \* Zn recovery) / (Zn price per tonne/100 \* Zn recovery).

Metals	Unit	Price	Recovery Mt Bonnie	Recovery Iron Blow
Zn	USD / t	2,450	80%	80%
Pb	USD / t	2,100	60%	60%
Cu	USD / t	6,200	60%	60%
Ag	USD / troy ounce	20.50	70%	80%
Au	USD / troy ounce	1,350	55%	60%

## **Corporate**

The Board remains committed to growing shareholder value by continuing its exploration activities, seeking opportunities to monetise existing resources and pursuing acquisition opportunities where there is a clear pathway to value appreciation.

Following the completion of the merger with PNX the Company welcomed Mr Graham Ascough to the Board, further building the Boards capabilities. In December 2024 the Board welcomed Mr John Ingram as Managing Director and accepted the resignation of Mr Nicholas Anderson to pursue other objectives.

On 14 August 2024, the Company completed a change of name to Patronus Resources Limited.

## **Events Subsequent to Reporting Date**

On 23 January 2025 the Company acquired 500,000,000 shares in Geopacific Resources Limited (Geopacific or GPR) for total consideration of \$10 million at \$0.02 per GPR share, as sub-underwriter to the shortfall to the GPR Entitlement Offer completed on that date. The Company purchased shares in GPR as a strategic investment

On 10 February 2025 the Company announced an on market Takeover Offer for Matsa Resources Limited (Matsa). On the same day Patronus announced that it held an interest (with its associates) of 19.57% of the Matsa shares on issue. The Offer was for \$0.045 per Matsa share (cash). At the date of this Directors' report Patronus has not acquired any shares under the Offer.

Other than the takeover offer for Matsa there have been no other matters or circumstances that have arisen after balance date that have significantly affected, or may significantly affect, the operations of the Group, the results of those operations, or the state of affairs of the Group in future financial periods.

## **Auditor's Independence Declaration**

Section 307C of the Corporations Act 2001 requires our auditors, HLB Mann Judd, to provide the Directors of the Company with an Independence Declaration in relation to the review of the half-year financial report. This Independence Declaration is set out on page 9 and forms part of this Directors' report for the half-year ended 31 December 2024.

This report is signed in accordance with a resolution of the Board of Directors made pursuant to s.306(3) of the Corporations Act 2001.

## AUDITOR'S INDEPENDENCE DECLARATION

As lead auditor for the review of the interim financial report of Patronus Resources Limited for the half-year ended 31 December 2024, I declare that to the best of my knowledge and belief, there have been no contraventions of:

- a) the auditor independence requirements of the *Corporations Act 2001* in relation to the review; and
- b) any applicable code of professional conduct in relation to the review.

**NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS****NOTE 1: STATEMENT OF MATERIAL ACCOUNTING POLICIES****(a) Basis of preparation**

These condensed interim financial statements are general purpose financial statements, which have been prepared in accordance with the requirements of the *Corporations Act 2001*, Australian Accounting Standards including AASB 134 *Interim Financial Reporting*, Accounting Interpretations and other authoritative pronouncements of the Australian Accounting Standards Board.

The financial statements comprise the condensed consolidated interim financial statements for the Group. For the purposes of preparing the consolidated financial statements, the Group is a for-profit entity.

The interim financial statements do not include full disclosures of the type normally included in the full financial report. Therefore, it cannot be expected to provide as full an understanding of the financial performance, financial position and cash flows of the Group as in the full financial report. It is recommended that the interim financial statements be read in conjunction with the full financial report for the year ended 30 June 2024 and any public announcements made by Patronus Resources Limited and its subsidiaries during the half-year in accordance with continuous disclosure requirements arising under the *Corporations Act 2001* and the ASX Listing Rules.

The accounting policies and methods of computation adopted are consistent with those of the previous financial year and corresponding half-year, except for the impact of the new Standards and Interpretations effective 1 July 2024 disclosed in Note 1(b). These accounting policies are consistent with Australian Accounting Standards and with International Financial Reporting Standards.

The interim financial statements have been prepared on a historical cost basis. Cost is based on the fair value of the consideration given in exchange for assets.

The Company is domiciled in Australia and all amounts are presented in Australian dollars.

For the purpose of preparing the interim financial statements, the half-year has been treated as a discrete reporting period.

**(b) Adoption of new and revised standards*****Standards and Interpretations applicable to 31 December 2024***

In the period ended 31 December 2024, the Directors have reviewed all of the new and revised Standards and Interpretations issued by the AASB that are relevant to the Group and effective for the current reporting period. As a result of this review, the Directors have determined that there is no material impact of the new and revised Standards and Interpretations on the Group and, therefore, no material change is necessary to Group accounting policies.

***Standards and Interpretations in issue not yet adopted***

The Directors have also reviewed all of the new and revised Standards and Interpretations in issue not yet adopted for the half-year ended 31 December 2024. As a result of this review the Directors have determined that there is no material impact of the Standards and Interpretations in issue not yet adopted on the Group and, therefore, no change is necessary to Group accounting policies.

**(c) Statement of compliance**

The interim financial statements were authorised for issue on 14 March 2025.

The interim financial statements comply with Australian Accounting Standards, which include Australian equivalents to International Financial Reporting Standards (AIFRS). Compliance with AIFRS ensures that the financial report, comprising the interim financial statements and notes thereto, complies with International Financial Reporting Standards (IFRS).

**(d) Significant accounting estimates and judgements**

The preparation of the interim financial statements requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expense. Actual results may differ from these estimates.

The judgements, estimates and assumptions applied in the interim financial statements, including the key sources of estimation uncertainty were the same as those applied in the Group's last annual financial statements for the year ended 30 June 2024.

**NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS****(e) Financial assets at fair value through other comprehensive income**

Financial assets are recognised when the Group becomes a party to the contractual provisions of the financial instrument. Financial assets are derecognised when the contractual rights to the cash flows from the financial asset expire, or when the financial asset and substantially all the risks and rewards are transferred.

The fair value was determined in line with the requirements of AASB 9, which does not allow for measurement at cost. The fair values of financial assets in this category are determined by reference to active market transactions or using a valuation technique where no active market exists.

Investments in equity instruments that are not held for trading are eligible for an irrevocable election at inception to be measured at fair value through other comprehensive income (FVOCI). The Group made the irrevocable election to account for its investment in listed equity securities at fair value through other comprehensive income (FVOCI).

Under FVOCI, the subsequent movements in fair value are recognised in other comprehensive income and are never reclassified to profit or loss. Dividends from these investments continue to be recorded as other income within the profit or loss unless the dividend clearly represents return of capital. Any gains or losses recognised in other comprehensive income (OCI) are not recycled upon derecognition of the asset.

**(f) Going concern**

The interim financial statements have been prepared on the going concern basis, which contemplates continuity of normal business activities and the realisation of assets and settlements of liabilities in the ordinary course of business.

Notwithstanding the fact that the Group incurred an operating loss before income tax of \$32,433,098 for the period ended 31 December 2024 and a net cash outflow from operating activities amounting to \$9,453,419 the Directors are of the opinion that the Group is a going concern as it holds \$2,982,698 in available cash, \$76,848,117 in current financial assets and no debt.

**NOTE 2: SEGMENT REPORTING**

AASB 8 *Operating Segments* requires operating segments to be identified on the basis of internal reports about components of the Group that are regularly reviewed by the Chief Operating Decision Maker in order to allocate resources to the segment and to assess its performance.

The Group's operating segments have been determined with reference to the monthly management accounts used by the Chief Operating Decision maker to make decisions regarding the Group's operations and allocation of working capital. Due to the size and nature of the Group, the Board as a whole has been determined as the Chief Operating Decision Maker.

Based on the quantitative thresholds included in AASB 8, there is only one reportable segment, being Mineral Exploration and one geographical segment, namely Australia.

The revenues and results of this segment are those of the Group as a whole and are set out in the condensed consolidated statement of profit or loss and other comprehensive income and the assets and liabilities of the Group as a whole are set out in the condensed consolidated statement of financial position.

**NOTE 3: INCOME TAX BENEFIT**

The Group has recorded an income tax expense of \$1,153,164 in relation to the net gain on the revaluation of equity instruments at fair value through other comprehensive income. The income tax expense of \$1,153,164 is calculated at 25% of the pre-tax gain of \$4,612,656.

The Group has recorded an income tax benefit for tax losses available to be applied against the net gain on the revaluation of equity instruments at fair value through other comprehensive income.

## NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

### NOTE 12: CONTINGENT LIABILITIES

There has been no change in contingent liabilities since the last annual reporting date.

### NOTE 13: ASSET ACQUISITION

On 11 September 2024 the Company completed a Merger with PNX Metals Limited via a Scheme of Arrangement that was initially announced on 15 April 2024. The completion of the merger resulted in PNX Metals Limited and its subsidiary Wellington Pty Ltd becoming 100% owned subsidiaries of the Patronus Resources Limited. PNX Metals Limited and Wellington Pty Ltd were consolidated into the Group from 11 September 2024.

The acquisition has been accounted for as an asset acquisition and not as a business combination under AASB 3 Business Combinations, as PNX is not considered to constitute a "business" for the purposes of AASB 3.

As a result, the purchase price will be allocated to the net assets of PNX at the date of acquisition. Consideration for the acquisition of PNX comprised the issue of 459,247,256 shares in the Company to PNX shareholders in accordance with the Scheme of Arrangement, whereby those shareholders were offered one share in Patronus for every 13 shares they held in PNX. Consideration for the asset acquisition also include certain transaction costs incurred by the Company.

To assist with PNX's transaction costs and working capital requirements during the transaction implementation, PNX and the Company entered into an unsecured loan agreement pursuant to which the Company agreed to provide PNX with a loan of up to \$1.5M. The loan was unsecured and was to be repaid at the earlier of nine months after the date of the drawdown, 45 days after PNX received a demand from the Company in the event of a change of control event, or 120 days after termination of the Scheme Implementation Deed.

At 11 September 2024, the Company had advanced PNX an amount of \$1.5M. This loan and any future loans between the companies eliminate on consolidation.

The interim financial statements include the results of PNX for the period from the date of acquisition {11 September 2024}.

The following table summarises the recognised amounts of PNX's assets and liabilities assumed at the date of acquisition:

<u>Net tangible assets acquired:</u>	\$

Costs of the transaction	1,528,737
Total consideration paid	24,950,347
 Balance allocated to exploration and evaluation expenditure <sup>1</sup>	26,050,499

<sup>1</sup>In accordance with the Group's accounting policy for exploration and evaluation expenditure, this balance has been expensed in the statement of profit and loss and other comprehensive income. See Note 6.

**NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS****NOTE 14: EVENTS SUBSEQUENT TO REPORTING DATE**

On 23 January 2025 the Company acquired 500,000,000 shares in Geopacific Resources Limited (Geopacific or GPR) for total consideration of \$10 million at \$0.02 per GPR share, as sub-underwriter to the shortfall to the GPR Entitlement Offer completed on that date. The Company purchased shares in GPR as a strategic investment.

On 10 February 2025 the Company announced an on market Takeover Offer for Matsa Resources Limited (Matsa). On the same day Patronus announced that it held an interest (with its associates) of 19.57% of the Matsa shares on issue. The Offer was for \$0.045 per Matsa share (cash). At the date of this Directors' report Patronus has not acquired any shares under the Offer.

Other than the above there have been no other matters or circumstances that have arisen after balance date that have significantly affected, or may significantly affect, the operations of the Group, the results of those operations, or the state of affairs of the Group in future financial periods.

## DIRECTORS' DECLARATION

1. In the opinion of the Directors of Patronus Resources Limited (the 'Company'):
  - a. the accompanying interim financial statements and notes are in accordance with the *Corporations Act 2001* including:
    - i. giving a true and fair view of the Group's financial position as at 31 December 2024 and of its performance for the half-year then ended; and
    - ii. complying with Australian Accounting Standards, including AASB 134 Interim Financial Reporting, the *Corporations Regulations 2001*, professional reporting requirements and other mandatory requirements.
  - b. there are reasonable grounds to believe that the Company will be able to pay its debts as and when they become due and payable.
2. This declaration has been made after receiving the declarations required to be made to the Directors in accordance with Section 303(5) of the *Corporations Act 2001* for the half-year ended 31 December 2024.

This declaration is signed in accordance with a resolution of the board of Directors.

## **INDEPENDENT AUDITOR'S REVIEW REPORT**

To the Members of Patronus Resources Limited

### **Report on the Interim Financial Report**

#### *Conclusion*

We have reviewed the interim financial report of Patronus Resources Limited ("the Company") and its controlled entities ("the Group"), which comprises the condensed consolidated statement of financial position as at 31 December 2024, the condensed consolidated statement of profit or loss and other comprehensive income, the condensed consolidated statement of changes in equity and the condensed consolidated statement of cash flows for the half-year ended on that date, selected explanatory notes, and the directors' declaration, for the Group comprising the Company and the entities it controlled at the half-year end or from time to time during the half-year.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the accompanying interim financial report of Patronus Resources Limited does not comply with the *Corporations Act 2001* including:

- (a) giving a true and fair view of the Group's financial position as at 31 December 2024 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

#### *Basis for Conclusion*

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibility is further described in the *Auditor's Responsibilities for the Review of the Financial Report* section of our report. We are independent of the Company in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the "Code") that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

#### *Responsibility of the Directors for the Financial Report*

The directors of the Company are responsible for the preparation of the interim financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the interim financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

*Auditor's Responsibility for the Review of the Financial Report*

Our responsibility is to express a conclusion on the interim financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the interim financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 31 December 2024 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of an interim financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

*Independence*

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*.
