For the purposes of this document, the proposed resolution which is the subject of the Proposal is referred to as the **Resolution**.

1. CHAIR'S LETTER

Dear Unitholders,

As Independent Chair of E&P Investments Limited (**E&PIL**), the responsible entity (**Responsible Entity**) of the CD Private Equity Fund III (**Fund**), I present to you this proposal to appoint K2 Asset Management Ltd (**K2**) as responsible entity for the Fund, replacing E&PIL (**Proposal**).

The Proposal provides Unitholders with the opportunity to elect a responsible entity for the Fund that is independent of E&P Financial Group Limited (**E&P**) and aligns with feedback from various Unitholders.

The Board of E&PIL selected K2 for this role based on a range of factors, including K2's extensive experience and expertise in the provision of responsible entity and trustee services, having entered the space in 2005, and their competitive fee proposal.

The Board of E&PIL believes the appointment of K2 as responsible entity for the Fund is in the best interests of Unitholders.

The Proposal is intended to provide Unitholders with the following benefits:

- replacement of E&PIL with a sophisticated financial services provider with extensive experience and requisite expertise in, and a long-term commitment to, providing responsible entity and trustee services to managed funds;
- lower aggregate fees charged by K2 for the provision of its services to the Fund;
- a responsible entity independent from E&P, consistent with feedback from various Unitholders; and
- a responsible entity unrelated to the negative sentiment that has prevailed over the US Masters Residential Fund (**ASX:URF**) (for which E&PIL is the responsible entity), which may be a contributing factor to the discount to NTA at which the Fund trades.

If more than 50% of votes cast by Unitholders are in favour and the Resolution is passed, E&PIL will be replaced as the Responsible Entity by K2, and there will be a reduction in aggregate fees. There would be no other changes to the Fund's structure or strategy.

E&P has agreed to provide certain short-term transitional services if requested by K2 to ensure a smooth transition of the responsible entity and to minimise any impacts on Unitholders. E&P and E&PIL will otherwise have no ongoing role with the Australian operations of the Fund if the Proposal is implemented.

Although the Responsible Entity considers that the Proposal is in the best interests of Unitholders, you may choose to vote against the Proposal if, in your particular circumstances, you do not consider that the benefits described above will be superior to the existing Responsible Entity remaining in place. You may also prefer the existing governance and services provided by E&PIL.

This Explanatory Memorandum sets out information that is material to a Unitholder's decision on how to vote on the Resolution, including the reasons for the Proposal and the possible advantages and disadvantages of the Proposal.

Further information about the Proposal is provided in Section 2 of the Explanatory Memorandum. If you have any questions regarding this Proposal, please speak with your professional advisor or contact our Investor Relations team via email at info@cdfunds.com.au.

On behalf of the Responsible Entity, I recommend the Proposal to you.

Kind regards,

A handwritten signature in black ink, appearing to read 'S. Nisbett', written in a cursive style.

Stuart Nisbett
Chair of E&PIL

2. THE PROPOSAL

2.1 Background to the Proposal

On 5 October 2022, the Board of E&PIL brought a proposal to Unitholders for the merger of the four funds in the CD Private Equity Fund series (**Merger Proposal**). The Merger Proposal sought to improve both the liquidity profile of the CD Private Equity Fund Series and the ability of Unitholders to exit at a fair price. However, the Merger Proposal was withdrawn on 31 October 2022 due to Unitholder feedback.

Following the withdrawal of the Merger Proposal, the Board of E&PIL considered the appointment of a replacement responsible entity, which the Board of E&PIL believed could provide several benefits to Unitholders, and E&PIL commenced a process to explore the viability of appointing a suitable replacement responsible entity.

As part of this process, E&PIL had preliminary discussions with several groups that expressed interest in taking over as responsible entity and that E&PIL felt were appropriately credentialed, including K2. See Section 2.2 below for an overview of K2.

On 16 March 2023, having satisfied itself that the appointment of a suitable replacement responsible entity was achievable, the Board of E&PIL announced the commencement of a process to seek proposals for an external professional third-party responsible entity to replace E&PIL.

Following the announcement, E&PIL had discussions with several other potential candidates. At the same time, E&PIL progressed discussions with K2, who E&PIL felt had put forward the most compelling proposal.

In May 2023, E&PIL and K2 substantially agreed the terms of the Proposal, with the Explanatory Memorandum and Notice of Meeting finalised and set to be despatched to Unitholders following the execution of the Deed of Retirement & Appointment.

There are no tax consequences expected as a result of proposed change of responsible entity.

2.2 OVERVIEW OF K2

About K2

K2 is a wholly owned subsidiary of K2 Asset Management Holdings Limited (ACN 124 636 782), a public company listed on the Australian Securities Exchange (ASX:KAM). K2 provides diversified financial services to the Australian market with three core pillars:

1. RE & Trustee Services;
2. Funds Management; and
3. Exchange Traded Funds (ETFs).

Since inception in 1999, K2 has gained extensive expertise in the launch and management of investment products across various asset classes and jurisdictions. Supporting products that are investor focused and relevant to the market is an internal driver of K2. In addition, K2 has

extensive knowledge of private equity which will be utilised to its fullest capacity to support the proposed transition.

The funds for which K2 currently act as responsible entity/trustee are broad and diverse, ranging from traditional equities and property to new and upcoming asset classes, both listed and unlisted. As of 31 March 2023, K2 had over A\$2 billion of funds under management and advice.

As an Australian Financial Services License (**AFSL**) holder and responsible entity, K2 must comply with the requirements of ASIC Regulatory Guide 166, which, amongst an array of requirements, means that K2 must have available adequate financial resources to provide the financial services covered by its AFSL, provide the financial services efficiently, honestly and fairly, have adequate risk management systems and comply with all licence conditions. The financial resources requirements of the AFSL means that K2 maintains a strong balance sheet with sufficient capital to ensure that it meets the financial resources requirements of its licence. Currently K2 has circa A\$10 million in cash on deposit, well above the AFSL licensing requirement and high when compared to many of its RE/trustee peers. In addition, this cash balance can support significant increases in funds under management within its RE pillar.

K2's revenue from its RE & Trustee Services pillar has experienced a positive trajectory increasing 89% in the 12-month period ending December 2022. K2's RE business is positioned for growth with a bespoke service offering for investment managers both domestically and offshore. In addition, the 3-pillar model pursued by the board provides K2's shareholders with diversified revenue and opportunity for sustainable growth.

K2 has all the necessary authorisations under its AFSL to operate the Fund and the K2 Executive Team are highly experienced professionals who are Responsible Managers under its AFSL.

The K2 Board and Executive Team are supported by an independent compliance committee who has expertise in compliance and risk in a range of financial services sectors. This committee oversees the compliance plans of the funds and governance procedures of K2. K2 also has a risk committee and are looking to implement a trustee advisory committee to support the K2 board and assist in ongoing decision making. Detailed corporate governance policies, charters and codes are available at www.k2am.com.au under Shareholders, Corporate Governance. As part of its governance framework and to ensure continuous improvement, the K2 board and management routinely review all policies and procedures.

As part of the Proposal, the K2 board has commenced the search for an independent non-executive director to join the board. This commitment aims to enhance independence and continue the pursuit of best practice. The results of this search are expected to be announced upon the completion of the appropriate due diligence process that is currently being undertaken.

K2's Executive Team

K2's Executive Team are highly experienced professionals that are expected to meet the requirements of the Fund and its Unitholders:

2.3 CHANGES ARISING FROM THE PROPOSAL

If the Resolution is passed and the Proposal is implemented, there will be a change to the Fund's responsible entity.

The below tables provide a comparison of the Fund before and after the implementation of the Proposal.

K2 will charge a responsible entity fee of 0.05% (exclusive of GST) of the gross assets of the Fund. Service Providers (including Registry)	The Fund's other service providers including the Fund's registry services provider will not change.	
Fund Structure and Investment Strategy	There are not expected to be any changes to the Fund's structure or investment strategy as a result of the Proposal.	

Transitional Services Agreement (TSA)

E&P has agreed to provide certain transitional services as requested to K2 to assist in the efficient transition of the responsible entity function and to mitigate risks for Unitholders from the transition. Key services covered by the agreement include IT, office space, accounting assistance, and any other services as reasonably required by K2 in order for K2 to effectively discharge its duties as responsible entity. These services will be provided at cost. The TSA term is dependent on the service being provided, with 30 June 2024 being the current TSA end date.

E&P and E&PIL will otherwise have no ongoing role with the Australian operations of the Fund if the Proposal is implemented. E&P will maintain its interest, via a wholly owned subsidiary, in the General Partner of U.S. Select Private Opportunities Fund III, L.P. (**LP**). The General Partner fee for the LP will expire in July 2026, and US Select Asset Management, Inc is expected to continue as Investment Advisor to the GP.

Cordish Equity Partners' involvement with the LP will continue.

Costs of the Proposal

The costs of the Proposal are expected to be approximately \$0.1 million in connection with developing the Proposal (**Transaction Costs**). These Transaction Costs include advisory fees payable for the legal and tax advisers and expenses associated with convening and holding the Meeting and other costs. These costs have been or will be recovered from the Fund irrespective of whether the Proposal is approved.

2.4 WHAT WILL HAPPEN IF THE RESOLUTION IS NOT PASSED?

If the vote is unsuccessful, the Fund will continue to operate in its current form, and E&PIL will remain as responsible entity of the Fund and retain the required personnel to implement its role appropriately. E&P's stated strategic objective is exiting non-core businesses, including E&PIL. In the event there are changes to E&PIL impacting E&PIL's ability to provide responsible entity services on a continuing basis, E&PIL would explore all initiatives to locate a suitable replacement responsible entity, including the possibility of making an application for a Court appointed temporary responsible entity.

2.5 STEPS TO IMPLEMENT THE PROPOSAL

E&PIL and K2 have entered into a Deed of Retirement and Appointment (**DORA**) in relation to the Fund, which is conditional upon the Unitholders of the Fund resolving by ordinary resolution to change the responsible entity of the Fund from E&PIL to K2.

Under the DORA, both E&PIL and K2 undertake to provide all assistance reasonably required by the other party in order to implement the change in responsible entity. E&PIL will look to work closely together with K2 to ensure a smooth transition of the responsible entity function to K2 and minimal disruption to Unitholders.

If the Resolution is approved:

- shortly after the meeting, E&PIL will sign and lodge with ASIC a notice asking ASIC to give effect to the change of responsible entity; and
- on the Effective Date, E&PIL will resign, and K2 will take office, as the new responsible entity of the Fund.

2.6 Responsible Entity Recommendation

The Responsible Entity recommends that Unitholders vote in favour of the Resolution.

Having regard to all relevant circumstances, including the matters set out in this Explanatory Memorandum and Notice of Meeting, the independent directors of the Responsible Entity recommend that Unitholders vote in favour of the Resolution. Warwick Keneally as a non-independent Director has abstained from recommending the transaction in line with E&PIL's conflicts management processes.

The Chair of the Meeting intends to vote undirected proxies in favour of the Resolution to approve the Proposal.

3. CONSIDERATIONS RELEVANT TO YOUR VOTE

3.1 WHY UNITHOLDERS MAY VOTE FOR THE PROPOSAL

The general advantages of the Proposal include the following:

- replacement of E&PIL with a sophisticated financial services provider with extensive experience and requisite expertise in, and a long-term commitment to, providing responsible entity and trustee services to managed funds;
- lower aggregate fees charged by the responsible entity for the provision of its services to the Fund;
- a responsible entity independent from E&P, consistent with feedback from various Unitholders, and;
- a responsible entity unrelated to the negative sentiment that has prevailed over URF (for which E&PIL is the responsible entity), which may be a contributing factor to the discount to NTA at which the Fund trades.

3.2 WHY UNITHOLDERS MAY VOTE AGAINST THE PROPOSAL

However, in deciding how to vote, Unitholders should be aware that, among other things, some of the disadvantages of the Proposal include:

- consideration of E&PIL's knowledge and experience with the Fund. E&PIL has considerable knowledge of the Fund, its operations, and its portfolio, which may take time for K2 to replicate;
- some Unitholders may prefer that existing arrangements with and services provided by E&PIL remain in place; and
- while the change of responsible entity from E&PIL to K2 is expected to have no impact on Unitholders' investments, there may be the potential for some minor disruption to the operation of the Fund arising from implementation of the transition.

Indicate who you want to appoint as your Proxy.

If you wish to appoint the Chair of the Meeting as your proxy, mark the box. If you wish to appoint someone other than the Chair of the Meeting as your proxy please write the full name of that individual or body corporate. If you leave this section blank, or your named proxy does not attend the meeting, the Chair of the Meeting will be your proxy. A proxy need not be a securityholder of the fund. Do not write the name of the issuer fund or the registered securityholder in the space.

Appointment of a Second Proxy

You are entitled to appoint up to two proxies to attend the meeting and vote. If you wish to appoint a second proxy, an additional Proxy Form may be obtained by contacting the Fund's unit registry, or you may copy this form.

To appoint a second proxy you must:

- complete two Proxy Forms. On each Proxy Form state the percentage of your voting rights or the number of securities applicable to that form. If the appointments do not specify the percentage or number of votes that each proxy may exercise, each proxy may exercise half your votes. Fractions of votes will be disregarded.
- return both forms together in the same envelope.

STEP 2 VOTING DIRECTIONS TO YOUR PROXY

To direct your proxy how to vote, mark one of the boxes opposite each item of business. All your securities will be voted in accordance with such a direction unless you indicate only a portion of securities are to be voted on any item by inserting the percentage or number that you wish to vote in the appropriate box or boxes. If you do not mark any of the boxes on a given item, your proxy may vote as he or she chooses. If you mark more than one box on an item for all your securities your vote on that item will be invalid.

Proxy which is a Body Corporate

Where a body corporate is appointed as your proxy, the representative of that body corporate attending the meeting must have provided an "Appointment of Corporate Representative" prior to admission. An Appointment of Corporate Representative form can be obtained from the fund's unit registry.
