

## ASX RELEASE

### TechnologyOne welcomes Paul Robson as independent, Non-Executive Director

**BRISBANE, 01 July 2024** – TechnologyOne (ASX:TNE), Australia's largest enterprise Software-as-a-Service (SaaS) company, announced today the immediate appointment of Paul Robson as an independent, Non-Executive Director.

TechnologyOne's Board Chairman, Mr Pat O'Sullivan said: "TechnologyOne has been undergoing a board transformation process for a number of years and we are delighted to welcome Paul to continue that transition and work with the team to drive continued sustained growth and create long-term value for all stakeholders."

"As MYOB CEO, Paul's extensive experience in building and scaling SaaS businesses in APAC and EMEA, coupled with his expertise in strategic transformation and operational efficiency, will be invaluable as we continue to drive growth and innovation on our global SaaS platform.

"His background in sales leadership, strategic transformation, operational efficiency and product innovation highlights a broader skill set in managing complex business challenges. His decade-long tenure at Adobe laid the foundation for innovative cloud-based solutions, where he spearheaded the global pilot for Creative Cloud, marking a significant shift from desktop to cloud computing.

Mr Robson stated: "I am excited to join the Board of Directors at TechnologyOne and I look forward to leveraging my experience to help guide the company towards its strategic objectives and further enhance its position as a SaaS ERP leader that makes life easy for the community."

Mr Robson is a graduate member of the Australian Institute of Company Directors.

## ENDS

Authorised for release by the CEO and Chairman.

### About TechnologyOne

TechnologyOne (ASX: TNE) is Australia's largest enterprise Software as a Service (SaaS) company and one of Australia's top 100 ASX-listed companies, with offices across six countries. Our enterprise SaaS solution transforms business and makes life simple for our community by providing powerful, deeply integrated enterprise software that is incredibly easy to use. Over 1,300 leading corporations, government departments and statutory authorities are powered by our software.

Our global SaaS solution provides deep functionality for the markets we serve: local government, government, education, health and community services, asset intensive industries and financial services. For these markets we invest significant funds each year in R&D. We also take complete responsibility to market, sell, implement, support and run our solutions for our customers, which reduce time, cost and risk.
