About Angel Seafood Holdings Ltd

Angel Seafood is a producer of fresh, clean and consistently high-quality oysters that don't compromise the environment. Angel has grown from a family-operated South Australian business and has rapidly developed from a traditional oyster-growing business into a premium, innovative and organically certified producer of Coffin Bay Oysters. The Company primarily sells oysters to the domestic market; however, exports represent a substantial long-term growth opportunity.

Angel Seafood is the Southern Hemisphere's largest sustainable and organic certified pacific oyster producer.
