**DIRECTMONEY ANNOUNCES BROKING ARRANGEMENT WITH LEADING  
RETAIL FINANCIAL SERVICES PROVIDER PRESIDIAN HOLDINGS PTY LTD  
(PRESIDIAN)**

DirectMoney Limited (ASX: DM1) (DirectMoney), Australia's only listed Marketplace Lender, is pleased to announce an important broking arrangement with Presidian, a leading provider of finance, warranty and insurance products specialising in the used vehicle market segment.

This arrangement is significant for the newly listed DirectMoney as it further extends the reach of its Marketplace Lending business model to a new group of personal loan borrowers.

Importantly the arrangement will also enable Presidian, through its leading broker group subsidiary National Finance Choice, the opportunity to further support and expand its client base by offering an attractively priced, simple, unsecured personal loan product delivered via DirectMoney's online application and approval platform.

Commenting on the importance of the arrangement, former Aussie Home Loans CEO, now DirectMoney Executive Chairman, Mr Stephen Porges said "Our agreement with Presidian again highlights the value of DirectMoney's simple, efficient, personal loan product."

"We are confident in our ability to add value to our partners via our focus on this dedicated partner channel. We very much look forward to working with Presidian through their National Finance Choice team, who are clear leaders in their field."

### ***About DirectMoney***

DirectMoney is a pioneer in the rapidly growing marketplace lending industry. It brings together borrowers and lenders through web-based technology to offer a more attractive interest rate than banks and to deliver Australians better financial choice and improved investment outcomes.

Our mission is to connect investors with borrowers offering superior returns for investors and great rates for our borrowers. We provide a simple and fast loan application process online. We take the hassle out of applying for a personal loan providing a new option for Australians to borrow money.

DirectMoney launched the DirectMoney Personal Loan Fund to provide investors with monthly income and a rate of return above the rate of return paid by Australian banks on savings and term deposits. The DirectMoney Personal Loan Fund is a registered Managed Investment Scheme.

### ***About Presidian***
