APPOINTING A PROXY

A Shareholder who is entitled to attend and vote at the Meeting may appoint a proxy to attend and vote at the Meeting on their behalf. A proxy does not need to be a Shareholder of Austral.

If the proxy form does not specify the percentage or number of the Shareholder's votes that each proxy may exercise, each proxy may exercise half of the Shareholder's votes on a poll. Fractions will be disregarded.

POWER OF ATTORNEY

If the proxy form is signed under a power of attorney on behalf of a Shareholder, then the attorney must make sure that either the original power of attorney or a certified copy is sent with the proxy form, unless the power of attorney has already been provided to the Share Registry.

CORPORATE REPRESENTATIVES

If a representative of a corporate Shareholder or a corporate proxy will be attending the Meeting, the representative should bring to the Meeting adequate evidence of their appointment, unless this has previously been provided to the Share Registry.

An appointment of corporate representative form may be obtained from Computershare by online at: <https://www-au.computershare.com/Investor/#Help/PrintableForms>.

VOTING BY NON-REGISTERED SHAREHOLDERS IN CANADA

Only registered Shareholders or the persons they appoint as their proxies are permitted to vote at the Meeting. Most Canadian Shareholders are “non-registered” or “beneficial” Shareholders (**“Non-Registered Shareholders”**) because the Shares they own are not registered in their names but are instead registered in the name of the brokerage firm, bank or trust company through which they purchased the Shares.

Shares beneficially owned by a Non-Registered Shareholder are registered either: (i) in the name of an intermediary (**“Intermediary”**) that the Non-Registered Shareholder deals in respect of the Shares; or (ii) in the name of a clearing agency (such as the Canadian Depository for Securities Limited (**“CDS”**)) of which the Intermediary is a participant.

In accordance with applicable securities law requirements, the Company will have distributed copies, via mail or electronically, of the Meeting Materials to the clearing agencies and Intermediaries for distribution to Non-Registered Shareholders. Intermediaries are required to forward the Meeting Materials to Non-Registered Shareholders unless a Non-Registered Shareholder has waived the right to receive them. Intermediaries often use service companies to forward the Meeting Materials to Non-Registered Shareholders.

Generally, Non-Registered Shareholders who have not waived the right to receive Meeting Materials will either:

- (i) be given a voting instruction form (**“VIF”**) which is not signed by the Intermediary and which, when properly completed by the Non-Registered Shareholder and returned to the Intermediary or its service company, will constitute voting instructions (often called a **“VIF”**) which the Intermediary must follow. Typically, the VIF will consist of a one-page pre-printed form. The majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions, Inc. (**“Broadridge”**) in Canada and the United States. Broadridge typically prepares a machine-readable VIF, mails those forms to Non-Registered Shareholders and asks Non-Registered Shareholders to return the forms to Broadridge or otherwise communicate voting instructions to Broadridge (by way of the Internet or telephone). Broadridge then tabulates the results of all votes received from the non-registered shareholders which it provides to Computershare to present at the Meeting. Sometimes, instead of the one-page pre-printed form,

the VIF will consist of a regular printed proxy form accompanied by a page of instructions which contains a removable label with a bar-code and other information. For this form of proxy to validly constitute a VIF, the Non-Registered Shareholder must remove the label from the instructions and affix it to the form of proxy, properly complete and sign the form of proxy and submit it to the Intermediary or its service company in accordance with the instructions of the Intermediary or its service company. A Non-Registered Shareholder who receives a VIF cannot use that form to vote his or her Shares at the Meeting;

OR

- (ii) be given a form of proxy which has already been signed by the Intermediary (typically by a facsimile, stamped signature), which is restricted as to the number of Shares beneficially owned by the Non-Registered Shareholder but which is otherwise not completed by the Intermediary. Because the Intermediary has already signed the form of proxy, this form of proxy is not required to be signed by the Non-Registered Shareholder when submitting the proxy. In this case, the Non-Registered Shareholder who wishes to submit a proxy should properly complete the form of proxy and deposit it with Computershare Investor Services, 8th Floor, 100 University Avenue, Toronto, Ontario, M5J 2Y1, Canada.

In either case, the purpose of these procedures is to permit Non-Registered Shareholders to direct the voting of the Common Shares they beneficially own. Should a Non-Registered Shareholder who receives one of the above forms wish to vote at the Meeting, or any adjournment(s) or postponement(s) thereof, (or have another person attend and vote on behalf of the Non-Registered Shareholder), the Non-Registered Shareholder should strike out the persons named in the voting instruction form and insert the Non-Registered Shareholder or such other person's name in the blank space provided.

The Non-Registered Shareholders should carefully follow the instructions of their Intermediary, including those regarding when and how the VIF is to be delivered.

A Non-Registered Shareholder may revoke a VIF or a waiver of the right to receive Meeting Materials and to vote which has been given to an Intermediary at any time by written notice to the Intermediary provided that an Intermediary is not required to act on a revocation of a VIF or of a waiver of the right to receive Meeting Materials and to vote, which is not received by the Intermediary at least seven (7) days prior to the Meeting. Non-Registered Shareholders fall into two categories: those who object to their identity being made known to the issuers of securities which they own ("Objecting Beneficial Owners" or "OBOs") and those who do not object to their identity being made known to the issuers of the securities they own ("Non-Objecting Beneficial Owners" or "NOBOs").

The Company will not send Meeting Materials directly to the OBOs and NOBOs as it will send the Meeting Materials through intermediaries and agents to the OBOs and NOBOs.

Voting Exclusion Statement

For the definitions of Key Management Personnel (**KMP**) and Closely Related Parties, please refer to the Glossary on page 22.

The Corporations Act restricts members of the KMP of the Company and their Closely Related Parties from voting in relation to remuneration related Resolutions (such as Resolution 1).

In addition, separate voting restrictions apply in respect of Resolutions 8 and 9 under the ASX Listing Rules.

What this means for Shareholders

If you intend to appoint a member of the KMP (other than the Chair of the Meeting) as your proxy, please ensure that you direct them how to vote on Resolution 1. If you do not do so, your proxy will not be able to vote on your behalf on Resolution 1.

If you intend to appoint the Chair of the Meeting as your proxy (and you are not a KMP or a Closely Related Party), you are encouraged to direct him how to vote by marking a box for Resolution 1 (for example if you wish to vote for, or against, or to abstain from voting). If you appoint the Chair as your proxy without directing him how to vote on a resolution where he is a related party, the Chair will not be able to vote on your behalf. However, the Company will not disregard a vote cast by the Chair of the Meeting where it is in accordance with a direction on the proxy form to vote as the proxy decides. The Chair of the Meeting intends to vote in favour of all Resolution 1 (where permissible). If you do not want your vote exercised in favour of Resolution 1, you should direct the Chair of the Meeting to vote “against”, or to abstain from voting on Resolution 1.

The Company will disregard votes by the persons detailed in the table below.

Resolution 8 – Grant of security interest (as part of loan agreement) to a Substantial holder and Related Party	<p>The Company will disregard any votes in favour of Resolution 8 by or on behalf of (including Associates) IFISA, Directors Mr Eduardo Elsztain and Mr Saul Zang (who are each a director and shareholder of IFISA) and any other person who will obtain a benefit as a result of the transaction (except a benefit solely by reason of being a holder of ordinary securities in the Company).</p> <p>However, this does not apply to a vote cast in favour of the Resolution by:</p> <ul style="list-style-type: none">- a person as a proxy or attorney for a person who is entitled to vote on the Resolution, in accordance with directions given to the proxy or attorney to vote on the Resolution in that way;

RESOLUTIONS

1. **RESOLUTION 1 – ADOPTION OF THE REMUNERATION REPORT FOR THE PERIOD ENDED 31 DECEMBER 2024**

The Remuneration Report is set out in the Financial Report for the period ended 31 December 2024. The Remuneration Report details the Company's remuneration arrangements for the Directors and senior management of the Company.

Section 250R(2) of the Corporations Act requires that a resolution to adopt the Remuneration Report be put to the vote of the Company. Shareholders should note that the vote on Resolution 1 is advisory only and not binding on the Company or its Directors.

However, under the Corporations Act, if at least 25% of the votes cast on Resolution 1 are against the adoption of the Remuneration Report then:

- If comments are made on the Remuneration Report at the Meeting, Austral's Remuneration Report will be required to include an explanation of the Board's proposed action response or, if no action is proposed, the Board's reasons for this; and
- If, at next year's AGM, at least 25% of the votes cast on the resolution for adoption of the Remuneration Report are against it, Austral will be required to put to Shareholders a resolution proposing that an Extraordinary General Meeting (**EGM**) be called to consider the election of Directors (**Spill Resolution**). If the Spill Resolution is passed (i.e. more than 50% of the votes cast are in favour of it), all of the Directors (other than the Managing Director) will cease to hold office at the subsequent EGM, unless re-elected at that Meeting.

Last year, a resolution was passed to adopt the 2024 Remuneration Report, with in excess of 75% of votes cast in favour of the resolution on a poll (noting that in excess of 75% of proxies lodged were also in favour of the resolution).

In accordance with the Corporations Act, Shareholders will be given a reasonable opportunity at the Annual General Meeting to ask questions and make comments on the Remuneration Report.

RE-ELECTION OF DIRECTORS

Clause 13.2 of the Constitution requires that all the Directors must retire at each Annual General Meeting. In accordance with this clause the Managing Director of the Company is exempt from retiring.

Directors who retire under clause 13.2 are eligible for re-election.

Clause 17.4 of the Constitution notes that a Managing Director shall not retire by rotation in accordance with clause 13.2. As Mr. Stabro Kasaneva is the Company's Managing Director, he is not required to retire as a Director and therefore does not require re-election at this meeting.

In addition, ASX Listing Rule 14.5 requires that an entity which has directors to hold an election of directors at each annual general meeting.

Mr Eduardo Elsztain was appointed to the Board on 29 June 2007. He is a Non-Executive Director and Chair.

RESOLUTION 3 – RE-ELECTION OF DIRECTOR – MR SAUL ZANG

Mr Saul Zang was appointed to the Board on 29 June 2007. He is a Non-Executive Director.

Mr Zang retires as a Director and now seeks re-election in accordance with clause 13.2 of the Constitution. He was last re-elected by shareholders on 28 May 2024.

RESOLUTION 8 – GRANT OF SECURITY INTEREST (AS PART OF A LOAN AGREEMENT) TO A SUBSTANTIAL HOLDER AND RELATED PARTY

Purpose of the Resolution

Resolution 8 seeks Shareholder approval to allow the Company (and its controlled entities) to:

- (a) grant a security interest (as part of a loan arrangement) to IFISA over certain substantial assets of the Company, which is considered to be a “disposal” of a substantial asset for the purposes of ASX Listing Rule 10.1; and
- (b) if required, permit the security to be enforced by IFISA, for the purposes of ASX Listing Rule 10.1.

This is referred to as the "**Transaction**".

Background to the Transaction

On 26 September 2024, the Company announced that IFISA had agreed to lend to it the sum of US\$2.0 million ("**Loan**").

IFISA is the Company's largest Shareholder and two of the Company's Directors, Mr Eduardo Elszlain and Mr Saul Zang, are also directors and shareholders of IFISA.

The Loan is exempt from the shareholder approval requirements provided for in TSXV Policy 5.9 as contemplated in Part 5.7(a) Multilateral Instrument 61-101, although the sale of the Unico Shares, when aggregated with prior sales to IFISA (as the lender) and its principals, would exceed the exemption amount. It is for this reason that the security interest over the Collateral is conditional on obtaining Shareholder approval under Resolution 8.

Notably for the purposes of this Resolution 8, subject to Shareholder approval being obtained, the Loan would be supported by Collateral in the form of up to 20,190,791 shares of Unico Silver Limited shares held by Austral Gold Canada Limited, a 100%-owned Canadian subsidiary of the Company ("**AGCL**").

The Board, with the exception of the interested Directors (being Mr. Eduardo Elszlain and Mr. Saul Zang) who excused themselves, have approved the Loan, including the terms described below (noting that the security interest over the Collateral is subject to Shareholder approval).

The Board, with the exception of those interested Directors, are of the view that the terms of the Loan, and the form of the Loan Agreement, having regard to the security interest over the Collateral, are as reasonable (or better) than if Austral and IFISA were dealing at arm's length. Granting of security over loans is a common commercial practice.

It is intended that the aggregate number of Unico Shares available for recovery on enforcement under the security interest would be equivalent to the amount owed under the Loan and interest.

If Austral does not repay the Loan by way of transfer of the Collateral, the Company plans to repay the Loan in cash by the repayment date of September 2026 from future gold and silver sales from its 100%-owned Guanaco-Amancaya mine complex.

The Company's requirement for cash outside of operations in the near term is primarily due to delays in repairing critical equipment (high-pressure grinding roll HRC 800 equipment) which adversely impacted production during the six months ended 30 June 2024 as previously announced through press releases and quarterly reports during 2024.

The Transaction reflects the continued ongoing financial support from the Company's major Shareholder to partially fund operations while it completes the installation and commissioning of equipment at its 100%-owned Guanaco-Amancaya mine complex and monthly production gradually increases.

Loan Agreement

The key terms of the Loan Agreement are as follows:

Loan Facility	Key Terms
Amount	US\$2.0 million
Interest Rate	7% per annum
Term	24 months
Use of Proceeds	Working capital, including General and Administration expenses and Care & Maintenance costs related to the Casposo Mine in Argentina.
Collateral	Up to 20,190,791 shares of Unico Silver Limited shares held by AGCL. The grant of the Collateral as security and guarantee is conditional on receipt of Shareholder approval pursuant to Resolution 8.
Shareholder Approval	The Company is required to hold a meeting to obtain Shareholder approval, with IFISA and its related parties to abstain from voting, to grant a security interest over the Collateral.
Repayment	Repayment of the Loan will be in cash and/or in Unico Shares (at the election of Austral). Where repayment is to occur in part (or in whole) by Unico Shares, then the value of the Unico Shares will be equal to the greater of: <ul style="list-style-type: none"> the 5-day VWAP; and the closing price of the Unico Shares on the ASX on the Trading Day immediately prior to the date of transfer of the Unico Shares to IFISA.
Early Repayment	No cost at the Company's discretion.
Share Restriction	AGCL cannot sell the Unico Shares (which form the Collateral) prior to the repayment of the Loan (in full) without written authorisation from IFISA.

ASX Listing Rule 10.1

Shareholder approval is required under ASX Listing Rule 10.1 where an entity proposes to dispose of a substantial asset to:

- a related party of the entity (ASX Listing Rule 10.1.1);
- a child entity of the entity (ASX Listing Rule 10.1.2);
- a person who is, or was at any time in the 6 months before the transaction or agreement, a substantial (10%+) holder in the entity (ASX Listing Rule 10.1.3);
- an associate of a person referred to in (a) to (c) above (ASX Listing Rule 10.1.4); or
- a person whose relationship to the entity or a person referred to in (a) – (d) above is such that, in ASX's opinion, the transaction should be approved by security holders (ASX Listing Rules 10.1.15).

The Transaction falls within ASX Listing Rules 10.1.3 and 10.1.4 and involves the disposal of a substantial assets on the basis that:

- IFISA has been a substantial holder in the Company in the six months before the Transaction, pursuant to ASX Listing Rule 10.1.3;

- (b) Directors Mr Eduardo Elsztain and Mr Saul Zang are also each an Associate of IFISA, being directors and shareholders of IFISA, pursuant to ASX Listing Rule 10.1.4;
- (c) “dispose” includes using an asset as collateral (as is the case with the grant of the Unico Shares); and
- (d) pursuant to ASX Listing Rule 10.2, an asset is a “substantial asset” if its value is equal to 5% or more of the entity’s equity interests. Based on a market capitalisation of \$30 million, the amount under the Loan represents more than 5% of the Company’s equity interests.

Resolution 8 seeks the required shareholder approval for the Company’s grant of a security interest in the Unico Shares to IFISA to allow this asset of the Company to be disposed of to IFISA in the event the Company elects to repay the Loan in Unico Shares for the purposes of ASX Listing Rule 10.1 and for all other purposes.

Resolution 8 is an Ordinary Resolution to be passed by Shareholders.

Independent Expert Report

In accordance with ASX Listing Rule 10.5.10, the Company has engaged RSM Corporate Australia Pty Ltd to provide an independent expert's report in respect of Resolution 8. Shareholders should carefully consider the Independent Expert's Report at Schedule 1 of the Explanatory Statement.

The Independent Expert has determined that the Transaction proposed by Resolution 8 is fair and reasonable to the Non-Associated Shareholders of the Company.

Director's recommendation

The Board, with the exception of the interested Directors (being Mr. Eduardo Elsztain and Mr. Saul Zang) recommend that Shareholders vote in favour of this Resolution.

RESOLUTION 9 - APPROVAL OF 10% CAPACITY TO ISSUE EQUITY SECURITIES

Broadly speaking, and subject to a number of exceptions, Listing Rule 7.1 limits the amount of equity securities that a listed company can issue without the approval of its shareholders over any 12 month period to 15% of the fully paid ordinary securities it had on issue at the start of that period.

Under Listing Rule 7.1A, however, an eligible entity can seek approval from its members, by way of a special resolution passed at its annual general meeting, to increase this 15% limit by an extra 10% to 25%.

An eligible entity for the purposes of Listing Rule 7.1A is an entity that is not included in the S&P/ASX 300 Index and has a market capitalisation less than the amount prescribed by ASX (currently \$300 million).

As of the date of this Notice of Meeting, the Company is an eligible entity. If at the time of the Meeting the Company is no longer an eligible entity this Resolution will be withdrawn.

This Resolution seeks Shareholder approval by way of a special resolution for the Company to have the additional 10% capacity provided for in Listing Rule 7.1A to issue equity securities without Shareholder approval.

If this Resolution is passed, the Company will be able to issue equity securities up to the

combined 25% limit in Listing Rules 7.1 and 7.1A without any further Shareholder approval.

If this Resolution is not passed, the Company will not be able to access the additional 10% capacity to issue equity securities without Shareholder approval provided for in Listing Rule 7.1A and will remain subject to the 15% limit on issuing equity securities without Shareholder approval set out in Listing Rule 7.1.

Calculation for Additional 10% Placement - Listing Rule 7.1A.2

Listing Rule 7.1A.2 provides that Eligible Entities which have obtained shareholder approval at an annual general meeting may issue or agree to issue, during the period of the approval, a number of Equity Securities calculated in accordance with the following formula:

$$(A \times D) - E$$

Where:

A as the same meaning as in Listing Rule 7.1.

D is 10%.

E is the number of Equity Securities issued or agreed to be issued under Listing Rule 7.1A.2 in the Relevant Period where the issue or agreement has not been subsequently approved by the shareholders under Listing Rule 7.4 (as defined below).

Information Required by ASX Listing Rule 7.3A

The following information is provided to Shareholder for the purposes of Listing Rule 7.3A.

Period for which the approval will be valid

An approval under this Listing Rule 7.1A commences on the date of the annual general meeting at which the approval is obtained and expires on the first to occur of the following:

- (a) the date which is 12 months after the date of the annual general meeting at which the approval is obtained;
- (b) the time and date of the entity's next annual general meeting; and
- (c) the time and date on which Shareholders approve a transaction under Listing Rule 11.1.2 (a significant change to the nature or scale of activities) or 11.2 (disposal of main undertaking).

Minimum price at which the equity securities may be issued under Listing Rule 7.1A

Any equity securities issued under Listing Rule 7.1A.2 must be an existing quoted class of the Company's equity securities and issued for cash consideration.

The issue price per equity security must not be less than 75% of the volume weighted average market price of the equity securities in that class, calculated over 15 trading days on which trades in that class were recorded immediately before:

- (a) the date on which the price at the equity securities are to be issued is agreed by the Company and the recipient of the equity securities; and
- (b) if the equity securities are not issued within 10 trading days of the date in paragraph (a), the date on which the equity securities are issued.

Purposes for which the funds raised by an issue of equity securities under Listing Rule 7.1A may be used

As noted above, any equity securities issued under Listing Rule 7.1A.2 must be issued for cash consideration. Accordingly, every issue of equity securities under Listing Rule 7.1A.2 will have an accompanying proposed use of funds at the time of issue.

As at the date of this Notice, the Company has not formed an intention to offer any equity securities under Listing Rule 7.1A during the Listing Rule 7.1A mandate period, if Shareholders approve this Resolution. However, if Shareholders approve this Resolution and the Company did raise funds from the issue of equity securities under Listing Rule 7.1A, based on the

Company's existing plans, the Company considers that the funds may be used for the following purposes:

- (a) potential investments; and
- (b) general working capital.

Risk of economic and voting dilution to existing ordinary Securityholders

If this Resolution is approved, and the Company issues equity securities under Listing Rule 7.1A, the existing Shareholders' economic and voting power in the Company will be diluted.

There is a risk that:

- (a) the market price for the Company's equity securities in that class may be significantly lower on the issue date than on the date of the approval under Listing Rule 7.1A; and
- (b) the equity securities may be issued at a price that is at a discount (as described above) to the market price for the Company's equity securities on the issue date;

which may have an effect on the amount of funds raised by the issue of equity securities under Listing Rule 7.1A.

The table below shows the potential dilution of existing Securityholders on the basis of 3 different assumed issue prices and values for the variable "A" in the formula in rule 7.1A.2:

Variable "A" ASX Listing Rule 7.1A.2		Potential Dilution and Funds Raised		
		\$0.025 50% decrease in issue price	\$0.050 issue prices ^(b)	\$0.100 100% increase in issue price

	Funds raised	\$1,530,778	\$3,061,557	\$6,123,114

	Funds raised	\$2,296,168	\$4,592,335	\$9,184,670

	Funds raised	\$3,061,557	\$6,123,114	\$12,246,227

(a) Based on the total number of fully paid ordinary Shares on issue as at 09 April 2025

(b) Based on the closing price of the Company's Shares on ASX as at 09 April 2025.

(c) The table assumes that the Company issues the maximum number of ordinary Shares available to be issued under Listing Rule 7.1A.

(d) The table does not show an example of dilution that may be caused to a particular Shareholder by reason of issues of equity securities under Listing Rule 7.1A based on that Shareholder's holding at the date of this Explanatory Statement.

(e) The table shows the effect of an issue of equity securities under Listing Rule 7.1A only, not under the Company's 15% placement capacity under Listing Rule 7.1.

Allocation policy for issues under Listing Rule 7.1A

The Company's allocation policy and the identity of the allottees of equity securities under Listing Rule 7.1A will depend on a number of factors, including:

- (a) the Company's intentions in relation to the possible issue of equity securities (for cash consideration) during the Listing Rule 7.1A mandate period;
- (b) the structure and timeframe of the capital raising opportunities available to the Company and any alternative methods for raising funds that are available to the Company (such as a pro rata offer or an offer under a share purchase plan);
- (c) the potential effect on the control of the Company;
- (d) the Company's financial position and the likely future capital requirements; and
- (e) advice from the Company's corporate or financial advisors.

As of the date of this Notice, no specific intention to issue equity securities in relation to any parties, investors or existing Securityholders have been formed. In addition, no intentions have been formed in relation to the possible number of issues, or the time frame in which the issues could be made. Subject to the requirements of the Listing Rules and the Corporations Act, the

Board of Directors reserve the right to determine at the time of any issue of equity securities under Listing Rule 7.1A, the allocation policy that the Company will adopt for that issue.

If an when the determination is made to proceed with an issue of equity securities during the Listing Rule 7.1A mandate period, details regarding the allottees and purposes of issue will be disclosed pursuant to the Company's obligations under Listing Rules 3.10.3 and 7.1A.4.

Offers made under Listing Rule 7.1A may be made to parties (excluding any related parties) including professional and sophisticated investors, existing Shareholders of the Company, clients of Australian Financial Service Licence holders and/or their nominees, or any other person to whom the Company is able to make an offer of equity securities.

The Company has not issued or agreed to issue any equity securities under Listing Rule 7.1A.2 in the 12 months preceding the date of the AGM.

This Resolution is a Special Resolution. For a Special Resolution to be passed, at least 75% of the votes validly cast on the resolution by Shareholders (by number of ordinary shares) must be in favour of this Resolution.

Board Recommendation: *The Directors recommend that Shareholders vote for this Resolution.*

The Independent Directors
Austral Gold Limited
Level 5, 137-139 Bathurst St

Dear Independent Directors,

Introduction

This Independent Expert's Report (the "**Report**" or "**IER**") has been prepared to accompany the Notice of General Meeting and Explanatory Statement ("**Notice**") to be provided to shareholders for a General Meeting of Austral Gold Limited ("**AGD**" or "**Austral**" or "**the Company**") to be held on or around 29 May 2025, at which shareholder approval will be sought for (among other things) the provision of up to 20,190,791 shares ("**the Unico Shares**") in Unico Silver Limited (ASX:USL) ("**Unico**") held by Austral Gold Canada Limited ("**AGCL**"), a wholly owned Canadian subsidiary of the Company, as collateral against a US\$2.0m loan ("**the Loan**") from Inversiones Financieras del Sur SA Sociedad Anonima ("**IFISA**") with repayment of the Loan being in cash or Unico shares at the election of Austral ("**Proposed Transaction**").

A more detailed discussion of the Proposed Transaction is set out in section 1 of this report.

Purpose of the report

Chapter 10 of the ASX Listing Rules contains certain provisions in relation to transactions between a company and "persons in a position of influence". Listing Rule 10.1 provides that a listed entity must not acquire or dispose of a "substantial asset" from or to a related party, a substantial holder, an associate to any of those persons or any person whose relationship is to the listed entity, without the approval of holders of the listed entity's ordinary securities. Provision of an asset as collateral is deemed as a disposal under the ASX Listing Rules definitions. IFISA as the Company's largest shareholder is a related party under Chapter 10 of the ASX Listing Rules.

An asset is considered substantial "if its value; or the value of the consideration for it is, or in the ASX's opinion is, 5% or more of the equity interests of the entity as set out in the latest accounts given to the ASX". Under the Proposed Transaction, the total value of Unico Shares currently exceeds 5% of the equity interest of Austral. Therefore, an independent expert's report is required to accompany the Notice of Meeting related to approval of the Proposed Transaction in accordance with ASX Listing Rule 10.10,

The Independent Directors of the Company have requested that RSM Corporate Australia Pty Ltd ("**RSM**"), being independent and qualified for the purpose, express an opinion as to whether the Proposed Transaction is fair and reasonable to shareholders not associated with the Proposed Transaction ("**Shareholders**" or "**Non-Associated Shareholders**").

THE POWER OF BEING UNDERSTOOD AUDIT | TAX | CONSULTING

RSM Corporate Australia Pty Ltd is beneficially owned by the Directors of RSM Australia Pty Ltd. RSM Australia Pty Ltd is a member of the RSM network and trades as RSM. RSM is the trading name used by the members of the RSM network. Each member of the RSM network is an independent accounting and consulting firm which practices in its own right. The RSM network is not itself a separate legal entity in any jurisdiction.

RSM Corporate Australia Pty Ltd ABN 82 050 508 024 Australian Financial Services Licence No. 255847

The request for approval of the Proposed Transaction is included as Resolution 8 in the Notice.

The ultimate decision whether to approve the Proposed Transaction should be based on each Non-Associated Shareholder's assessment of their circumstances, including their risk profile, liquidity preference, tax position and expectations as to value and future market conditions. If in doubt as to the action they should take in relation to the Proposed Transaction, or the matters dealt with in this Report, Non-Associated Shareholders should seek independent professional advice.

Summary of opinion

In our opinion, and for the reasons set out in Sections 5 and 6 of this Report, the Proposed Transaction is **fair and reasonable** to the Non-Associated Shareholders of Austral.

Approach

ASX Listing Rule 10.1 states that an entity must ensure that neither it, nor any of its child entities, acquires a substantial asset from, or disposes of a substantial asset to a related party or relevant substantial shareholder or any of its associates without the approval of holders of the entity's ordinary securities.

An asset is considered substantial if its value is, or in the ASX's opinion is, 5% or more of the equity interests of the entity as set out in the latest accounts given to the ASX.

ASX Listing Rule 10.5.10 sets out the requirement for the inclusion of an independent expert's report opining on whether the transaction is fair and reasonable.

Consistent with the guidelines in RG 111, in assessing whether the Proposed Transaction is fair to the Non-Associated Shareholders, the analysis is generally undertaken by assessing and comparing:

- the Fair Value of the Unico Shares; with
- the Fair Value of the consideration offered for the Unico Shares.

However, given the nature of the transaction, and the fact that the disposal of the Unico Shares may not happen until the end of the Loan term, being 24 months from the commencement of the Loan, we are not able to undertake our analysis on the above basis as we are unable to determine the Fair Value of the Unico Shares at a future date. We have, therefore, assessed whether the Proposed Transaction is fair by assessing whether the pricing mechanism within the loan agreement with Unico ("**Loan Agreement**") is expected to provide Austral with consideration for the Unico Shares which is at or above the Fair Value of the Unico Shares, particularly having regard to the liquidity of Unico Shares.

We have then considered whether the Proposed Transaction is "reasonable" to the Non-Associated Shareholders by undertaking an analysis of the other factors relating to the Proposed Transaction which are likely to be relevant to the Non-Associated Shareholders in their decision of whether to approve the Proposed Transaction.

Further information of the approach we have employed in assessing whether the Proposed Transaction is fair and reasonable is set out at Section 2 of this Report.

Fairness opinion

The pricing mechanism for the repayment of the Loan in part (or in whole) with Unico Shares is that the value of the Unico Shares will be based on the greater of:

- the 5-day volume-weighted average price ("**VWAP**"); and
- the closing price;

of the shares of Unico on the ASX on the trading date immediately prior to the date of transfer of the Unico Shares to IFISA.

As set out in Section 5 of this Report, we consider that there is sufficient liquidity in Unico Shares that the 5-day volume-weighted average price of Unico shares on the ASX is reasonably reflective of the Fair Value of a non-controlling share interest in Unico. We note that should the closing price be higher than the 5-day volume weighted-average price of Unico shares on the ASX at the date of repayment, Austral would benefit from this upside.

Having regard to the above, and in accordance with the guidance set out in ASIC RG 111, and in the absence of any other relevant information, for the purposes of ASX Listing Rule 10.1, we consider the Proposed Transaction to be **fair** to the Non-Associated Shareholders of Austral.

Reasonableness opinion

RG 111 establishes that an offer is reasonable if it is fair. It might also be reasonable if, despite not being fair, there are sufficient reasons for security holders to accept the offer in the absence of a higher bid before the offer closes.

As such, we have also considered the following factors in relation to the reasonableness aspects of the Proposed Transaction:

- the future prospects of Austral if the Proposed Transaction does not proceed;
- trading in Austral shares following the announcement of the Proposed Transaction;
- the potential advantages and disadvantages of the Proposed Transaction for the Non-Associated Shareholders, including the specific terms of the Proposed Transaction; and
- the existence of alternative proposals.

Future prospects of Austral if the Proposed Transaction does not proceed

The provision of the Loan is not conditional on Austral obtaining Shareholder approval for the Proposed Transaction. However, if the Proposed Transaction is not approved, the Company would only be able to repay the Loan in cash, with no option to settle the Loan through the delivery of the Unico Shares to IFISA.

The ownership of the Unico Shares may also not be aligned with Austral's growth strategy and selling the Unico Shares on market may take a longer period of time than by settling the Loan for all or a large portion of the Unico Shares.

Trading in Austral shares following the announcement of the Proposed Transaction

The chart below sets out the trading in Austral shares post the announcement of the Proposed Transaction on 26 September 2024.

Figure 1 Austral share trading following announcement of the Proposed Transaction

Source: S&P Capital IQ

At the date of announcement of the Loan the Company's shares were trading at \$0.026 per Austral Share. In the months immediately following announcement of the Proposed Transaction, there were no significant movements in Austral's share price with the share price generally trading at below \$0.026 but increasing to circa \$0.030 per Austral Share by the end of 2024. Thereafter, Austral's share price increased to a high of [\$0.065], before falling slightly to c. \$0.062 at the date of this Report. Austral has made a number of other operational announcements over the above period that would also impact on the Company's share price trading. Therefore, we are unable to conclude whether there have been any positive or negative perceptions of the general market to the announcement of the Proposed Transaction.

Advantages and disadvantages of approving the Proposed Transaction

In assessing whether the Non-Associated Shareholders are likely to be better off if the Proposed Transaction is approved, than if it is not, we have also considered various advantages and disadvantages that are likely to accrue to the Non-Associated Shareholders.

The key advantages of the Proposed Transaction are outlined below.

Table 1 Advantages of the Proposed Transaction

Advantages	Details
The Proposed Transaction is Fair	Based on the current liquidity of the trading of Unico Shares on the ASX, we have assessed that the pricing terms in relation to the future repayment of the Loan by Unico Shares, will provide Austral with proceeds equivalent to the Fair Value of the Unico Shares.
Enables Austral to realise the value of a large trade of Unico Shares in a single transaction without any broker costs or block discount being applied.	<p>The Proposed Transaction will allow Austral to dispose of up to 20,190,791 shares in a single transaction at the higher of the current ASX share price or the 5-day VWAP immediately prior to the repayment date, without incurring any brokerage costs.</p> <p>Given the liquidity of Unico Shares (with circa 48.5m shares traded in the 30 days to 17 April 2025) we consider that it would be unlikely that Austral would be able to realise the sale of the Unico Shares on market (following expiry of the restriction deed) without either the application of a block discount (discount typically between 5% and 15%) to sell the large block of shares, or without needing to sell the shares on market over a longer time-span, which may likely negatively impact the Unico share price, if there is a significant increase in the supply of Unico shares being sold on market.</p>
Austral has flexibility in relation to the ultimate settlement of the Loan from cash reserves or the Unico Shares and can also settle the Loan early at no penalty.	<p>The loan terms enable Austral to settle the loan either in cash or using the Unico shares or a combination of both, with the ability to settle the Loan early at no penalty.</p> <p>Therefore, Austral is able to settle the loan at a time and using a method that best meets its strategic focus at the time of settlement.</p>
The Loan interest rate terms are not considered to be above arms-length commercial rates.	<p>The Loan carries an interest rate of 7% per annum. We have compared this with the loan terms of Austral's other third-party debt and consider that the loan interest rate is not above an arms-length commercial rate. For comparison we note that:</p> <ul style="list-style-type: none"> Austral's borrowings with Santander Bank carry an interest rate of 10.17%; and Austral has, in December 2024, obtained external secured funding of US\$7.0m to fund the refurbishment of its Casposo Plant, with a similar 24-month term and an interest rate of 8% per annum.
The provision of the Loan is not conditional on Austral obtaining Shareholder approval for the Proposed Transaction.	The provision of the Loan is not conditional on Austral obtaining Shareholder approval for the Proposed Transaction. However, if the Proposed Transaction is not approved, the Company would only be able to repay the Loan in cash, with no option to settle the Loan through the delivery of the Unico Shares to IFISA.

The key disadvantages of the Proposed Transaction are outlined below.

Table 2 Disadvantages of the Proposed Transaction

Disadvantages	Details
Risk of an unfair outcome if liquidity of Unico shares reduces.	<p>We have assessed the Proposed Transaction as fair given the pricing mechanism for settlement</p> <p>However, the future liquidity of the trading of Unico shares on the ASX could reduce and as such, there is a risk that at the time of settlement of the Loan, the ASX closing share price / the 5-day VWAP of Unico shares may not be considered a reliable representation of the fair value of the Unico Shares.</p> <p>We note that this risk is offset by the fact that Austral can elect to settle the Loan in cash rather than with the Unico Shares and can also settle the Loan early and can, therefore, choose a time of settlement where the Unico share price is considered to be liquid or to be favourable.</p>
The Company may not sell the Unico Shares pledged as loan collateral	<p>The Due Date for the repayment of the Loan is the 24-month anniversary of the execution of the Loan Agreement, being 24 September 2026.</p> <p>If the Proposed Transaction is approved, the Company may not sell part or all of the Unico Shares pledged as loan collateral until the Loan is repaid, either on the Due Date or earlier, without penalty.</p>

Alternative proposals to the Proposed Transaction

We are unaware of any alternative proposal at the current time which might be of greater benefit to the Shareholders than the Proposed Transaction.

The alternative to the Proposed Transaction is for the Shareholders to vote against the Proposed Transaction in the hope that Austral can realise the value from its shareholding in Unico through continuing to hold and selling on market, or through a superior proposal to the Proposed Transaction (for example a takeover offer for Unico – noting that Austral would still benefit from any such offer up until the earlier of the maturity date for the Loan, or early settlement of the Loan using the Unico shares).

We understand that the Directors of Austral are not aware of the existence of any superior proposals to the Proposed Transaction as at the date of this Report.

Conclusion on Reasonableness

In our opinion, the position of the Shareholders if the Proposed Transaction is approved is more advantageous than the position if it is not approved. Therefore, in the absence of any other relevant information and/or a superior proposal, we consider that the Proposed Transaction is **reasonable** for the Non-Associated Shareholders of Austral.

An individual Shareholder's opinion in relation to the Proposed Transaction may be influenced by their individual circumstances. If in doubt, Shareholders should consult an independent advisor.

General

This Report represents general financial product advice only and has been prepared without taking into consideration the individual circumstances of Non-Associated Shareholders. The ultimate decision whether to approve the Proposed Transaction should be based on each of the Non-Associated Shareholders' assessment of their circumstances, including their risk profile, liquidity preference, tax position and expectations of future market conditions. Shareholders should read and have regard to the explanatory memorandum included as part of the notice of meeting seeking approval of the Proposed Transaction.

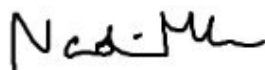

Non-Associated Shareholders who are in doubt as to the action they should take in relation to the Proposed Transaction and the matters dealt with in this Report, should seek independent professional advice. This summary should be considered in conjunction with the detail contained in the following sections of this Report.

1. Summary of the Proposed Transaction

1.1 Overview

Austral currently holds approximately 23 million shares in Unico (Unico Shares).

Inversiones Financieras del Sur SA Sociedad Anonima (IFISA) is the Company's largest shareholder and holds circa 62% of the issued equity of Austral. As part of recent financing activities, the Company sold 8.1 million Unico shares to IFISA as well as 6.4 million Unico shares to related parties of IFISA and 15.0 million Unico shares to the general market on the ASX.

On 26 September 2024, Austral announced that IFISA had agreed to lend Austral the sum of US\$2.0 million (the Loan). The key terms of the Loan are set out in the following section.

1.2 Loan Terms

The key terms of the Loan are summarised in the table below.

Table 3 Loan key terms

Matter	Description
Term	24 months from commencement, being 25 September 2024

Loan repayment	<p>Repayment of the Loan will be in cash and/or in Unico Shares (at the election of Austral). Where repayment is to occur in part (or in whole) by Unico Shares then the value of the Unico Shares will be equal to the greater of:</p> <ul style="list-style-type: none"> the 5-day volume-weighted average price; and the closing price; <p>of the shares of Unico on the ASX on the trading date immediately prior to the date of transfer of the Unico Shares to IFISA.</p>
Early repayment:	No cost at the Company's discretion
Share Restriction	The Unico Shares (which form the Collateral) must not be sold prior to the repayment of the Loan (in full) without written authorisation from IFISA.

1.3 Rationale for the Proposed Transaction

At the time of the announcement of the Loan, the Company's near-term requirement for cash funding outside of operations was due to delays in repairing critical equipment (high-pressure grinding roll HRC 800 equipment) which adversely impacted production during the six months ended 30 June 2024. The Proposed Transaction reflects continued support from the Company's major shareholder to partially fund operations while Austral completed the installation and commissioning of equipment at its 100%-owned Guanaco-Amancaya mine complex until monthly production is anticipated to increase.

The Proposed Transaction also gives the Company the ability to immediately monetise the Unico Shares owned, with the strategic direction of the Company being to develop its own mining assets and resources rather than to hold investments in other exploration companies.

2. Scope of the Report

2.1 ASX Listing Rules

Chapter 10 of the ASX Listing Rules contains certain provisions in relation to transactions between a company and “persons in a position of influence”. Listing Rule 10.1 provides that a listed entity must not acquire or dispose of a “substantial asset” from or to a related party, a substantial holder, an associate to any of those persons or any person whose relationship is to the listed entity, without the approval of holders of the listed entity’s ordinary securities. Provision of an asset as collateral is deemed as a disposal under the ASX Listing Rules definitions.

A substantial holder is defined in Listing Rule 10.1 as a person who is or was at any time in the 6 months before the transaction or agreement, a substantial (10%+) holder in the entity.

An asset is substantial if its value, or the value of the consideration for it is, in the ASX’s opinion, 5% or more of the equity interests of the entity as set out in the latest accounts given to the ASX under the listing rules.

ASX Listing Rule 10.10 states that the notice for the shareholders’ meeting required under ASX Listing Rule 10.5 must include a report on the transaction from an independent expert. The report must state whether, in the expert’s opinion, the transaction is fair and reasonable to the Non-Associated Shareholders.

Accordingly, Austral is to hold a meeting of its Shareholders where it will seek approval for the Proposed Transaction and the Company has engaged RSM, to prepare a report which sets out our opinion as to whether the Proposed Transaction is fair and reasonable to Non-Associated Shareholders.

2.2 Basis of evaluation

Our report has been prepared under s640 of the Corporations Act 2001 (Cth) (“**Corporations Act**”). Consequently, in preparing our report we have given due consideration to the Regulatory Guides issued by ASIC, particularly Regulatory Guide 111 *Content of expert reports* (“**RG 111**”).

RG 111 provides ASIC’s views on how an expert can help security holders make informed decisions about transactions. Specifically, it gives guidance to experts on how to evaluate whether or not a proposed transaction is “fair” and “reasonable”.

RG 111 states that the expert’s report should focus on:

- the issues facing the security holders for whom the report is being prepared: and
- the substance of the transaction rather than the legal mechanism used to achieve it.

RG 111 states that in relation to a related party transactions the expert’s assessment of fair and reasonable should not be applied as a composite test – that is, there should be a separate assessment of whether the transaction is “fair” and “reasonable” as in a control transaction.

2.3 Fairness

Consistent with the guidelines in RG 111, in assessing whether the Proposed Transaction is fair to the Non-Associated Shareholders, the analysis is generally undertaken by assessing and comparing:

- the Fair Value of the Unico Shares; with
- the Fair Value of the consideration offered for the Unico Shares.

However, given the nature of the transaction, and the fact that the disposal of the Unico Shares may not happen until the end of the loan term, being 24 months from the commencement of the Loan, we are not able to undertake our analysis on the above basis given we are unable to determine the Fair Value of the Unico Shares at a future date. We have, therefore, assessed whether the Proposed Transaction is fair by assessing whether the pricing mechanism within the Loan Agreement is expected to provide Austral with consideration for the Unico Shares which is at or above the Fair Value of the Unico shares, particularly having regard to the liquidity of Unico Shares.

2.4 Reasonableness

In accordance with RG 111, we have also considered whether the Proposed Transaction is "reasonable" to Non-Associated Shareholders by undertaking an analysis of the other factors relating to the Proposed Transaction which are likely to be relevant to Non-Associated Shareholders in their decision as to whether or not to approve the Proposed Transaction.

We have considered whether the Proposed Transaction is "reasonable" by undertaking an analysis of the following factors:

- the future prospects of Austral if the Proposed Transaction does not proceed;
- trading in Austral shares following the announcement of the Proposed Transaction;
- the potential advantages and disadvantages of the Proposed Transaction for the Non-Associated Shareholders, including the specific terms of the Proposed Transaction; and
- the existence of alternative proposals.

Our assessment of the Proposed Transaction is based on economic, market and other conditions prevailing at the date of this Report.

Austral was previously, through its Canadian subsidiary SCRNL Properties Limited ("**SCRNL**"), the owner of the polymetallic Pinguino Project, located in the Deseado Massif in the Santa Cruz province of Argentina. On 25 November 2022, Austral entered into a share sale agreement with E2 Metals Limited (name subsequently changed to Unico Silver Limited) to sell 100% of SCRNL in return for:

- **Cash** – US\$5m with US\$2.5m paid on closing (closing occurred on 1 March 2023), US\$0.75m payable on the first anniversary of closing, US\$0.75m payable on the second anniversary of closing and US\$1m on the third anniversary of closing.
- **Shares** – issuance of Unico shares equivalent to 19.99% shareholding in Unico on a non-diluted basis to be held in escrow with 50% released on the first anniversary of the Closing Date and 50% released on the second anniversary of the closing date.
- **Options** – 15 million options, exercisable at 0.26c until the third anniversary of closing (subject to not being exercisable to the extent exercise would increase Austral's voting power in Unico above 19.99%;
- **Board representation** – the right to appoint one person to the Unico Board for as long as it holds at least nine percent of Unico's outstanding shares.
- **Royalties** – Austral Canada retained an option to purchase either all or half of the existing share 2% net smelter return royalty on the Pinguino project.

Austral, through its subsidiary, Austral Gold Argentina, S.A. ("**AGASA**") previously held a 54.69% interest in the Sierra Blanca Project located in the Deseado Massif, Santa Cruz, Argentina. On 20 May 2024, Austral announced the sale of its interests in the Sierra Blanca Project to Unico (with Unico acquiring a 100% interest in the Sierra Blanca Project). Total consideration for the acquisition was 5,000,000 ordinary shares in Unico, with Austral's share being equivalent to 2,734,500 Unico Shares.

Since 25 November 2022, Austral has disposed of a number of Unico shares, either on market or directly to related parties (including to IFISA) and as at the date of this Report held 22,925,291 Unico Shares, representing 5.2% of the total Unico Shares on issue.

Austral has also recently (as announced to on 5 December 2024), executed a Binding Memorandum of Understanding ("**MOU**") with ASX-listed Challenger Gold Limited (ASX:CEL) ("**Challenger Gold**") to process mineralised material from Challenger Gold's 100% owned Hualilan Project over a three-year term at its Casposo Plant in Argentina. A definitive agreement was executed on 30 December 2024. The transaction is expected to create a new revenue stream for Austral, including a US\$3m fixed payment (with US\$2m payable up front within 15 days of the Binding MOU), US\$1 million due in two years, a US\$110,000 monthly fee, and an incentive fee linked to recovery margins. The agreement is subject to Austral, via its local subsidiary, using its best commercial efforts to finance the funds required for the refurbishment and commercial start-up of the Casposo Plant on or before 31 July 2025.

3.2 Directors

We note the following in relation to Austral's historical financial performance:

- Austral disclosed losses after tax of US\$7.3m, US\$8.3m, US\$7.2m and US\$27.1m in CY21, CY22, CY23 and CY24, respectively.
- Revenue primarily relates to the sale of gold produced from the Company's Guanaco/Amancaya mine complex. Revenue has decreased over the historical period as the volume of gold produced and sold has reduced over the period, partly offset by an improvement in the realised gold price in CY23 and CY24.
- Gross margins reduced between CY21 to CY23 as the overall costs for the extraction of gold increased on a US\$/Au Oz basis. Whilst the costs for the extraction of gold increased on a US\$/Au Oz basis in CY24 compared to CY23, this was more than offset by improvement in the realised gold price in CY24 resulting in gross margin improvement.
- Other income for CY24 primarily comprised of gain on sale or revaluation of Unico shares held of US\$1.0m. Other income for CY23 primarily comprised of a gain on the sale of SCRNs of US\$2.0m and a gain in revaluation of Unico shares held of US\$1.0m.
- Administration expenses have reduced over the Historical Period as a result of cost cutting measures.
- Other expenses for CY23 included an impairment loss on exploration and evaluation assets of US\$4.0m (CY22: US\$0.9m).
- Other expenses for CY21 included an impairment loss on exploration and evaluation assets of US\$1.3m, impairment losses related in investments in associates of US\$5.2m and costs for severance of mining employees due to outsourcing of operations of US\$0.5m.
- Impairment losses on property, plant and equipment, exploration and evaluation assets, and mine properties of US\$16.7m, US\$8.8m and US\$2.6m, respectively, were disclosed separately in the historical financial performance for CY24.

We note the following in relation to Unico's historical financial performance:

- Unico disclosed losses of \$10.4m, \$17.9m, \$2.9m and \$8.7m for FY22, FY23, FY24 and HY25, respectively.
- Unico is not yet revenue generating, and income historically primarily comprised of interest and investment income. Investment income related to gains from the sale of Argentine sovereign bonds. The bonds were acquired in US Dollars and sold in Argentine Pesos as part of transferring the operating working capital of the Group's Argentine subsidiary for exploration activities.
- Other income in FY24 primarily comprised VAT refunds. Other income for HY25 comprised net gains from the sale of 100% of the issued capital in Fisher Resources Pty Ltd to Mount Hope Mining Limited (ASX:MHM) for 5 million fully paid ordinary shares in the capital of MHM at \$0.20 per share for its net asset of \$30,000.
- Unico's main operating expenditure related to exploration expenses, comprising \$13.5m, \$17.0m, \$1.2m and \$8.3m in FY22, FY23, FY24 and HY25, respectively. Exploration expenditure reduced in FY24 as Unico concentrated on consolidating its ownership interests in the Santa Cruz region and obtained permits for future drilling activities across the Cerro Leon project.
- During HY25, Unico acquired a 100% ownership of the Sierra Blanca Project from Austral and the Joaquin Project from Pan American Silver Corp. These acquisitions were accounted for as asset acquisitions. Under Unico's accounting policy, exploration and evaluation expenditure incurred are expensed in full as they are incurred, with expenditure capitalised as development expenditure when technical feasibility and commercial viability of extracting a mineral resource is established. Unico recognised \$4.8m in exploration expenditure arising from these acquisitions.
- Other expenses, relating to corporate and administrative expenses, employment expenses and finance costs remained relatively consistent across the Historical Period.

5. Is the Proposed Transaction Fair to Non-Associated Shareholders?

Consistent with the guidelines in RG 111, in assessing whether the Proposed Transaction is fair to the Non-Associated Shareholders, the analysis is generally undertaken by assessing and comparing:

- the Fair Value of the Unico Shares; with
- the Fair Value of the consideration offered for the Unico Shares.

However, given the nature of the transaction, and the fact that the disposal of the Unico Shares may not happen until the end of the loan term, being 24 months from the commencement of the loan, we are not able to undertake our analysis on the above basis given we are unable to determine the Fair Value of the Unico Shares at a future date. We have, therefore, assessed whether the Proposed Transaction is fair by assessing whether the pricing mechanism within the Loan Agreement is expected to provide Austral with consideration for the Unico Shares which is at or above the Fair Value of the Unico shares, particularly having regard to the liquidity of Unico Shares.

The pricing mechanism for the repayment of the Loan in part (or in whole) by Unico shares is that the value of the Unico Shares will be based on the greater of:

- the 5-day volume-weighted average price; and
- the closing price;

of the shares of Unico on the ASX on the trading date immediately prior to the date of transfer of the Unico Shares to IFISA.

RG 111.69 indicates that for the quoted market share price methodology to represent a reliable indicator of Fair Value, there needs to be an active and liquid market for the securities.

The following characteristics may be considered to be representative of a liquid and active market:

- regular trading in the company's securities;
- approximately 1% of a company's securities traded on a weekly basis;
- the bid/ask spread of a company's shares must not be so great that a single majority trade can significantly affect the market capitalisation of the company; and
- there are no significant but unexplained movements in share price.

An analysis of the volume in trading in Unico Shares for the 1, 5, 10 and 30-day trading periods prior to 17 April 2025 set out in the table below.

Table 13 Volume of trading in Unico prior to 17 April 2025

# of Days	1 Day	5 Day	10 Day	30 Day	60 Day	90 Day	120 Day
VWAP	0.2324	0.2307	0.2165	0.2330	0.2200	0.2130	0.2183
Total Volume (000's)	3,756	6,589	13,565	48,516	82,184	112,326	157,641
Total Volume as a % of Total Shares	0.86%	1.50%	3.10%	11.08%	18.77%	25.65%	36.00%
Low Price	0.2250	0.2100	0.1850	0.1800	0.1700	0.1700	0.1700
High Price	0.2420	0.2420	0.2420	0.2750	0.2750	0.2750	0.3400

We note the following:

- in the 10, 30, 60, 90 and 120-days prior to 17 April 2025, Unico shares were relatively well traded and liquid;
- Unico complies with full disclosure regime required by the ASX. As a result, the market was and is fully informed about the performance of Unico; and
- in the absence of the Proposed Transaction or an alternative proposal, the trading share price represents the value in which Austral would seek to realise for the Unico Shares (once released from escrow) via on-market sales.

Having regard to the above analysis, we consider that there is sufficient liquidity in the trading of Unico shares to conclude that either the current share price or the 5-day VWAP would be representative of a reliable indicator of the Fair Value of the Unico Shares.

Given the pricing mechanism for the repayment of the Loan is set at the higher of the closing share price of the 5-day VWAP we consider that Austral would benefit from this upside, and therefore the pricing mechanism is fair to Shareholders.

6. Is the Proposed Transaction Reasonable to Non-Associated Shareholders?

RG111 establishes that an offer is reasonable if it is fair. If an offer is not fair it may still be reasonable after considering the specific circumstances applicable to the offer.

In our assessment of the reasonableness of the Proposed Transaction, we have given consideration to:

- the future prospects of Austral if the Proposed Transaction does not proceed;
- trading in Austral shares following the announcement of the Proposed Transaction;
- the potential advantages and disadvantages of the Proposed Transaction for the Non-Associated Shareholders, including the specific terms of the Proposed Transaction; and
- the existence of alternative proposals.

6.1 Future prospects of Austral if the Proposed Transaction does not proceed

The provision of the Loan is not conditional on Austral obtaining Shareholder approval for the Proposed Transaction. However, if the Proposed Transaction is not approved, the Company would only be able to repay the Loan in cash, with no option to settle the Loan through the delivery of the Unico Shares to IFISA.

The ownership of the Unico Shares may also not be aligned with Austral's growth strategy and selling down the Unico Shares may take a longer period of time than by settling the Loan for all or a large portion of the Unico Shares.

6.2 Trading in Austral shares following the announcement of the Proposed Transaction

The chart below sets out the trading in Austral shares post the announcement of the Proposed Transaction on 26 September 2024.

Figure 5 Austral share trading following announcement of the Proposed Transaction

Source: S&P Capital IQ

At the date of announcement of the Loan the Company's shares were trading at \$0.026 per Austral Share. In the months immediately following announcement of the Proposed Transaction, there were no significant movements in Austral's share price with the share price generally trading at below \$0.026 but increasing to circa \$0.030 per Austral Share by the end of 2024. Thereafter, Austral's share price increased to a high of \$0.065, before decreasing slightly to c. \$0.063 at the date of this Report. Austral has made a number of other operational announcements over the above period that would also impact on the Company's share price trading. Therefore, we are unable to conclude whether there have been any positive or negative perceptions of the general market to the announcement of the Proposed Transaction.

6.3 Advantages and disadvantages of approving the Proposed Transaction

In assessing whether the Non-Associated Shareholders are likely to be better off if the Proposed Transaction is approved, than if it is not, we have also considered various advantages and disadvantages that are likely to accrue to the Non-Associated Shareholders.

The key advantages of the Proposed Transaction are outlined below.

Table 14 Advantages of the Proposed Transaction

Advantages	Details
The Proposed Transaction is Fair	Based on the current liquidity of the trading of Unico shares on the ASX, we have assessed that the pricing terms in relation to the future repayment of the Loan by Unico Shares, will provide Austral with proceeds equivalent to the Fair Value of the Unico Shares.
Enables Austral to realise the value of a large trade of Unico Shares in a single transaction without any broker costs or block discount being applied.	<p>The Proposed Transaction will allow Austral to dispose of up to 20,190,791 shares in a single transaction at the higher of the current ASX share price or the 5-day VWAP immediately prior to the repayment date, without incurring any brokerage costs.</p> <p>Given the liquidity of Unico Shares (with circa 48.5m shares traded in the 30 days to 17 April 2025) we consider that it would be unlikely that Austral would be able to realise the sale of the Unico Shares on market (following expiry of the restriction deed) without either the application of a block discount (discount typically between 5% and 15%) to sell the large block of shares, or without needing to sell the shares on market over a longer time-span, which may likely negatively impact the Unico share price, if there is a significant increase in the supply of Unico shares being sold on market.</p>
Austral has flexibility in relation to the ultimate settlement of the Loan from cash reserves or the Unico Shares and can also settle the Loan early at no penalty.	<p>The loan terms enable Austral to settle the loan either in cash or using the Unico shares or a combination of both, with the ability to settle the Loan early at no penalty.</p> <p>Therefore, Austral is able to settle the loan at a time and using a method that best meets its strategic focus at the time of settlement.</p>
The Loan interest rate terms are not considered to be above arms-length commercial rates.	<p>The Loan carries an interest rate of 7% per annum. We have compared this with the loan terms of Austral's other third-party debt and consider that the loan interest rate is not above an arms-length commercial rate. For comparison we note that:</p> <ul style="list-style-type: none"> Austral's borrowings with Santander Bank carry an interest rate of 10.17%; and Austral has, in December 2024, obtained external secured funding of US\$7.0m to fund the refurbishment of its Casposo Plant, with a similar 24-month term and an interest rate of 8% per annum.
The provision of the Loan is not conditional on Austral obtaining Shareholder approval for the Proposed Transaction.	The provision of the Loan is not conditional on Austral obtaining Shareholder approval for the Proposed Transaction. However, if the Proposed Transaction is not approved, the Company would only be able to repay the Loan in cash, with no option to settle the Loan through the delivery of the Unico Shares to IFISA.

Source: RSM analysis

The key disadvantages of the Proposed Transaction are outlined below.

Table 15 Disadvantages of the Proposed Transaction

Disadvantages	Details
Risk of an unfair outcome if liquidity of Unico shares reduces.	<p>We have assessed the Proposed Transaction as fair given the pricing mechanism for settlement</p> <p>However, the future liquidity of the trading of Unico shares on the ASX could reduce and as such, there is a risk that at the time of settlement of the Loan, the ASX closing share price / the 5-day VWAP of Unico shares may not be considered a reliable representation of the fair value of the Unico Shares.</p> <p>We note that this risk is offset by the fact that Austral can elect to settle the Loan in cash rather than with the Unico Shares and can also settle the Loan early and can, therefore, choose a time of settlement where the Unico share price is considered to be liquid or to be favourable.</p>
The Company may not sell the Unico Shares pledged as loan collateral	<p>The Due Date for the repayment of the Loan is the 24-month anniversary of the execution of the Loan Agreement, being 24 September 2026.</p> <p>If the Proposed Transaction is approved, the Company may not sell part or all of the Unico Shares pledged as loan collateral until the Loan is repaid, either on the Due Date or earlier, without penalty.</p>

Source: RSM analysis

6.4 Alternative proposals to the Proposed Transaction

We are unaware of any alternative proposal at the current time which might be of greater benefit to the Shareholders than the Proposed Transaction.

The alternative to the Proposed Transaction is for the Shareholders to vote against the Proposed Transaction in the hope that Austral can realise the value from its shareholding in Unico through continuing to hold and selling on market, or through a superior proposal to the Proposed Transaction (for example a takeover offer for Unico – noting that Austral would still benefit from any such offer up until the earlier of the maturity date for the Loan, or early settlement of the Loan using the Unico Shares).

We understand that the Directors of Austral are not aware of the existence of any superior proposals to the Proposed Transaction as at the date of this Report.

6.5 Conclusion on Reasonableness

In our opinion, the position of the Non-Associated Shareholders if the Proposed Transaction is approved is more advantageous than the position if it is not approved. Therefore, in the absence of any other relevant information and/or a superior offer, we consider that the Proposed Transaction is **reasonable** for the Non-Associated Shareholders of Austral.

An individual shareholder's decision in relation to the Proposed Transaction may be influenced by their individual circumstances. If in doubt, Non-Associated Shareholders should consult an independent advisor.

How to Vote on Items of Business

All your securities will be voted in accordance with your directions.

APPOINTMENT OF PROXY

Voting 100% of your holding: Direct your proxy how to vote by marking one of the boxes opposite each item of business. If you do not mark a box your proxy may vote or abstain as they choose (to the extent permitted by law). If you mark more than one box on an item your vote will be invalid on that item.

Voting a portion of your holding: Indicate a portion of your voting rights by inserting the percentage or number of securities you wish to vote in the For, Against or Abstain box or boxes. The sum of the votes cast must not exceed your voting entitlement or 100%.

Appointing a second proxy: You are entitled to appoint up to two proxies to attend the meeting and vote on a poll. If you appoint two proxies you must specify the percentage of votes or number of securities for each proxy, otherwise each proxy may exercise half of the votes. When appointing a second proxy write both names and the percentage of votes or number of securities for each in Step 1 overleaf.

A proxy need not be a securityholder of the Company.

SIGNING INSTRUCTIONS FOR POSTAL FORMS

Individual: Where the holding is in one name, the securityholder must sign.

Joint Holding: Where the holding is in more than one name, all of the securityholders should sign.

Power of Attorney: If you have not already lodged the Power of Attorney with the registry, please attach a certified photocopy of the Power of Attorney to this form when you return it.
