**1. General information**

Fat Prophets Global Contrarian Fund Limited ("the Company") is a listed investment company incorporated in Australia. The Company was incorporated on 19 October 2016. The registered office and principal place of business of the Company is Level 3, 22 Market Street, Sydney NSW 2000.

These condensed interim financial statements are for the half-year ended 31 December 2022, and were authorised for issue by the Directors on 24 February 2023.

The Company will be managed in accordance with the Constitution and investment objectives as detailed in the Replacement Prospectus dated 16 January 2017. The Manager is Fat Prophets Funds Management Pty Ltd, ACN 615 545 537, an Authorised Representative of Fat Prophets Pty Ltd (AFSL 229183).

A summary of the material accounting policies adopted by the Company in the preparation of the interim financial statements is set out as below:

**2. Summary of significant accounting policies**

**(a) Basis of preparation**

These condensed interim financial statements for the half-year ended 31 December 2022 have been prepared in accordance with accounting standard AASB 134 *Interim Financial Reporting*, other authoritative pronouncements of the Australian Accounting Standards Board ("AASB") and the *Corporations Act 2001* in Australia.

For the purposes of preparing financial statements, the Company is a for-profit entity.

The financial statements are prepared on the basis of fair value measurement of assets and liabilities except where otherwise stated.

The half-year financial report has been prepared on a going concern basis in accordance with the historical cost convention with the exception of the valuation of investments described on Note 3 below.

The statement of financial position is presented on a liquidity basis. Assets and liabilities are presented in decreasing order of liquidity and do not distinguish between current and non-current. All balances are expected to be recovered or settled within 12 months, except for investments in financial assets and liabilities.

The Company manages financial assets at fair value through profit or loss based on the economic circumstances at any given point in time, as well as to meet any liquidity requirements. As such, it is expected that a portion of the portfolio will be realised within 12 months, however, an estimate of that amount cannot be determined as at reporting date.

These half-year financial statements do not include all the notes of the type normally included in annual financial statements and therefore cannot be expected to provide as full an understanding of the financial performance, financial position and financing and investing activities of the Company as the full financial statements. Accordingly, these half-year financial statements are to be read in conjunction with the annual financial statements for the year ended 30 June 2022 and any public announcements made by the Company during the half-year reporting period in accordance with the continuous disclosure requirements of the *Corporations Act 2001*.

**(b) Accounting policies**

The accounting policies applied in these interim financial statements are the same as those applied in the Company's financial statements as at and for the year ended 30 June 2022.

**(c) New standards and interpretations adopted by the Company**

There were no new standards, interpretations or amendments to existing accounting standards that are mandatory for the interim reporting period ending 31 December 2022.

**(d) Rounding of amounts to the nearest thousand dollars**

The Company is an entity of a kind referred to in *ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2016/191* relating to the "rounding off" of amounts in the financial statements. Amounts in the financial statements have been rounded to the nearest thousand dollars, unless otherwise indicated.

**3. Fair value measurement**

The Company measures and recognises financial assets and liabilities held at fair value through profit or loss on a recurring basis.

The Company has no assets or liabilities measured at fair value on a non-recurring basis in the current reporting period.

AASB 13 *Fair Value Measurement* requires disclosure of fair value measurements by level of the following fair value measurement hierarchy:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities (Level 1);
- Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly or indirectly (Level 2); and
- Inputs for the asset or liability that are not based on observable market data (unobservable inputs) (Level 3).

**FAT PROPHETS GLOBAL CONTRARIAN FUND LTD**  
**ACN 615 414 849**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE HALF-YEAR ENDED 31 DECEMBER 2022**

**3. Fair value measurement (continued)**

*(i) Fair value in an active market (Level 1)*

The fair value of financial assets and liabilities traded in active markets (such as publicly traded derivatives and listed equity securities) are based on quoted market prices at the close of trading at the end of the reporting period without any deduction for estimated future selling costs.

A financial instrument is regarded as quoted in an active market if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis.

An active market is a market in which transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis.

*(ii) Recognised fair value measurements*

The table below presents the Company's financial assets and liabilities measured and recognised at fair value as at 31 December 2022 and 30 June 2022.

	Level 1 \$'000	Level 2 \$'000	Level 3 \$'000	Total \$'000
<b>At 31 December 2022</b>

*(iii) Transfer between levels*

Management's policy is to recognise transfers into and transfers out of fair value hierarchy levels as at the end of the reporting period.

There were no transfers between levels in the fair value hierarchy at the end of the reporting period.

*(iv) Fair value of financial instruments not carried at fair value*

The carrying value of trade receivables and trade payables approximate their fair value because of the short-term nature of the instruments and low credit risk.

**8. Expenses**

**(a) Fees paid to the Investment Manager**

The Company has appointed Fat Prophets Funds Management Pty Limited as the Investment Manager. A summary of the fees (GST exclusive) charged by the Investment Manager is set out below.

**(i) Management fee**

The Investment Manager is entitled to be paid a management fee equal to 1.25% p.a. of the Portfolio Net Asset Value. The management fee is calculated and accrued on the last day of each month and paid within 20 days of the end of the month.

**(ii) Performance fee**

At the end of each quarter, the Investment Manager is entitled to receive a performance fee of 20% (plus GST) of the difference between the Net Portfolio Value at the end of the relevant period and highest Net Portfolio Value of any preceding period.

The formula for the Performance Fee is outlined below:

$$PF = 0.20 \times (CNPV - PNPV + D - NC)$$

Where:

PF = the amount of the Performance Fee;

CNPV is the Net Portfolio Value on the last business day of the relevant quarter;

PNPV is the higher of:

- (i) the Net Portfolio Value on the last business day of the immediately preceding quarter; and
- (ii) the previous highest Net Portfolio Value calculated under this formula;

D is the aggregate of all dividends or other distributions in respect of all Shares paid or payable to Shareholders, or the value of entitlements other than cash dividends or distributions where those other entitlements are given or due to Shareholders, on a pre-tax basis, where the Shares were quoted 'ex' dividend, distribution or other entitlement on the ASX in respect of such dividend, distribution or other entitlement at any time during the quarter;

NC is the aggregate dollar value of any new capital subscribed for Shares during the quarter (including dividend reinvestments and exercise of options), calculated at the subscription price for that new capital less the costs incurred in raising that new capital less the aggregate dollar value of any buy-back of Shares or capital reduction or capital return during the quarter.

If PF is a negative number, no Performance Fee is payable in respect of that quarter.

The Performance Fee shall be paid to the Manager within twenty (20) days of the end of each quarter.

## Auditor's Responsibility (cont'd)

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
