Appendix 4D and Half-year Financial Report

ASX Appendix 4D for the half-year ended 30 June 2024

(Previous corresponding period: Half-year ended 30 June 2023)

The ASX Appendix 4D for Hutchison Telecommunications (Australia) Limited ("HTAL" or the "Company" (ASX: HTA), and together with its controlled entity, the "Group") is lodged with the Australian Securities Exchange ("ASX") under Listing Rule 4.2A.

The information contained in this Appendix 4D should be read in conjunction with the accompanying financial report for the half-year ended 30 June 2024 of the Group ("Half-year Financial Report") which has been prepared in accordance with Australian Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Act 2001 (Cth)*. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 *Interim Financial Reporting*.

A consolidated statement of profit or loss and other comprehensive income, a consolidated statement of changes in equity and a consolidated statement of cash flows for the half-year ended 30 June 2024, and a consolidated statement of financial position as at 30 June 2024 of the Group, together with notes to the financial statements are set out in the Half-year Financial Report.

The Half-year Financial Report does not include all the notes of the type normally included in an annual financial report. Accordingly, it is to be read in conjunction with the annual report for the year ended 31 December 2023 and any public announcements made by HTAL during the interim reporting period in accordance with the continuous disclosure requirements of the *Corporations Act 2001 (Cth)*.

	30 June 2024 \$'000	30 June 2023 \$'000	Movement \$'000	Change %
Results for announcement to the market				
Revenue	1,042	250	792	317%
Operating expenses	(1,139)	(956)	(183)	(19%)
Share of net loss of equity-accounted investments, net of tax	(55,987)	(45,466)	(10,521)	(23%)
Loss from ordinary activities after tax attributable to members	(56,084)	(46,172)	(9,912)	(21%)
Net loss for the period attributable to members	(56,084)	(46,172)	(9,912)	(21%)

Revenue from ordinary activities represented interest income. For the first half of 2024, revenue increased to \$1.04 million from \$0.25 million for the first half of 2023. The increase was attributable to the increase in the Reserve Bank of Australia's official cash rate, as well as a higher cash and cash equivalents balance during the first half of 2024.

Operating expenses for the first half of 2024 increased to \$1.14 million from \$0.96 million for the first half of 2023, reflecting an increase in general expenses.

The first-half 2024 results included \$56.0 million share of net loss of equity-accounted investments in Vodafone Hutchison (Australia) Holdings Limited ("VHAH")¹ and TPG Telecom Limited ("TPG")². Compared to a \$45.5 million share of net loss for the first half of 2023, this represented an adverse movement of \$10.5 million. The movement was primarily driven by a \$5.8 million increase in HTAL's share of VHAH's net finance costs and a \$4.8 million decrease in HTAL's share of TPG's net profit. The increase in the share of VHAH's net finance costs was attributable to the increase in interest rates of VHAH's bank borrowings. The decrease in the share of TPG's net profit reflected the higher net financing costs as the market interest rate increased over 2023 and higher depreciation and amortisation charges reflecting the increase in network investment.

The first-half 2024 results attributable to members was a net loss of \$56.1 million and represented an increase on net loss of \$9.9 million when compared to the first half of 2023. The adverse movement was primarily caused by the increase of share of net loss of equity-accounted investments in VHAH and TPG mentioned above.

HTAL's loss per share (basic and diluted) for the first half of 2024 was a \$0.41 loss per ordinary share. This compares to a loss per share (basic and diluted) of \$0.34 loss per ordinary share for the first half of 2023.

During the first half of 2024, HTAL's wholly owned subsidiary Hutchison 3G Australia Holdings Pty Limited ("H3GAH"), which holds HTAL's 11.14% direct interest in TPG, and the joint venture company VHAH, which holds a direct 27.82% interest in TPG, received dividends of \$18.6 million (30 June 2023: \$18.6 million) and \$46.6 million (30 June 2023: \$46.6 million) from TPG, respectively. Dividends received by H3GAH of \$18.6 million were advanced to HTAL by way of an interest-free loan.

¹ VHAH holds a direct 27.82% interest in TPG. VHAH is a company domiciled in the United Kingdom and in which H3GAH, a wholly owned subsidiary of HTAL, holds a 50% interest.

² HTAL's 25.05% ownership interest in TPG comprises 11.14% interest directly held by H3GAH and an attributed 13.91% interest indirectly held by H3GAH through VHAH which has a direct 27.82% interest in TPG.

Revenue from ordinary activities represented interest income. For the first half of 2024, revenue increased to \$1.04 million from \$0.25 million for the first half of 2023. Compared to a \$45.5 million share of net loss for the first half of 2023, this represented an adverse movement of \$10.5 million. The movement was primarily driven by a \$5.8 million increase in HTAL's share of VHAH's net finance costs and a \$4.8 million decrease in HTAL's share of TPG's net profit. The increase in the share of VHAH's net finance costs was attributable to the increase in interest rates of VHAH's bank borrowings. Notes to the Financial Statements

Note 1 Summary of material accounting policies

(a) Basis of preparation

This financial report of Hutchison Telecommunications (Australia) Limited ("HTAL" or the "Company", and together with its controlled entity, the "Group") for the half-year ended 30 June 2024 has been prepared in accordance with Australian Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Act 2001 (Cth)*. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 *Interim Financial Reporting*.

This half-year financial report does not include all the notes of the type normally included in an annual financial report. Accordingly, this report is to be read in conjunction with the annual report for the year ended 31 December 2023 and any public announcements made by HTAL during the interim reporting period in accordance with the continuous disclosure requirements of the *Corporations Act 2001 (Cth)*.

The accounting policies adopted are consistent with those of the previous financial year and corresponding interim reporting period, with the exception of the considerations in the section "New accounting standards, amendments and interpretations" (Note 1(d)).

For the purposes of preparing these financial statements, the Company is a for-profit entity.

The financial statements are prepared on a going concern basis, as management is satisfied that the Group has the ability to continue as a going concern. In making this assessment, management has assessed the potential cash generation and liquidity of the Group. On the basis of these assessments, management has determined that, at the date on which the half-year financial statements are authorised for issue, the use of the going concern basis of accounting to prepare the financial statements is appropriate.

(b) Critical accounting estimates and judgements

The preparation of financial statements often requires the exercise of judgements to select specific accounting methods and policies from several acceptable alternatives. Furthermore, significant estimates and judgements concerning the future may be required in applying those methods and policies in the financial statements. In preparing the financial report, the Group has made accounting related estimates based on assumptions about current and, for some estimates, future economic and market conditions.

The accounting estimates and assumptions may change over time in response to how market conditions develop. In addition, actual results could differ significantly from those estimates and assumptions. Uncertainty about these judgements, assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected and the amount and timing of results of operations, cash flows and disclosures in future periods.

(i) Impairment assessment on investments in equity-accounted investments

In accordance with the Group's accounting policy, the investments in equity-accounted investments are tested for impairment annually or whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. The Group has assessed whether there are any indicators of potential impairment of its equity-accounted investment in TPG Telecom Limited ("TPG") at 30 June 2024. With the consideration of the available internal and external sources of information (including share price at 30 June 2024 and the block premium on the basis of HTAL's significant influence on TPG, and whether there is any significant or prolonged decline in TPG's share price), it was determined that there was no objective evidence at 30 June 2024 that the Group's investment in TPG may be impaired.

(ii) Recovery of deferred tax assets

Deferred tax assets are recognised for unused tax losses and deductible temporary differences to the extent it is probable that sufficient future taxable profits will be available to utilise those temporary differences. Judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and level of taxable profits generated in the foreseeable future together with future tax profit. Deferred tax assets have not been recognised as there is no convincing evidence that sufficient future taxable profits will be available against which unused tax losses or unused tax credits can be utilised. At the reporting date the Group has unutilised tax losses that have not been recognised as deferred tax assets.

(iii) TPG equity accounting

When assessing whether HTAL has significant influence over TPG, management has considered HTAL's combined 25.05% interest in TPG. Refer to Note 3 for further details.

(c) Rounding of amounts

The Group is of a kind referred to in *ASIC Legislative Instrument 2016/191*, relating to the 'rounding off' of amounts in the directors' report and financial report. Amounts in the directors' report and the Half-year Financial Report have been rounded off to the nearest thousand dollars, or in certain cases unless otherwise indicated, the nearest dollar or cent, in accordance with the instrument.

Appendix 4D and Half-year Financial Report

Note 1 Summary of material accounting policies (continued)**(d) New accounting standards, amendments and interpretations**

The accounting policies adopted in the preparation of these financial statements are consistent with those adopted in the consolidated financial statements of the Group for the year ended 31 December 2023, except for the adoption of the new standards, amendments and interpretations as set out below.

Accounting standards issued and mandatorily effective in the current year

The Group has adopted all of the new and revised accounting standards, amendments and interpretations issued by the Australian Accounting Standards Board ("AASB") that are relevant to the Group's operations and mandatory for annual periods beginning on or after 1 January 2024. These are set out below:

- AASB 2020-1 *Amendments to Australian Accounting Standards – Classification of Liabilities as Current or Non-current* (AASB 101) and AASB 2022-6 *Amendments to Australian Accounting Standards – Non-current Liabilities with Covenants* (AASB 101 and AASB Practice Statement 2)
- AASB 2022-5 *Amendments to Australian Accounting Standards – Lease Liability in a Sale and Leaseback* (AASB 16)
- AASB 2023-1 *Amendments to Australian Accounting Standards – Supplier Finance Arrangements* (AASB 7 & AASB 107)

Adoption of these standards has not had a material impact for the half-year ended 30 June 2024.

In 2023, the AASB issued amendments to AASB 112 *Income Taxes – International Tax Reform – Pillar Two Model Rules* which are required to be applied immediately and retrospectively in accordance with AASB 108 *Accounting Policies, Changes in Accounting Estimates and Errors*.

As at 30 June 2024, Pillar Two legislation has yet to be enacted or substantively enacted in Australia. As the Pillar Two legislation was not effective at the reporting date, there were no current tax expenses related to Pillar Two income taxes. When the relevant legislation is enacted or substantively enacted to implement the Pillar Two income taxes, the Group will apply the mandatory temporary exception from recognising and disclosing information about deferred tax assets and liabilities arising from implementation of the Organisation for Economic Co-operation and Development's Pillar Two model rules, and will provide disclosure of the expected impact and exposure to Pillar Two income taxes.

New standards, amendments and interpretations not yet adopted

Certain new accounting standards, amendments and interpretations have been issued by the AASB that are not mandatory for annual period beginning on 1 January 2024. Among it, AASB 18 *Presentation and Disclosure in Financial Statements* was published by the AASB in June 2024. AASB 18 introduced new requirements to improve entities' reporting of financial performance and enhance the comparability and transparency of entities' performance reporting. AASB 18 will not impact the recognition or measurement of a transaction in the financial statements. It replaces AASB 101 *Presentation of Financial Statements* and is mandatory effective for annual periods beginning on or after 1 January 2027, with early application permitted. The Group is currently assessing the impact of AASB 18 on the Group's financial statements.

The Group has not early adopted any new standard, amendment or interpretation that has been issued but is not yet effective. Other than AASB 18, it is currently expected that the adoption of the other new standards, amendments and interpretations will not have a material impact on the Group's financial statements.

Note 3 Non-current assets – Investments accounted for using the equity method (continued)**Summarised statement of financial position (continued)**

On 20 November 2020, VHAH entered into a US\$3.5 billion Syndicated Facility Agreement ("SFA") with a syndicate of lenders. The facility bears interest at 3-month US LIBOR + 1.00% and was matured on 20 November 2023. VHAH had entered into cross-currency interest rate swaps with related parties associated with the VHAH joint venture partners. As a result, VHAH effectively converted US dollar debt into Australian dollar debt, with an effective rate of interest based on the Australian 3-month Bank Bill Swap rate ("BBSW") plus a margin. The upfront fee of US\$10.5 million was fully amortised over the facility period. The SFA is guaranteed by the VHAH's ultimate shareholders, CK Hutchison Holdings Limited ("CKHH") and Vodafone Group Plc ("VGP"). No guarantee fees were charged to VHAH. VHAH has also entered into a counter indemnity agreement with each of CKHH and VGP.

On 31 May 2023, prior to the cessation of LIBOR on 30 June 2023, the SFA was rolled over to a 6-month US LIBOR + 1.00% rate of interest carrying it to the maturity of the loan on 20 November 2023. Similar to the interest payment noted above, the payment terms for cross-currency interest rate swaps were matched to the maturity of the SFA, with the final payments settling concurrently on 20 November 2023. The interest rate for the last period of the swaps, from 31 May 2023 to 20 November 2023, was determined by reference to the Australian BBSW for 3 months and 6 months.

On 13 November 2023, VHAH entered into a \$4.9 billion three-year Multicurrency Syndicated Facility Agreement ("MSFA") with a syndicate of lenders. The facilities were fully drawn on 20 November 2023, and the proceeds were used to repay the outstanding principal of the SFA. An upfront fee of 30 basis points on the MSFA limit, equivalent to \$14.7 million was charged by the syndicate of lenders.

Set out below are the key terms of the MSFA:

Tranche	Facility limit	Annual interest rate	Guaranteed by
Tranche A1	EURO 580,966,806	3-month EURIBOR+0.95%	VGP
Tranche A2 ⁽ⁱ⁾	USD 970,000,000	2 or 3-month SOFR+1.2%	VGP
Tranche B ⁽ⁱⁱ⁾	AUD 2,450,000,000	2 or 3-month BBSY+1.2%	CKHH

⁽ⁱ⁾ The drawdown under Tranche A2 was executed at an interest rate of 2-month SOFR+1.2% during the initial period, which will be rolled into 3-month SOFR+1.2% afterwards.

⁽ⁱⁱ⁾ The loans drawn under Tranche B are made at the same time, in an equal amount (equivalent to AUD at the agreed rate of exchange) and have the same interest period as Tranches A1 and A2.

In order to protect against exchange rate and interest rate movements, VHAH entered into cross-currency interest rate swaps ("CCS") for Tranches A1 and A2 with VGP on 13 November 2023. The CCS entered into have a total notional value equivalent to the loan balances and have fixed exchange rates, and effectively convert Tranches A1 and A2 of the MSFA into Australian-dollar denominated debt of \$2.45 billion. As a result of the entering into the CCS, VHAH's effective interest rate for Tranches A1 and A2 is determined based on the Australian 2 or 3-month BBSW plus a margin.

Tranches A1 and A2 of the MSFA is guaranteed by VHAH's ultimate shareholder, VGP. Tranche B of the MSFA is guaranteed by VHAH's other ultimate shareholder, CKHH. No guarantee fees were charged to VHAH. VHAH has also entered into a counter indemnity agreement with each of CKHH and VGP. HTAL's investment in VHAH remains predicated on the ongoing financial support from VHAH's ultimate shareholders.

There were no options and no other potential ordinary shares outstanding at 30 June 2024 (30 June 2023: nil) and accordingly there was no impact on the diluted loss per share calculation for the periods ended 30 June 2024 and 30 June 2023.

Independent auditor's review report to the members of Hutchison Telecommunications (Australia) Limited

Report on the half-year financial report

Conclusion

We have reviewed the half-year financial report of Hutchison Telecommunications (Australia) Limited (the Company) and the entity it controlled during the half-year (together the Group), which comprises the consolidated statement of financial position as at 30 June 2024, the consolidated statement of changes in equity, consolidated statement of cash flows and consolidated statement of profit or loss and other comprehensive income for the half-year ended on that date, material accounting policy information and selected explanatory notes and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the accompanying half-year financial report of Hutchison Telecommunications (Australia) Limited does not comply with the *Corporations Act 2001* including:

1. giving a true and fair view of the Group's financial position as at 30 June 2024 and of its performance for the half-year ended on that date
2. complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

Basis for conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity* (ASRE 2410). Our responsibilities are further described in the *Auditor's responsibilities for the review of the half-year financial report* section of our report.

We are independent of the Group in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional & Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to the audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

Responsibilities of the directors for the half-year financial report

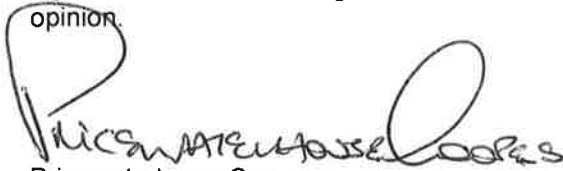

The directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement whether due to fraud or error.

Auditor's responsibilities for the review of the half-year financial report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 30 June 2024 and of its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit

opinion.
