ASX LISTED NATIONAL SURVEYING BUSINESS LAUNCHES NEW BRAND

Formerly OTOC Ltd, Australia's only publicly listed national surveying business officially launches the **Veris** brand following approval by shareholders at the Company's AGM held on Wednesday 23rd November.

The new ASX code is VRS, replacing the company's previous code, OTC.

The launch of **Veris** builds on the company's strategic acquisition of a number of successful planning, design and surveying businesses, creating a national network with a significant presence across all major markets. **Veris'** national identity and presence will maximise the opportunity of consolidation within the surveying, town planning and urban design industry.

Veris CEO, Simon Thomas said:

"The company is now well-positioned to leverage our national offering under a new brand and secure a range of opportunities in what has been traditionally a very fragmented and state-based sector."

*"**Veris** is a national planning, design, survey and spatial solutions company which services our clients in every State and all major capitals of Australia. We aim to provide our clients with access to talented staff, best technology and rich data sources to improve their planning, development and infrastructure projects."*

"The new brand will unite the culture and service offering across Australia and introduce a new vision for the organisation, positioning it for continued growth."

*"Launching **Veris** marks an important milestone in our strategic growth plan. We thank shareholders for their continued support and look forward to sharing in the further success of **Veris**."*

Veris: A name chosen to reflect the values of the business, it has roots from several Latin words that represent strength of conviction, truth, accuracy and reliability.

More information on **Veris'** services and capabilities is available at www.veris.com.au
