NOTES TO THE FINANCIAL STATEMENTS
FOR THE HALF-YEAR ENDED 31 DECEMBER 2016

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of Preparation

These general purpose interim financial statements for half-year reporting period ended 31 December 2016 have been prepared in accordance with requirements of the *Corporations Act 2001* and Australian Accounting Standard AASB 134: Interim Financial Reporting. The Group is a for-profit entity for financial reporting purposes under Australian Accounting Standards.

iSentric Limited is the legal parent of iSentric Sdn. Bhd. The consolidated financial statements are issued under the name of iSentric Limited but are deemed to be a continuation of the legal subsidiary iSentric Sdn. Bhd.

This interim financial report is intended to provide users with an update on the latest annual financial statements of iSentric Limited and its controlled entities (referred to as the "consolidated group" or the "Group"). As such, it does not contain information that represents relatively insignificant changes occurring during the half-year within the Group. It is therefore recommended that this financial report be read in conjunction with the annual financial statements of the Group for the year ended 30 June 2016, together with any public announcements made during the following half-year.

(b) Accounting Policies

The same accounting policies and methods of computation have been followed in this interim financial report as were applied in the most recent annual financial statements. Except in relation to the matters discussed below.

(c) Critical Accounting Estimates and Judgments

The critical estimates and judgments are consistent with those applied and disclosed in the June 2016 annual report.

(d) New and Revised Accounting Requirements Applicable to the Current Half-year Reporting Period

The Company has adopted all the new and revised Standards and Interpretations issued by the Australian Accounting Standards Board that are relevant to its operations and effective for the current reporting period.

The adoption of all the new and revised Standards and Interpretations has not resulted in any changes to the Company's accounting policies and has no effect on the amounts reported for the current or prior periods. The new and revised Standards and Interpretations has not had a material impact and not resulted in changes to the Company's presentation of, or disclosure in, its interim financial statements.

New Accounting Standards and Interpretations issued but not yet applied by the Group

There are no other Standards that are not yet effective and that are expected to have a material impact on the Company in the current or future reporting periods and on foreseeable future transactions.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(e) Investments

Investments are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market and are subsequently measured at cost.

Investments are included in current assets, except for those which are not expected to mature within 12 months after the end of the reporting period.

(f) Going Concern

The Directors believe that the Group will be able to continue as a going concern and, as a consequence, the financial report has been prepared on a going concern basis. This basis presumes that funds will be available to finance future operations and the realisation of assets and settlement of liabilities will occur in the normal course of business.

The Directors believe that the going concern basis of accounting is appropriate due to the expected cash flows to be generated by the Group over the next twelve months and that the company will be able to pay its debts as and when they fall due.

(g) General information and basis for preparation

The condensed interim consolidated financial statements (the interim financial statements) of the Group are for the six months ended 31 December 2016 and are presented in Australian Dollars (\$), which is the functional currency of the parent entity.

(h) Fair value measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using a valuation technique. The measurement assumes that the transaction takes place either in the principal market or in the absence of a principal market, in the most advantageous market. For non-financial asset, the fair value measurement takes into account a market's participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

For financial reporting purposes, the fair value measurements are analysed into level 1 to level 3 as follows:-

Level 1: Inputs are quoted prices (unadjusted) in active markets for identical assets or liability that the entity can access at the measurement date;

Level 2: Inputs are inputs, other than quoted prices included within level 1, that are observable for the asset or liability, either directly or indirectly; and

Level 3: Inputs are unobservable inputs for the asset or liability.

The transfer of fair value between levels is determined as of the date of the event or change in circumstances that caused the transfer.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE HALF-YEAR ENDED 31 DECEMBER 2016 (CONTINUED)

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(i) Revenue and Other Income

Sale of Goods

Revenue is recognised upon delivery of goods and customers' acceptance and where applicable, net of sales tax, returns and trade discounts.

Services

Revenue is recognised upon rendering of services and when the outcome of the transaction can be estimated reliably. In the event the outcome of the transaction could not be estimated reliably, revenue is recognised to the extent of the expenses incurred are recoverable.

Revenue from Support Maintenance Services

Revenue from support maintenance services is recognised on the provision of software licensing maintenance and product enhancement services.

Licensing Software

Revenue is recognised when the right to use the software is granted to the buyers.

Interest Income

Interest income is recognised on an accrual basis, based on the effective yield on the investment.

(j) Development Expenses

Research expenditure is recognised as an expense when it is incurred.

Development expenditure is recognised as an expense except that costs incurred on development projects are capitalised as non-current assets to the extent that such expenditure is expected to generate future economic benefits. Development expenditure is capitalised if, and only if, an entity can demonstrate the following:

- (a) Its ability to measure reliably the expenditure attributable to the asset under development;
- (b) The product or process is technically and commercially feasible;
- (c) Its future economic benefits are probable;
- (d) Its intention to complete and the ability to use or sell the developed asset; and
- (e) The availability of adequate technical, financial and other resources to complete the asset under development.

Capitalised development expenditure is measured at cost less accumulated amortisation and impairment losses. Development expenditure initially recognised as an expense is not recognised as an asset in the subsequent period.

The development expenditure is amortised on a straight-line method over a period of 3 years when the products are ready for sale or use. In the event that the expected future economic benefits are no longer probable of being recovered, the development expenditure is written down to its recoverable amount.

INDEPENDENT AUDITOR'S REVIEW REPORT TO THE MEMBERS OF
ISENTRIC LIMITED AND CONTROLLED ENTITIES
ABN 11 091 192 871

Report on the Half-year Financial Report

We have reviewed the accompanying half-year financial report of iSentric Limited, which comprises the consolidated statement of financial position as at 31 December 2016, the consolidated statement of profit or loss and comprehensive income, the consolidated statement of changes in equity and consolidated statement of cash flows for the half-year ended on that date, notes comprising a summary of significant accounting policies and other explanatory information and the directors' declaration.

Directors' Responsibility for the Half-year Financial Report

The directors of iSentric Limited are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards (including Australian Accounting Interpretations) and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410: *Review of an Interim Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including: giving a true and fair view of the iSentric Limited's financial position as at 31 December 2016 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134: *Interim Financial Reporting* and the *Corporations Regulations 2001*. As the auditor of iSentric Limited, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and, consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

While we consider the effectiveness of management's internal controls over financial reporting when determining the nature and extent of our procedures, our review was not designed to provide assurance on internal controls.

The directors of the company are responsible for the integrity of the website and we have not been engaged to report on its integrity. If users of the financial report are concerned with the inherent risk arising from publication on a website, they are advised to refer to the hard copy of the reviewed financial report to confirm the information contained in this website version of the financial report.

Independence

- (i) giving a true and fair view of iSentric Limited's financial position as at 31 December 2016 and of its performance for the half-year ended on that date; and
