RESOLUTION 3

Issue of Short-Term Incentive Performance Rights under the Company's Equity Incentive Plan to the Managing Director & Chief Executive Officer

General

Shareholders are asked to approve the issue of up to 5,400,000 Performance Rights (**Performance Rights**) to David Radford, under the Company's Equity Incentive Plan, in respect of his role as Managing Director and Chief Executive Officer of the Company as part of a short-term incentive to reward Mr Radford for the achievement of specified KPIs during the financial year to 30 June 2025 that contribute to the short-term performance of the Company.

If the Performance Rights are approved and subject to the conditions set out below, Mr Radford will be issued up to 5,400,000 Shares in the Company.

Listing Rule 10.14

Under Listing Rule 10.14, the issue of equity securities to certain persons (including directors) requires the approval of the holders of ordinary securities. Assuming approval is obtained pursuant to Listing Rule 10.14, the Company is entitled to rely on Listing Rule 10.12, Exception 8, as an exception to any requirement that may otherwise apply requiring shareholder approval under Listing Rule 10.11. Similarly, approval will not be required under Listing Rule 7.1.

Shareholder approval is required for the issue of the Performance Rights because Mr Radford is Managing Director and Chief Executive Officer of the Company.

If Resolution 3 is passed, the Company will proceed to issue the Performance Rights to David Radford. If Resolution 3 is not passed, the Company will not grant those Performance Rights, and the Company may need to consider an alternative strategy to incentivise and reward David Radford for short to medium-term performance including acquiring shares on market or payment in cash.

Information required by Listing Rule 10.15

a) Details of David Radford and the Performance Rights

- The Company intends to grant 5,400,000 Performance Rights to Mr Radford not later than 1 month after the date of the Meeting.
- His total remuneration package is \$515,320 (inclusive of superannuation).
- The following equity securities have previously been granted to Mr Radford under the Equity Incentive Plan (with no consideration payable for their grant):
 - 32,211,200 Options; and
 - 2,820,000 Performance Rights.

b) Overview and key terms of the Performance Rights

- *Entitlement:* Each Performance Right entitles Mr Radford to one fully paid ordinary share in the capital of the Company, which will be issued on the vesting of the Performance Right.
- *Consideration:* No consideration is payable for the grant of the Performance Rights, nor upon the vesting of the Performance Rights.
- *Vesting:*
 - The Performance Rights vest following the Board's assessment of the achievement of specified Key Performance Indicators (**KPIs**). The performance measures involve the use of annual performance objectives, metrics, performance appraisals and continuing emphasis on living the Company's values (and those of its controlled entities). These measures target areas the Board believes hold the greatest potential for expansion and profit and cover financial and non-financial measures.

The KPIs for the Executive team (including David Radford) cover financial and non-financial outcomes drawn from AnteoTech's business plan for current financial year.
 - The number of Performance Rights that will vest will correspond with the percentage between 0-100 of the Board's assessment of the KPIs Mr Radford has achieved during the financial year to 30 June 2025. The assessment will be made during July and August 2025 and the Performance Rights will vest immediately following a Board resolution of percentage of KPIs achieved for the year. On vesting each vested Performance Right becomes one ordinary share in the Company.
- The total short-term equity incentive opportunity for the Managing Director and Chief Executive Officer equates to approximately 25% of his cash salary for the financial year ending 30 June 2025.

c) Other terms of Performance Rights

The rules of the Equity Incentive Plan otherwise apply in respect of the Performance Rights, with the key terms set out at Annexure B to this Explanatory Statement.

d) Reasons for issue of Performance Rights

The Company has agreed to issue the Performance Rights to David Radford, subject to Shareholder approval, for the following reasons:

- to incentivise him with short-term KPIs so as to contribute to the overall performance of the Company;
- the issue of the Performance Rights has no immediate impact of dilution on the Shareholders and will only dilute Shareholders if the Performance Rights vest on achievement of the vesting conditions;
- the issue of the Performance Rights is a reasonable and appropriate method to provide cost effective remuneration as the non-cash form of this benefit will allow the Company to spend a greater proportion of its cash reserves on its operations than it would if alternative cash forms of remuneration were given to David Radford;
- it is not considered that there are any significant opportunity costs to the Company or benefits foregone by the Company in issuing Performance Rights on the terms proposed.

Details to be published

The Details of any Performance Rights issued under the Equity Incentive Plan to Mr Radford will be published in the annual report of the Company relating to the period in which they are issues, along with a statement that approval for the issue was obtained under Listing Rule 10.14.

Any additional persons who are covered by Listing Rule 10.14 who become entitled to participate in the issue of securities under the Equity Incentive Plan after this Resolution is approved and who were not named in this Notice of Meeting, will not participate until approval is obtained under that Listing Rule.

Directors' Recommendation

The Directors (other than Mr Radford) unanimously recommend that Shareholders vote in favour of Resolution 3.

RESOLUTION 4

Grant of long-term incentive options to the Managing Director & Chief Executive Officer

General

Shareholders are asked to approve the grant of 10,800,000 long-term incentive Options to David Radford, Managing Director & Chief Executive Officer (or his associated entities).

Listing Rule 10.11

Under Listing Rule 10.11, the issue of equity securities to persons (including directors or their associated entities) requires the approval of the holders of ordinary securities, unless an exception under Listing Rule 10.12 applies. The exceptions under Listing Rule 10.12 are not applicable in respect of the Options.

If Resolution 4 is passed, the Company will proceed to grant the relevant number of Options to the Managing Director & Chief Executive Officer.

If Resolution 4 is not passed, the Company will not grant Options in respect of the resolution.

Details of proposed Options

Director Name	Number of long-term incentive Options to be granted	Current total remuneration package (including superannuation)	Number of Options previously issued ¹	Number of Options currently held (due to exercise or lapse of Options)	Average acquisition price (if applicable)	Date(s) on or by which the Company will grant the Options
David Radford	10,800,000	\$515,320	42,211,200	41,382,000	Nil	Not later than 1 month after the date of the Meeting.

¹Refers to unlisted options issued as compensation and excludes those options acquired through participation in Placements or Share Purchase Plan's.

Key Terms of Options

Each Option will be granted on the following key terms:

- *Consideration:* No consideration is payable for issue of the Options.
- *Exercise Price:* the higher of:
 - \$0.048 (4.8 cents); or
 - 43% above the ASX closing price of Shares on the date that the Options are granted.
- *Expiry Date:* The earlier of 26 November 2027 or 6 months after the date that the Managing Director & Chief Executive Officer ceases to be a Director of the Company.
- *Exercise Period:* Any time after vesting and prior to the expiry date.
- *Vesting Conditions:* The Options will vest (and become capable of exercise) as follows:
 - 50% of each Managing Director & Chief Executive Officer Options vest on 26 November 2025; and
 - 50% of each Managing Director & Chief Executive Officer Options vest on 26 November 2026.
- *Issue of Shares:* Each Option on exercise (and payment of the exercise price) entitles the holder to one fully paid ordinary share in the capital of the Company.

Other Terms of Options

The Managing Director and Chief Executive Officer may nominate that their Options be granted to an immediate family member, a family trust, a family company, or a self-managed superfund of which they are a beneficiary.

The Options will not be granted under the Equity Incentive Plan. However, various provisions of the Equity Incentive Plan will be taken to apply in respect of the Options (relating to capital re-organisations, good and bad leaver provisions, change of control events, misconduct, and clawbacks), available on the Company's website, at www.anteotech.com.

Purpose of the grant of Options

The Company proposes to grant the Options to the Managing Director & Chief Executive Officer for the following reasons:

- Under the Managing Director and Chief Executive Officers employment contract, he is entitled to long term incentive Options with a fair value equal to 25% of his fixed annual remuneration. The grant of the Options to the Managing Director & Chief Executive Officer financial year is to incentivise him to contribute to the medium to long-term performance of the Company;

- The grant of Options to the Managing Director & Chief Executive Officer is part of the Board's strategy to retain talent and provide longer term incentive to the Managing Director & Chief Executive Officer;
- The Options are unquoted, therefore the grant of the Options has no immediate impact of dilution on the Shareholders;
- Exercise of an Option requires payment of the exercise price which will then form part of the working capital to the Company;
- The deferred taxation benefit which is available to the Managing Director & Chief Executive Officer in respect of a grant of Options is also beneficial to the Company as it means the respective option holders are not required to immediately sell the Options to fund a tax liability (as would be the case in an issue of Shares where the tax liability arises upon issue of the Shares), and they will instead continue to hold an interest in the Company (through their respective nominee if applicable); and
- It is not considered that there are any significant opportunity costs to the Company or benefits foregone by the Company in issuing Options on the terms proposed.

Value of Options and basis for valuation

Shares (if any) attained by Directors, executives and employees through the granting of Options, are valued as the difference between market price of those Shares and the amount paid by the recipients.

The Options have been valued using the Black Scholes option model and based on the assumptions set out below the Options were ascribed the following values:

Assumed grant date	15 October 2024
Assumed expiry date	26 November 2027
Share price at assumed grant date	\$0.024
Exercise price	\$0.048
Risk-free rate	4.35%
Volatility	100%
Fair value per Option	\$0.0120
Recipient	David Radford
Number	10,800,000

Directors' Recommendation

The Directors unanimously recommend that Shareholders vote in favour of Resolution 4

RESOLUTION 5

Approval of Equity Incentive Plan

General

The Company is seeking Shareholder approval for the issue of securities under the AnteoTech Equity Incentive Plan (the **Equity Incentive Plan**) as an exception under Listing Rule 7.2, Exception 13 which would enable securities issued under the Equity Incentive Plan over the next three (3) years to be excluded from the calculation of the number of securities issued for the purposes of ASX Listing Rules 7.1 and 7.1A.

The Equity Incentive Plan was approved by the shareholders at the 2021 Annual General Meeting.

The Equity Incentive Plan deals with a range of securities, being shares, options and performance rights, and is designed to assist with the attraction, motivation and retention of employees, directors, and executives of, and consultants to, the Company and its associated entities, align the interests of those persons and shareholders by matching rewards with the long-term performance of the Company and, accordingly, drive the Company's improved performance.

Your Board believes that continuation of the Equity Incentive Plan is integral to the Company's financial performance for a number of reasons, including to:

- retain and incentivise the Company's key personnel;
- attract and retain valued employees essential for the continued growth and development of the Company;
- establish a sense of ownership in the Company for the employees;
- promote and foster loyalty and support amongst employees for the benefit of both the employees and the Company;
- enhance the relationship between the Company and its employees for the long-term mutual benefit of the parties; and
- enable the Company to attract high calibre individuals, who can bring expertise to the Company.

If Resolution 5 is not approved, the Company may be restricted in its ability to issue equity securities under the Equity Incentive Plan.

A voting exclusion statement is included in the Notice.

Terms of Equity Incentive Plan

A copy of the Equity Incentive Plan is available for review by Shareholders at the Company's Website www.anteotech.com/agm-2024

A summary of the Equity Incentive Plan is set out at Annexure B:

Future issues under the Equity Incentive Plan

The present intention of the Board is to reserve the issue of equity securities under the Equity Incentive Plan to senior management and key employees, and not Non-Executive Directors, so as to better preserve the maximum number of securities that are able to be issued under the Equity Incentive Plan.

Further considerations

The Company believes that it will derive a significant benefit by incentivising its senior management and key employees through the issue of securities under the Equity Incentive Plan. Additionally, the Company believes it to be in the best interests of the Company to preserve the maximum commercial flexibility to issue Equity Securities that is afforded to it by Listing Rule 7.1.

Directors' Recommendation

None of the Non-Executive Directors have a material personal interest in the subject matter of this Resolution 5. The Board (other than Mr David Radford) recommends that Shareholders vote in favour of this Resolution.

RESOLUTION 6

Approval of 10% placement facility

General

Listing Rule 7.1A permits an "eligible entity" which has obtained shareholder approval by special resolution passed at an annual general meeting to issue "equity securities" (as defined in the Listing Rules and which includes shares and options to acquire shares) up to 10% of its issued share capital through placements over a maximum 12-month period after the relevant annual general meeting (the **10% Placement Facility**).

The issue of equity securities under the 10% Placement Facility would be in addition to the Company's ability to issue equity securities without Shareholder approval under Listing Rule 7.1. Broadly, Listing Rule 7.1 permits the Company to issue up to 15% of its issued equity capital without Shareholder approval over a 12-month period.

An "eligible entity" for the purposes of Listing Rule 7.1A is an entity that, as at the date of the relevant special resolution under that Rule, is not included in the S&P/ASX 300 Index and has a market capitalisation of \$300 million or less. If the special resolution were voted on at the date of the Notice of Meeting, the Company would satisfy the eligible entity requirements, and the Directors believe that the Company will continue to satisfy those requirements on the date of the Meeting. If the Company was to not meet this requirement as at the date of the Meeting, then this Resolution 6 would be withdrawn.

Whilst the Company has no current intention to raise capital via this 10% Placement Facility, the Directors consider that it is prudent to have such a facility in place to provide flexibility on capital raising alternatives and corporate transactions should they be required in the coming 12 months.

The effect of Resolution 6 will be to allow the Directors to issue equity securities under Listing Rule 7.1A during a maximum period of 12 months after the Meeting without subsequent Shareholder approval and in addition to the Company's 15% placement capacity under Listing Rule 7.1.

Resolution 6 is a special resolution, which requires approval of 75% of the votes cast by Shareholders present and eligible to vote (in person, by proxy, by attorney or, in the case of a corporate shareholder, by a corporate representative).

Information required by Listing Rule 14.1A

If Resolution 6 is passed, the Company will be able to issue equity securities up to the combined 25% limit in Listing Rules 7.1 and 7.1A without any further Shareholder approval.

If Resolution 6 is not passed, the Company will not be able to access the additional 10% capacity to issue equity securities, without Shareholder approval provided for in Listing Rule 7.1A and will remain subject to the 15% capacity limit in Listing Rule 7.1.

Additional Information required by Listing Rule 7.3A

a) Equity Securities

Any equity securities issued under the 10% Placement Facility must be in the same class as an existing quoted class of equity securities of the Company, being ordinary shares.

b) 10% Placement Period

Shareholder approval of the 10% Placement Facility under Listing Rule 7.1A is valid from the date of the annual general meeting at which the approval is obtained and expires on the earlier to occur of:

- the date that is 12 months after the date of the annual general meeting;
- the time and date of the Company's next annual general meeting; and
- the date of the approval by shareholders of a transaction under Listing Rule 11.1.2 (a significant change to the nature or scale of activities) or 11.2 (disposal of main undertaking).

c) Minimum Issue Price

The issue price of Shares issued under Listing Rule 7.1A must be not less than 75% of the VWAP (volume weighted average price) of Shares calculated over the 15 ASX trading days on which trades in Shares were recorded immediately before:

- the date on which the price at which the Shares are to be issued is agreed; or
- if the Shares are not issued within 10 ASX trading days of the date in above dot point, the date on which the Shares are issued.

d) Use of funds raised

The Company may seek to issue equity securities under the 10% Placement Facility for cash consideration only (under Listing Rule 7.1A), in which case the Company intends to use such funds raised for:

- further development of its existing products;
- to further progress the Company's corporate and commercialisation goals; and/or
- general working capital.

e) Risk of dilution

Any issue of Shares under the 10% Placement Facility will dilute the interests of Shareholders who do not receive any Shares under the issue.

There is a risk that:

- the market price for the relevant equity securities may be significantly lower on the date of the issue of the equity securities than on the date of the Meeting; and
- the equity securities may be issued at a price that is at a discount to the market price for the relevant equity securities on the issue date,

which may have an effect on the amount of funds raised by the issue of the equity securities.

The table below shows the potential dilution of existing Shareholders based on an issue price of \$0.026 per Share (being the market price of Shares as at 15 October 2024 and the current value for the variable "A" calculated in accordance with the formula in Listing Rule 7.1A(2) as at the date of the Notice of Meeting. The table also shows:

- two examples where variable "A" (being the number of Shares on issue) has increased, namely by 25% and by 100%. Variable "A" could increase as a result of issues of Shares that do not require Shareholder approval (for example, a pro rata entitlements issue or scrip issued under a takeover offer) or future specific placements under Listing Rule 7.1 that are approved at a future Shareholders' meeting; and
- two examples of where the assumed issue price of \$0.026 per Share has changed: one, where it has decreased by 50% and two, where it has increased by 100%.

		50% decrease in Issue Price (\$0.013)	Issue Price (\$0.026)	100% increase in Issue Price (\$0.052)
Current Variable "A" (2,489,770,015 Shares)	10 % voting dilution	248,977,002	248,977,002	248,977,002
	Funds raised	\$3,236,701	\$6,473,402	\$12,946,804
25% increase in current Variable "A" (3,112,212,519 Shares)	10 % voting dilution	311,221,252	311,221,252	311,221,252
	Funds raised	\$4,045,876	\$8,091,753	\$16,183,505
100% increase in current Variable "A" (4,979,540,030 Shares)	10 % voting dilution	497,954,003	497,954,003	497,954,003
	Funds raised	\$6,473,402	\$12,946,804	\$25,893,608

The table has been prepared on the following assumptions:

- There are currently 2,489,770,015 Shares on issue as at 15 October 2024.
- The issue price is \$0.026 being the closing price of the Shares on ASX on 15 October 2024.
- The Company issues the maximum number of equity securities available under the 10% Placement Facility.
- No options are exercised into Shares before the date of the issue of the equity securities.
- The 10% dilution reflects the aggregate percentage voting dilution against the issued share capital at the time of issue. This is why the dilution is shown in each example as 10%.
- The table does not show an example of dilution that may be caused to a particular Shareholder by reason of placements under the 10% Placement Facility, based on that Shareholder's holding at the date of the Meeting. All Shareholders should consider the dilution caused to their own shareholding depending on their specific circumstances.
- The table shows only the effect of issues of equity securities under Listing Rule 7.1A, not under the 15% placement capacity under Listing Rule 7.1.
- The issue of equity securities under the 10% Placement Facility consists only of Shares. If the issue of equity securities includes options, it is assumed that those options are exercised into Shares for the purpose of calculating the voting dilution effect on existing Shareholders.

f) Allocation policy

The Company's allocation policy for the issue of equity securities under the 10% Placement Facility is dependent on the prevailing market conditions at the time of any proposed issue. The identity of the allottees of the equity securities will be determined on a case-by-case basis having regard to the factors including but not limited to the following:

- the purpose of the issue;
- alternative methods of raising funds that are available to the Company, including a rights issue or other issue in which existing security holders can participate;
- the effect of the issue of the equity securities on the control of the Company;
- the circumstances of the Company, including, but not limited to, the financial situation and solvency of the Company; and
- advice from corporate, financial and broking advisers (if applicable).

The allottees of any equity securities that may be issued under the 10% Placement Facility have not been determined as at the date of the Notice but may include existing substantial Shareholders and/or new shareholders who are not related parties or associates of a related party of the Company. Further, if the Company is successful in acquiring new resources, assets or investments, it is likely that the allottees under the 10% Placement Facility will be the vendors of the new resources, assets or investments.

Previous approvals under Listing Rule 7.1A

In the 12 months preceding the date of this Meeting, no Shares were issued under ASX Listing Rule 7.1A.

Voting Exclusion Statement

At the date of the Notice, the Company is not proposing to make an issue of equity securities under LR 7.1A, and the Company has not approached, nor does it intend to approach, any particular existing Shareholder or security holder or an identifiable class of existing security holders to participate in the issue of any equity securities. The Company has not formed an intention in relation to how it will decide which parties it might approach to participate in any issue of equity securities that might be made under the 10% Placement Facility. Assuming that remains the case at the time of the Meeting (which the Directors currently believe will be the case), no Shareholder's votes will be excluded under the voting exclusion in the Notice.

Listing Rules 7.1 and 7.1A

The ability of an entity to issue equity securities under Listing Rule 7.1A is in addition to the Company's 15% placement capacity under Listing Rule 7.1.

At the date of the Notice, the Company has the capacity to issue:

- 1) 220,043,044 equity securities under Listing Rule 7.1; and
- 2) 248,977,001 equity securities under Listing Rule 7.1A.

The actual number of equity securities that the Company will have capacity to issue under Listing Rule 7.1A will be calculated at the date of issue of the equity securities in accordance with the formula prescribed in Listing Rule 7.1A.2.

Directors' Recommendation

The Directors unanimously recommend that Shareholders vote in favour of Resolution 6.

3. Restrictions

The Board must not issue Equity Incentives if the aggregate number of Equity Incentives issued to an Eligible Person under the Equity Incentive Plan together with all other holdings of securities of all other Eligible Persons and shares issued under any other employee plan of the Company, during the previous three-year period, would exceed 5% of the issued share capital of the Company.
