## **ASX Announcement**

### **CE Mark approval of COVID-19 Virus Diagnostic Kit**

TBG Diagnostics Limited (“Company”) announces that its investee company TBG Biotechnology Xiamen Inc. (“TBG Xiamen”), a China based molecular diagnostics company, has received the CE Mark approval for its COVID-19 Nucleic Acid Diagnostics Kit.

CE Mark certification indicates that the COVID-19 Nucleic Acid Diagnostics Kit meets the essential health, safety, and environmental protection requirements of the applicable European regulations to allow the sale of the kit throughout the European Economic Area.

This RNA based diagnostic kit uses real time PCR technology platform with 3 color labeling to detect distinctive segments within RDRP, N and E genes of the SARS-CoV-2 virus.

This approval enables the test to be sold as an in vitro diagnostic (IVD) for the diagnosis of SARS-CoV-2 (COVID-19) in all regions that accepts CE marking. TBG Xiamen’s kit will be available for immediate validation and purchase.

The Company has a 46.65% ownership interest in TBG Xiamen.

A handwritten signature in blue ink, appearing to read 'Jitto Arulampalam', is written over a horizontal line.
