MYG Completes Unmarketable Parcel Share Sales

On 19 March 2021, Mayfield Group Holdings Limited (**Mayfield**) announced that it was providing an Unmarketable Parcel Sale Facility. Under the Facility, Mayfield would arrange for all Unmarketable Parcels held by Mayfield shareholders to be sold on-market and the proceeds distributed to those shareholders. Unmarketable Parcels are those parcels of shares held by shareholders with a market value of less than \$500.

The sale of the Unmarketable Parcels has been completed with a total of 69,529 Mayfield shares held by 580 shareholders sold on-market at a price of \$0.46 per share. Each of the 580 shareholders will shortly receive payment of the proceeds of sale of their shares.

By completing the sale of Unmarketable Parcels, Mayfield will reduce the costs associated with maintaining a large number of small holdings.

The release of this announcement was authorised by Mayfield's Managing Director, Jon Hobbs.
