27 February 2025

## 1H FY25 Results – Solid 1H financials & first strategic wins in Europe

### 1H FY25 Highlights<sup>1</sup>

- **Revenue of \$49.9m** in line with pcip (\$50.3m: 1H FY24)
- **Underlying EBITDA of \$3.4m** up 6% on pcip (\$3.2m: 1H FY24)
- Positive operating **cash flow of \$2.2m**
- **Cash of \$11.0m** as at 31 December 2024 (\$5.8m: 1H FY24)
- Growth of European Water Technologies business with first contracts secured in Sweden and UK for PFAS treatment
- Secured multiple water technology contracts in Australia and continued delivery of major projects, including two water treatment plants for a large infrastructure project in Sydney
- Secured multiple field trials in the Permian basin, Texas, with blue-chip customers for use of specialty chemistry to improve performance and reduce environmental impact of wells
- Expanded footprint in international mining market with initial revenues secured by Nuocer SciDev JV in the US and continued supply into Turkey

SciDev Ltd (ASX: SDV) ('**SciDev**' or '**the Company**') provides an update on its financial<sup>1</sup> and operational performance for the six months ended 31 December 2024 (1H FY25).

#### SciDev CEO Seán Halpin said:

"We've achieved solid results this half-year, with revenue reflecting forecasted seasonality in the US Oil & Gas sector. Despite a slower second quarter, profitability remained strong, driven by high-margin chemistry and growth in water technologies. Over the last six months we have started to reap the benefits of strategic investments, and we are seeing growth across all business units and expansion into new markets, such as our entry into US mining through the Nuocer SciDev JV.

"We've achieved early success in Europe with contracts for PFAS remediation in Sweden and the UK, countries we have targeted as first entry points into the broader PFAS market. No other company rivals our depth of knowledge and practical, on-the-ground experience in PFAS remediation. With

over 7 billion litres treated, our expertise gives us a competitive edge in the \$15.37 billion European water treatment market.

“We continue to strengthen our position in US Oil & Gas with several high-value trials with blue chip companies for our speciality chemistry CatCheck™ and new product FerriSlik™ that significantly improve operational efficiencies and environmental impact of wells. Our innovations ensure we remain at the cutting edge of solutions that drive market expansion.”

## Financial Performance

SciDev delivered first-half revenue of \$49.9m, consistent with pcg despite an extended seasonal slowdown in market activity across the US Oil & Gas sector. Following several successful trials, the Mining and Construction business is poised to benefit from higher revenue in 2HFY25.

Table 1: Revenue from Operations by vertical (unaudited)

Sector	1H FY24 (A\$m)	1H FY25 (A\$m)	% Change (vs PCP)
<b>Water Technologies</b>	<b>9.2</b>	<b>9.8</b>	<b>7</b>
<b>Chemical Services</b>	<b>40.9</b>	<b>40.0</b>	<b>-2</b>
- Mining & Construction	12.5	12.5	0
- Energy Services	28.2	27.5	-2
<b>Total</b>	<b>50.1</b>	<b>49.8</b>	<b>-1</b>

Half yearly positive cash flow from operations of \$2.2m with cash and cash equivalents at 31 December 2024 of \$11.0m (\$5.8m: 1H FY24) with \$8.5m in inventory.

## Operational Performance

### Water Technologies

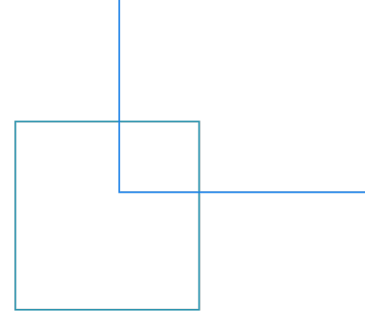

- Secured an 18-month, \$2.2m extension for the operation and maintenance of a PFAS water treatment facility with a blue-chip mining client in Western Australia.
- Successfully mobilised a water treatment plant to support the construction of a large infrastructure project in Sydney. Installation and commissioning will be completed in Q3, with a total contract value of \$5.6m.
- Operated six PFAS treatment projects through Q1 FY25 generating \$2m in revenue.
- Secured a \$1.9m design contract to support a large mine rehabilitation project in Australia.
- Awarded a contract for the preliminary design of a third water treatment plant with a mining client in Western Australia.

- Secured first commercial order in Europe for PFAS treatment. The contract, valued at \$0.5m, is with Swedish Hydro Solutions AB for a containerised PFAS treatment system to remediate a contaminated landfill site in Northeast Sweden. Construction and installation of the plant were completed during the quarter.
- Began the design, procurement, and early-stage construction of a water treatment plant under a \$4.75m contract, supporting a major infrastructure project in Sydney.
- Successfully completed a \$2m contract with Ventia Utility Services for the supply of a Build-Own-Operate water treatment plant to treat PFAS-contaminated surface water in Victoria.
- Delivered 30 water quality monitoring stations for use across multiple mine sites in Western Australia with an additional 18 units commissioned.
- Post-period, secured a contract with a UK blue-chip Oil & Gas customer for a containerised PFAS treatment system.

## Chemical Services

- Participated in multiple successful trials evaluating friction reducer performance with two blue-chip E&P companies in the Permian Basin.
- Successfully executed a one-year supply agreement with a BlueChip E&P client to provide a completed chemistry package, including SciDev's CatChek™ technology, to support operations in the Mid-Con oilfield.
- Commercial launch of new Iron Tolerant Friction Reducer line FerriSlik™ developed to solve issues faced by operators in the Midland Basin of West Texas operating in iron rich environments. The product will be available for field trials in Q3 FY25.
- Secured a field trial with a current blue-chip client, BPX, in a second region for the use of CatChek™.
- Received a new purchase order for MaxiFlox® flocculant to support a trial with a major mineral sands producer in South Australia, resulting in a successful trial and continued supply into the March 2025 quarter.
- Completed a successful six-week trial of MaxiFlox® chemistry with a Tier 1 gold producer in WA, with the opportunity for ongoing supply into 2025.
- First supply of MaxiFlox® super absorbent polymer to a major tunnel project in Victoria to assist with the ongoing management and treatment of tunnel spoil.
- First supply of MaxiDry® chemistry to a tunnel project in NSW. Supply will continue for the project's duration, expected to be completed by the December quarter of FY26.
- The Nuore SciDev Joint Venture continued supply into Turkey and successfully secured its first sales in the US mining market.

## Outlook

### SciDev CEO Seán Halpin said:

"Market conditions in the US Oil & Gas sector will continue to improve over coming months, supporting a stronger second half in line with the same period last year. The new US administration's pro-infrastructure stance is driving positive momentum across Oil & Gas and mining operations, creating additional growth opportunities for our business.

"In the global mining market, we will continue leverage our Nuocer SciDev JV to expand our customer base for high-margin speciality chemistry products. We remain committed to using our proprietary technology solutions to maintain our critical advantage in solving complex water challenges for blue-chip clients.

"In Europe, our focus is on scaling operations, expanding our asset base to support growth, and raising brand awareness. Initial wins will come from smaller, rapidly deployable projects, positioning us for larger opportunities as regulatory frameworks evolve and enforcement strengthens across the region. These developments will drive new opportunities for our water technology services, accelerating our expansion in key European markets.

"We are also accelerating expansion into the North American water technology sector with a particular focus on PFAS remediation, driven by stringent regulations introduced under the first Trump administration. Our strong balance sheet and continuing positive operating cash flow provides us the flexibility to pursue these strategic growth initiatives and deliver sustained growth in the months ahead."

## Investor webinar

Date and time: 3 March at 2pm AEST.

CEO Seán Halpin will provide an update on the Company's progress during 1H FY25. Shareholders will have an opportunity to participate in a Q&A session at the end of the briefing.

To pre-register for this webinar, please use the following link:

## About SciDev

SciDev is a leader innovative solutions that solve industries most complex water problems. . Our solutions allow clients to reuse water, improve operational efficiencies and reduce their environmental footprints. We deliver world-leading chemistry and water treatment technology with end-to-end support from our specialist scientists and engineers.

SciDev works with clients across a range of industries, including Mining, Oil & Gas, Construction & Infrastructure and Water Treatment.

Directors' report	2
Auditor's independence declaration	4
Consolidated statement of profit or loss and other comprehensive income	5
Consolidated statement of financial position	6
Consolidated statement of changes in equity	7
Consolidated statement of cash flows	8
Notes to the consolidated financial statements	9
Directors' declaration	19
Independent auditor's review report to the members of SciDev Limited	20
Corporate directory	22

**General information**

The financial statements cover SciDev Limited as a consolidated entity consisting of SciDev Limited and the entities it controlled at the end of, or during, the half-year. The financial statements are presented in Australian dollars, which is SciDev Limited's functional and presentation currency.

SciDev Limited is a listed public company limited by shares, incorporated and domiciled in Australia. Its registered office and principal place of business are:

<b>Registered office</b>	<b>Principal place of business</b>
Level 8 210 George Street Sydney NSW 2000	Unit 1 8 Turbo Road Kings Park NSW 2148

A description of the nature of the consolidated entity's operations and its principal activities are included in the directors' report, which is not part of the financial statements.

The financial statements were authorised for issue, in accordance with a resolution of directors, on 27 February 2025.

**SciDev Limited**  
**Directors' report**  
**31 December 2024**

The directors present their report, together with the financial statements, on the consolidated entity (referred to hereafter as the 'Group' or the 'consolidated entity') consisting of SciDev Limited (referred to hereafter as the 'company' or 'parent entity') and the entities it controlled at the end of, or during, the half-year ended 31 December 2024 (1H FY25).

**Directors**

The following persons were directors of SciDev Limited during the whole of the financial half-year and up to the date of this report unless otherwise stated:

Vaughan Busby  
Jon Gourlay  
Dan O'Toole  
Michael Utsler  
Simone Watt (resigned 21 November 2024)

**Principal activities**

SciDev is a leader in the environmental solutions market focused on water-intensive industries. SciDev brings together world-class technology, chemistry and application to solve pressing operational and environmental issues for the water, oil and gas, mining and construction markets.

**Dividends**

There were no dividends paid, recommended or declared during the current or previous financial half-year.

**Operating and financial review**

1H FY25 unaudited revenue of \$49.9m (1H FY24 \$50.3m), delivering an underlying EBITDA of \$3.4m (1H FY24 \$3.2m).

Cashflow from operations of \$2.2m. During the period, SciDev made a final payment of \$2.3m associated with the acquisition of Haldon Industries (ref ASX release 29 March 2021). To fund this payment, \$3.0m was drawn down under a non-revolving amortising facility with Westpac Bank.

SciDev maintained a robust balance sheet with cash and cash equivalents at 31 December 2024 of \$10.9m with \$8.5m in inventory.

Reconciliation of profit before income tax to EBITDA (unaudited):

	<b>31 Dec 2024</b>	<b>31 Dec 2023</b>
	<b>\$'000</b>	<b>\$'000</b>
Profit before income tax	955	886
Depreciation and amortisation	2,075	2,041
Finance costs	323	301
EBITDA	<u>3,353</u>	<u>3,228</u>

EBITDA is a non-IFRS earnings measure which does not have any standardised meaning prescribed by IFRS and, therefore, may not be comparable to EBITDA presented by other companies. This measure, which is unaudited, is important to management as an additional way to evaluate the consolidated entity's performance.

During 1H FY25, SciDev continued to expand its client presence, securing numerous new contracts and expanding its operational footprint across the two segments of Chemical Services and Water Technologies.

**Chemical Services**

SciDev continues to innovate and deliver a range of chemistry solutions to its clients, that improve operational efficiency and reduce their wastewater footprint. During the period, SciDev delivered an improved financial performance and expanded the customer base across the mining, construction and energy services markets, with the award of a number of new contracts to blue-chip clients. The outlook for the Chemical Services segment remains positive, and SciDev anticipates growth and expansion of market share by delivering bespoke chemistry to new clients, through direct sales and by progressing the Joint Venture with Nuoer Chemicals.

*Water Technologies*

SciDev's Water Technologies segment is centered around the removal of harmful contaminants from groundwater, surface water and industrial liquid waste, allowing water to be reused or safely discharged to the environment. SciDev operates through both Build, Own & Operate (BOO) and Design & Construct (D&C) commercial models and delivers solutions to various markets. During the period, the segment continued expanding its Australian operations, executing several new contracts with clients requiring PFAS and broader water treatment solutions. A initial contract in Sweden was delivered in the period. The segment has a strong outlook as the demand for PFAS treatment solutions increases, driven by impending regulation in Europe and North America.

**Significant changes in the state of affairs**

There were no significant changes in the state of affairs of the consolidated entity during the financial half-year.

**Matters subsequent to the end of the financial half-year**

No matter or circumstance has arisen since 31 December 2024 that has significantly affected, or may significantly affect the consolidated entity's operations, the results of those operations, or the consolidated entity's state of affairs in future financial years.

**Rounding of amounts**

The company is of a kind referred to in Corporations Instrument 2016/191, issued by the Australian Securities and Investments Commission, relating to 'rounding-off'. Amounts in this report have been rounded off in accordance with that Corporations Instrument to the nearest thousand dollars, or in certain cases, the nearest dollar.

**Auditor's independence declaration**

A copy of the auditor's independence declaration, as required under section 307C of the Corporations Act 2001, is set out immediately after this directors' report.

This report is made in accordance with a resolution of directors, pursuant to section 306(3)(a) of the Corporations Act 2001.

On behalf of the directors

### Auditor's independence declaration to the directors of SciDev Limited

As lead auditor for the review of SciDev Limited for the half-year ended 31 December 2024, I declare to the best of my knowledge and belief, there have been:

- a. No contraventions of the auditor independence requirements of the *Corporations Act 2001* in relation to the review;
- b. No contraventions of any applicable code of professional conduct in relation to the review; and
- c. No non-audit services provided that contravene any applicable code of professional conduct in relation to the review.

This declaration is in respect of SciDev Limited and the entities it controlled during the financial period.

**Note 1. Material accounting policy information**

These general-purpose financial statements for the interim half-year reporting period ended 31 December 2024 have been prepared in accordance with Australian Accounting Standard AASB 134 'Interim Financial Reporting' and the Corporations Act 2001, as appropriate for for-profit oriented entities. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 'Interim Financial Reporting'.

These general-purpose financial statements do not include all the notes of the type normally included in annual financial statements. Accordingly, these financial statements are to be read in conjunction with the annual report for the year ended 30 June 2024 and any public announcements made by the company during the interim reporting period in accordance with the continuous disclosure requirements of the Corporations Act 2001.

The accounting policies adopted are consistent with those of the previous financial year and corresponding interim reporting period, unless otherwise stated.

**New or amended Accounting Standards and Interpretations adopted**

The consolidated entity has adopted all of the new or amended Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period. The adoption of these Accounting Standards and Interpretations did not have any significant impact on the financial performance or position of the consolidated entity.

Any new or amended Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

**Note 2. Operating segments**

*Identification of reportable operating segments*

Operating and business segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. The chief operating decision maker, who is responsible for allocating resources and assessing the performance of the operating segments, has been identified as the Board of Directors.

*Types of products and services*

The principal products and services of each of these operating segments are as follows:

Chemical Services	Develop, manufacture and supply a range of chemistries and performance solutions that improve operational efficiencies, reduce waste and minimise water consumption across industry.
Water Technologies	Specialised water treatment and remediation technologies that remove harmful contaminants from groundwater, surface water and industrial liquid waste allowing water to be recycled or safely discharged to the environment.
Corporate	Includes Head Office and group services

*Intersegment transactions*

Intersegment transactions were made at market rates. Intersegment transactions are eliminated on consolidation.

**SciDev Limited**  
**Notes to the consolidated financial statements**  
**31 December 2024**

**Note 11. Interest bearing liabilities (continued)**

(a) Bank loans

On 23 August 2024, SciDev Limited executed a finance facility for \$10m with Westpac Limited which comprises:

- Facility A - an amortising non-revolving variable rate bank bill business loan facility for \$3m
- Facility B - a non-amortising revolving variable rate bank bill business loan facility for \$5m
- Facility C - a revolving equipment finance facility for \$2m

On 29 August 2024, \$3m was drawn down under Facility A. This loan is repayable by \$50k monthly instalments from the draw date, maturing on 23 August 2027.

The facilities are secured by a general security deed over the assets of the consolidated entity.

The interest rate on the facility used at 31 December 2024 was 6.36%.

Under the terms of the facility agreement, the Group is required to comply with the following financial covenants:

- (i) Leverage Ratio - the Leverage Ratio must be equal to or less than 2.00 times at all times;
- (ii) Debt Service Cover Ratio - the Debt Service Cover Ratio must be equal to or greater than 1.50 times at all times;
- (iii) Equity Ratio - the Equity Ratio must be equal to or greater than 45% at all times;
- (iv) Facility B Draw Ratio - the Facility B Draw Ratio must be equal to or less than 60% at all times.

The Group is in compliance with all of its debt covenants.

(b) Payable to the vendors of Haldon Industries

The payable to Haldon Industries represented the balance of consideration owed to Haldon Industries, a related party, and was fully paid in the half-year ended 31 December 2024. The payable accrued interest at 12% per annum.

*Financing arrangements*

	31 Dec 2024 \$'000	30 Jun 2024 \$'000
Used at the reporting date (net of repayments)		
Bank loan - amortising and non-revolving facility*	2,800	-

Bank loan - equipment finance facility	-	-
Payable to the vendors of Haldon Industries	-	2,320
	2,800	2,320
Unused at the reporting date		
Bank loan - amortising and non-revolving facility*	-	-
Bank loan - non-amortising revolving business loan facility	5,000	-
Bank loan - equipment finance facility	2,000	-
Payable to the vendors of Haldon Industries	-	-
	7,000	-

\* The used bank loan facility excludes borrowing costs capitalised.

*Accounting policy for Interest bearing liabilities*

Interest bearing liabilities are recognised initially at fair value net of directly attributable transaction costs. After initial recognition, Interest bearing liabilities are subsequently measured at amortised cost using the effective interest rate ("EIR") method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit or loss.

Balance at 31 December 2024	<u>(902)</u>	<u>939</u>	<u>565</u>	<u>602</u>

**Note 14. Fair value measurement**

*Fair value hierarchy*

The following tables detail the consolidated entity's assets and liabilities, measured or disclosed at fair value, using a three level hierarchy, based on the lowest level of input that is significant to the entire fair value measurement, being:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly

Level 3: Unobservable inputs for the asset or liability

	Level 1 \$'000	Level 2 \$'000	Level 3 \$'000	Total \$'000
<b>31 Dec 2024</b>				
<i>Assets</i>				
Equity securities - listed	598	-	-	598
Equity securities - unlisted	-	3	-	3
Total assets	598	3	-	601

	Level 1 \$'000	Level 2 \$'000	Level 3 \$'000	Total \$'000
<b>30 Jun 2024</b>				
<i>Assets</i>				
Equity securities - listed	449	-	-	449
Equity securities - unlisted	-	3	-	3
Total assets	449	3	-	452

*Valuation techniques for fair value measurements categorised within level 2 and level 3*

Level 2: Equity securities

The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

**Note 15. Earnings per share**

	31 Dec 2024 \$'000	31 Dec 2023 \$'000
(Loss)/profit after income tax attributable to the owners of SciDev Limited	(68)	57
	<b>Number</b>	<b>Number</b>
Weighted average number of ordinary shares used in calculating basic earnings per share	189,919,281	189,853,077
Weighted average number of ordinary shares used in calculating diluted earnings per share	189,919,281	189,853,077
	<b>Cents</b>	<b>Cents</b>
Basic (loss)/earnings per share	(0.04)	0.03
Diluted (loss)/earnings per share	(0.04)	0.03

**Note 16. Events after the reporting period**

No matter or circumstance has arisen since 31 December 2024 that has significantly affected, or may significantly affect the consolidated entity's operations, the results of those operations, or the consolidated entity's state of affairs in future financial years.

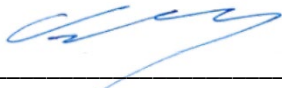

**SciDev Limited**  
**Directors' declaration**  
**31 December 2024**

In the directors' opinion:

- the attached financial statements and notes comply with the Corporations Act 2001, Australian Accounting Standard AASB 134 'Interim Financial Reporting', the Corporations Regulations 2001 and other mandatory professional reporting requirements;
- the attached financial statements and notes give a true and fair view of the consolidated entity's financial position as at 31 December 2024 and of its performance for the financial half-year ended on that date; and
- there are reasonable grounds to believe that the company will be able to pay its debts as and when they become due and payable.

Signed in accordance with a resolution of directors made pursuant to section 303(5)(a) of the Corporations Act 2001.

On behalf of the directors

## Independent auditor's review report to the members of SciDev Limited

### Conclusion

We have reviewed the accompanying half-year financial report of SciDev Limited (the Company) and its subsidiaries (collectively the Group), which comprises the consolidated statement of financial position as at 31 December 2024, consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the half-year ended on that date, explanatory notes and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of the Group does not comply with the *Corporations Act 2001*, including:

- a. Giving a true and fair view of the consolidated financial position of the Group as at 31 December 2024 and of its consolidated financial performance for the half-year ended on that date; and
- b. Complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

### Basis for conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity* (ASRE 2410). Our responsibilities are further described in the *Auditor's responsibilities for the review of the half-year financial report* section of our report. We are independent of the Group in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

### Directors' responsibilities for the half-year financial report

The directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

### Auditor's responsibilities for the review of the half-year financial report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 31 December 2024 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
