## **About Northern Cobalt Ltd**

Northern Cobalt Ltd is an emerging resource company engaged in the acquisition, exploration and development of cobalt mineral projects. The company is led by an experienced and diverse board of directors and management team with proven success in corporate finance, operational management, engineering and exploration project management. Their combined experience and commitment provides Northern Cobalt with the tools to capitalise on the growing demands of the cobalt and energy storage markets

## **Cobalt Sector**

Cobalt is an important metal used in the production of batteries and is favoured in end uses such as electric vehicles and mobile phones. The price of Cobalt has risen over 200% in the last 12 months (reference- [www.infomine.com](http://www.infomine.com)). Cobalt demand continues to be tipped as the driver for the cobalt sector as supply remains constrained
