## ERM POWER NOT INVOLVED IN DELTA, LUMO SALE PROCESSES

The Company refers to the article "Delta Coastal, Lumo Energy sale processes gather steam" in the Australian Financial Review newspaper today.

The article suggests that ERM Power is involved in the New South Wales Government's sale process for Delta Electricity's Central Coast power stations (Delta Coastal).

This is incorrect.

ERM Power has not lodged an indicative bid for Delta Coastal.

The Company also confirms that it is not involved in the sale process for Lumo Energy.

### About ERM Power

ERM Power is a dynamic Australian energy company with interests in electricity sales, generation and metering, and gas production and exploration. Trading as ERM Business Energy and founded in 1980, we have grown to become the 4th largest electricity retailer in Australia with operations in every state and the Australian Capital Territory. We initially focused on larger businesses but now offer our industry leading services to small businesses. We have equity interests in 497 megawatts of low emission, gas fired peaking power stations in Western Australia and Queensland, operate an electricity metering business that trades as Powermetric, sell conventional gas and condensate from onshore discoveries in Western Australia, and have gas exploration operations in Western Australia and New South Wales.
