ASX Release

Loyalty Option Offer

MinRex Resources Limited (ASX: MRR) (“**MinRex**” or “the **Company**”) is pleased to announce it is undertaking a pro-rata non-renounceable entitlement issue of one (1) option exercisable at \$0.02 and expiring on 20 January 2030 (**New Option**) for every four (4) fully paid ordinary shares in the Company (**Shares**) held by eligible shareholders registered at the record date at an issue price of \$0.001 per New Option to raise up to approximately \$271,217 (**Loyalty Option Offer** or **Offer**).

Based on the Company’s securities currently on issue, and on the basis that no options are exercised or other securities are converted into Shares prior to the record date, a total of approximately 271,216,875 New Options will be offered under the Offer. Where the determination of the entitlement of any eligible share results in a fraction of a New Option, such fraction will be rounded down to the nearest whole New Option.

The purpose of the Loyalty Option Offer is to reward the loyalty of eligible shareholders via their entitlement to subscribe for New Options under the Offer. Funds raised under the Offer will be applied to the expenses of the Offer and to provide general working capital to the Company.

The Company intends to apply for the quotation of the New Options to be issued under the Loyalty Option Offer. There is no guarantee that ASX will grant quotation of the New Options.

The Company has today lodged a prospectus for the Loyalty Option Offer (**Prospectus**) with ASIC, which will be dispatched to eligible shareholders on 29 January 2025.

Eligible shareholders should consider the Prospectus carefully in deciding whether to acquire New Options under the Offer and will need to complete the personalised entitlement and acceptance form that will accompany the Prospectus and made available to eligible shareholders.

The Offer is not underwritten. Any entitlements not taken up under the Offer will form a shortfall of New Options (**Shortfall**). The Directors reserve the right to place the Shortfall on the same terms as offered to eligible shareholders under the Offer within 3 months following the closing date of the Offer.
