Dear Sir,

PROFIT GUIDANCE - HALF YEAR ENDED 31 DECEMBER 2024

The Group is pleased to announce that subject to unforeseen circumstances arising, based on performance to-date, it expects to achieve a net consolidated profit after tax of between S\$2.0m to S\$2.5m for the half year ended 31 December 2024, compared with a net consolidated loss of S\$2.8m for the previous half year ended 31 December 2023.

The Group's businesses have emerged from its worst years. Although recovery remains slow, it is across the entire Group's businesses. However, the global economic landscape is expected to be more challenging and uncertain for years to come owing to deteriorating global geopolitical tensions and conflicts. The inflationary cycle is not abating and may pre-empt further interest rate reduction. These factors may potentially scuttle global economic recovery.

Your Board has therefore decided to be judicious and will not approve to pay any dividend at this stage but instead focus to pare down interest bearing loans.

Yours faithfully
Zicom Group Limited
