Dear Directors

Auditor's Independence Declaration to IMDEX Limited

In accordance with section 307C of the Corporations Act 2001, I am pleased to provide the following declaration of independence to the directors of IMDEX Limited.

As lead audit partner for the review of the half year financial report of IMDEX Limited for the half year ended 31 December 2023, I declare that to the best of my knowledge and belief, there have been no contraventions of:

- The auditor independence requirements of the Corporations Act 2001 in relation to the review; and
- Any applicable code of professional conduct in relation to the review.

Yours faithfully

Independent Auditor's Review Report to the members of IMDEX Limited

Conclusion

We have reviewed the half-year financial report of IMDEX Limited (the "Company") and its subsidiaries (the "Group"), which comprises the condensed consolidated statement of financial position as at 31 December 2023, and the condensed consolidated statement of profit or loss and other comprehensive income, the condensed consolidated statement of cash flows and the condensed consolidated statement of changes in equity for the half-year ended on that date, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration as set out on pages 6 to 21.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the accompanying half-year financial report of the Group does not comply with the *Corporations Act 2001*, including:

- Giving a true and fair view of the Group's financial position as at 31 December 2023 and of its performance for the half-year ended on that date; and
- Complying with Accounting Standard AASB 134 Interim Financial Reporting and the *Corporations Regulations 2001*.

Basis for Conclusion

We conducted our review in accordance with ASRE 2410 Review of a *Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the *Auditor's Responsibilities for the Review of the Half-year Financial Report* section of our report. We are independent of the Group in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (including Independence Standards) ("the Code") that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001* which has been given to the directors of the Company, would be in the same terms if given to the directors as at the time of this auditor's review report.

Directors' Responsibilities for the Half-year Financial Report

The directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

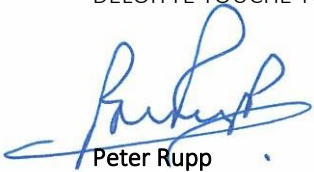

Auditor's Responsibilities for the Review of the Half-year Financial Report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 31 December 2023 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

DIRECTORS' DECLARATION

The Directors declare that:

- (a) in the Directors' opinion, there are reasonable grounds to believe that the Company will be able to pay its debts as and when they become due and payable; and
- (b) in the Directors' opinion, the attached Financial Report and notes thereto are in accordance with the *Corporations Act 2001*, including:
 - (i) giving a true and fair view of the Group's financial position as at 31 December 2023 and of its performance for the half-year ended on that date; and
 - (j) complying with Australian Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

Signed in accordance with a resolution of the Directors made pursuant to s. 303(5) of the *Corporations Act 2001*.

The Condensed Consolidated Statement of Cash Flows should be read in conjunction with the accompanying notes.

1. Summary of significant accounting policies

Statement of Compliance

The half-year report is a general purpose financial report prepared in accordance with the *Corporations Act 2001* and AASB 134 *Interim Financial Reporting*. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 *Interim Financial Reporting*. The half-year financial report does not include notes of the type normally included in an annual financial report and should be read in conjunction with the most recent annual financial report.

Basis of Preparation

The half-year condensed consolidated financial statements have been prepared using the same accounting policies as used in the annual financial statements for the year ended 30 June 2023, except for the adoption of new amendments to existing standards, as set out below.

(a) New or amended Accounting Standards and Interpretations adopted by the Group

A number of amended standards became applicable for the current reporting period. The Group did not have to change its accounting policies or make retrospective adjustments as a result of adopting these amended standards.

(b) Impact of standards and interpretations issued but not yet applied by the Group.

Certain amendments to accounting standards have been published that are not mandatory for 31 December 2023 reporting periods and have not been early adopted by the Group. These amendments are not expected to have a material impact on the entity in the current or future reporting periods and on foreseeable future transactions.

Critical Accounting Judgements and Key Sources of Estimation Uncertainty

In the application of the Group's accounting policies, management is required to make judgements, estimates and assumptions about carrying values of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other relevant factors. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods. Significant judgements, estimates and assumptions made by management in the preparation of these financial statements are consistent with the ones disclosed in the annual financial statements for the year ended 30 June 2023, except for the one outlined below:

- Income tax expense is recognised based on management's best estimate of the weighted average effective annual income tax rate expected for the full financial year, consistent with AASB 134 para 28.

The FY24 interim fully franked dividend was declared on 16 February 2024 with a record date of 14 March 2024. The financial effect of the dividend has not been recognised in the financial statements at 31 December 2023.

4. Segment information

The primary means by which the Board view the business and make key decisions is based on geographical lines.

An operating segment is a component of the Group that engages in business activities from which it may earn revenues and incur expenses (including revenues and expenses relating to transactions with other components of the Group), whose operating results are regularly reviewed by the Group's Chief Operating Decision Maker (CODM) to make decisions about resources to be allocated to the segment and assess its performance and for which discrete financial information is available. Management will also consider other factors in determining operating segments such as the existence of a regional general manager and the level of segment information presented to the Board of Directors.

Information reported to the CODM for the purposes of resource allocation and assessment of segment performance focuses on the regions serviced. The Directors of the Company have chosen to organise the Group around different geographical markets serviced by the entity's products and services.

No operating segments have been aggregated in arriving at the reportable segments of the Group. All segments are in the business of the manufacture and sale/rental of products and software to the mining sector along the following geographical lines:

AM - Americas

APAC - Asia Pacific

AE – Africa / Europe

Segment results, assets and liabilities include items directly attributable to a segment as well as those that can be allocated on a reasonable basis. Unallocated items mainly comprise deferred tax assets, treasury cash, net financing costs for the Group and the corporate portion of head office costs. Segment capital expenditure is the total cost incurred during the period to acquire segment assets that are expected to be used for more than one period.

- (i) IMDEX Product includes Research and Development, Software Development, Product Management and Intellectual Property activities. Included in IMDEX Product is R&D spend which has been adjusted during the period to include product management activities. Comparative has been restated. R&D Spend (excluding capitalised development costs) for the period totals \$16.9 million (HY22: \$16.0 million).
- (ii) Central administration costs comprise the corporate portion of head office costs. Head office costs attributable to operations are allocated to reportable segments in proportion to the revenues earned from those segments.
- (iii) Unallocated items includes the share of loss of an associate, Individually Significant Items (ISI), finance income and finance costs associated with the Group treasury function. Interest on lease liabilities is considered directly attributable to the segments and has been included in their segment results.

IMDEX assesses impairment at the Operating Segment level for goodwill and at the Cash Generating Unit (CGU) level for fixed assets and intangible assets. A CGU being the smallest identifiable group of assets that generates cash inflows that are largely independent of the cash inflows from other assets or groups of assets. CGUs identified are at a lower level than each Operating Segment (based on regional hubs).

Goodwill and intangible assets not yet available for use are not amortised but tested for impairment annually and whenever there is an indication that the asset may be impaired.

At each reporting date, the Group reviews the carrying amounts of its tangible and intangible assets (other than goodwill) at the CGU level to determine whether there is any indication that those assets may have suffered an impairment loss.

Significant accounting estimates and assumptions

Management is required to make significant judgements concerning the identification of impairment indicators, such as changes in the expectations of growth, increased cost of capital and other factors that may indicate impairment.

Where an indication of impairment exists, a formal estimate of the recoverable amount is made at the reporting period. No impairment indicators were noted during the current period for all the CGUs.

Intellectual property and other intangible assets relate primarily to Devico acquisition (completed in February 2023), MinePortal acquisition (completed in September 2021) and aiSIRIS and aiSWYFT acquired in the acquisition of AusSpec International Limited (completed July 2020).

The Group continues to progress the development of these intellectual properties. Management assesses the recoverability of the associated intangible assets at each reporting date as these technologies progress towards commercialisation.

At 31 December 2023, the Group held intangible assets not yet available for use of \$19.0 million, which were acquired in the MinePortal acquisition (completed September 2021). These assets are not amortised until they are capable of operating in the manner intended for use by management.

IMDEX has not identified any impairment triggers at the balance sheet date.

	68,071	95,048
	96,071	123,048

The facilities are secured against the assets of key entities across the IMDEX group, located across Australia, New Zealand, Europe and the Americas, and subject to typical financial covenants. The Company repaid the borrowings of Commonwealth Bank of Australia and made the draw down of US\$8.4 million (A\$12.5 million) from JP Morgan Australia (Facility B). The JP Morgan Australia facility is due to expire on 19 January 2026 (Facility A) and 19 January 2027 (Facility B).

10. Assets classified as held for sale

At 30 June 2023 the Group had taken the decision to pursue divestment options for the commercialisation of the MAGHAMMER technology which resulted in the major classes of assets associated with the MAGHAMMER technology being classified as held for sale. During the current period, the Group continued to progress the divestment of MAGHAMMER however the intended sales did not occur. Growing uncertainty in global macro conditions plus increasing funding costs and inflationary pressures in 1H24 saw interest levels to acquire the technology at this time decline from initial positive indications reflective of the technical merit of the technology earlier in the year.

Acknowledging the conditions are not conducive to a sale at this time, as a result, the Group has recognised an impairment loss on the carrying value of the major classes of assets associated with the MAGHAMMER technology as outlined below:

Notes	31 Dec 2023 \$'000	30 Jun 2023 \$'000
Assets		
Intangible assets	6,970	6,970
Inventory	396	381
Impairment loss	(7,366)	-
Total assets classified as held for sale	-	7,351

11. Contingent liabilities and contingent assets

The Group is party to legal proceedings and claims which arise in the normal course of business. Any liabilities may be mitigated by legal defences, insurance, and third-party indemnities. Unless recognised as a provision, management do not consider it to be probable that they will require settlement at the Group's expense.

(i) Contingent liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Group or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognised because it cannot be measured reliably.

A Federal Court judgement was delivered on the 12 July 2022 relating to a case whereby the Group was seeking to invalidate a Globaltech Corporation Pty Ltd patent. The Group was unsuccessful in its petition to the court, with the patent being upheld.

In June 2023, the appeal on the Globaltech Corporation patent was heard by the Full Federal Court. In November 2023, the Full Federal Court handed down its decision, in which it did not uphold IMDEX's appeal regarding the infringement claim. Settlement of the costs for the appeal was agreed by the parties as \$0.1 million.

Whilst the outcome of these legal proceedings are, by their nature, uncertain, the Directors do not currently anticipate that the outcome of the proceedings either individually or in aggregate will have a material adverse effect on the Group's financial position, therefore, an estimate of the financial effect of this matter has not been provided.

(ii) Contingent assets

A contingent asset is a possible asset that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Group. The Group does not recognise contingent assets but discloses its existence where inflows of economic benefits are probable, but not virtually certain.

A subsidiary of the Group (Australian Mud Company Pty Ltd or "AMC") is currently a party to litigation in relation to infringement of patents by a third party. The courts have found in favour of AMC on the matter and the company is awaiting an outcome on the quantum of the financial settlement.

Whilst the outcome of these legal proceedings are, by their nature, uncertain, the Directors do not currently anticipate that the outcome of the proceedings either individually or in aggregate will have a material adverse effect on the Group's financial position, therefore, an estimate of the financial effect of this matter has not been provided.

12. Subsequent events

No matters or circumstances have arisen since the end of the half-year which will significantly affect or may significantly affect the state of affairs or operations of the reporting entity in future financial periods.
