The Board is pleased to be adding Michael's experience and skillset and looks forward with excitement as the Company continues to build its exploration portfolio.

The Company wishes to advise that the Managing Director, Charlie Bass, has communicated his desire to step down from the Board and retire from active involvement in the coming months.

Charlie has been involved with the Company and its affiliated subsidiaries since 2011 and was instrumental in identifying, acquiring and exploring the Silver Mountain Project privately until the Company's IPO in 2018. He has been the largest shareholder of the Company since our ASX listing and the Board wishes to express its gratitude for Charlie's unwavering support through his time commitment, participation to numerous capital raises and provision of funding facilities through the years. Charlie's expertise, passion and drive will be sorely missed but the Company is looking forward to continuing a fruitful relationship with Mr Bass in his ongoing role as major shareholder.
