Chairman's letter

24 November 2015

Dear Shareholders

Takeover bid for Golden Cross

On behalf of HQ Mining, I am pleased to provide you with this all cash offer to acquire all of your shares in Golden Cross.

If you accept our Offer, you will receive 7.0 cents cash per Share ("**Offer Price**") for each share in Golden Cross that you hold, subject to the Offer becoming unconditional.

We believe that our all cash Offer provides you with an opportunity to realise both certainty and value for your Shares. It is an attractive alternative to the highly dilutive and conditional funding package proposed by Golden Cross, which is to be voted on at the upcoming annual general meeting ("**AGM**") and that HQ Mining believes is not in the best interests of all Golden Cross shareholders ("**Shareholders**").

HQ Mining's Offer is conditional on Shareholders not approving any of the resolutions at the AGM that relate to the issue of new Securities.¹

HQ Mining will vote against all of the resolutions seeking approval for the issue of Shares at the AGM.²

Offer price premium

The Offer Price of 7.0 cents per Share represents a premium of 20.7% to the closing price of 5.8 cents per Share on Friday, 23 October 2015 (being the last trading day prior to Golden Cross' announcement of HQ Mining's interest in making a bid for Golden Cross).

Reasons to accept the Offer

HQ Mining is offering all cash consideration for your Shares. The certainty of HQ Mining's all cash Offer should be compared to the risks and uncertainties of remaining as a Shareholder, including direct exposure to the current:

- depressed equity capital markets for mining development companies;
- difficult general economic conditions in the mining industry; and
- struggling market for copper and gold developers and producers globally.

Furthermore, it is uncertain for how long this environment will continue.

The Offer provides you with an opportunity to dispose of all your Shares and to realise full and certain value for your entire shareholding in Golden Cross.

Shareholders should consider that:

- if you accept the Offer, you will also avoid the medium to long term operating and project development risks associated with being a shareholder in Golden Cross;
- the Offer allows you to sell all your shareholding in Golden Cross, a stock that has relatively low trading liquidity;

¹ Other than the issue of 543,734 Shares to Ken Hellsten under the terms of his employment contract.

² Other than the issue of 543,734 Shares to Ken Hellsten under the terms of his employment contract.

- there is no competing offer and any such competing offer is unlikely; and
- there are risks associated with being a minority shareholder in Golden Cross.

Further reasons for accepting the Offer are set out in Section 1 of this Bidder's Statement.

Limited conditions of the Offer

Our Offer is subject to limited conditions being only that HQ Mining becomes entitled to not less than 50.1% of Golden Cross' issued share capital, no prescribed occurrences, no regulatory action and shareholders not approving the issue of any new Securities³ (including at the upcoming AGM).

HQ Mining's funding proposal for the PFS

In circumstances where HQ Mining's Offer becomes unconditional but HQ Mining is not entitled to acquire all the Shares in Golden Cross, HQ Mining currently intends to procure that Golden Cross undertakes a pro-rata rights issue to fund the costs of the Copper Hill project pre-feasibility study. Further detail regarding HQ Mining's intentions in these circumstances is contained in section 7.3 of this Bidder's Statement.

Further details of the Offer

Details of the Offer, including its terms and conditions, are set out in this Bidder's Statement. We encourage you to read this Bidder's Statement in its entirety, together with the target's statement, and then to accept the Offer as soon as possible. In order to be valid, your acceptance must be received before 7.00pm (Sydney time) on 29 January 2016, which, unless extended or withdrawn, is the closing date of the Offer.

To accept the Offer, please follow the instructions on the accompanying Acceptance Form. If you require additional assistance, please call the Offer Information Line on 1300 951 450 (from within Australia) or +61 2 8022 7902 (from outside Australia).

We appreciate your consideration of our Offer.

Yours sincerely

Xiaoming Li
Chairman
HQ Mining

³ Other than the issue of 543,734 Shares to Ken Hellsten under the terms of his employment contract.

1 Why you should accept the Offer

1. The Offer is at a 20.7% premium to the Share price before Golden Cross announced HQ Mining's interest in making a bid for Golden Cross
2. The all-cash Offer provides certain value and a clean exit from the risks associated with investment in a junior mining company
3. The Share price may fall if the Offer is unsuccessful
4. If you accept the Offer, you will also avoid the medium to long term operating and project development risks associated with being a shareholder in Golden Cross
5. The Offer allows you to sell all your shareholding in Golden Cross, a stock that has relatively low trading liquidity
6. There is no competing offer and any such competing offer is unlikely
7. There are risks associated with being a minority shareholder in Golden Cross

1.1 The Offer is at a 20.7% premium to the share price before Golden Cross announced HQ Mining's interest in making a bid for Golden Cross

Based on the price of Shares up to and including Friday, 23 October 2015, being the last trading day prior to Golden Cross' announcement of HQ Mining's interest in making a bid for Golden Cross, the Offer Price represents a premium of:

- 20.7% to the closing price of 5.8 cents per Share on Friday, 23 October 2015;
- 21.6% to the 30 day VWAP of 5.76 cents per Share; and
- 19.8% to the 90 day VWAP of 5.84 cents per Share.

Prior to Golden Cross' announcement of HQ Mining's interest in making a bid for Golden Cross, Golden Cross' shares had not closed above the Offer Price since 23 February 2015.

1.2 The all-cash Offer provides certain value and a clean exit from the risks associated with investment in a junior mining company

HQ Mining is offering all cash consideration for your Shares. The certainty of HQ Mining's cash Offer should be compared to the risks and uncertainties of remaining as a Shareholder. The risks associated with an investment in a junior mining company such as Golden Cross include direct exposure to the current:

- depressed equity capital markets for mining development companies;
- difficult general economic conditions in the mining industry; and
- struggling market for copper and gold developers and producers globally.

In addition there are various risks which apply to all resource development companies on ASX:

- availability of short term and medium to long term funding;
- geological and project development;
- exploration and production;
- commodity prices;

- foreign exchange rates; and
- regulation and government actions.

The Offer provides an opportunity to dispose of all your Shares and to realise full and certain value for your entire shareholding in Golden Cross.

1.3 The share price may fall if the Offer is unsuccessful

The Offer is at a substantial premium to recent historical trading prices in Shares for Golden Cross.

If the Offer is unsuccessful the trading price for Your Shares may fall and trade at prices even lower than the price immediately prior to the announcement of HQ Mining's intention to make a bid for Golden Cross.

If the Offer is unsuccessful those Shareholders looking to sell would be forced to sell their Shares in the open market, which could cause significant selling pressure on Golden Cross Shares and cause a fall in the Share price.

1.4 If you accept the Offer, you will also avoid the medium to long term operating and project development risks associated with being a shareholder in Golden Cross

Golden Cross' operations include mineral exploration and development activities, which require substantial resources, expertise and capital expenditure.

Remaining as a shareholder in Golden Cross will mean that you will continue to be exposed to the risks related to resources exploration and development projects including:

- geological and environmental risk;
- funding risk;
- political and regulatory risk; and
- general economic risk.

For example, leaving aside all of Golden Cross' other projects, simply to develop a concentrator process plant at the Copper Hill project, Golden Cross estimates the capital cost will be between \$130m and \$164m⁴. If equity funding is required to undertake this capital program, Shareholders may be required to invest additional capital or suffer material dilution.

The Offer presents an opportunity for Shareholders to receive a certain cash amount for their Shares, avoiding the risks outlined above.

1.5 The Offer allows you to sell all your shareholding in Golden Cross, a stock that has relatively low trading liquidity

Shares have historically had relatively low trading liquidity on ASX. In the 150 trading days prior to Golden Cross' announcement of HQ Mining's interest in making a bid for Golden Cross, the average daily value traded in Golden Cross Shares was less than \$1120.

This Offer provides you with an opportunity to dispose of all of your Shares in a single transaction for a certain value and remove any exposure to the future risks of holding shares in Golden Cross.

⁴ See Golden Cross announcement of 15 April 2015.

If you do not accept the Offer, and your Shares are not subject to compulsory acquisition by HQ Mining, the market for Shares may become less liquid than at present.

If you do not accept the Offer, and your Shares are subject to compulsory acquisition by HQ Mining, you will face a delay in being paid the consideration for your Shares compared with Shareholders who accept the Offer during the Offer Period.

In the absence of the Offer, the amount that you may be able to realise for your Shares will be uncertain. The certainty provided by receiving cash (subject to the satisfaction of the conditions of the Offer) should be compared with the risks and uncertainties associated with remaining as a Shareholder.

1.6 There is no competing offer and any such competing offer is unlikely

As at the date of this Bidder's Statement, the Offer is the only available offer for all of your Shares. HQ Mining believes that the likelihood of a rival bidder emerging is low. HQ Mining is Golden Cross' largest shareholder, with a 23.4% relevant interest in Golden Cross as at the date of this Bidder's Statement.

1.7 There are risks associated with being a minority shareholder in Golden Cross

If HQ Mining achieves voting power sufficient to control Golden Cross but Golden Cross remains listed on the ASX, the market for your Shares may be less liquid or less active than at present, exposing remaining Shareholders to greater uncertainty. This could also make it more difficult to sell Shares at an attractive price in the future.

If the number of Shareholders is less than that required by the ASX Listing Rules then ASX may suspend and/or de-list Golden Cross. If this occurs, any remaining Shareholders will not be able to sell their Shares on-market. There may be a reduced likelihood of a subsequent takeover bid for Golden Cross from parties other than HQ Mining if Golden Cross is de-listed.

If Golden Cross remains listed, a subsequent takeover bid for Golden Cross from parties other than HQ Mining may be less likely in the event that HQ Mining holds a significant proportion of the Shares.

5.7 Effect of the Offer on Options

The Offer extends to Shares that are issued on the exercise of Options during the period from the Register Date to the end of the Offer Period.

If Bidder and its associates have relevant interests in at least 90% of the Shares during, or at the end of the Offer Period, Bidder will (if it and its associates have a relevant interest in more than 90% of Shares at the time) give a notice of compulsory acquisition to all outstanding Golden Cross shareholders, even if the Shares to which those notices relate are issued:

- after the Offer closes but before the notices are given (pursuant to section 661A(4)(b) of the Corporations Act); or
- on exercise of Golden Cross Options, up to 6 weeks after the notices are given (pursuant to section 661A(4)(c) of the Corporations Act).

If not all of the Golden Cross Options are acquired by HQ Mining or cancelled pursuant to agreements or other arrangements, and HQ Mining is entitled to compulsorily acquire any outstanding Shares, HQ Mining presently intends to seek to compulsorily acquire or cancel any outstanding Options pursuant to Part 6A.2 of the Corporations Act, although it reserves the right not to do so.

5.8 No pre-Offer benefits

During the period of 4 months before the date of this Bidder's Statement, neither HQ Mining nor any associate of HQ Mining gave, or offered to give, or agreed to give a benefit to another person which was likely to induce the other person, or an associate of the other person, to:

- accept the Offer; or
- dispose of Shares,

and which is not offered to all holders of Shares under the Offer.

During the period from the date of this Bidder's Statement to the date before the date of the Offer, neither Bidder nor any associate of Bidder gave, or offered to give, or agreed to give a benefit to another person which was likely to induce the other person, or an associate of the other person, to:

- accept the Offer; or
- dispose of Shares,

and which is not offered to all holders of Shares under the Offer.

5.9 No escalation agreements

Neither HQ Mining nor any associate of HQ Mining has entered into any escalation agreement that is prohibited by section 622 of the Corporations Act.

6 Sources of consideration

6.1 Total cash consideration

The consideration for the acquisition of the Shares to which the Offer relates will be satisfied wholly in cash.

The maximum amount of cash that HQ Mining would be required to pay under the Offer if acceptances are received in respect of Shares on issue as at the date of this Bidder's Statement (other than those Shares in which HQ Mining has a relevant interest) would be approximately \$5,417,402.

In addition, if holders of all Options on issue as at the date of this Bidder's Statement and which have vested exercise those Options and accept the Offer in respect of the Shares issued to them, an additional \$3,500 will be payable by HQ Mining under the Offer.

Accordingly, the maximum amount that HQ Mining could be required to pay under the Offer is approximately \$5,420,902 (**Offer Amount**), together with transaction costs.

6.2 Sources of cash consideration

The consideration for the acquisition of your Shares under the Offer will be satisfied wholly in cash.

Xiaoming Li has undertaken to provide HQ Mining with an amount that is equal to the Offer Amount and associated transaction costs. Such funds will be sourced from Xiaoming Li's existing cash resources (namely cash or cash equivalents) and contributed to HQ Mining by debt under the terms of a loan agreement between HQ Mining and Xiaoming Li (**Intra-Group Facility**), details of which are described below. Xiaoming Li has confirmed that funds of an amount equal to the Offer Amount and associated transaction costs are immediately available and not subject to security interests or rights of set off and are not required for other arrangements.

The terms of the Intra-Group Facility are as follows:

- Xiaoming Li will provide funding to HQ Mining in immediately available funds for any amount that is requested by HQ Mining to fully fund the Offer (**Loan**);
- Xiaoming Li will make the Loan available in a number of advances as requested by HQ Mining until such time as HQ Mining has no further obligation to pay for the Shares acquired by it under the Offer; and
- provided that HQ Mining has no further obligation to pay for the acquisition of Shares under the Offer, HQ Mining must repay to Xiaoming Li the principal outstanding on the date agreed by HQ Mining and the Xiaoming Li which is after the completion of the Offer.

As such, HQ Mining has access to sufficient cash resources available to fund the Offer Amount and other costs of the Offer.

7 Bidder's intentions in relation to Golden Cross

7.1 Introduction

The intentions of HQ Mining are set out in this section of the Bidder's Statement. Those intentions have been formed on the basis of facts and information concerning Golden Cross, and the general business environment, which are known at the time of preparing this Bidder's Statement. Final decisions will only be reached by HQ Mining in light of material information and circumstances at the relevant time. Accordingly, the statements set out in this section are statements of current intention only and accordingly may vary as new information becomes available or circumstances change.

7.2 Intentions for Golden Cross as a wholly owned entity

This section 7.2 describes HQ Mining's intentions if HQ Mining and its associates acquire a relevant interest in 90% or more of the Shares, and so becomes entitled to proceed to compulsory acquisition of outstanding Shares in accordance with Part 6A.1 of the Corporations Act.

In that circumstance, HQ Mining's current intentions are as follows:

(a) **Corporate matters**

HQ Mining intends to:

- proceed with compulsory acquisition of the outstanding Shares in accordance with the provisions of Part 6A.1 of the Corporations Act, including any Shares which are issued after the close of the Offer as a result of the exercise of Options (see section 5.7 of this Bidder's Statement);
- thereupon arrange for Golden Cross to be removed from the official list of the ASX; and
- replace one or more members of the Board (that are not already nominees of HQ Mining) with the nominees of HQ Mining. Replacement board members have not yet been identified by HQ Mining and their identity will depend on the circumstances at the relevant time.

(b) **General review**

HQ Mining has been involved with Golden Cross as a significant shareholder for several years and therefore has an in depth understanding of Golden Cross' core projects.

HQ Mining generally intends to continue Golden Cross' core business, namely mineral resource exploration and development. HQ Mining also intends to progress with the development of the Copper Hill project if the PFS result is satisfactory and the appropriate funding can be obtained.

After the end of the Offer Period, if HQ Mining is successful, it intends to conduct a general review of Golden Cross' project and operations to further:

- evaluate Golden Cross' performance, profitability and prospects;
- review existing commercial arrangements; and
- assess possible operational and strategic opportunities.

Accordingly, the specific intentions set out in this section 7 are subject to, amongst other things, the results of this general review.

(c) **Impact on Employees**

Subject to the general review described in 7.2(b), HQ Mining does not currently intend to make any material reductions to Golden Cross' permanent staffing levels in the event the Offer is successful.

7.3 Intentions for Golden Cross as a part owned controlled entity

HQ Mining reserves its right to declare the Offer free from the Minimum Acceptance Condition. However, at the date of this Bidder's Statement, HQ Mining has not decided whether it will free the Offer from the Minimum Acceptance Condition.

This section 7.3 describes HQ Mining's intentions if Golden Cross becomes a controlled entity of HQ Mining but HQ Mining is not entitled to proceed to compulsory acquisition in accordance with Part 6A.1 of the Corporations Act.

In that circumstance, HQ Mining's current intentions are as set out in section 7.2, other than the intention to undertake compulsory acquisition of all Shares, and as follows:

(a) **Corporate matters**

After the end of the Offer Period, HQ Mining intends:

- (subject to the Corporations Act and the constitution of Golden Cross) to consider the composition of the Board having regard to the ongoing development of Golden Cross' projects; and
- (subject to continued compliance by Golden Cross with the Listing Rules) to maintain Golden Cross' listing on ASX (although Golden Cross shareholders should be aware that in this circumstance the liquidity of Shares on ASX may be materially adversely affected).

It is possible that, even if HQ Mining is not entitled to proceed to compulsory acquisition of minority holdings after the end of the Offer Period under Part 6A.1 of the Corporations Act, it may subsequently become entitled to exercise rights of general compulsory acquisition under Part 6D.2 of the Corporations Act; for example, as a result of acquisitions of Shares in reliance on the '3% creep' exception in item 9 of section 611 of the Corporations Act. If so, it intends to exercise those rights.

(b) **Funding**

It is HQ Mining's intention that Golden Cross continues to fund and develop the Copper Hill project.

The most immediate funding requirement to develop the Copper Hill project is the requirement to fund the PFS. If possible, HQ Mining intends for Golden Cross to undertake a fully underwritten pro-rata rights issue which will enable all Golden Cross shareholders to participate in raising sufficient funding to meet the PFS funding requirement. If a rights issue were to occur, HQ Mining's current intention would be to subscribe for its full entitlement. HQ Mining would also attempt to secure underwriting for the pro-rata issue from sophisticated investors in respect of the portion of the rights to which HQ Mining is not entitled.

In terms of the medium to long term funding requirements for the Copper Hill project, HQ Mining would seek to use a combination of equity and debt funding, as appropriate, to progress the project, subject to prevailing capital market conditions.

(c) **Limitations in giving effect to intentions**

The ability of HQ Mining to implement the intentions set out in this section 7.3, will be subject to the legal obligations of the Golden Cross directors to have regard to the interests of Golden Cross and all Golden Cross shareholders, and the requirements of the Corporations Act and the ASX Listing Rules relating to transactions between related parties. HQ Mining will only make a decision on the above mentioned courses of action following legal and financial advice in relation to those requirements.

7.4 Intentions for Golden Cross if not controlled by HQ Mining

This section 7.4 describes HQ Mining's intentions if Golden Cross does not become a controlled entity of HQ Mining.

In that circumstance:

- HQ Mining does not expect to be in a position to give effect to the intentions set out in sections 7.2 or 7.3 of this Bidder's Statement; and
- HQ Mining's current intention is that it would review whether it would continue to hold a stake in Golden Cross.

8 Tax considerations

8.1 Introduction

(a) General

The following is a general description of the Australian tax consequences for Golden Cross shareholders who accept the Offer. It does not constitute tax advice and should not be relied upon as such. The comments set out below are relevant only to those Golden Cross shareholders who hold their Shares on capital account.

The following description is based upon the Australian law and administrative practice in effect at the date of this Bidder's Statement, but it is general in nature and is not intended to be an authoritative or complete statement of the laws applicable to the particular circumstances of every Golden Cross shareholder. Golden Cross shareholders should seek independent professional advice in relation to their own particular circumstances.

The description does not address the Australian tax consequences for Golden Cross shareholders who:

- hold their Shares for the purposes of speculation or a business of dealing in securities (e.g. as trading stock);
- acquired their Shares pursuant to an employee share, option or rights plan; or
- are subject to the taxation of financial arrangements rules in Division 230 of the Income Tax Assessment Act 1997 (Cth) in relation to gains and losses on their Shares.

Golden Cross shareholders who are tax residents of a country other than Australia (whether or not they are also residents, or are temporary residents, of Australia for tax purposes) should take into account the tax consequences under the laws of their country of residence, as well as under Australian law, of acceptance of the Offer.

8.2 Australian resident shareholders

(a) Shareholders who accept the Offer

Acceptance of the Offer will involve the disposal by Golden Cross shareholders of their Shares by way of transfer to HQ Mining. This change in the ownership of the Shares will constitute a CGT event A1 for Australian CGT purposes for Golden Cross shareholders.

The date of disposal for CGT purposes will be the date the contract to dispose of the Shares is formed. The date the contract to dispose of the Shares is formed will be the date that the Offer is accepted.

(b) **Compulsory acquisition**

If a Golden Cross shareholder does not dispose of their Shares under the Offer and their Shares are compulsorily acquired in accordance with Part 6A.1 of the Corporations Act, those Shareholders will also be treated as having disposed of their Shares for CGT purposes.

The date of disposal for CGT purposes will be the date when HQ Mining becomes the owner of the Shares.

(c) **Calculation of capital gain or capital loss**

Golden Cross shareholders may make a capital gain or capital loss on the disposal of Shares, to the extent that the capital proceeds from the disposal of the Shares are more than the cost base of those Shares. Conversely, Golden Cross shareholders will make a capital loss to the extent that the capital proceeds are less than their reduced cost base of those Shares.

Cost base

The cost base of the Shares generally includes the cost of acquisition and certain non-deductible incidental costs of acquisition and disposal. The reduced cost base of the Shares is usually determined in a similar, but not identical, manner.

If the Shares were acquired at or before 11.45am on 21 September 1999, a Golden Cross shareholder who is an individual, a complying superannuation entity or the trustee of a trust may choose to adjust the cost base of their Shares to include indexation by reference to changes in the consumer price index from the calendar quarter in which their Shares were acquired until the quarter ended 30 September 1999. Golden Cross shareholders that are companies will include that indexation adjustment if their Shares were acquired at or before 11.45am on 21 September 1999. Indexation adjustments are taken into account only for the purposes of calculating capital gains; they are ignored when calculating capital losses.

Capital proceeds

The capital proceeds of the disposal of each Share should be the Offer Price of 7.0 cents per Share.

Other issues

Individuals, complying superannuation entities or trustees that have held Shares for at least 12 months but do not index the cost base of the Shares may be entitled to discount the amount of the capital gain (after application of capital losses) from the disposal of Shares by 50% in the case of individuals and trusts or by 33⅓% for complying superannuation entities. For trusts the ultimate availability of the discount for beneficiaries of the trust will depend on the particular circumstances of the beneficiaries.

Capital gains (prior to any CGT discount) and capital losses of a taxpayer in an income year are aggregated to determine whether there is a net capital gain. Any net capital gain is included in assessable income and is subject to income tax. Capital losses may not be deducted against other income for income tax purposes, but may be carried forward to offset against future capital gains (subject to satisfaction of loss recoupment tests for certain taxpayers).

8.3 Non-resident shareholders

For a Golden Cross shareholder who:

- is not a resident of Australia for Australian tax purposes; and
 - does not hold their Shares in carrying on a business through a permanent establishment in Australia;
- the disposal of Shares will generally only result in Australian CGT implications if:
- (1) that Golden Cross shareholder together with its associates held 10 percent or more of the Shares at the time of the CGT event or for any continuous 12 month period within 2 years preceding the CGT event (referred to as a 'non-portfolio interest'); and
 - (2) more than 50% of Golden Cross' value is due to direct or indirect interests in Australian real property (which is defined in the income tax legislation to include mining and exploration leases and licences).

If you are a non-resident who holds a 'non-portfolio interest' in Golden Cross, you should obtain independent advice as to the tax implications of sale, and whether any protection will be available under a relevant double tax treaty.

A non-resident Golden Cross shareholder who has previously been a resident of Australia and chose to disregard a capital gain or loss in respect of their Shares on ceasing to be a resident will be subject to Australian CGT consequences on disposal of the shares as set out in section 8.2.

8.4 Goods and services tax

Golden Cross Shareholders should not be liable to GST in respect of a disposal of those Shares.

Golden Cross shareholders may be charged GST on costs (such as advisor fees) that relate to their participation in the Offer. Golden Cross shareholders may be entitled to input tax credits or reduced input tax credits for such costs, but should seek independent advice in relation to their individual circumstances.

9 Other material information

9.1 Offers for Golden Cross securities other than Shares

The Offer does not extend to the Options. However, the Offer extends to Shares that are issued on the exercise of Options during the period from the Register Date to the end of the Offer Period.

(including the execution of a written form of proxy to the same effect as this section 10.5(c) which complies in all respects with the requirements of the constitution of Golden Cross) if requested by HQ Mining;

- (12) agreed to indemnify HQ Mining in respect of any claim or action against it or any loss, damage or liability whatsoever incurred by it as a result of you not producing your Holder Identification Number or Securityholder Reference Number or in consequence of the transfer of your Acceptance Shares to HQ Mining being registered by Golden Cross without production of your Holder Identification Number or your Securityholder Reference Number for Your Shares;
 - (13) represented and warranted to HQ Mining that, unless you have notified it in accordance with section 10.1(f), Your Shares do not consist of separate parcels of Shares;
 - (14) irrevocably authorised HQ Mining (and any nominee) to transmit a message in accordance with Rule 14.17 of the ASX Settlement Operating Rules to transfer Your Shares to HQ Mining's Takeover Transferee Holding, regardless of whether it has paid the consideration due to you under this Offer; and
 - (15) agreed, subject to the conditions of this Offer in section 10.7 being fulfilled or freed, to execute all such documents, transfers and assurances, and do all such acts, matters and things that HQ Mining may consider necessary or desirable to convey Your Shares registered in your name and Rights to HQ Mining.
- (d) The undertakings and authorities referred to in section 10.5(c) will remain in force after you receive the consideration for Your Shares and after HQ Mining becomes registered as the holder of Your Shares.

10.6 Payment of consideration

- (a) Subject to this section 10.6 and the Corporations Act, HQ Mining will provide the consideration due to you for Your Shares on or before the earlier of:
- (1) one month after the date of your acceptance or, if this Offer is subject to a condition when you accept this Offer, within one month after this Offer becomes unconditional; and
 - (2) 21 days after the end of the Offer Period.
- (b) Where the Acceptance Form requires an additional document to be delivered with your Acceptance Form (such as a power of attorney):
- (1) if that document is given with your Acceptance Form, HQ Mining will provide the consideration in accordance with section 10.6(a);
 - (2) if that document is given after your Acceptance Form and before the end of the Offer Period while this Offer is subject to a condition, HQ Mining will provide the consideration due to you on or before the earlier of one month after this Offer becomes unconditional and 21 days after the end of the Offer Period;
 - (3) if that document is given after your Acceptance Form and before the end of the Offer Period while this Offer is not subject to a condition, HQ Mining will provide the consideration due to you on or before the earlier of one month after that document is given and 21 days after the end of this Offer period;

- (4) if that document is given after the end of the Offer Period, and the Offer is not subject to a condition, HQ Mining will provide the consideration within 21 days after that document is delivered. However, if at the time the document is given, the Offer is still subject to a condition that relates only to the happening of an event or circumstance referred to in section 652C(1) or (2) of the Corporations Act, HQ Mining will provide the consideration due to you within 21 days after the Offer becomes unconditional.
- (c) If you accept this Offer, HQ Mining is entitled to all Rights in respect of Your Shares. HQ Mining may require you to provide all documents necessary to vest title to those Rights in HQ Mining, or otherwise to give it the benefit or value of those Rights. If you do not give those documents to HQ Mining, or if you have (or any previous owner of Your Shares has) received the benefit of those Rights:
 - (1) HQ Mining will deduct from the consideration otherwise due to you the amount (or value, as reasonably assessed by HQ Mining) of those Rights; and
 - (2) if it is able reasonably to assess the value to it of the franking credits, if any, attached to the Rights, HQ Mining will be entitled to also deduct an amount equal to that value from the consideration otherwise due to you.
- (d) The consideration payable by HQ Mining to you under the Offer will be paid to you by cheque in Australian currency. Cheques will be posted to you at your risk by ordinary mail (or in the case of overseas shareholders, by airmail) at the address as shown either, at the discretion of HQ Mining, on your Acceptance Form or the register copy supplied by Golden Cross from time to time.
- (e) If at the time you accept the Offer, any authority, clearance or approval is required for you to receive any consideration for Your Shares, including (but not limited to) any authority, clearance or approval of:
 - (1) the Reserve Bank of Australia (whether under the *Banking (Foreign) Exchange Regulations 1959* (Cth) or otherwise);
 - (2) the Minister for Foreign Affairs (whether under the *Charter of the United Nations Act 1945* (Cth), the *Charter of the United Nations (Dealing with Assets) Regulations 2008* (Cth) or any other regulations made thereunder, or otherwise);
 - (3) the ATO; or;
 - (4) any other person as required by any other law of Australia that would make it unlawful for HQ Mining to provide any consideration for Your Shares,

then you will not be entitled to receive any consideration for Your Shares until all requisite authorities, clearances or approvals have been received by HQ Mining.

At the end of the Offer Period, HQ Mining has relevant interests in at least 50.1% of the Shares (on a fully diluted basis).

(c) **No prescribed occurrences**

Between the Announcement Date and the date 3 Business Days after the end of the Offer Period (each inclusive), none of the following prescribed occurrences (being the occurrences listed in section 652C of the Corporations Act) happen:

10.8 Nature and benefit of conditions

- (a) The conditions in section 10.7 are conditions subsequent. The non-fulfilment of any condition subsequent does not, until the end of the Offer Period (or in the case of the conditions in section 10.7(c), until the end of the third Business Day after the end of the Offer Period), prevent a contract to sell Your Shares from arising, but non-fulfilment of any of those conditions will have the consequences set out in section 10.9(b).
- (b) Subject to the Corporations Act, HQ Mining alone is entitled to the benefit of the conditions in section 10.7, or to rely on any non-fulfilment of any of them.
- (c) Each condition in section 10.7 is a separate, several and distinct condition. No condition will be taken to limit the meaning or effect of any other condition.

10.9 Freeing the Offer of conditions

- (a) HQ Mining may free this Offer, and any contract resulting from its acceptance, from all or any of the conditions subsequent in section 10.7, either generally or by reference to a particular fact, matter, event, occurrence or circumstance (or class thereof), by giving a notice to Golden Cross and to ASX declaring this Offer to be free from the relevant condition or conditions specified, in accordance with section 650F of the Corporations Act. This notice may be given:
 - (1) in the case of the condition in section 10.7(c), not later than 3 Business Days after the end of the Offer Period; and
 - (2) in the case of all the other conditions in section 10.7, not less than 7 days before the end of the Offer Period.
- (b) If, at the end of the Offer Period (or in the case of the conditions in section 10.7(c), at the end of the third Business Day after the end of the Offer Period), the conditions in section 10.7 have not been fulfilled and HQ Mining has not

declared the Offer (or it has not become) free from those conditions, all contracts resulting from the acceptance of the Offer will be automatically void.

10.10 Notice on status of conditions

The date for giving the notice on the status of the conditions required by section 630(1) of the Corporations Act is 21 January 2016 (subject to extension in accordance with section 630(2) of the Corporations Act if the Offer Period is extended).

10.11 Withdrawal of this Offer

- (a) This Offer may be withdrawn with the consent in writing of ASIC, which consent may be subject to conditions. If ASIC gives such consent, HQ Mining will give notice of the withdrawal to ASX and to Golden Cross and will comply with any other conditions imposed by ASIC.
- (b) If, at the time this Offer is withdrawn, all the conditions in section 10.7 have been freed, all contracts arising from acceptance of the Offer before it was withdrawn will remain enforceable.
- (c) If, at the time this Offer is withdrawn, the Offer remains subject to one or more of the conditions in section 10.7, all contracts arising from its acceptance will become void (whether or not the events referred to in the relevant conditions have occurred).
- (d) A withdrawal pursuant to section 10.11 will be deemed to take effect:
 - (1) if the withdrawal is not subject to conditions imposed by ASIC, after the date that consent in writing is given by ASIC; or

First Supplementary Bidder's Statement

1 Introduction

This document is a supplementary bidder's statement under section 643 of the *Corporations Act 2001* (Cth). It is the first supplementary bidder's statement (**First Supplementary Bidder's Statement**) issued by HQ Mining Resources Holding Pty Ltd ABN 38 133 870 256 (**HQ Mining**) in relation to its off-market takeover bid for all the ordinary shares in Golden Cross Resources Ltd ABN 65 063 075 178 (**Golden Cross**) which it does not already own. This First Supplementary Bidder's Statement supplements, and should be read together with, HQ Mining's bidder's statement dated 24 November 2015 (**Original Bidder's Statement**).

This Supplementary Bidder's Statement has been prepared to provide additional information to Shareholders.

Unless otherwise defined, capitalised terms in this First Supplementary Bidder's Statement have the same meaning given to them in the Original Bidder's Statement.

2 Annual general meeting

HQ Mining's Offer is conditional on Shareholders not approving any of the resolutions at the Golden Cross Annual General Meeting that relate to the issue of new Securities¹.

In particular, HQ Mining recommends that shareholders vote against resolutions 4, 5 and 6 which provide for the issue of Shares to Simulus Group Pty Ltd, unidentified service providers and unidentified unrelated third parties, including the issue of free options to the unrelated third parties. These issues of Shares and options are highly dilutive to existing Shareholders and HQ Mining believes that they are not in the best interests of all Shareholders.

These issues of Shares and options are more dilutive now than originally detailed in the Notice of Annual General Meeting following Golden Cross withdrawing the previous resolution 8 which had sought Shareholder approval for the issue of bonus options to Shareholders.

HQ Mining may free its Offer from any of the conditions outlined in section 10.7 of the Bidder's Statement, including the condition that shareholders do not approve the issue of Securities at the Annual General Meeting. HQ Mining has not made any decision as to whether or not to waive this condition.

3 Intentions of HQ Mining - proposal to undertake a rights issue

Section 7.3(b) of the Original Bidder's Statement states that if Golden Cross becomes a controlled entity of HQ Mining but HQ Mining is not entitled to proceed to compulsory acquisition in accordance with Part 6A.1 of the Corporations Act, HQ Mining intends, among other things, for Golden Cross to undertake a fully underwritten pro-rata rights issue to fund the pre-feasibility study for Golden Cross' Copper Hill Project (**Rights Issue**).

¹ Other than the issue of 543,734 Shares to Ken Hellsten under the terms of his employment contract.

The final detail of the Rights Issue will be determined by the Board at the time that the Rights Issue is made and having regard to market conditions at that time.

HQ Mining advises the following in relation to its current intentions in respect of the Rights Issue:

- The Rights Issue will be priced at a discount to the market price to encourage Shareholders to participate, although that discount will seek to balance the potential dilution to Shareholders who do not participate in the Rights Issue. HQ Mining has not specified a Rights Issue offer price at this time as that would be speculative because the Rights Issue offer price will be a reflection of the market and investors sentiment towards Golden Cross at the time of the Rights Issue.
- The size of the Rights Issue will be approximately \$3 million taking into account Golden Cross' estimated cost for the PFS of \$2.9 million and the need to ensure that Golden Cross has available to it some additional working capital.
- In the absence of securing underwriting from third parties, HQ Mining may be prepared to underwrite all or some of the Rights Issue. HQ Mining would expect to be the largest Shareholder in Golden Cross at the time that the Rights Issue is made and its commitment to take up its entitlement will reduce the size of any potential shortfall which may make the Rights Issue easier to have underwritten.

HQ Mining acknowledges that the Rights Issue will be dilutive to Golden Cross Shareholders who choose not to participate, however, unlike the PFS funding package to be considered at the Golden Cross 2015 annual general meeting, the Rights Issue will give all shareholders an opportunity to participate.

4 Timetable and process

The takeover offer by HQ Mining is scheduled to close at 7.00pm (Sydney time) on Friday, 29 January 2016 (unless extended). In order to accept the Offer, please return your enclosed Acceptance Form by mail to Computershare at the address indicated on your Acceptance Form (the reference to acceptance by facsimile in section 10.3(e) of the Bidder's Statement should be disregarded).

Golden Cross Shareholders who have any questions in relation to the takeover bid or who would like another acceptance form should call the Offer Information Line on 1300 951 450 (for callers within Australia) or +61 2 8022 7902 (for callers outside Australia).

This form and the Bidder's Statement are important documents that require your immediate attention. This form relates to an offer ("Offer") by HQ Mining Resources Holding Pty Ltd ("HQ Mining") to acquire all of your Shares in Golden Cross Resources Ltd ("Golden Cross") ACN (65 063 075 178) the terms of which are set out in the Bidder's Statement from HQ Mining dated 24 November 2015 as replaced or supplemented (the "Bidders Statement"). Capitalised terms used in this form have the same meaning as in the Bidder's Statement, unless otherwise defined.

If you are in doubt about how to deal with this Offer, please contact your financial or other professional advisor.

Note this form can only be used in relation to the securityholding represented by the details printed above and overleaf.

Step 1: Registration Name & Offer Details

Your consideration will be issued to the name(s) as they appear on the latest copy of the Golden Cross register, as provided to HQ Mining.

The current address recorded by HQ Mining is printed above and overleaf. If you have recently bought or sold Shares your holding may differ from that shown. If you have already sold all your Shares in Golden Cross, do not complete or return this form.

Step 2: Accept the Offer

Only sign and return this form if you wish to accept the Offer for ALL of your Shares.

As your Golden Cross Shares are in a CHESS holding, you may contact your Controlling Participant directly (normally your stockbroker) with instructions to accept the Offer. If you do this, your Controlling Participant will provide you with details as to what they require in order to accept the Offer on your behalf. If you want HQ Mining to contact your Controlling Participant on your behalf, sign and return this form to the address above so that it is received in sufficient time to allow your instruction to be acted upon by the close of the Offer Period. This will authorise HQ Mining and Computershare Investor Services Pty Limited ("CIS") to request your Controlling Participant to initiate acceptance of the Offer on your behalf.

By signing this form, you warrant to HQ Mining (and authorise HQ Mining to warrant on your behalf) that you have full legal and beneficial ownership of the Shares to which this form relates and that HQ Mining will acquire them free from all mortgages, charges, liens, encumbrances (whether legal or equitable), restrictions on transfer of any kind and free from any third party rights. You should allow sufficient time for your Controlling Participant or HQ Mining to initiate the acceptance of HQ Mining's Offer on your behalf. Neither HQ Mining or CIS will be responsible for any delays incurred by the process of requesting your Controlling Participant to accept the Offer.
