¹ "Corporate governance statement" is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of Listing Rule 4.10.3.

Under Listing Rule 4.7.3, an entity must also lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX. The Appendix 4G serves a dual purpose. It acts as a key designed to assist readers to locate the governance disclosures made by a listed entity under Listing Rule 4.10.3 and under the ASX Corporate Governance Council's recommendations. It also acts as a verification tool for listed entities to confirm that they have met the disclosure requirements of Listing Rule 4.10.3.

The Appendix 4G is not a substitute for, and is not to be confused with, the entity's corporate governance statement. They serve different purposes and an entity must produce each of them separately.

² Tick whichever option is correct and then complete the page number(s) of the annual report, or the URL of the web page, where your corporate governance statement can be found. You can, if you wish, delete the option which is not applicable.

³ Throughout this form, where you are given two or more options to select, you can, if you wish, delete any option which is not applicable and just retain the option that is applicable. If you select an option that includes "OR" at the end of the selection and you delete the other options, you can also, if you wish, delete the "OR" at the end of the selection.

- ii. the entity's progress towards achieving those objectives; and*
- iii. either:*

 - B. if the entity is a "relevant employer" under the Workplace Gender Equality Act, the entity's most recent "Gender Equality Indicators", as defined in and published under that Act.*

The Company recognises that a diverse and talented workforce is a competitive advantage and that the Company's success is the result of the quality and skills of our people. As such, the Board has adopted a Workplace Diversity Policy which can be found on the Lion website. The Policy is to recruit and manage based on qualification for the position and performance, regards of gender, age, nationality, race, religious beliefs, cultural background, sexuality, marital status, or physical ability. It is essential that the Company employs the appropriate person for each job and that each person strives for a high level of performance.

The Board reviews the Workplace Diversity Policy and the composition of the personnel for Lion annually however due to the size and scale of the Company's activities, the Board does not consider it appropriate to provide measurable objectives in relation to gender diversity and therefore Lion does not follow the recommendations of the Corporate Governance Council in full in respect of recommendation 1.5.

Recommendation 1.6

Listed Entity should:

- (a) have and disclose a process for periodically evaluating the performance of the Board, its committees, and individual directors; and*
- (b) disclose, in relation to each reporting period, whether a performance evaluation was undertaken in the reporting period in accordance with that process.*

A copy of the Board Performance Evaluation Process can be found in the Corporate Governance section of Lion's website. The performance of the Board is reviewed regularly by the Chairman. The Chairman conducts performance evaluations which involve an assessment of each Board member's performance against specific and measurable qualitative and quantitative performance criteria. The performance criteria against which directors are assessed is aligned with the financial and non-financial objectives of Lion.

Primarily, the review will be carried out through consultation by the Chairman and with individual Directors. Directors whose performance is consistently unsatisfactory may be asked to retire.

During the year, over a series of ad hoc discussions, the Chairman reviewed each director. All directors' performances met performance criteria.

Recommendation 1.7

Listed Entity should:

The Company does not comply with ASX Recommendation 2.1(a). Lion's Board is not of a relevant size to consider formation of a separate nomination committee to deal with the selection and appointment of new Directors or executives and as such a nomination committee has not been formed.

In accordance with recommendation 2.1(b), nominations of new Directors or executives are considered by the full Board. If any vacancies arise on the Board or at executive level, all directors are involved in the search and recruitment of a replacement. The Board has taken a view that the full Board will hold special meetings or sessions

as required. The full Board also assesses its balance of skills, knowledge, experience, independence, and diversity to enable it to discharge its duties and responsibilities effectively.

The Board are confident that this process for selection and review is stringent and full details of all Directors are provided to shareholders in the annual report and on the Company's website.

Recommendation 2.2

A listed entity should have and disclose a board skills matrix setting out the mix of skills and diversity that the board currently has or is looking to achieve in its membership.

The Company identifies the following as the main areas of skills required by the Board to successfully service the Company. The Directors have been measured to these areas in the skills matrix:

The Board will review the skills matrix annually.

Recommendation 2.3

A listed entity should disclose:

- (a) the names of the directors considered by the board to be independent directors;*
- (b) if a director has an interest, position, association or relationship as described in Box 2.3 (Factors relevant to assessing independence) but the board is of the opinion that it doesn't compromise the independence of the*

Corporate Governance Statement

December 2024

director, nature of the interest, position, association or relationship in question and an explanation as to why the board is of that opinion; and

(c) the length of service of each director.

The Company recognises that independent directors are important in assuring shareholders that the Board is properly fulfilling its role and is diligent in holding senior management accountable for its performance. The Board assesses each of the directors against specific criteria to decide whether they are in a position to exercise independent judgment.

In making this assessment, the Board considers all relevant facts and circumstances. Relationships that the Board will take into consideration when assessing independence are whether a Director:

- is a substantial shareholder of the Company or an officer of, or otherwise associated directly with, a substantial shareholder of the Company;
- is employed, or has previously been employed in an executive capacity by the Company or another Company member, and there has not been a period of at least three years between ceasing such employment and serving on the Board;

Recommendation 2.6

A listed entity should have a program for inducting new directors and for periodically reviewing whether there is a need for existing directors to undertake professional development to maintain the skills and knowledge needed to perform their role as directors effectively.

The Company has an informal program for the induction of new Directors. This induction covers all aspects of the Company's operations including the provision of information and meetings with relevant senior executives so as to ensure that new Directors are able to fulfil their responsibilities and contribute to Board discussions.

Existing Directors are encouraged to participate in appropriate professional development opportunities to develop and maintain the skills and knowledge needed to perform their role as a Director. The Chairman of the Board of Lion assesses individual Board members skills during the performance review of each director. Any training or skill gaps identified are tabled to the Board to consider options to fill gaps identified.

Principle 3 – Act ethically and responsibly

Recommendation 3.1

A listed entity should articulate and disclose its values.

The Company has statement of values which can be viewed on its website.

Recommendation 3.2

A Listed Entity should:

- (a) Have and disclose a code of conduct for its directors, senior executives, and employees; and*
- (b) ensure that the board or a committee of the board is informed of any material breaches of that code.*

A copy of Lion's Code of Conduct can be found in the Corporate Governance section of the Company's website.

The Board endeavours to ensure that the Directors, officers, and employees of the Company act with integrity and observe the highest standards of behaviour and business ethics in relation to their corporate activities. The Code of Conduct sets out the principles, practices, and standards of personal behaviour the Company expects people to adopt in their daily business activities. The Board is informed when any material incidents are report under the policy.

Corporate Governance Statement

December 2024

All Directors, officers and employees are required to comply with the Code of Conduct. Senior managers are expected to ensure that employees, contractors, consultants, agents, and partners under their supervision are aware of the Company's expectations as set out in the Code of Conduct.

All Directors, officers and employees are expected to:

- comply with the law;
- act in the best interests of the Company;
- be responsible and accountable for their actions; and
- observe the ethical principles of fairness, honesty and truthfulness, including prompt disclosure of potential conflicts.

Recommendation 3.3

A Listed Entity should:

(c) Have and disclose a whistleblower policy; and

(d) ensure that the board or a committee of the board is informed of any material incidents reported under that policy.

A copy of Lion's Whistleblower Policy can be found in the Corporate Governance section of the Company's website.

The Whistleblower Policy has been adopted by the Board to ensure concerns regarding unacceptable conduct including breaches of the Company's policies and standards and relevant legislation can be raised on a confidential basis and without fear of reprisal, dismissal or discriminatory treatment. The Board is informed when any material incidents are report under the policy.

Recommendation 3.4

A Listed Entity should:

(e) Have and disclose an anti-bribery and corruption policy; and

(f) ensure that the board or a committee of the board is informed of any material incidents reported under that policy.

A copy of Lion's Anti-bribery and Corruption Policy can be found in the Corporate Governance section of the Company's website.

Lion is committed to conducting its business fairly, honourably, with integrity and in compliance with the law in all jurisdictions where it operates, including all applicable anti-corruption and bribery laws. The purpose of this policy is to set forth Lion's commitment against bribery and corruption and to ensure all Lion directors, officers and employees understand their individual responsibilities for compliance. This commitment flows from our core values and creates a robust and transparent culture of integrity and compliance, which is critical to the long-term success of our business. The Board is informed when any material incidents are report under the policy.

Principle 4 – Safeguard integrity in corporate reporting

Recommendation 4.1

A board of a Listed Entity should:

(a) have an audit committee which:

- i. has at least 3 members, all of whom are non-executive directors and a majority of whom are independent directors; and*
- ii. is chaired by an independent director, who is not the chair of the board;*

And disclose:

- iii. the charter of the committee*
 - iv. the relevant qualifications and experience of the member of the committee; and*
 - v. in relation to each reporting period, the number of times the committee met throughout the period and the individual attendances of the member at those meetings; or*
- (b) if it does not have an audit committee, disclose that fact and the processes it employs that independently verify and safeguard the integrity of its corporate reporting, including the processes for the appointment and removal of the external auditor and the rotation of the audit engagement partner.*

Given the size and scale of the Company's operations the full Board undertakes the role of the Audit Committee. The Audit Committee does not comply with ASX Recommendation 4.1 as the Chair of the Board is Chair of the Audit Committee and, during the whole of the financial year, comprised of one independent Director. The role and responsibilities of the Audit Committee are summarised below.

The Audit Committee is responsible for reviewing the integrity of the Company's financial reporting and overseeing the independence of the external auditors. The Board sets aside time to deal with issues and responsibilities usually delegated to the Audit Committee to ensure the integrity of the financial statements of the Company and the independence of the auditor.

The Board reviews the audited annual and half-year financial statements and any reports which accompany published financial statements and recommends their approval to the members. The Board also reviews annually the appointment of the external auditor, their independence, and their fees.

The Board is also responsible for establishing policies on risk oversight and management. The Company has not formed a separate Risk Management Committee due to the size and scale of its operations.

External Auditors

The Company's policy is to appoint external auditors who clearly demonstrate quality and independence. The performance of the external auditor is reviewed annually and applications for tender of external audit services are requested as deemed appropriate, taking into consideration assessment of performance, existing value, and tender costs.

Corporate Governance Statement

December 2024

An analysis of fees paid to the external auditors, including a break-down of fees for non-audit services, is provided in the notes to the financial statements in the Annual Report.

There is no indemnity provided by the Company to the auditor in respect of any potential liability to third parties.

The external auditor is requested to attend the annual general meeting and be available to answer shareholder questions about the conduct of the audit and preparation and content of the audit report.

Non-audit services provided by the auditors during the year are detailed in the financial statements.

The Board continues to strive to meet the ASX Corporate Governance Principles and Recommendations or other such principles and guidance as the Board may consider appropriate from time to time, however the Board also recognises that complying with the ASX Corporate Governance Principles and Recommendation 4.1 is impractical given the size of the Company and the industry in which it operates. The board consists of five (5) members and therefore the Directors believe, it is sufficient for the full board to assume those responsibilities that are ordinarily assigned to an audit committee.

Recommendation 4.2

A board of a Listed Entity should, before it approves the entity's financial statements for a financial period, receive from its CEO and CFO a declaration that, in their opinion, the financial records of the entity have been properly maintained and that the financial statements comply with the appropriate accounting standards and give a true and fair view of the financial position and performance of the entity and that the opinion has been formed on the basis of a sound system of risk management and internal control which is operating effectively.

The Chief Executive Officer and Chief Financial Officer, or equivalent, provide to the Board written certification that in all material respects:

- (a) The Company's financial statements present a true and fair view of the Company's financial condition and operational results and are in accordance with relevant accounting standards;
- (b) The statement given to the Board on the integrity of the Company's financial statements is founded on a sound system of risk management and internal compliance and controls which implements the policies adopted by the Board; and

The Company's risk management and internal compliance and control system is operating efficiently and effectively in all material respects.

As a matter of process, the Lion Board receives this certification from the CEO and CFO, or those within the entity that perform the duties of the CEO and CFO, outlining compliance with Principle 4.2 before the finalisation of any financial statements.

Recommendation 4.3

A listed entity should disclose its process to verify the integrity of any periodic corporate report it releases to the market that is not audited or reviewed by an external auditor.

Any periodic corporate reports are prepared by the accountant, reviewed by the CFO (or equivalent) and presented to the Board for sign off prior to release to the market.

Principle 5 – Make timely and balanced disclosure

Recommendation 5.1

A Listed Entity should have and disclose a written policy for complying with its continuous disclosure obligations under listing rule 3.1.

A copy of the Lion's Disclosure Policy can be found in the Corporate Governance section of the Company's website.

Lion believes that all shareholders should have equal and timely access to material information about the Company including its financial situation, performance, ownership, and governance. The Company's Disclosure Policy encourages effective communication with its shareholders by requiring that Company announcements:

- are factual and subject to internal vetting and authorisation before issue;
- are made in a timely manner;
- do not omit material information;
- are expressed in a clear and objective manner to allow investors to assess the impact of the information when making investment decisions;
- are in compliance with ASX Listing Rules continuous disclosure requirements; and
- are placed on the Company's website promptly following release.

Shareholders are encouraged to participate in general meetings. Copies of addresses by the Chairman or Chief Executive Officer are disclosed to the market and posted on the Company's website. The Company's external auditor attends the Company's annual general meeting to answer shareholder questions about the conduct of the audit, the preparation and content of the audit report, the accounting policies adopted by the Company and the independence of the auditor in relation to the conduct of the audit.

The Company's Disclosure Policy reinforces the Company's commitment to continuous disclosure and outlines management's accountabilities and the processes to be followed for ensuring compliance.

The policy also contains guidelines on information that may be price sensitive. The Company Secretary has been nominated as the person responsible for communications with the ASX. This role includes responsibility for ensuring compliance with the continuous disclosure requirements with the ASX Listing Rules and overseeing and coordinating information disclosure to the ASX.

Recommendation 5.2

A Listed Entity should ensure that its board receives copies of all material market announcements promptly after they have been made.

All material market announcements are circulated to the board via email.

Recommendation 5.3

A Listed Entity that gives a new and substantive investor or analyst presentation should release a copy of the presentation materials on the ASX Market Announcements Platform ahead of the presentation.

Presentations at annual general meetings are released on the ASX Market Announcements Platform as soon as practically possible before the general meeting. Other presentations to new or substantive shareholders or investor analysts are released on the ASX Market Announcements Platform prior to the presentation.

Principle 6 – Respect the rights of security holders

Recommendation 6.1

A Listed Entity should provide information about itself and its governance to investors via its website.

Lion has a comprehensive website found at lionenergy.com.au, where there are links to directors, corporate governance, charters, and policies. Also included are links to all financial reports, announcements, notice of meeting's, research reports and presentations and any external media commentary made on the Company.

Details of operations including projects is also included.

Recommendation 6.2

A Listed Entity should design and implement an investor relations program to facilitate effective two-way communication with investors.

Lion has established a Shareholder Communications Policy which underpins the investor relations program. A copy of this policy can be found on the Company's website.

The Board's policy is to seek to inform shareholders of all major developments affecting the Company by allowing investors and other financial market participants to gain a greater understanding of the entity's business, governance, financial performance and prospects.

The Company has access to investor relation experts who are able to provide advice on an as needed basis.

Recommendation 6.3

A Listed Entity should disclose the policies and processes it has in place to facilitate and encourage participation at meetings of security holders.

The Company has policies and procedures that enable shareholders to receive the reports and participate in shareholder meetings by attendance or by written communication. The Board seeks to notify all shareholders so

they can be fully informed for voting at the Annual General Meeting or any General Meetings that arise. Shareholders who have made an election receive a copy of the Company's Annual Report by mail; otherwise, the Annual Report is available on the Company's website.

Recommendation 6.4

A listed entity should ensure that all substantive resolutions at a meeting of security holders are decided by a poll rather than by a show of hands.

The Company will ensure that substantive resolutions at a meeting of security holders will be decided by poll.

Recommendation 6.5

A Listed Entity should give security holders the option to receive communications from, and send communications to, the entity and its security registry electronically.

The Company has the capability to communicate with shareholders electronically through its website, email communications and via the share registry. Electronic contact details are provided on the Company's website.

Principle 7 – Recognise and manage risk

Recommendation 7.1

The board of a listed entity should:

- (a) have a committee or committees to oversee risk, each of which:*
 - i. has at least three members, a majority of whom are independent directors; and*
 - ii. is chaired by an independent director,*

and disclose:

 - iii. the charter of the committee;*
 - iv. the members of the committee; and*
 - v. as at the end of each reporting period, the number of times the committee met throughout the period and the individual attendances of the members at those meetings; or*
- (b) if it does not have a risk committee or committees that satisfy (a) above, disclose that fact and the processes it employs for overseeing the entity's risk management framework.*

Details of the relevant qualifications and experience of the members of the Board and the number of times the Board met are detailed within the Annual Report. The Board is accountable for the implementation of the risk management process and is ultimately responsible for the management of risks in the business.

The Board has adopted a Risk Management Policy and associated procedures so as to formalise the process of managing material business risks of the Company. A copy of the Policy is available on the Company's website.

Recommendation 7.2

The board or a committee of the board should:

- (a) review the entity's risk management framework at least annually to satisfy itself that it continues to be sound and that the entity is operating with due regard to the risk appetite set by the board; and*
- (b) disclose, in relation to each reporting period, whether such a review has taken place.*

The Risk Management Policy requires Management to design and implement risk management processes and systems to identify and manage the Company's material business risks and report to the Board on whether those risks are being managed effectively.

The Board is regularly briefed and involved in discussions in relation to many of the material business risks facing the Company.

The risk management framework is reviewed at least annually by the Board.

The Chief Executive Officer and the Chief Financial Officer are required to make a declaration in accordance with section 295A of the Corporations Act that the Company's financial reports present a true and fair view in all material respects of the Company's financial condition and operational results and are in accordance with relevant accounting standards, and to provide assurance that the declaration is founded on a sound system of risk management and internal control, and that the system is operating effectively in all material respects.

Recommendation 7.3

A Listed Entity should disclose:

- (a) if it has an internal audit function, how the function is structured and what role it performs; or*
- (b) if it does not have an internal audit function, that fact and the processes it employs for evaluating and continually improving the effectiveness of its risk management and internal control processes.*

The Company does not have a formal internal audit function. The Board monitors the need for an internal audit function having regard to the size, geographic location and complexity of the Company's operations.

The Company's Management periodically undertakes an internal review of financial systems and processes and where systems are considered to require improvement these systems are developed. The Board also considers external reviews of specific areas and monitors the implementation of system improvements.

Recommendation 7.4

A listed entity should disclose whether it has any material exposure to economic, environmental, and social sustainability risks and, if it does, how it manages or intends to manage those risks.

The Company is involved in oil and gas exploration and production and, as such, faces risks inherent to its business, including economic, environmental and social sustainability risks, which may materially impact the Company's ability to create or preserve value for security holders over the short, medium or long term.

One of the Company's core values is safety; it prioritises safety and health to people, the environment and community. The Company views sustainable and responsible business practices as an important long-term driver of performance and shareholder value and is committed to transparency, fair dealing, responsible treatment of employees and partners and positive interaction with the community.

The Company has in place policies and procedures, including a risk management framework (as described in the Company's Risk Management Policy), which is developed and updated to help manage these risks. Copies of some of these policies regarding the management of specific risks are located on the Company's website.

Principle 8 – Remunerate fairly and responsibly

Recommendation 8.1

The board of a listed entity should:

- (a) have a remuneration committee which:*
 - i. has at least three members, a majority of whom are independent directors; and*
 - ii. is chaired by an independent director,*

and disclose:

 - iii. the charter of the committee;*
 - iv. the members of the committee; and*
 - v. as at the end of each reporting period, the number of times the committee met throughout the period and the individual attendances of the members at those meetings; or*
- (b) if it does not have a remuneration committee, disclose that fact and the processes it employs for setting the level and composition of remuneration for directors and senior executives and ensuring that such remuneration is appropriate and not excessive.*

The Board has not established a separate Remuneration Committee due to the size and scale of its operations. This does not comply with Recommendation 8.1(a) however the Board as a whole takes responsibility for such issues and has adopted a Remuneration Policy which can be found in the Corporate Governance section of the Company's website in accordance with Recommendation 8.1(b).

The responsibilities include setting policies for senior officers' remuneration, setting the terms and conditions for the CEO, reviewing and making recommendations on the Company's incentive schemes and superannuation

arrangements, reviewing the remuneration of both executive and non-executive directors and undertaking reviews of the CEO's performance.

The board policy is to remunerate Directors at market rates for time, commitment, and responsibilities. The Board determines payments to the Directors and reviews their remuneration annually, based on market practice, duties, and accountability. Independent external advice is sought when required. Fees for Non-Executive Directors are not linked to the performance of the consolidated entity. However, to align Directors' interests with shareholders' interests, the Directors are encouraged to hold shares in the Company.

The Company's aim is to remunerate at a level that will attract and retain high-calibre directors and employees. Company officers and Directors are remunerated to a level consistent with the size of the Company.

The Board believes that it has implemented suitable practices and procedures that are appropriate for an organisation of this size and maturity.

In accordance with best practice corporate governance, the structure of Non-Executive Director and Executive compensation is separate and distinct.

In determining remuneration, the Board has taken a view that the full Board will hold special meetings or sessions as required. The Board are confident that this process for determining remuneration is stringent and full details of remuneration policies and remuneration received by directors and executives in the current period is contained in the "Remuneration Report" within the Directors' Report of the Annual Report.

Recommendation 8.2

A listed entity should separately disclose its policies and practices regarding the remuneration of non-executive directors and the remuneration of executive directors and other senior executives.

A copy of the Remuneration Policy can be found in the Corporate Governance section of the Company's website.

The Company has structured the remuneration of its senior executives, where applicable, such that it comprises a fixed salary, statutory superannuation, and participation in either the Company's Employee Share and/or Company Incentive Option Plans. The Company believes that by remunerating senior executives in this manner it rewards them for performance and aligns their interests with those of shareholders and increases the Company's performance.

Non-executive directors are paid their director fees out of the maximum aggregate amount to be approved by shareholders for non-executive director remuneration. In addition, non-executive directors may receive some additional fees related to work that is considered in excess of their director duties at rates approved by Executive Directors. Total non-executive remuneration will be disclosed in the Company annual report. The Company does not necessarily adhere to guidelines for non-executive director remuneration including in respect of non-executive directors receiving options with performance hurdles. The Company has previously granted options to non-

executive directors and, potentially, will do so in the future. The Board is of the view that options, and also direct issue of shares, in the Company (to both executive and non-executive directors) are a non-cash, cost effective benefit for small companies such as Lion that seek to conserve cash reserves.

The Remuneration Report contained in the Annual Report outlines the Director and executive remuneration arrangements of the Company in accordance with the requirements of the *Corporations Act 2001* and the Corporations Regulations. It also provides the remuneration disclosure required by AASB 124 Related Party Disclosures.

There are no schemes for retirement benefits, other than superannuation, for Non-Executive Directors, where applicable.

Recommendation 8.3

A listed entity which has an equity-based remuneration scheme should:

(a) have a policy on whether participants are permitted to enter into transactions (whether through the use of derivatives or otherwise) which limit the economic risk of participating in the scheme; and

(b) disclose that policy or a summary of it.

In order to conserve cash and align staff, advisors and consultants, the Company from time to time issues Lion shares as part of total compensation for work or services undertaken as agreed in individual agreements. The shares issued are within approved limits from shareholders at the preceding annual general meeting. Lion has adopted a Share Trading Policy that all participants in an equity-based remuneration scheme are not allowed to use derivatives which hedge against the equity position provided via the equity-based remuneration scheme. A copy of the Share Trading Policy can be found on the Corporate Governance home page on the Company's website.
