ALS releases 2021 Sustainability Report

ALS Limited (ASX Code: ALQ) is proud to release its Sustainability Report for 2021. The report provides an overview of ALS's ESG initiatives, activities and achievements over the 2021 financial year ended 31 March 2021.

Highlights from the 2021 report include:

- Continuing to operate as an essential industry with appropriate social distancing and hygiene measures in place to provide safe, reliable services to our clients.
- Meeting our environmental targets - an 8% reduction in our scope 2 energy intensity since 2018 and setting a new target to reduce scope 1 and scope 2 emission intensity by 40% by 2030.
- Supporting our communities - AUD 1.77 Billion economic contribution.

ALS Managing Director and CEO Raj Naran said, "ALS is committed to being open and transparent in the environmental, social and governance (ESG) aspects of our business and provide disclosure on how we operate and manage our material business risks. This is more relevant than ever as the world around us transforms at an unprecedented pace. During the year we worked with and supported our key stakeholders to deliver sustainable outcomes and focus on a brighter future."
