DOMINION INCOME TRUST 1 (ASX: DN1) ANNOUNCES \$45 MILLION PLACEMENT AT \$101 PER UNIT

Equity Trustees Limited (ABN 46 004 031 298) (AFSL 240975) (**EQT** or the **Responsible Entity**), as responsible entity for the Dominion Income Trust 1 (ARSN 683 392 743) (**DN1** or the **Fund**), announces that it is conducting a non-underwritten placement of new ordinary units in DN1 (**New Units**) to certain wholesale investors (**Placement**).

The Responsible Entity is proposing to issue up to 450,000 New Units. The New Units issued under the Placement will be priced at \$101 (**Offer Price**) and rank equally with existing ordinary units on issue in the Fund with effect from their respective date of issue, including in respect of entitlements to distributions¹.

The Offer Price represents a discount of 0.57% to the \$101.575 ASX closing price of ordinary units of DN1 on 3 June 2025.

Proceeds raised under the Placement will be invested in further unsubordinated, unsecured, deferrable, and redeemable floating rate notes (**Notes**) issued by the Dominion Investment Trust in accordance with the investment strategy of the Fund and consistent with the product disclosure statement of the Fund dated 20 January 2025. The investment strategy is managed on behalf of DN1 by Dominion Investment Management Pty Ltd (ACN 681 916 030; authorised representative no. 001312185) (**Investment Manager**).

We are pleased to offer this raising based on reverse enquiry from certain wholesale investors to invest additional amounts in the Fund, as well as to further support the liquidity of the vehicle. The innovative structure has performed well for existing investors, including during elevated market volatility since listing. The capital raised will be invested under the current mandate and support Dominion in seeking further investment opportunities and portfolio diversification. We thank investors participating in this capital raising and existing shareholders in DN1 for their ongoing support.

The Responsible Entity has entered into a Placement Management Agreement with National Australia Bank Limited and Morgans Financial Limited, who will together manage the Placement as **Joint Lead Managers**. The Placement is not underwritten.

DETAILS OF THE PLACEMENT

The Placement will comprise the offer of up to approximately 450,000 New Units in the Fund to wholesale investors at a price of \$101 per New Unit, using the Fund's available placement capacity under ASX Listing Rule 7.1 and will therefore not require unitholder approval.

¹ Note that in respect of the distribution relating to the month of June 2025 declared on 5 June 2025, the record date is 13 June 2025, and the New Units under the Placement will not be eligible for that distribution.

Further details regarding the Placement are set out in the investor presentation released with this announcement to the ASX on Wednesday 4 June 2025 (**Investor Presentation**). The Investor Presentation should be read in conjunction with this announcement.

The current trading halt will continue until a further announcement is made by the Responsible Entity announcing, among other things, the outcome of the Placement. It is anticipated that DN1 ordinary units will recommence trading on Friday, 6 June 2025.

COSTS OF THE PLACEMENT

It is important to highlight that all costs associated with the Placement will be covered by the Investment Manager. Placement costs will not be borne by unitholders of DN1 and will therefore not impact the NAV of DN1. In addition, the Investment Manager has also committed to cover any additional ASX and registry expenses that may arise in the future due to the fund size of DN1 increasing.

BENEFITS TO UNITHOLDERS

The Placement should deliver benefits as follows:

Diversification: *proceeds raised under the Placement will grow DN1's assets and, in turn, grow the funds deployed by the underlying Dominion Investment Trust resulting in exposure to a more diversified portfolio of underlying assets; and*

Liquidity: *to the extent new investors participate in the Placement, the diversity of unitholders will increase and, together with the increased number of Units, is expected to enhance the daily liquidity of DN1 on the ASX.*

KEY RISKS

The key risks connected with an investment in DN1 are set out in the original product disclosure statement offering units in the Trust dated 20 January 2025.
