**About the Magellan High Conviction Trust**

The Trust invests in a global equities portfolio of Magellan's highest conviction ideas and aims to deliver investors a cash distribution yield of 3% per annum. The Trust's portfolio will comprise between 8 to 12 stocks at any one time but will also have some exposure to cash. The investment objective of the Trust is to achieve attractive risk-adjusted returns over the medium to long-term. The Trust will adopt an unhedged approach to foreign currency exposures arising from portfolio investments in foreign markets but has the flexibility to reduce the impact of foreign currency exposures associated with identified event risks.
