- (b) those matters expressly reserved to the board and those delegated to management.**

The Board's authority, including its power to delegate to management, is derived from the Corporations Act and Company's Constitution. Both the Constitution and Board Charter are published on the Company's website at http://www.datadotdna.com/au/investors/corporate_governance/.

The board has delegated responsibility for day-to-day operation of the Company's business and administration of the Company's affairs to management.

Recommendation 1.2

A listed entity should:

- (a) undertake appropriate checks before appointing a person, or putting forward to security holders a candidate for election, as a director; and**
- (b) provide security holders with all material information in its possession relevant to a decision on whether or not to elect or re-elect a director.**

It is Company policy that the Remuneration and Nomination Committee is required to make background checks on all candidates for election as director and to make full disclosure to shareholders of candidates' experience and independent status. The *Remuneration and Nomination Committee Charter* is published on the Company's website at http://www.datadotdna.com/au/investors/corporate_governance/.

Recommendation 1.3

A listed entity should have a written agreement with each director and senior executives setting out the terms of their appointment.

Recommendation 1.4

The company secretary of a listed entity should be accountable directly to the board, through the chair, on all matters to do with the proper functioning of the board.

The responsibilities and duties of Company Secretary are set out in the Company's *Board Charter*, published on the Company's website at http://www.datadotdna.com/au/investors/corporate_governance/. In all material respects they comply with the ASX Corporate Governance Council recommendation that the Company Secretary should be directly accountable to the Board, through the Chair, *on all matters to do with the proper functioning of the Board*. Under the Company's policy set out in the Board Charter, the Company Secretary is accountable directly to the board, through the Chair to *support the Chairman and directors in the proper functioning of the Board*. - (b) disclose that policy or a summary of it; and**
- (c) disclose as at the end of each reporting period the measurable objectives for achieving gender diversity set by the board or a relevant committee of the board in accordance with the entity's diversity policy and its progress towards them, and either:**

The Board has adopted a *Diversity Policy* that is a statement of commitment to cultural and gender diversity in the Company and of the benefits derived from workplace diversity. It is published on the Company's website at http://www.datadotdna.com/au/investors/corporate_governance. Under the policy the Board has set a single measurable objective of attaining equal gender representation in each of the four categories of personnel that together make up the company's complement of directors and staff.

They are:

- Directors;
- The CEO and staff who report directly to the CEO;
- Staff who report to managers who report to the CEO;
- Other staff.

Attainment and maintenance of this objective is contingent upon other variable and uncertain factors, in particular the rate of company growth and the number and frequency of staff resignations. In a small company, minor changes in these factors may cause significant volatility in the proportion of gender representation.

The table below shows the number and proportion of female personnel in each category and the total personnel numbers at 30 June 2022 and 30 June 2023.

	30 June 2022			30 June 2023

The *Board and Director Evaluation Policy* specifies criteria for performance review but otherwise leaves it to the Board to determine the frequency and method of review. This policy is published on the Company's website at http://www.datadotdna.com/au/investors/corporate_governance/. An informal review of the Board's performance was conducted in the reporting period. No performance evaluation of key management personnel was conducted in the reporting period.

The board will ensure that the range of expertise and experience of board members is appropriate for the activities and operations of the consolidated entity. Where it is considered that the board would benefit from the services of a new director with particular skills, the board may appoint the most suitable candidate whose appointment must be confirmed by shareholders at the next general meeting.

While currently at four, the number of directors is at the lower end of the scale, directors consider that the Board's composition best serves the interests of shareholders. The combined knowledge, skills and experience of directors is appropriate, and the cost is kept to a minimum.
