

REPORT FOR THE QUARTER TO 31 DECEMBER 2014

LEGAL PROCEEDINGS IN RESPECT OF PROSPECTING LICENCE PL69/2003, THE KIHABE ZN/PB/AG PROJECT, BOTSWANA

The Company's wholly owned subsidiary Mount Burgess (Botswana) (Proprietary) Ltd (MBB) is appealing against the decision handed down on April 28, 2014 by the High Court of Botswana, to strike out with costs MBB's application for the renewal of PL69/2003.

In the September 2014 quarterly report the Company reported that case files had been transferred from the High Court to the Appeal Court of Botswana and that MBB's Legal Counsel had advised that the appeal would be heard and a decision relative thereto handed down in January 2015. This advice was based on the fact on 24 September 2014 MBB's Botswana Attorney confirmed in writing to both MBB and its Legal Counsel that costs amounting to Pula 41,000 for preparation of the Record of Appeal and the Appeal Court Security (the costs) had been appropriately paid into the Appeal Court from funds available in MBB's trust account. As the Company announced on 17 September 2014, the costs had to be paid by 29 September 2014, in order for the appeal to be heard in the January 2015 sitting.

Unbeknown to all of the Company, MBB and MBB's Legal Counsel and contrary to confirmation given on 24 September 2014, MBB's Botswana Attorney did **not** pay the costs into the Appeal Court on 24 September 2014. The costs were only paid later, in October 2014. Accordingly MBB's appeal did not get listed for the January sitting of the Appeal Court. Also, without advising any of the Company, MBB or MBB's Legal Counsel, MBB's Botswana Attorney filed in the Appeal Court, on 31 October 2014, an Application for Condonation of late payment of the costs. The Application for Condonation was filed under false and misleading circumstances alleging that MBB had failed to provide sufficient funds to cover the costs by 29 September 2014.

This information only came to light on 22 January 2015 through enquiries made by MBB's Legal Counsel when attending the Appeal Court to ascertain why MBB's appeal was not listed in the January sitting. This was verified on 26 January 2015. As a consequence MBB has terminated the services of the Attorney in question and has now appointed a new Botswana Attorney, who will withdraw the existing false and misleading Application for Condonation and file a new Application for Condonation. As a consequence, MBB's appeal will now hopefully be heard in the April 2015 sitting of the Appeal Court.

BACKGROUND

On 14 May 2013, Hon Kitso Mokaila, the Minister for the Ministry for Minerals, Energy and Water Resources (MMEWR), Botswana, rejected MBB's Application for Extension of PL69/2003 (AE), submitted some fourteen months earlier on 29 March 2012, when Hon Dr Ponatshego Kedikilwe was Minister MMEWR. On 6 June 2013 MBB appealed to Hon Dr Ponatshego Kedikilwe, then Vice President of Botswana. On 11 July 2013 Minister Mokaila MMEWR rejected this appeal to the Vice President.

Minister Mokaila rejected the AE stating MBB had failed to complete a feasibility study during the two years to 30 June 2012. MBB had proposed to conduct a feasibility study based on assurances that grid power would be available in the project area by the end of 2012. The provision of such power did not eventuate. As a result, in compliance with the JORC Code and sections D and E of the Checklist for Appropriate Company Programme of Prospecting Operations, issued under the Mines and Minerals Act of Botswana, MBB could not complete and get a competent person to sign off on a feasibility study.

For a more detailed summary of this case, please refer to the Company's September quarterly report filed with the ASX and posted to the Company's website on 17 October 2014. Refer to the section headed "The Issue of Grid Power Relied Upon in Planning a Feasibility Study to Produce Zinc Metal on Site From The Proposed Development of The Kihabe Project, PL69/2003, Botswana".
