Beer & Co has published a research report

Mungana Goldmines Ltd (ASX: MUX), in the process of changing its name to Atherton Resources (ASX: ATE), is pleased to advise that equity research firm Beer & Co has published a research report on the Company.

In the report, Beer and Co discusses the strong outlook for Atherton's King Vol zinc project in North Queensland, including the feasibility study now underway, the timetable to production and Atherton's "exposure to the coming zinc price spike".

The research report can be read at www.athertonresources.com.au.
